

# MAILING TICKS

**1**

**Remove ticks from refrigerator only when you are ready to mail all samples.**

**2**

**Double-check to ensure all vials/bags are labeled.**

**3**

**Place all ticks and completed collection sheets in the padded envelope.**

**4**

**Complete the "from" portion of the label. Place the label in the plastic protector and affix it to the envelope.**

**5**

**Drop the envelope off at a FedEx drop location.**

- Preferably the day you complete all sampling for the week**
- <https://local.fedex.com/en-us/>**
