DEDICATION

We of the Spiked Shoe Society of Cornell University dedicate this issue of the WASTEBASKET to:

FLOYD R. NEWMAN '12

whose great generosity has given Cornell the beautiful Helen Newman Women's Gym, and many other most helpful gifts, now has provided Cornell with one of the finest all-weather tracks in the country. Our beautiful Poly-Surf track in Schoellkopf Stadium will benefit Cornell track for many years to come. We are all deeply grateful to Mr. Newman for such a great lift to Cornell Track.

DEDICATION

SEASON ROUNDUP

The 1972 Cornell Cross Country Team finished the season with its' finest effort of the year. The result was a respectable 9th place finish in the IC4A's. The top six men all finished within forty seconds of one another. Phil Collins (the Big Red's Most Valuable Runner) led the way with a fine 25:19 clocking. Tough sophomore Ray DeMarco finished close behind in 25:28. Both Collins andDeMarco qualified for the NCAA meet in Houston although neither made that trip.

In retrospect, the '72 season was somewhat of an off year for the Big Red harriers. However, the 4-2 dual meet record and sixth place finish in the well balanced Heptagonal conference, reveals great promise for the future. The reason is that this year's squad was composed of many juniors and underclassmen. Infact the team will lose only three (Captain Tim Cahill, Dave Oertel, and Mark Lester).

The lack of consistency hurt the Big Red all season. There was no set group of scorers in each meet. This was reflected by a different starting varsity line-up each week. However, thissituation gave tremendous incentive to the many team members. Inaddition, it provided the local Ithaca fans with some exciting and unpredictable individual performances.

As in any season, there are incidents that stand out aboveall the rest. Two of these were the return to form of juniorPhil Collins and the excellent performances of freshman Mark Curtis. Collins, the captain-elect, started the season off slowly after recovering from a foot injury that bothered him for almost a year. However he progressed throughout the year and was the Big Red's top man at the end of the season. Meanwhile, Curtis set quite a standard for future freshmen runners as he made the All-Ivy harriersquad.

There were many other outstanding achievements during theseason. Dave Oertel's victory at home against Syracuse was particularily impressive considering he was in the JV race the week before. It was probably the greatest jump ever made by an individual in the history of Cornell cross country. Bob Cartin was another runner who really put it together at the end of the season. His excellent 25:38 at Army and 25:51 at the IC4A's makes him one of the top returnees next year. Sophomore Ray DeMarco showed his strength with the best time of the year on the Moakley Course (25:59).

For Coach Jack Warner, the 1972 X-Country season was another winning one. Since 1969, his dual meet record is 20-3-1, and his teams have been consistent threats in the Heptagonal Championships. With one of the largest turnouts in cross country history this year (48 men), it appears that Coach Warner will have no problem in molding another outstanding squad next season.

++++++++++++++++++++++++++++

A NIGHT IN BEAUTIFUL DOWNTOWN VARNA

The annual Cross Country Awards Banquet was held November 29th at the Varna Church. Once again, the entire cross country squad trekked the three mile distance by foot. As usual, the trip was over snowy grounds and through gusty winds (the kind of weather that could only take place in Ithaca).

Cross Country Club President Dave Oertel was the master of ceremonies for the evening. The festivities began with a fine turkey dinner provided by the Ladies Auxilliary Group at the Varna Church. Coach Jack Warner began the speech portion

of the program with his thoughts on the season, Next, Hunt Bradley the guest speaker addressed the group. The former manager of the 1924-1926 Cross Country and Track Teams presented a short course in "The History of Cornell Cross Country". Mr. Bradley went on to highlight the many outstanding harrier campaigns under the guidance of Jack Moakley (the John Paul Jones era, etc.).

Finally, the awards presentations took place. Senior Dave Oertel was the recipient of the second annual (he also won the first award) Fifth Man Award (instituted by one of Cornell's most recent Olympians, Jon Anderson). Junior Bob Cartin was named the team's "Most Improved Runner", while Tom Patterson and Bob Oelschlager tied for the position of Cross Country Club President. Mark Curtis received the "Most Valuable Freshman" medal. 1972 Cross Country Captain Tim Cahill received the "Jack Moakley Award" as the upperclassman who most exemplfied the spirit of the sport. Junior Phil Collins was named this year's "Most Valuable Runner", and was elected Captain of the 1973 team.

The Award Winners

Phil Collins: The junior from Moorestown, N.J. became the second straight runner from that state to be elected Cross Country Captain. He was also named the Big Red's Most Valuable Runner this year. His fine 25:19 clocking in the IC4A's and All-Ivy performance in the Heps showed that he fully recovered from an earlier heel injury. Phil holds Cornell outdoor records in the three mile run and marathon. In addition, the super junior has clocked a swift 25:13 over the Moakley Course.

