CORNELL WASTEBASKET

THE NEWSLETTER OF CORNELL TRACK AND CROSS COUNTRY

VOL. 69 NUMBER 1

1985 Outdoor Heptagonal Champions!

DEDICATION

We of the Spiked Shoe Society
of Cornell University
dedicate this issue
of the WASTEBASKET to:

MEREDITH C. GOURDINE '52

Meredith C. "FLASH" Gourdine is a great Cornell track and field CHAMPION. "Flash" was one of the great members of those great teams of 1949, 1950, 1951 and 1952 and helped Cornell to its best NCAA finish ever when it was second in 1951 at Berkeley. "Flash" was a silver medalist in the long jump at the 1952 Olympic Games. In addition to his great long jumping (he still holds the Cornell record of 25-1 3/4 indoors), he was also a great low hurdler and a member of the great mile relay team of that time. "Flash" never stopped being a leader, as he has been prominent in industry, is a member of the Cornell Board of Trustees and holds other positions as an alumnus. We are proud to call "Flash" our teammate.

1984 CORNELL UNIVERSITY WOMEN'S CROSS COUNTRY TEAM

Front row (left to right): Susan Nossal, Michele Jalbert, Kathy McPherson, Kathy Lutz, Amy Phelps, Nancy Schmidt, Sarah Day.

Middle row: Asst. Coach Mark Bilyk, Ramah Wilson, Susan Ellis, Robin Andrew, Jessica Toth, Suzanne Teitsch, Head Coach Jack Warner.

Top row: Barbara Dingee, Elise Jones, Suzanne Jones, Jenny Yip, Julia Reisinger.

1984 CORNELL UNIVERSITY MEN'S CROSS COUNTRY TEAM

Front row (left to right): Billi Davis, Mark Wetmore, Dave Mears, Grant Whitney, Bruce Young, Pete Markowitz, Peter Dominick.

Middle row: Asst. Coach Mark Bilyk, Pete Fleischman, John Gascoyne, John Mangilli, Brian Johnston, Matt Day, Head Coach Jack Warner.

Top row: Shaun Jayasundera, Lincoln Graves, Tom Grazlak, Charlie Bares, Dan Glynn, Alan Eisler.

MEET RESULTS

Colgate/Cortland: The season began with the men facing Colgate and the women competing against Cortland on the Moakley course. The men recorded an impressive 16-47 win, with Billi Davis taking top honors. Following closely were Grant Whitney, Lincoln Graves, Dave Mears and Mark Wetmore. The women posted an equally impressive 15-50 win over Cortland, taking the first 11 places. Sarah Day took first place, followed by Nancy Schmidt, Kathy McPherson, Robin Andrew and Elise Jones.

Syracuse: In the men's 21-40 victory over Syracuse, Grant Whitney became the 11th-fastest Cornellian on the Moakley course with a time of 25:41 while finishing second. Following Whitney were Graves (third), Charlie Bares (fourth), Davis (fifth) and Matt Day (seventh). The women also posted a victory over the Orange by a score of 20-43. Day placed second, followed closely by Schmidt (third), Andrew (fourth), McPherson (fifth) and Amy Phelps (sixth).

Army: The men suffered their first defeat, while the women continued their winning streak at West Point. Whitney and Graves finished second and fourth, respectively, followed by Wetmore (ninth), Davis (10th) and Day (11th). While the men lost 22-36, the women came out on top, 20-36. Leading the team was Day with her second win, followed by McPherson (third), Schmidt (fourth), Jones (fourth) and Phelps (seventh).

Paul Short Memorial Invitational: The men's team placed an impressive seventh out of 21 teams. Whitney placed sixth on the 6.2 mile course with a time of 30:52. Following closely were Wetmore (39th), Graves (44th), Day (52nd) and Davis (56th). The women ran just as impressively, turning in a third-place finish behind Penn State and Villanova. Day led Cornell by placing seventh. Behind Day were Schmidt (22nd), Jones (30th), Julia Reisinger (43rd) and Phelps (46th).

Rochester/Canisius: The men upped their season's record to 4-1 with a 16-46 win over Rochester and a 15-46 victory over Canisius. Whitney once again won the race and was followed closely by teammates Graves (second), Wetmore (third), Day (fourth) and Davis (sixth). The women continued their undefeated season by taking the top nine places. Day won again and was followed by Schmidt, Elise Jones, Suzanne Jones and Andrew.

Bucknell/Susquehanna: The men ended their season with a solid 5-2 record by beating Susquehanna, 19-44, while losing to Bucknell, 18-45. Whitney ran to a third-place finish in leading the Cornell harriers. The other Red scorers included Graves (11th), Day (14th), Wetmore (18th) and Bares (20th). The women ended their season undefeated (5-0) with a 20-43 win over Bucknell. Elise Jones placed second to pace the team. She was followed by Schmidt (third), Suzanne Jones (fourth), Reisinger (fifth) and Phelps (sixth).

