## Up 9.5 Per Cent

# Outside Funding Grows Despite National Decline

Funding for sponsored research programs at Cornell, that is, funding from outside grants and contracts, has increased by 9.5 per cent University-wide since last year. Much of the increase has come from federal sources.

"This is an encouraging sign since there was an estimated eight per cent drop in support for basic research expenditures in the United States during 1974-75," explained Thomas R. Rogers, director of the Office of Academic Funding.

The endowed portion of the University received \$21,529,299 (an increase of 14.2 per cent) in federal support for sponsored research programs this year, not including money received for the upgrading of the Arecibo radio-radar telescope which Cornell operates as a national facility for the National Science Foundation. Federal support for sponsored research at Cornell's state units increased 3.6 per cent from last year to \$5,326,585.

The Division of Biological Sciences, which spans both statutory and endowed sections of the University, showed a 17.2 per cent gain in federal sponsored research funding over last year, bringing their total funds from these sources to \$2,749,592.

Federal support for sponsored research at the Cornell Medical College in New York City increased 7.1 per cent to \$9,103,376. Also showing substantial growth in federal support for sponsored research were the College of Engineering (up 20.5 per cent to \$6,111,087) and research centers (up 11.5 per cent to \$3,386,455). Federal funding for sponsored research at the College of Arts and Sciences was up .4 per cent to \$3,121,019 while funding at all remaining endowed units was up 5.5 per cent to \$6,105,512.

"The increase in engineering research funding," Rogers said, "may reflect the increasing emphasis on applied and relevant research projects in federal funding agencies, but faculty excellence and initiative are the key factors, I believe."

Within the Division of Biological Sciences and the Medical College, he added, the funding has come for a broad range of projects indicating continued federal concern for human health and the environment.

In addition to support from the federal government, Cornell receives support for sponsored programs from state and local governments, corporations and trade associations, private foundations

and occasionally from individuals. It also uses certain funds budgeted for research by the University and given to the University for research under federal statutes and through state government appropriations. When these figures are factored into the research statistics, substantial gains over last year are still evident with the endowed portion of the University up 13.4 per cent to \$23,588,830; the statutory portion up 4.7 per cent to \$25,553,550; the Division of Biological Sciences up 16.0 per cent to \$3,587,023 and the Medical College (which did not include budgeted research in its totals) up 10.9 per cent to \$13,445,207.

"We are keeping pace with inflation in most areas this year," Rogers said. He added that the increased money for research, with the exception of about \$1,000,000 expended by the National Astronomy and Ionosphere Center for research at Arecibo, has gone to individual researchers working on a wide range of problems. This attests to the breadth of research being conducted here," Rogers said.

He added that the improved trend in funding, based on information available for the endowed units should continue into next year.

## New Pianos Welcomed

Malcolm Bilson, professor of music, and Claudia Hutchins, a sophomore piano student, try out one of the Baldwin grand pianos recently given to Cornell. See story, page 4.

# Plantations Announces Fifth Annual Fall-In

Horse-drawn wagons provide transportation at the Plantations Fall-In, scheduled for Sunday.

With the leaves turning bright autumn colors locally, the Cornell Plantations will celebrate the fall season with its fifth annual Fall-In to be held from 2 to 5 p.m. Sunday (Oct. 5). The rain date is Oct. 12.

The Fall-In is free and open to the public, according to Steven Shauger, education coordinator for the Plantations.

This year's festivities will include many favorites from past years as well as new groups and demonstrations. Musicians and musical groups include an electronic band, a dulcimer player, Cornell Folk Singers, a Cornell Brass Quintet and "Run of the Mill," a local bluegrass band, Shauger said.

Demonstrations or displays will be held for quilting, wine-making, spinning, rail-splitting, natural dyes, beekeeping, bonsai plants, edible wild foods, "do-it-yourself" arrangements with dried cuttings, and pumpkin-carving, among others. There will also be live cows from the Cornell Dairy Science Club,

demonstrations of small engine repair by the Cornell chapter of the American Society of Agricultural Engineers, and a Cornell Laboratory of Ornithology demonstration on birdfeeders and attracting wild birds. A woodland sawyer will operate his antique, steam-driven cross-cut saw, and a blacksmith-farrier will show how to shoe a horse, Shauger said.

Also present will be the Forest Home Community Association, the Cornell Outing Club, the Cornell University Press and the Cayuga Trails Club.

Cider and apples will be on sale, as will surplus plants from the Plantations.

A horse-drawn wagon and a tractor-drawn wagon will carry visitors to locations within the Plantations. Two University buses will transport visitors to and from the B parking lot and the entrance to the Plantations, Shauger said.

## University Senate Meets

## Amnesty Resolution Passed

The University Senate, by unanimous consent, approved the President's nomination of Isiah C. Mathews as campus Judicial Advisor at its meeting Tuesday night. (see story, page 3).

The Senate also narrowly approved a recommendatory resolution urging the United States Congress to grant universal and unconditional amnesty "to those who face or have suffered criminal or administrative penalties for non-violent acts of evasion or resistance to the draft" during the "era of the War in Southeast Asia."

This resolution had reached the Senate floor two times prior to the Sept. 30 meeting, but had never received a final vote. Debate on the bill Tuesday centered around the propriety of the Senate's passing such a bill. Several speakers indicated that, while they might

be in favor of amnesty, they did not feel that it was within the scope of their roles as senators to speak for the Cornell community to the Congress on such an issue. The merits of granting or withholding amnesty were not discussed.

The amnesty resolution was passed by a roll call vote of 21 to 20.

In other action, the Senate unanimously approved a recommendatory act to establish a joint Senate-presidential committee on the privacy of student records. Among the items in the charge of the proposed committee is to "monitor continuously the security of student record keeping."

