CORNELL UNIVERSITY WOMEN'S RESIDENTIAL HALLS

GENERAL SUPERVISION

THE general supervision of the women students of Cornell University, whether they live in the residential halls or elsewhere, is entrusted to the Counselor of Women. All undergraduate students except those who live in their own homes are required by the University's rules to live in the residential halls or cottages. Permission to live elsewhere in Ithaca is granted to an undergraduate student only upon written application to the Counselor of Women, and then only in very exceptional circumstances.

Graduate students and special students of mature years can obtain rooms in University houses reserved for their exclusive use. The Counselor of Women may permit a graduate student or a special student to live in a house not under the Counselor's direct supervision if the conditions are found to be satisfactory.

The University wishes to assist all students, including those who do not find accommodation in its own halls or houses, to obtain satisfactory rooms. But the University can not assume any responsibility for the selection of a room in any outside house, not even in a house that is on its approved list.

THE UNIVERSITY'S HALLS AND HOUSES

The residential halls and University houses which are to be described in this booklet are:

The Residential Halls: Balch Halls, Anna Comstock House, and Prudence Risley Hall.

The University Houses: 1 The Circle, 2 The Circle, 3 The Circle, 4 The Circle, 5 East Avenue, 9 East Avenue, 15 East Avenue, 207-11 Fall Creek Drive, 225 Fall Creek Drive, 3 Grove Place, 5 Grove Place, 5 Reservoir Avenue, Risley Cottage at 613 Thurston Avenue, 2 South Avenue, 9 South Avenue, 706 Stewart Avenue, 722 University Avenue, 302 Wait Avenue, and 308 Wait Avenue.

2 South Avenue is reserved for graduate women only.

The Balch Halls for Women, accommodating three hundred and eighteen students, were opened in the autumn of 1929. The University owes its possession of them to the generous interest of two Cornellians, Allen C. Balch and his wife, Janet Jacks Balch, of Los Angeles. The halls are situated north of Fall Creek Gorge, near Prudence Risley Hall. They are built of native stone in the English

Collegiate Gothic style, and are thoroughly fireproof and of modern construction and appointment. They are in four units, each unit under the charge of a warden and each having its separate reception hall, living room, and dining room. In addition to ample bathrooms in all corridors, each room or pair of rooms has a hand lavatory with running water. In some cases the lavatory serves two rooms which communicate with it on either side but which are otherwise separate from each other.

Anna Comstock House consists of two units, Section A housing thirty-seven students and Section B housing forty-one students. On the first floor of each unit there are reception rooms and suites for the chaperons. In both sections the accommodations for students, with few exceptions, consist of units for three or four students. Each unit consists of two bedrooms, a study, and a bath. In Section A there is one single room and one double room. In Section B there are five single rooms. Students living in this house take their meals in the nearest dormitory dining room and are under the same rules and regulations as the residents of the main dormitories.

Prudence Risley Hall, the gift of the late Mrs. Russell Sage to the University, was opened in the autumn of 1913. It accommodates one hundred and ninety students. It is a fireproof building, beautifully situated on the north bank of Fall Creek Gorge, within easy reach of the main University buildings. Almost every one of the rooms is designed for a single occupant, and the building was so planned that every room in which a student lives receives sunlight at some time in the day. An electric elevator runs to the upper floors. On the first floor are three large drawing rooms, a large recreation room, and dining rooms. The students living in the building are under the immediate charge of the Warden of Prudence Risley Hall.

Following are the University houses and cottages connected with the Residential Halls. The residents of these houses take their meals in the nearest dormitory dining room and are under the same rules and regulations as the residents of the main dormitories.

There are two bathrooms, one on the first floor and one on the second floor. There is a reception room on the first floor. Residents are subject to the rules and regulations that govern the residents of the main dormitories. The charge at 2 South Avenue is \$254 for the college year from September to May for room and allowance of personal laundry. Graduate women living

in this house are free to take their meals outside the University dormitories.

FURNISHINGS OF THE ROOMS

All the buildings have steam heat and electric lighting. Every room is completely furnished. Three woolen blankets are supplied to each student. Students who wish additional covering should supply it themselves. Each student furnishes her own towels and soap and makes her own bed. All other service and supplies are included in the charge for residence. The student is advised to bring with her an extra comfortable or blanket.

Telephone service is available in every house. There is no charge to students for incoming calls. A charge of five cents a message is made for outgoing local calls. Each student is responsible for the payment of all calls made from the extension in her room. The regular toll rates are charged for all long distance calls made through the dormitory switchboard. The dormitory switchboard serves all of the dormitories and cottages for both men and women with the exception of 601 Stewart Avenue and 516 University Avenue. In the houses on The Circle, Fall Creek Drive, and the houses at 5 Grove Place, 9 East Avenue, 706 Stewart Avenue, and 722 University Avenue, telephone service may not be available in each room at the beginning of the year. It has not been possible under the present Government regulations to obtain individual phones. Semi-public telephones will be available in these houses, however.

Radio equipment may be installed only by the University's Department of Buildings and Grounds, at the tenant's expense, and only with the written consent of the Manager of Residential Halls.

APPLICATION FOR ROOMS

Applications for rooms are received only at the office of the Manager of Residential Halls, Morrill Hall, Ithaca, N. Y.

An application for a room, if made by or on behalf of a candidate for admission to one of the colleges of the University, will be entertained only after that candidate has deposited with the Treasurer of the University the \$25 which the University requires all such candidates to deposit. Rooms are assigned in order of application.