Heptagonals: The men's team ran to an eighth-place finish in the Heptagonal championships at Van Cortlandt Park. Whitney was the bright spot of the day with his ninth-place finish. Behind Whitney were Graves (41st), Wetmore (44th), Day (65th) and Davis (70th). The women's team fared somewhat better with a fifth-place finish. Elise Jones finished first for Cornell with an 11th-place showing. Following Jones were Schmidt (21st), Suzanne Jones (25th), Andrew (33rd) and Reisinger (34th).

IC4A/District II: The IC4A meet ended a hard-fought season for the men's team. Overall the Red finished 12th out of 34 teams in Region II. Whitney led the squad with a 60th-place finish, followed by Wetmore (98th), Graves (135th), Day (145th) and Bares (149th). The women closed out their season with an eighth-place finish at the NCAA District II qualifiers. Elise Jones led the women harriers with a 23rd-place finish. Right behind Jones were Schmidt (26th), Suzanne Jones (47th), McPherson (56th) and Phelps (60th).

The 1984 Cornell cross country season ended on an enjoyable note with the annual awards banquet. Alumnus Craig Holm and his wife, Kare, were present to speak to the team on the trials, tribulations and satisfaction of running in post-collegiate years. Following the Holms, Coach Warner presented the team awards. Elise Jones and Grant Whitney were voted by the team as the most valuable runners. Kathy McPherson joined these two to make up the trio of captains for the 1985 season. Junior Suzanne Jones and senior Mark Wetmore were voted the

most improved runners for their strong performances over the season. Senior Billi Davis and frosh Julia Reisinger received the fifth man and woman awards, due to the fact that their average performance was closest to fifth place. Reisinger also received the most valuable freshman award. Senior Dave Mears' many contributions to the Cornell cross country team over the past four years were recognized when he received the Moakley Award, given to the senior who has done the most for the team.

As always with the close of a season, the cross country team must say goodbye to its many seniors. The seniors will be missed a great deal by their teammates, who are indebted to them for their contribution of leadership and inspiration, as well as their athletic talent. The men's team will sorely miss seniors Mark Wetmore, Billi Davis, Dave Mears, Bruce Young, Brian Whitten, Tom Basting and Pete Markowitz. The women's team will say goodbye to seniors Nancy Schmidt, Amy Phelps, Kathy Lutz, Margie Coffin and Michele Jalbert. The returning harriers wish the seniors continued success in all their endeavors.

*=Personal record on the course

PLEASE MEET . . .

ROBIN ANDREW -- Robin, a freshman from Greensboro, N.C., was a very welcome addition to the women's cross country team last fall. Robin was a consistent scorer over the season and placed 33rd in her first Heptagonal meet. She brought many fine running honors to Cornell, including several conference wins and many top finishes at North Carolina state meets. Robin is enrolled in the College of Agriculture and Life Sciences studying communication arts.

MATT DAY -- The success of the men's team was due to the improvement of veterans such as Matt. Matt showed his strength as a cross country runner by scoring for the Red in each race. Against Rochester Matt placed fourth on the Moakley course with a time of 26:19. Matt is a sophomore in the College of Arts and Sciences. He is majoring in American studies.

BILLI DAVIS -- Billi, a native of Frostburg, Md., started his Cornell athletic career playing for the freshman football team. After two years of Cornell football and mid-distance competition in track, Billi tried his hand at cross country. This past season Billi has

really shown his strength on the cross country course. He won the first race of the season and continued to place among the top scorers for the remainder of the year. Billi is a senior in the College of Agriculture and Life Sciences majoring in plant science.

SUZANNE JONES -- In her third year at Cornell, Suzanne has become a vital part of the cross country team. Suzanne ran well in all the meets and improved throughout the season. The culmination of Suzanne's season came with her 46th-place finish at the District II meet, placing third for Cornell. Suzanne is a junior in the College of Agriculture and Life Sciences. She is studying natural resources.

SUE TEITSCH -- Sue is a sophomore on the team, and if she keeps improving the way she did this season, she will certainly be a force for Cornell cross country in the future. Sue came back much improved this season and proved this by placing consistently among the top seven positions. Sue's hometown is Cazenovia, N.Y., and she is enrolled in the College of Agriculture and Life Sciences majoring in natural resources.

MARK WETMORE -- Mark has been competing for Cornell cross country for four years, but 1984 was his best. Mark gained honors as the team's most improved runner as he consistently finished in the top five, many times placing in the second or third position for Cornell. Mark is a native of Lyons, N.Y., and he is enrolled in the School of Industrial and Labor Relations.