The bill calls for the committee to include three persons appointed by the Senate and three appointed by the president. One of these members shall be a person "who is knowledgeable (sic) in computer science, its use and abuse."

Because this bill is only recommendatory, it must receive approval by the president before going into effect.

The Senate also passed a bill reorganizing the functions of some of its subcommittees and creating a new subcommittee on museums and the arts. Formerly, measures affecting the museum were considered by the subcommittee on museums and the Campus Store, which is now the subcommittee on the Campus Store.

A new bill establishing a Campus Life Division-wide reserve account was presented to the Senate for discussion only. This bill proposes that those Campus Life departments that have reserve accounts, such as University U-

nions and Dining, shall contribute a portion of their reserves at the end of the fiscal year to a central reserve account.

This money would then be used "according to what the Senate determines to be the division's greatest needs" and would permit those Campus Life departments who are not eligible to maintain their own reserve accounts to apply for funds from the central reserve.

In presenting the bill, Senator Donald Holcomb, physics professor, said that this measure would insure the division's ability to evaluate priorities in expenditures in a tightly-budgeted year. Opponents of the bill argued that this central reserve account would greatly diminish the incentive of a particular department to conserve its expenditures, because it would not be able to use all the money it had saved for its own purposes.

The Senate approved several additions to its boards and committees. After the meeting, an electoral college was convened to complete the by-election process and fill vacant Senate seats. A list of those persons elected to Senate seats by the electoral college appears on the Senate Page, page 6.

The Senate also heard a position statement from the Movement Against Cutbacks (MAC), contesting some of the statements made by President Corson on Sept. 24 about the University's financial status. Speaker Ben Nichols reminded the Senators that President Corson will be attending the next regular Senate meeting on Oct. 14 to talk about the University's financial position and to answer questions.

## NATO Announces Program Of Fellowships in Science

The National Science Foundation has announced a program of NATO Postdoctoral Fellowships in Science for 1975-76. Approximately 40 awards will be made. These fellowships — normally awarded for tenures of either 9 or 12 months — are intended for persons planning to enter upon or continue postdoctoral study in the sciences.

The stipend for a NATO postdoctoral fellow is \$10,800 for 12 months or \$8,100 for 9 months, plus travel and a dependency allowance. The deadline for submitting applications is Nov. 10.

Further information is available at the Office of Academic Funding, 123 Day Hall. Application materials may be obtained from the Division of Higher Education in Science, National Science Foundation, Washington, D.C. 20550.

## Career Center Calendar

Sept. 30, Oct. 2, 7, 9 — Law Board Test-Taking Preparation. For people who have difficulty with standardized tests. 4:30-6:30 p.m. Ives 215. \$5 fee.

Oct. 2 — Career Center Workshop: "Resume and Letter Writing." 11 a.m. at the Career Center. Make an appointment in advance.

Oct. 2 — Electrical Engineering Grad Student Workshop on Job Hunting, Interviewing, etc. 4:30-6:30 p.m. Phillips 219.

Oct. 3 — Workshop for Engineers on Job Hunting, Interviewing, and so on. 4:30-6:30 p.m. Upson R-17.

Oct. 6 — Every Monday this semester. Business School Information Sessions. 4 p.m. Malott 224. George Ridenaur, Dean of Admissions and Student Affairs of the Graduate School of Business and Public Administration, will be the presenter.

## Job Opportunities At Cornell University

The following are regular continuing full-time positions unless otherwise specified. For information about these positions, contact the Personnel Department B-12, Ives Hall. Please do not inquire at individual departments until you have contacted Personnel. An Equal Opportunity Employer.

Individuals in lay-off status will be given preference in referrals.

POSITIONS	(DEPARTMENT)
Administrative Aide, A-20	(Dean of Students (sh))
Administrative Aide, A-18	(V.P. for Campus Affairs)
Medical Secretary, A-17	(University Health Services (sh))
Administrative Secretary, A-17	(Architecture (sh))
Administrative Secretary, A-15	(NAIC)
Administrative Secretary, A-15	(CRSR)
Administrative Secretary, A-15	(LASSP (sh))
Administrative Secretary, A-15	(University Development (sh))
Department Secretary, A-13	(University Health Services (sh))
Steno III, NP-9	(Vegetable Crops (sh))
Steno II, NP-6	(Vegetable Crops)
Steno II, NP-6	(Coop. Ext. - Personnel)
Steno II, NP-6	(Coop. Ext. Admin. 4-H Office (sh))
Steno I, NP-5	(Media Services)
Library Assistant III, A-15	(Univ. Libraries-Engineering)
Library Asst. III, A-15	(Univ. Libraries-Uris)
MTST Operator, A-13	(B&PA)
Library Assistant II, A-12	(University Libraries-Fine Arts)
Sr. Systems Programmer-CPO6	(Office of Computer Services)
Executive Staff Asst. II, CPO4	(MSA)
Supervisor, Technical Serv., CPO4	(Theoretical & Applied Mech.)
Cooperative Extension Spec. NS	(Cooperative Extension - Voorheesville)
Cooperative Extension Spec. NS	(Cooperative Extension - Chazy)
Assistant Librarian, CPO2	(Univ. Libraries - Sc. Catalog)
Manager, Staffing Services, CPO6	(Personnel)
Asst. Dean & Director of Admissions	(Law School)
Development Officer III, CPO7	(University Development)
Executive Staff Asst. (University Development)	
Budget Analyst II, CPO3	(Natl. Astronomy & Ionosphere Cntr.)
Business Manager, CPO5	(Dining Services)
Associate Admin. (Area Manager), CPO6	(Dining Services)
Catering Manager, CPO4	(Dining Services)
Senior Vice-President	(Administration)
Director, North Campus Union	(University Unions)
Accountant II, CPO3	(Accounting-Endowed)
Applications Programmer I, CPO3	(O.C.S.)
Head Coach of Swimming	(Athletics)
Extension Associate	(Natural Resources)
Extension Aide (Div. of Nutritional Sci. (1 yr.))	
Technical Aide, NP-9	(Media Services)
Tech. Aide, NP-9	(Natural Resources)
Sr. Lab. Technician, A-18	(Biochemistry (1 yr.))
Lab Technician, NP-8	(Div. of Lab Animal Med & Ser (1 yr.))
Lab Technician, NP-11	(Vet Microbiology)
Lab Technician, NP-8	(Vet Physical Biology (1 yr.))
Jr. Lab Technician, NP-6 (2)	(Equine Drug Testing Program)
Research Tech. III, NP-12	(Vegetable Crops)
Research Tech. III, NP-12	(Veterinary Physiology)
Research Tech. II, NP-10	(Div. of Nutritional Sciences)
Research Tech. II, NP-10	(Equine Drug Testing Program)
Production Controller II, A-19	(Computer Services)
Asst. Supervisor, A-22	(Physical Plant Operations)
Boiler Operator, A-18	(Physical Plant Operations)
Cook II, A-17	(Dining)
Custodian, A-13	(Student Housing)
Life Safety Environmental Tech, A-20	(Life Safety Services)
Drafter, NP-9	(Agricultural Engineering)
Offset Pressman	(Graphic Arts Services)
Food Service Worker	(Dining (11 p.m. to 7 a.m.))
Cook, A-15	(Chi Phi)