An application for a room, if made by a graduate student, must be accompanied by a deposit of \$10, and the application will not be registered unless the deposit accompanies it. If the lease is executed and the student occupies the room, the deposit is held until the end of the year to insure the completion of the lease and the return of keys and to cover any damage beyond ordinary wear and tear. If the application is withdrawn before August 15 for any good and sufficient reason beyond the student's control, the deposit will be refunded.

ASSIGNMENT OF ROOMS

Rooms are assigned strictly in the order of application. No double room can be held by one person, even though she may be willing to

pay the full price. The University reserves all rights in connection with the assignment or reassignment of rooms or the termination of their occupancy. New students are notified of their assignments about August 20, and at that time they should execute and return their contract cards at once.

CHARGES

A single charge of \$550 is made for residence for the academic year, that is, from the day before registration in September until the day after the student's last examination in May. This charge covers the items of room, board, and the allowance of personal laundry. Owing to the unsettled condition of prices for food and labor, the University reserves the right to increase this charge during the year if the Trustees believe such an increase to be necessary.

PAYMENTS

Payment of the charge for residence is made in four equal installments. The first of these is due and payable by September 1. *A failure to pay the first quarterly installment by September 1 will be regarded as a surrender of the lease.* The second installment is due on November 20 and must be paid not later than November 30. The third installment is due on registration day of the second term and must be paid not later than February 10. The fourth installment is due on March 20 and must be paid not later than March 30.

ADJUSTMENTS

The charge for residence covers the period beginning on the day before the first registration day of the first term and ending on the last day of work of the second term, and it does not include the Christmas Recess. Students who arrive before the day next preceding the first registration day or who remain during the Christmas Recess will be charged extra at the rate of \$1 per day for room.

Entering students who must come to Ithaca for examinations before registration day may arrange for rooms in the dormitories at the charge of \$1 per day.

No deduction is made for an absence of ten days or less. For an unavoidable absence of more than ten days an equitable adjustment may be made. Absence from the dining room or failure to send in the full amount of laundry allowed each week does not entitle the student to any deduction. The allowance of laundry is purposely made as generous as possible and it is expected that every student will use the full allowance every week.

LAUNDRY

Every piece sent to the laundry should have the owner's name plainly marked on it with Payson's indelible ink or with an embroidered name tab. Marking with a rubber stamp or with the so-called indelible pad is not effective.

The laundry allowance is fifteen pieces every week, according to the following scale:

1 Stepin.....	count 1 piece
1 Blouse or shirt.....	2
1 Brassiere.....	1
1 Dress, uniform or housecoat.....	4
1 Dickey.....	2
4 Handkerchiefs.....	1
1 Lab Coat.....	2
1 Nightdress (plain).....	1
Fancy cotton or silk.....	2
1 Pajamas (plain).....	2
Fancy cotton or silk—Extra.....	
1 Skirt (plain) or slacks.....	2
1 Slip (plain).....	2
1 Stockings (pair).....	1
1 Towel.....	1
Bath mat type—Extra.....	

Fifteen pieces are allowed each week. Only two blouses or two skirts, or one blouse and one plain skirt, or one plain dress are included in the weekly allowance. Blouses, skirts, or fancy pieces in excess of lists cannot be substituted for plain articles on list. Outside laundrymen or washerwomen are not allowed to call at the dormitories.

DAMAGES

Lamps, shades, or other furnishings broken or missing, and all damage to a room or its fixtures or furniture beyond ordinary wear and tear will be charged to the occupant or occupants of a room. **Articles may not be tacked or fastened or pasted with stickers in any way to the walls, furniture, or electric light fixtures.** Pictures and other ornaments may be suspended only from the picture molding. A printed card containing an inventory of the articles in the room is presented to the student at the beginning of the year for verification and signature, and after that the occupant is held responsible for any damage or loss of those articles.

GOVERNMENT OF THE STUDENT WOMEN

Under the Statutes of the University, the Counselor of Women has the general charge of the interests of women students and advises them in regard to all matters, subject to the statutes and rules and regulations of the Board of Trustees and of the general and special faculties. She is recognized as the representative of the University in all matters related to the conduct, the social life, and the self-government organization of the women students.

Wardens, under the direction of the Counselor of Women, are in charge of the several halls and houses of residence. Each Warden is the adviser of the students under her care and is responsible for the conduct and the social life of the hall or house which she supervises.

The students are allowed as large a measure of self-direction as possible through their organization, the Women's Self-Government

Association. Every woman who registers as a student in the University becomes *ipso facto* a member of this association. The Self-Government Association, through its Judiciary Committees, tries any charge of misconduct. If the charge is sustained, the Association either imposes and enforces a penalty or, if the offense is so serious as to call for university action and be made a matter of university record, reports its findings and its recommendations to the general disciplinary committee of the University, the Committee on Student Conduct.

Every student, upon assignment to a room in the residential halls or houses, signs a contract agreeing to abide by the rules established by the University and by the Association. Any student who willfully and persistently disregards any of these rules renders herself liable to dismissal from the University.

THE HEALTH OF STUDENTS

The University has a Medical Adviser of Women, who is a doctor of medicine. Every entering student receives a physical examination, and every student is recommended to make free use of the privilege of consulting the Medical Adviser, who keeps regular daily office hours for that purpose. The University Infirmary has a normal capacity of seventy-five beds and the number can be doubled in an emergency.

The gymnasium for all the women students of the University is in Sage College. Physical training is required of all students in the first two years. The Medical Adviser prescribes corrective exercises for students whose health requires them. All the gymnasium and athletic work is carried on under the direction of the Department of Physical Training.

WHERE TO APPLY

All applications for rooms and all requests for further information should be addressed to the Manager of Residential Halls, Cornell University, Ithaca, N. Y.
