SUGGESTIONS FOR USE OF TELEPHONE, TELEGRAPH, AND MAIL

USE THE TELEPHONE:

—If you require an immediate answer or have several questions to be answered at once.

Cost of toll calls:

Person-to-person calls cost from 35 to 50 per cent more than station-to-station calls. Such calls are justified only when you are reasonably certain that your party will not be in. The annual cost of toll calls for Cornell University is substantial. Use the telegraph or letters whenever feasible.

USE THE TELEGRAPH:

- if the message is urgent, but no reply is required.
- if the answer can wait for several hours.
- if a written record of the transaction is required.
- when the other person must look up information in order to reply.

Telegraph service:

1. Straight wire. Minimum charge for ten words. Delivery within half-hour.
2. Day letter. Minimum charge for fifty words. Delivery within two hours. Cost, about 50 per cent more than a ten-word straight wire.
3. Night letter. Minimum charge for twenty-five words. Delivery by 9 a.m. next business day. Cost, about 25 per cent less than straight wire.

USE THE REGULAR U.S. MAIL:

- for ordinary mail. Regular mail leaving in the evening will reach most offices the following morning.
- for prompt reply, use air mail. A person-to-person toll call to San Francisco costs \$4.38. An air mail letter is delivered in a day for 6 cents.