## ACADEMIC AND FACULTY POSITIONS

(Contact Department Chairperson)  
 Assistant/Associate Professor of Pathology (College of Veterinary Medicine)  
 Professor and Director of James A. Baker Institute for Animal Health (College of Veterinary Medicine)

Continued on Page 6

## Indian Art

This cedar wood comb carved by a Northwest Coastal Indian is part of a collection of Indian art on exhibit at the Herbert F. Johnson Museum of Art through Dec. 11. Concurrent with the exhibit is a series of lectures on Indian culture. The first will be given today at 8:15 p.m. in Goldwin Smith D by Frederick J. Dockstader, director of the Museum of the American Indian in New York City. His topic is "The Art of the North American Indian." The second lecture will be given next Thursday (Oct. 9) at 8:15 p.m. in Bache Auditorium of Mallott Hall. Alfonso Ortiz, professor of Anthropology at the University of New Mexico will discuss "Stereotypes of the Indian in American Culture."

## Senate Approves Judicial Adviser

Isiah (Charlie) Mathews, (Cq.) Cornell Law School '77, is the new judicial advisor at Cornell University. The University Senate Tuesday night approved Mathews' appointment to the part-time, two-year position, effective immediately and running until June 30, 1977.

Mathews's Cornell activities include having served this summer as chairman of the University Senate steering committee reviewing the Mac-

Isiah (Charlie) Mathews

neil task force reports. He also works with the Auburn Prison Project, begun last spring, helping with prisoner representation and personal counseling.

Mathews served in the United States Marines Corps from 1961 to 1965, with a tour in Vietnam. Following military service, Mathews spent three years in a sheetmetal apprenticeship program with the Pratt-Whitney Division of United Aircraft Corp. in Hartford, Conn. He graduated cum laude from Wesleyan University, Middletown, Conn., in 1974.

Other affiliations include serving as a member of the Greater Hartford Community College Advisory Council from 1974 to present, where he developed programs in bi-lingual education and for high school drop-outs. He was also a member of the State of Connecticut Commission on Higher Education Transfer Resource Group in 1972.

## Sage Notes

Students interested in Fulbright-Hays Doctoral Dissertation Fellowships for research abroad for 1976-1977 should contact Foreign Area Programs during the week of October 6th for applications and information. The deadline for filing is Oct. 20.

Students on NSF graduate fellowships who have received staff agreements for patent rights should sign and return these as soon as possible.

Nov. 7 is the deadline for graduate students for filing change of course forms. These register a change from a credit to audit, or add/drop of a course, or change from grade to S/U, or changes due to course number error, or changes in credit hours listed. The forms must have the signatures of instructors of relevant courses and Chairman of Student's Special Committee.

NOW is the time to petition to register *in absentia* for upcoming terms. Delays in approval and registration result when petitioners make their requests too near the official registration day of a semester (this means delay in receipt of financial aid checks where proof of registration is required).

## Planning and Facilities Lays Off 4 Employees

Two engineers and two draftsmen have been laid off in the Department of Design and Project Management of the Division of Planning and Facilities at Cornell, and another engineer has been transferred to another part of the division.

Robert M. Broberg, director

of the department, said the cutback "is very unfortunate, and we're losing some good people, but there just isn't enough work with other departments and colleges at the University cutting down on all expenses, particularly development of facilities."

Broberg explained that his department acts as an architectural and engineering consultant for colleges and departments at Cornell which are developing plans for such things as conversion of space from one use to another, building new buildings, expanding laboratories and the like. This is done by the department as an "enterprise" operation, meaning that it gets no appropriated University funds, but only those it earns in serving other units, and it is expected to break even.

"If things pick up later," he said, "we will give the persons laid off first opportunity at any positions reopened."

Before this cutback, there were 31 persons total in the department, 26 of them professional.

Dewitt Perkins stands amid some of his rigs.

## Profile

# Suddenly: A Museum

Twelve years ago Dewitt (Toad) Perkins was driving down a narrow road and had to follow a man driving a horse and buggy.