COACH'S COMMENTS

The 1984 cross country season was a good one, as the men (5-2) and the women (5-0) posted a very successful dual season. The HEPS (men-fifth; women-eighth) was not as good as we had hoped for, but then neither team had enough "super stars" to do well in a championship competition. A good recruiting year could alter that next year, but we just never know how we will do in that area. It is becoming ever more difficult to attract and enroll enough good solid athletes for cross country and track. Entrance requirements get tougher, costs continue to rise and aid packages become less attractive.

WOW! The Jack Moakley Fund is now over the $310,000 mark and is still climbing. More important, it has meant a great deal to the program by financing the great spring trips that we have been able to take these past several years. There is absolutely no doubt that the trip this year contributed directly to our 1985 outdoor Heps CHAMPIONSHIP! The trip got us off to a flying start! The team became more cohesive, and that early outdoor competition set us on our way with a far better mental attitude than we had had in seven years. We are grateful to the people who have contributed so generously to this great track fund. There are some 400 of you who have made this all possible. Each and every one of you have played a definite part in the 1985 HEPS CHAMPIONSHIP! We hope that you will continue to give us your moral and financial support so that we can keep Cornell track at this level.

OLYMPIC TORCH

Bob Kane '34 has presented the program with one of the Olympic torches used for the 1984 Olympiad in Los Angeles. The torch had been given to Bob, and he in turn has given it to us. Bob has been a leader in the International Olympic movement for years and served as president of the U.S. Olympic Committee for the 1980 Olympiad. In 1984 he served as vice president of the Los Angeles Olympic Organizing Committee, and we all know what a resounding success that extravaganza was. He played a major role in that success. We thank Bob for this great gift.

JACK MOAKLEY

HELP! Speaking of Jack Moakley, the great coach still has not been voted into the National Track and Field Hall of Fame despite his great record of accomplishments. Perhaps we need to "flood" the National Track and Field Hall of Fame office with support for his induction. I have sent a nomination to the national office (as did Nate White '41 earlier -- see copy enclosed for information). Also enclosed is a copy of the nomination form which we urge you to fill out and submit in Mr. Moakley's behalf. Perhaps if they hear from hundreds of us, those voting will surely know of him and of his great record and finally vote him in. PLEASE DO NOT PROCRASTINATE, DO THIS TODAY! JACK MOAKLEY BELONGS IN OUR NATIONAL TRACK AND FIELD HALL OF FAME NOW!

WANT TO SPONSOR A CROSS COUNTRY RUNNER?

We need some sponsors for the cross country team dinner. For the past several years we have pretty much covered the total cost of the annual cross country banquet in Varna through sponsors.

A sponsor contributes 1¢ per mile for each mile that his runner covers in training and competition from July 1st through mid-November. This usually ranges anywhere from about $9 to as much as $15, depending upon the athlete. You can select a particular runner or we can assign one or more to you (some people sponsor both a man and a woman). This goes toward covering the cost of that great traditional turkey dinner put on by the members of the Varna Church at the conclusion of the cross country season. The athletes still walk out to the dinner and invariably it rains or snows that evening. It is a great tradition dating back to at least 1921 or so.

1986 TRIP TO ENGLAND

In June of 1986 we will be making the trip to England to compete against Oxford-Cambridge as well as others. The Moakley Fund appeal this fall will be for contributions to the Moakley Capital Fund or toward the 1986 trip. Both men and women are now included on the tour, as the meet here in Ithaca on April 9th included both men and women. We will probably have to raise some $20,000-$25,000 (depending on how many Cornell has qualify) from all sources but principally from the Moakley Fund interest. Had we made the trip this year, there would have been 20 men in 25 events and six women in 10 events for a total party of 26 athletes and three coaches or 29 people. That would require a pretty hefty financial outlay. Next year could be about the same, and we need to be prepared so that we do not have to leave anyone home who qualifies. We know that we can count on all of you to help us make this great educational experience happen.

1985 RECRUITING YEAR

We are not very optimistic about the track strength of the class of 1989. Tougher competition for admission and the rising costs of an Ivy League education make it harder and harder each year to enroll top track athletes. We lost a number of good seniors to graduation this year and we will be hard pressed to defend our outdoor Heps title in 1986. It would be great if we could consistently enroll the quality student-athletes that are needed to remain competitive and near the top of the league, but this has not been so. We hope that we do not have to wait another seven years or more for our next title. More and more student-athletes are taking a long, hard look at the financial aid awards to Ivy League-type schools to see if they can afford it. More and more are now opting for a less expensive education elsewhere. So, more often than not, we have to work with those that show up at Cornell and hope for the best.

