

# SAMPLING GUIDE

- 1** Assembly the tick drag
- 2** Place one stake in the ground
- 3** Walk with drag in one hand and the 2nd stake in the other
- 4** Once you reach the end of the line, place the 2nd stake in the ground
- 5** Check/Remove ticks from drag using tweezers or lint roller
- 6** Pull the line to remove the 1st stake from the ground and pull the 1st stake back to you
- 7** REPEAT STEPS 30 TIMES TO REACH TOTAL SAMPLING LENGTH