"I kept looking at that buggy," Perkins said, "and the only thing I could think of was that I had to have it. I got the guy to pull over and I bought it from him right there for \$40 and put it in the back of my pickup truck."

That was the first of his horse drawn vehicles. Of course, there was nothing to do then but to buy a pair of ponies to pull it.

But, that's not the story. The story is that today he owns more than 60 horse-drawn vehicles and has a veritable museum of these and other period pieces from way back, all in a rebuilt old barn 90 feet by 36 feet in Babcock Hollow between Dryden and Virgil.

For Perkins, who works at Cornell's Messenger Service, it's a hobby, but it is an expensive one. "I've got my life savings tied up in it." He was formerly in the hardware business in Dryden before he sold it five years ago and came to work for Cornell.

One of his most recent purchases for his "Carriage House Museum," the name of his rebuilt barn, is an ice plow that was used to cut ice on area lakes for more than 100 years. It is a horse-drawn series of plowlike points

that were used to score the ice — first one way then across those scores. Then, men would loosen the cakes with spuds and float them across to the icehouses.

In his collection of horse-drawn vehicles are hearses, milk wagons, buggies, cutters, a peddler's wagon and a brougham — a very highbrow buggy, enclosed with seats for two or four inside and with the driver sitting outside.

To add to the realism of a couple of the rigs are old harness-maker's horses in front, all hitched up and ready to be driven. These horses are made of papier mache or wood and were used by harness makers to display their fanciest tack.

He also has baby carriages, sleds, children's bobs and collections of all sorts of old items — pennants, flags, posters, newspapers.

Although he has not gone into the museum business, formally, his barn is open to visitors most evenings and weekends, and he and his family welcome people who are interested in old things. A good many of the old things come with a story, too, if "Toad" is there to tell it.

 CORNELL  
CHRONICLE

Published weekly and distributed free of charge to Cornell University faculty, students, staff and employes by the Office of Public Information. Mail subscriptions: \$12 per year. Make checks payable to Cornell Chronicle Editorial Office, 110 Day Hall, Ithaca, N.Y. 14853. Telephone 256-4206. Editor, Randall E. Shew. Managing Editor, Elizabeth Helmer. Photo Editor, Russell C. Hamilton.

# Chronicle Comment

(Chronicle Comment is a forum of opinion for the Cornell community. Address comments to Elizabeth Helmer, managing editor, Chronicle, 110 Day Hall.)

## Plea Made on Behalf of Employees

Following is an open letter to the Campus Life Committee:

The Campus Life Committees of all six Senates have been and are made up of hard working and conscientious members. But as with all hard working people sometimes it is easy to fail to keep track of their ultimate objective and sometimes the real goals are lost in the hustle and bustle of dealing with the details. It is my opinion that such is happening now and it leads to this plea:

Please have mercy on the employees of Cornell University. Is there no escape from your authority? Where will you strike next? How can we hide from your arrogant and uncompromising blundering in areas dealing with personnel relations of which you are so poorly equipped with expertise?

When will the Senate and its committees come to sense the limitations of time and ability of its members? When will Senate committees begin to make policy decisions based upon results of input from the multitude of expertise available on campus and from a full spectrum of input rather than basing such decisions on whim or suspicion or on the theory that a plan "sounds okay to me" (even though no inquiries or hearings are ever held to find out the full implications and ramifications of adopting such a plan)?

No personal criticism is intended of any member of the CLC or its sub-committees. Nevertheless, serious mistakes are being made that affect the operations efficiency at Cornell and the morale and working conditions of employees. These mistakes must be exposed and corrected now. The Senate must reassess its direction and its limitations and especially must resolve to follow a more rational and more thorough procedure in its decision-making process.

Recent CLC legislation and some still in the hopper are so damaging to the operations at Cornell and to the morale of the staff that the Senate will lose its last drop of credibility.

On Parking & Traffic the CLC has passed legislation to abolish all free parking permits. The rationale alleges that there are no exceptions, everyone must pay and that there have been some abuses of the system.

The facts are:

a) There are exceptions and there always will be exceptions and such exceptions must be treated fairly.

b) The CLC action is in effect "ripping off" those staff members who are the exceptions.

c) The CLC did not ask the "Committee on the University as an Employer" on a ruling concerning the personnel relations aspects of the legislation. No Senate committee should

ever pass any legislation that affects personnel relations without submitting that legislation to the CUE for a statement.

d) If such correct procedure had been followed the CUE findings would be:

(1) Certain people (e.g. Professors Emeriti) have held a contract (oral or otherwise) with the University in which one condition of employment is to have a free "U" Sticker upon attaining the status of Professor Emeritus. That contract cannot legitimately be broken by a self-authorizing body whose members may not have been born when the contract was negotiated. The CUE finding would further state that the Senate has no authority to violate principles of integrity by STEALING a privilege from one who has already paid for that privilege.

(2) Off campus based staff continue to use their vehicles for University business for the sake of efficiency. That efficiency must not be meddled with by an inexperienced committee that has little or no training in dealing with matters of personnel relations and no knowledge of how bureaucratic barriers to efficiency of operations affects morale and the "Esprit de Corp" of a staff.

The CLC must accept input from those who offer a policy that enhances efficiency. Such a policy has been proposed for over three years now by this author and others. It finally was approved by the fifth Senate CLC and by its Parking & Traffic Committee. The sixth Senate CLC shot it down without hearing the rationale and without reviewing any of the research that had led to the proposal.

The present Parking & Traffic Committee did receive some of that background data and hence recommended the adoption of the proposed policy. The CLC did not see fit even to accept its own sub-committee's recommendations although it was obvious that the sub-committee was the only party armed with most of the facts. Certainly the CLC has made no effort to learn the facts.