MARK BILYK RETURNS AS FULL-TIME COACH

When Tony Tenisci resigned his post as our throwing coach in July of 1984, we were very fortunate to persuade Mark Bilyk, the assistant at Penn State the previous five years after having served as our part-time assistant in 1978-79, to return to Cornell. Mark joined us last August and has done a great job of coaching the throwers. After having lost our part-time assistant, Jack Warner Jr., when Montgomery-Ward transferred him to Colonie, N.Y., Rich Bowman took over coaching all of the jump events, and Coach Warner Sr. once again had all of the running events. (Coach Warner Jr. became the new full-time assistant at West Point on May 13th coaching the jump events.)

MEN'S 1985 OUTDOOR HEPS CHAMPIONS

After slugging through an undefeated season (8-0) outdoors, the HEPS title was the icing on the cake! Nineteen men earned 20 scoring places and four titles, including the 4x100 relay, long jump, triple jump and high jump -- a true team effort. We had to overtake a strong Dartmouth team that had forged a formidable lead, and we did this with a 1-2 finish in the triple jump, a 1-3-6 finish in the high jump and a fourth in the 4x400 during the closing hour of the meet. Such victories are always the most enjoyable because we clawed our way to

the title by "nickle and diming" it. No one except ourselves really thought much about our winning it all, but we knew that it could be ours if we could put it all together, and that we did. Unfortunately, we will lose some seven scorers (captains Chrysostomou and Passalacqua, as well as Franz, Fleming, Hofstetter, Lem and Crawley). They will be tough to replace, and next year they will be looking at us as the defending champions so we will not be able to surprise anyone.

It has been a great pleasure for me to be associated with this fine group of young men. I know that none of us will ever forget the great team effort that made us CHAMPIONS! They may forget some of my jokes, but they will never forget being the HEPS CHAMPS!

Indoors we were undefeated in duals (Army and Syracuse) and lost a very exciting combined score meet (men and women scored together) with Maryland, 138-134, here in Barton Hall. We went on to finish fourth in the indoor Heps. We could see then that we would have a real shot at the outdoor title because we would pick up added events that would help us in the sprints, hurdles and throws. We hope to have more combined score meets in the future, and I am sure that one day all meets will be combined score meets. We beat Oxford-Cambridge both as a combined score and as men vs. men and women vs. women outdoors in 20-degree weather on Schoellkopf.

There is no doubt in my mind, too, of the value of our great spring trips to the total development of the team.

The women's team did well considering that we were very thin in numbers this year. We lost too many from last year's team via transfer and drop outs as well as graduation. With some key individuals our women did beat all of the other Ivy teams at the indoor Easterns (ECAC). Led by captain Lauren Kulik's record-breaking performances both indoors and outdoors (long jump 19-3 3/4 outdoors and 18-7 3/4 indoors; triple jump of 40-7 1/4 indoors which qualified her for both the NCAA indoor and outdoor championships) and the record-breaking performances of Amy Phelps in the indoor and outdoor 3000 meters at 9:33.79 and 9:40.28, the women need not hang their heads. Actually they contributed in no small way to the men's title as we are in fact ONE TEAM, and we all help and pull for each other. This is as it should be.

At Cornell we do have one team under one coaching staff, unlike many schools which have two distinct teams under separate coaching staffs and they tend to be at odds with each other most of the time. We enjoy coaching all of our athletes, both men and women. They are all ATHLETES!

All-American Grant Whitney

"RAP UP"

The 1984-85 track season will always be remembered as a fun-filled successful season. The memories will be clear in the minds of those who participated throughout the season and those who were witness to it. Included in those memories will be the undefeated dual meet season indoors, the cliff-hanging, historical combined Maryland meet, the undefeated outdoor squad, the Heps title, three NCAA qualifiers and one All-American. Captains Chris Chrysostomou and Lauren Kulik competed in the long jump and triple jump, respectively, at the NCAA meet in Houston. Meanwhile, Grant Whitney finished eighth in the 5000-meter run with a time of 14:13.35 to gain All-America status. Overall, it was a very satisfying season.

However, as with all seasons, seniors move on leaving the ranks of the Cornell track team. The men will say goodbye to Charles Fleming, Jim Lem, Gregg Hofstetter, Mike Crawley, Dave Scharf, Billi Davis, Tom Basting, Brian Whitten, Mark Wetmore, Dave Mears, Pete Markowitz, John Passalacqua, Rich Howarth, Chris Chrysostomou and Mike Franz. The women will wish good luck to seniors Lauren Kulik, Amy Phelps, Nancy Schmidt, Kathy Lutz, Michele Jalbert, Margie Coffin and Maddie Wootan.