Mark Curtis: The outstanding freshman from Chaminade High School on Long Island progressed steadily throughout the season. He set an excellent standard for future yearling runners as he made the All-Ivy Cross Country Team. His tough training schedule and supreme determination will keep him right up in the front of the pack in future seasons.

Bob Cartin: The junior from North Merrick, N.Y. showed amazing improvement at the latter part of the season. His excellent performances at Army and the IC4A's (he improved his time at Van Cortlandt by almost 1½ minutes from his previous race there) earned him the Most Improved medal.

Dave Oertel: The veteran runner from North Syracuse, N.Y. proved once again that he was a key man in the Big Red's successful season. His victory against Syracuse and his fine performances in the Heps and IC4A's helped to spark the entire squad.

++++++++++++++++++++++++++

FAN-tastic!!!!

The members of the 1972 Cross Country Team would like to extend their gratitude for all of the support received from the faithful spectators. You were like team members to us! Special thanks go to Dr. and Mrs. Thomas Baker for their warmth and hospitality throughtout the season (not only this year but over the past few seasons as well). We greatly appreciate our stays at Briarcliff College for Women where Dr. Baker is the President. In addition, we would like to congratulate the family and friends of Frosh Dan Ambrose of Rochester, N.Y. for their amazing ability to attend our meets, both home and away. The top performance of the Ambrose clan during the season when they traveled to fun-filled and confusing Boston, Mass. for the Harvard meet. Once again, we say thanks and hope for your continued support. It definitely helps the team's performance!

COACH'S COMMENTS

The 1972 edition of the Cornell Cross Country team may not have measured up to the three teams immediately preceeding it, but it was far from disappointing. The 1972 team had perhaps the best over-all balance of any team in the past ten years. Though we will lose three fine young distance runners via graduation (Cahill, Oertel, and Lester), we will return a solid group of young men that will be more mature and more experienced. If we also enroll some good Frosh distance runners next Fall, we should be in for another great year in 1973 and for the immediate future. So I do not expect the quality of Cornell Cross Country to do anything but continue to rise. The League is one of the toughest in the Northeast in cross country (6 of the top 9 teams in the IC$A race were from the Heps). We still have some unfinished business to attend to and that is to bring the Heptagonal trophy to Ithaca. We are working on it.

I feel that "P.J." Collins, our 1973 captain will emerge as one of the top distance runners in the country next year if he can remain healthy. He will lead many of our menmen on to new heights. Few men can out-train "P.J." and he does have good speed, so I look for some great performances from him in the future.

++++++++++++++++++++++++

DR. GEORGE LADAS AWARD FOR THE OUTSTANDING WEIGHTMAN

Dr. George Ladas (A.B.'24, M.D. '27) has instituted an ward for the outstanding weightman to be given each year starting in 1973. The recipient will receive a trophy to keep and his name will be inscribed on a permanent plaque to be on display in the trophy room of Schoellkopf Hall. We thank Dr. Ladas and all the others who donate trophy awards each year. They are indeed great incentives for our athletes.

++++++++++++++++++++++++

SOUTHERN TRIP

Plans for our 1973 Spring Trip to North Carolina are well under way as we have a meet scheduled in Raleigh with North Carolina State on Tuesday, March 20th. This will be the 2nd year in a row that we have met N.C.S.. We also hope to have one other meet in N.C. that week before returning to Ithaca. We hope to take a party of some 46 men including two coaches, a trainer (Dick LaFrance) and a manager. We are well on our way to raising the money needed to pay for our meals ($25.00 per man). Each team member now pays yearly dues of $10.00 which goes towards the trip; we sell T-shirts, shorts, and jackets; we cleaned the stadium after the Dartmouth Game this Fall and earned $200.00 for that effort. Many of you have generously contributed to this effort as well. We thank all of you for any help that you have given us. This trip is a very valuable addition to our track program. It takes up that slack between the indoor and home outdoor season and is a definite aid in our recruiting efforts.

++++++++++++++++++++++++

YOUR "WASTEBASKET"

We hope to be able to put out 3 issues of the WASTEBASKET each year now that we have reduced our costs by returning to the mimeographing process to print them. We are pleased that our economy efforts have brought a good response from most of you. We hope to have one issue for each of the 3 seasons.