2. On the matter of proposed legislation to have the Senate or arms of the Senate to evaluate job performance of the VPCA and managers of enterprise operations, this is the ultimate in ignorant proposals. Such legislation cannot be allowed. It is bad enough to work under the authority of people who are not properly trained in good management practices. To expect anyone to work under the authority of a committee is unheard of; to expect anyone to work under the authority of a committee whose members most likely have zero knowledge in

management is too ridiculous to discuss.

This is a plea to all Senators to nip this and all similar legislation in the bud lest it be necessary to pull out the whole root (namely the Senate).

The real problem with the Senate and with the CLC is that no one is willing to accept the reality that the Senate and its members do have limitations. These limitations are dictated by the number of man/woman hours available to devote to Senate business and the amount of expertise available on all of the issues over which the Senate wants to assert its authority. The Senate can be effective only by spending its energy on general policy matters and by conducting the kinds of hearings that unveil expert opinion and a broad spectrum of input on such policies. Otherwise the Senate can do only a sloppy, haphazard job of ferreting out the best policy decisions. The Senate must stay away from personnel management details. The CLC should reexamine its present practice of expending over 50 percent of its energy on the details of the Campus Life budget instead of concentrating on arriving at general policy decisions concerning the budget. The Senate can do a few things well or it can continue to bungle through a lot of things very badly and to arrive at decisions that are worse than where we started from.

## Grand and Upright

# Pianos Perk Up Practice Program

The Department of Music has received four Baldwin pianos as the gift of Mr. and Mrs. Fred Gretsche, Jr. '26 and Mr. and Mrs. Edwin C. Sonfield '35, according to Music Department Chairman Don M. Randel.

The four pianos — two uprights and two grands — will be used in the Lincoln Hall practice rooms and for demonstration purposes in classrooms, Randel said. He added that the department has purchased a fifth Baldwin grand piano to use in a classroom and for rehearsals of chamber music ensembles.

"This gift has definitely improved Cornell's music program for both students and faculty," Randel said. "Before we received these new pianos we were asking students to practice on old instruments which had received constant use for many years and some of which had been acquired

# 'University Hunting Regulations Unfair'

Editor:

The "procedures for persons seeking to hunt on University property" announced in the *Chronicle* (Sept. 18) are unreasonable, unworkable and legally untenable. Moreover if there are Cornell applied penalties for failure to observe the "Procedures" (none were listed), then the "procedures" would also be discriminatory against members of the Cornell community.

There is no reason why Cornell University as a landowner should not follow the common and legally acceptable practice of posting land that is restricted. The New York State Fish and Game Laws provide for protection of landowner and trespasser by requiring signs be placed at specified intervals along the boundaries of restricted property. The purpose of these signs is twofold: (1) to make any trespasser aware of any restrictions and (2) to inform the trespasser who is the owner of the property.

The spirit, if not the letter of New York State regulations barring the possession of

firearms by unauthorized individuals on campus is not meant to apply to outlying areas, many of which are several miles from the main campus.

The proper "procedure" for Cornell University is to post its restricted lands with signs stating that a hunting permit is required and from whom such a permit may be obtained (a specific individual and address). This should be accompanied by a release to the local media describing the situation generally and most importantly giving the name of an individual (or office) which will have a map of all of Cornell's restricted lands and the names and addresses of the area managers from whom a permit may be obtained. This will permit those wishing to hunt to obtain the permit in advance.

The proper posting of land is expensive. If Cornell University limits such posting to areas for which it has good cause to restrict access, the total cost should not be prohibitive.

James M. Burlitch  
Associate Professor

# Cornell Cosponsors Energy Policy Talks

The major issues inherent in a North American energy policy will be examined at a conference sponsored jointly by Cornell University and Carleton University, Ottawa, Canada, today through Saturday, Oct. 4, at Carleton.

Areas of discussion will include governmental, business and academic viewpoints on continental energy problems, energy in the context of general Canadian-American relations, fuel sources and energy self-sufficiency.

Government officials speaking at the conference will be

Federal Energy Administrator Frank Zarb, Henri Simonet, commissioner of the European Economic Community (EEC), and Donald Macdonald, Canadian minister of energy, mines and resources.

Among the Cornell professors who will deliver papers at the conference are Nobel Laureate Hans Bethe, who will discuss nuclear power as a fuel source; economist Alfred E. Kahn, currently serving as chairman of New York State's Public Service Commission, who will evaluate the implica-

Continued on Page 7

particularly noted for drums, was founded in 1883 by Gretsche's grandfather. It became a subsidiary of the D.H. Baldwin Co. in 1967.

Gretsche, a former member of the University Council and a member of Cornell's Tower Club, presently serves as chairman of the executive committee of the Lincoln Savings Bank of Brooklyn. He is married to Helen Mooney Gretsche.

Sonfield's family has been connected with C. Bruno and Son, distributors of musical instruments, since its founding in 1840. In the past he has donated brass instruments to the University band, and he provided the funds for the 1965 summer Brass Symposium and Workshop.

Mrs. Sonfield, formerly Anne Shulman, is a 1935 graduate of the School of Home Economics.

### Council on the Arts Visitor

Joan K. Davidson, recently appointed chairman of the New York State Council on the Arts, is seen at the Herbert F. Johnson Museum of Art with its director Thomas W. Leavitt, during a visit to the Finger Lakes area last week. It was the first of 2 series of visits throughout the state in an effort "to have a first-hand knowledge and understanding of the lively arts activities that are taking place all over New York State and to meet the people who are making them happen," she said. The Melanesian helmet mask is from New Ireland. One of several museum projects the Council has supported financially is the "Arts Insights" program which has provided "art awareness classes" for more than 800 children and adults in the Finger Lakes area. In addition to its contribution to the Cornell community, the museum provides a major art facility for the citizens of Upstate New York. Mrs. Davidson was graduated from Cornell's College of Arts and Sciences in 1948.

