EDITORIAL.

It would save the members of the Bulletin Staff many steps, much worry and lots of imagination if the heads of organizations would make more frequent use of the Bulletin boxes and the little scratch pads left in their rooms. Oftentimes the girls are in lab or downtown when the editor goes in search of news, and since there is no way of reaching them, the Bulletin suffers as a result? Or rather, the day-editor suffers, for personally, we can give a fanciful, yet realistic touch to a blank news space only by dint of hard and exhausting mental effort. So please help us.

STUDENT GOVERNMENT.

Risley --- A house mass meeting will be held tonight at 7:15 in the Organization room.

Many girls still owe Student Government dues. The dues are fifty cents a year, and membership in the association is compulsory for every under-graduate. It will make things much easier for the collection committee if the outside girls will pay Emily Ward; the Sage girls, Melva Lattimore; and those in Risley, Anne Bristol.

SPORTS AND PASTIMES.

Every one signed up for rowing, who has not passed the swimming test, must report for that test, between 12:00 and 12:45 o'clock before Friday, Feb. 2nd.