++++++++++++++++++++++++

"JACK MOAKLEY MEMORIAL ENDOWMENT FUND FOR TRACK"

Walker Smith '20, and outstanding hurdler on the 1918, 1919, and 1920 squads, has suggested that we start a "Jack Moakley Memorial Endowment Fund for Track". This would be a great help to our program and would give us the same kind of added support that Harvard, Yale, Princeton, Penn, and several others enjoy. This would be especially helpful in these days of budget cuts to help us maintain the kind of track and cross country program that Cornell has always been proud of. We have some 104 men out for the track team right now and are operating on a budget of considerably less than we had just htree years ago. Unfortunately, as you well know. costs have risen substantially. So such an Endowment Fund could supplement our budget and enable us to continue building the track program. You will hear more details about this in the future from a Committee that will do the work on this.

++++++++++++++++++++++++++

DROP IN TO SEE US

We hope that if and when you have an opportunity to visit the campus that you will drop in to see us. We would love to have you renew fond memories of Schoellkopf and to meet some of the fine young men who are carrying on in the same fine tradition that you helped to perpetuate. We also hope that more of you can make it to some of our meets when we are competing in your area.

*++++++++++++++++++++++++++

1972 OLYMPIC GAMES

The Cornellian members of the 1972 U.S. Olympic Track & Field Team, although they did not win medals, did themselves and Cornell proud with fine individual efforts. Tom Gage '65 placed 12th in the finals of the hammer throw competition with a fine throw of 228'0". Jon P. Anderson '71 ran a personal best of 28:34.2 in his heat of the 10,000 meters, leading most of the way until the final two laps. Jon placed 8th in his heat behind the winner of Ethiopia, Yifter, who won in 28:18.2. Jon also recorded a personal best in the 5,000 meters in a pre-Olympic meet in Oslo when he ran 13:45.8 some 6 seconds off the former Olympic record for the event. Jon's three mile time enroute was a great 13:18.6!

++++++++++++++++++++++++++

JUMPERS PRACTICE IN BARTON HALL

This Winter we have put the board runway for the pole vault, long jump, and triple jump up in Barton Hall so that we can use the runway in practice. It is off the Tartan floor on the concrete on the North Side of the building (where the folding bleachers are set for the meets). This has proven and will continue to prove to be a great help to our jumpers as those of you who practiced in Bacon Cage will appreciate. Our men must move the runway sections away from the Exits before any public functions are held in the building, replacing them the next day, but this can easily be done in about 10 minutes by about 4 men. We have a practice pit for the long jump-triple Jump which is left on the concrete while the pit for the meets is put in for each meet as in the past. The runway is 160 feet long. The coaches built 4 new 10 feet sections to lengthen the runway last year. The high jumpers are also workingin Barton now that we have the new, easily moved, portable pit for the high jump.

++++++++++++++++++++++++++

NEW EQUIPMENT ROOM

The old office downstairs in the corner of the locker room has been divided so that one half of it is now an equipment room for all track supplies. The remainder of the office is now our "field office" for use during practice and for the manager. This has proven to be a great help in the handling of all of our equipment, and we can keep better track of it.

++++++++++++++++++++++++

1973 INDOOR TRACK SCHEDULE

Sat.	Dec. 2	St. John's (& JVs)	Ithaca	1:00 PM
Fri.	Dec. 8	Syracuse Relays (& JVs)	Syracuse	6:00 PM
Sat.	Jan. 20	Cornell Invitation	Ithaca	3:00 PM
Sat.	Jan. 27	Manhattan(& JVs)	Ithaca	1:00 PM
Sat.	Feb. 3	Army & Princeton	Princeton	1:00 PM
Sat.	Feb. 10	Yale (& JVs)	New Haven	12:30 PM
Fri.	Feb. 16	Syracuse & Colgate (&JVs)	Syracuse	6:00 PM
Sat.	Feb. 24	Heptagonals	Ithaca	2:00 PM
Sat.	Mar. 3	IC4A	Princeton	
Sun.	Mar. 4	IC4A	Princeton	
Fri.	Mar. 9	NCAA	Detroit	
Sat.	Mar. 10	NCAA	Detroit	

P.S. We beat St. John's 98 to 38 (Results in next issue)
We completely dominated the Syracuse Relays winning every event except the 4 lap relay because we were disqualified for passing out of a zone.

45 CONTRIBUTORS

Just 45 men made a contribution of $5.00 towards the costs of operating the Spiked Shoe Society so far this year. We send some 450 WASTEBASKETS out. Several others have made larger contributions and we are deeply grateful to everyone who remembers us. Contributions run from June 1st through May 31st of each year. How about becoming a "Team Member" like the athletes?