## CU Orchestra Has New Conductor

When the Cornell University Orchestra presents its fall concert in November, it will be performing under a new baton—that of Edward Murray.

Murray succeeds Karel Husa, who will devote full time to teaching composition at Cornell.

Although he majored in history as an undergraduate at Harvard, Murray maintained his childhood interest in music and decided to pursue graduate studies in conducting and music theory. He is now completing a Ph.D. in music theory at Yale. He has studied conducting with Pierre Boulez, Pierre Monteux and Carl Bamberg.

Murray has made guest conducting appearances with such

orchestras as the St. Louis Symphony and the symphony orchestra of Wheeling, W.Va. He currently serves as director of the Plainfield (N.J.) Symphony Orchestra.

In addition to his studies in conducting, music theory and

piano, Murray is an avid student of architecture, particularly European architecture from 800 to 1760. He shares this interest with his wife, Myra Malkin, an actress from New York City.

### International Festival in Washington, D.C.

## 8 from Cornell at Haydn Conference

When the international Haydn Festival and Conference gets under way this week in Washington, D.C., eight Cornell faculty members and students will be among the scholars and musicians gathered there to discuss and perform the 18th-century composer's life and works.

Participating will be Malcolm Bilson, John Hsu, Sonya Monosoff, James Webster and Neal Zaslav, professors; Donald J. Grout, professor emeritus, and graduate students Laurie Shulman and Michelle Fillion.

"There has never been a conference on this scale devoted to Joseph Haydn," explained Webster, who as one of the few professional Haydn scholars in America has been invited to present seven papers at the Oct. 4-11 conference.

"In his own lifetime Haydn was the most popular composer who had ever lived," Webster said, "and he composed a great deal of music. However, as much music was falsely attributed to him as he actually wrote, and it wasn't easy for him to control the dissemination of his own music."

After Haydn's death in 1809, only his late music was kept in the popular repertoire. The vast bulk of his early music—including the many compositions erroneously attributed to him—was left virtually untouched by scholars and performers until this century.

In 1939, the Danish musicologist Jens Peter Larsen published the first fundamental study of the sources for Haydn's music and began the process of determining what he had actually written and what works were spurious.

Larsen, whom Webster describes as the "father of modern Haydn studies," is the organizer of the Washington conference. He will lecture on "The Development of Haydn Research" and lead some of the roundtable discussions.

"What is remarkable about this conference is the way in which it is bringing together the performer and the musicologist," continued Webster. For example, the members of the Cornell Trio (known professionally as the Amade' trio) will play a concert of Haydn's works on the opening night of the conference. They will also discuss in panel and workshop such questions as performance practice—and how would Haydn have played his own music? Of the many kinds of musical ornamentation, which one would 18th century performers have used?

Other performers and noted

musicologists participating in the conference are Charles Rosen, the Juilliard String Quartet, Lili Kraus, the Baltimore Symphony Orchestra and the National Symphony Orchestra under the direction of Antal Dorati, the first conductor to record all 107 of Haydn's symphonies.

Georg Feder, chairman of the Haydn Institute in Cologne, Germany, will also be participating. Feder is editor-in-chief of the Haydn Institute's collected edition of the composer's music. Haydn is the only major composer whose complete works have never been published until now.

The Haydn Festival and Conference is being sponsored by the John F. Kennedy Center in cooperation with the Smithsonian Institution and with a grant from the National Endowment for the Humanities.

## Johnson Museum Presents Art Awareness Classes

Children and adults in the area may still register for art awareness classes at the Herbert F. Johnson Museum of Art, although the first of the weekly sessions began Wednesday. The Saturday sessions start this Saturday.

For eight weeks, participants in "Art Insights: Making Senses" explore the artistic process through their own responses. A heightened perception of the self, the environment, and the creative experience are goals of the classes. They will be taught by Peggy Koetsch, the museum's assistant coordinator of educa-

tion and a graduate of synesthetic education at Syracuse University.

Adults meet on Wednesdays from 6:45 to 8:45 p.m. On Saturdays, ages 10-14 will meet from 12:30-2:30 p.m., and a family workshop will be held from 10 to 11:30 a.m. ("Family" means any adult-child combination.)

The registration fee of \$20 covers all materials used. Forms can be obtained at the Tompkins County Library or the museum desk, or by calling the museum at 256-6464. No background in art is required to participate.

## Hotel School Distinguished Chef Series Starts Sunday

The Hotel School's Distinguished Chef Series will start its 1975-76 season Sunday, Oct. 5, with a nine-course meal prepared under the direction of Robert Elick, executive chef of the Mississippi steamboat, Delta Queen.

There will be one seating for the dinner scheduled to start at 6 p.m. in the main dining room of the Statler Inn. Cost per person is \$15 which includes tax, gratuity and wine. The menu will be: Quiche Robert, Mississippi Turtle Soup, French Quarter Seafood Crepes, Sorbet, Bay Street Turnedos, Potatoes Aman-dine, Green Beans New Orleans, Spinach Salad, Brandied Peaches, American Cheeses and Coffee.

Under Elick's supervision the

dinner will be prepared, served and managed, by students in the Hotel School.

The Delta Queen's home port is Cincinnati, Ohio. It is a carefully preserved antique paddle wheel steamboat listed in the National Register of Historic Places. It sails on cruises out of New Orleans during the spring and fall, stopping at such places as Natchez, Vicksburg and Baton Rouge.

## NSF Program: Implications Of Science and Technology

A new National Science Foundation program entitled the "Ethical and Human Value Implications of Science and Technology Program" has been established to support projects which identify previously unrecognized ethical and value issues related to past, present or projected developments in science or technology. The program will also support projects devoted to clarifying crucial issues, defining basic terms, resolving factual disagreements relevant to ethical and value issues, and placing of issues in their full social, historical, and scientific context. In general, activities appropriate to achieving these goals include not only research projects, but also course and curriculum development, bibliographical work, conferences, and workshops. As one priority for FY76, the program hopes to fund 6 to 12 projects designed to produce in-depth case studies of specific situations (historical or contemporary) in which science/values issues have arisen. The new program intends to cooperate with the National Endowment for the Humanities (NEH) and may fund projects jointly with NEH and other Federal agencies.

It is strongly recommended that a brief preliminary proposal be prepared for NSF staff evaluation. These preliminary proposals are due at NSF no later than Nov. 1, 1975. For further detailed information on this new program, contact the Office of Academic Funding, 123 Day Hall.

# The Senate Page

(The Senate Page is the official bulletin of the Cornell University Senate. Publication is supervised by Douglas Auer, secretary of the Senate, 133 Day Hall, 256-3715.)

NEXT SENATE MEETING: Tues., Oct. 14, 7:30 p.m., Bache Aud., Malott Hall.

## Calendar

THURSDAY, Oct. 2  
*Budget Formulation Subcommittee*, 12:30 p.m., Senate Office  
*Planning Review Committee*: 4 p.m., Annabel Taylor Forum.  
*Campus Life Committee*, 5:15 p.m., 494 Uris.

Open Hearing on Burger King, 7 p.m., G-08 Uris.

MONDAY, Oct. 6  
*Admissions and Financial Aids*, 4 p.m., Senate Office.  
*Executive Committee*, 4:45 p.m., Senate Office

TUESDAY, Oct. 7  
*Campus Activities and*

*Organizations*, 4 p.m., 217 Ives Hall.

WEDNESDAY, Oct. 8  
*Nominations and Elections Committee*, 4 p.m., Senate Office.

THURSDAY, Oct. 9  
*Academics and Educational Innovation*, 4:30 p.m., Senate Office

## Freshmen Candidates

DISTRICT ONE  
 Richard Friedman  
 Randall Ross  
 Sunny Hallanan  
 Rennie Hirschberg

DISTRICT TWO  
 George Rogers  
 Mark Hulkower  
 Joan Bozek  
 Anthony Blackmon  
 Mary Maxon

DISTRICT THREE  
 John Blasik  
 Vincent Nichnadowicz

DISTRICT FOUR  
 Robert Koppel  
 JoaAnn Saalfield  
 David Johnston

DISTRICT FIVE  
 Mark Denison  
 Beth Richie  
 David Keim  
 David Solomon  
 Elizabeth Rakov

Roger Modon

DISTRICT SIX  
 Gene Needles Jr.  
 Deborah Moon  
 Barnett Lerner

DISTRICT SEVEN  
 Jonathan Rodnon  
 Stephen Kaminsky  
 Frank Puppato  
 Sheryn Bonder  
 Susan Hyman  
 Amy Seltzman  
 Daniel Burk  
 Kenneth Greenberg  
 Dana Smith

DISTRICT EIGHT  
 Ellen Rachlin  
 Lee Shulman  
 Judah Kraushaar

DISTRICT NINE  
 Andre Balazs  
 There will be no voting in this district, as we have only one candidate. This candidate will be confirmed pending a meeting of the University Senate Credentials Committee.

DISTRICT TEN  
 Cindy Greenberger  
 Teddy Zee

VOTE ON TUESDAY, OCT. 7 FROM 10 a.m. to 10 p.m. AS FOLLOWS:  
 DISTRICTS 1,2,3,4,5 and 6: NOYES CENTER GAMEROOM  
 DISTRICT 7: MARY DONLON LOBBY  
 DISTRICT 8: CLARA DICKSON MAILROOM  
 DISTRICT 10: NORTH CAMPUS UNION

CLC meeting, 5:15 p.m., 494 Uris Hall, Thursday, October 2.

## Campus Life Committee Agenda:

1. Approval of Agenda
2. Approval of minutes
3. Announcements
4. Discussion of the

- Residence Halls Association
6. Discussion of F-40, Co-op Dining Responsibility Act.
7. Discussion of 5-35, The

- Campus Life Policy Control Act
8. Discussion of Reserve Withdrawal from the Dept. of Dining Reserve Account
9. Discussion of parking at the Boyce Thompson Institute

## Current Legislative Log

BILL NO. & DATE SUB.	ABSTRACT	SPONSOR	COMMITTEE REFERRED TO
F-49 9/22/75	Changes the Senate calendar year from its present schedule to a January to December format (companion bill: F-50).	H. Wolfe, C. Carponter, I. Kravetsky	Executive Comm., Nominations and Elections, Committee on Comm.
F-50 9/22/75	Amends the Bylaws to change the Senate calendar year (See F-49).	H. Wolfe, C. Carponter, I. Kravetsky	Executive Comm., Nominations and Elections, Committee on Comm.
F-51 9/22/75	Recommends the establishment of a Budget Policy Board for Cornell University.	H. Wolfe, I. Kravetsky	Planning Review Committee
F-52 9/23/75	Nominates individuals to Senate boards and committees.	Committee on Committees	Committee on Committees
F-53 9/26/75	Recommends alteration of present preregistration practices due to inefficiency of procedure.	Academics Comm.	Academics Comm.
F-54 9/26/75	Recommends the dismissal of Arthur Jaeger, Director of Dining Services.	Douglas Auer	Dining Subcommittee

## Durham Is Convocation Speaker

David E. Durham will speak on "Emptied Oceans and Leveled Walls" at the Sage Chapel Convocation at 11 a.m. Sunday, Oct. 5.

Durham is campus minister for the United Ministry at Cornell (UMC) a coalition of six Protestant denominations including Baptist, Disciples of Christ, Presbyterian, Reformed, United Church of Christ and

United Methodist. Every Sunday, UMC sponsors a "Celebration" at 9:30 a.m. in the One World Room of Anabel Taylor Hall. Durham defines celebration as an experimental worship experience for searching Christians, an alternative to the traditional style of worship service and a creative ex-

pression of human interrelationships.

Durham came to Cornell in 1972 as United Methodist Chaplain, having served previously as chaplain at North Central College in Naperville, Ill. He is a graduate of DePauw University, Yale Divinity School and Colgate Rochester Divinity School.

## Senate Vacancies Filled

The following non-contested Senate seats were filled and the Senators seated at Tuesday night's Senate meeting:

FACULTY:  
 Engineering, Tenured: Robert L. Wehe  
 Agriculture, Tenured: Shirley A. White  
 STUDENT:  
 Veterinary College: Brian W. Hunt  
 An Electoral College was

also convened by the Speaker on Tuesday night and the following candidates were chosen by the voting Senators. However, these candidates will not be seated until the Senate meeting of Oct. 28 in order to permit challenge from the particular constituency concerned:  
 STUDENT:  
 Engineering Undergraduate: James P. Kafadar, Willie M. Webb

## Postal Savings Start Oct. 11

An opportunity for sizable savings in domestic mailings will start as of Oct. 11, according to Robert Grant, the University's co-ordinator of U.S. mail.

From that date all first-class mail will receive the same service as airmail, he said. This will mean a savings of three

cents on the first ounce of letters mailed at the first-class rate of 10 cents instead of the 13 cents airmail rate.

All airmail stamps and envelopes may be exchanged at post offices, airmail postage should still be used on all international airmail, Grant said.

## Job Opportunities

Continued from Page 2

- Professor, Physical Biology (College of Veterinary Medicine)
- Asst/Assoc/Prof. of Large Animal Med Obstet & Surgery (College of Veterinary Medicine)
- Med Dir of Vet Teaching Hospital and Assoc/Professor (College of Veterinary Medicine)
- Asst/Assoc/Prof, Large Animal Med, Obstetrics & Surgery (College of Veterinary Medicine)
- Asst/Assoc/Prof, Large Animal Med, Obstetrics & Surgery (College of Veterinary Medicine)
- Research Associate II, CPO4 (STS Program (2 yrs))
- Research Associate (Lab of Plasma Studies (1 yr))
- Research Associate (Agronomy)
- Research Associate (Animal Science (1 yr))
- Research Associate (Vet Physical Biology)
- Research Associate in Waste Mgmt (Agronomy (temp/f/t))
- Research Associate (Plant Breeding (temp p/t))
- Research Associate I, CPO 3 (Law School)

These are all permanent full-time positions unless otherwise specified.

### PART-TIME AND TEMPORARY POSITIONS

(All Temporary and Part-time positions are also listed with Student Employment)

- Department Secretary, A-13 (CRSR (temp p/t))
- Department Secretary, A-13 (Economics (9 months))
- Administrative Secretary, A-15 (Chemistry (perm p/t))
- Steno II, NP-6 (Nutritional Sciences (temp f/t))
- Steno II, NP-6 (Entomology (temp f/t))
- Steno II, NP-6 (Education (temp f/t)) (sh)
- Steno II, NP-6 (Pomology (temp f/t))
- Bilingual Secretary (Spanish-English) (DMLL (temp p/t))
- Senior Typist, A-12 (Univ. Libraries-Admin. (perm p/t))
- Temp. Clerk (Neurobiology (temp f/t))
- Keypunch Operator, A-13 (Student Info Services (temp p/t))
- Programmer I, A-19 (MSA (temp f/t))
- Temp. Serv. Laborer (2) (Animal Science (temp p/t) Dryden)
- Temp. Technician (Neurobiology (temp p/t))
- Temp. Service Technician (Animal Science (temp p/t) Dryden)
- Research Technician IV (Biochemistry (temp f/t))
- Extension Aide (Div. of Nutritional Sci (temp f/t))
- Lab Technician II, NP-11 (Biochemistry (temp f/t))
- Lab Technician, NP-8 (Vet Virus (temp f/t))
- Temporary Service Technician (Poultry Science (temp p/t))
- Temporary Service Technician (Chemistry (temp p/t))
- Lab Assistant III, NP-5 (Poultry Science (temp p/t))
- Lab Technician II, NP-11 (Div. of Nutritional Sci. (temp f/t))
- Searcher I, A-13 (Univ. Libraries Acquisition (Dutch) (perm p/t))
- Physical Therapist (Univ. Health Serv. (perm. p/t))
- Varsity Light Weight Crew Coach (Athletics (temp p/t))
- Elec. Technician (Lab of Nuclear Studies (temp f/t))
- Research Specialist (Animal Science (temp p/t))
- Research Assistant (Cntr for Urban Development (temp p/t) (Columbus, Ohio))
- Library Assistant I, A-10 (University Libraries-Uris (perm. p/t))
- Lab. Tech. II, NP-11 (Division of Nutritional Sc. (temp. f/t))

# Cornell Athletics Roundup

With the football season at Cornell in full swing, the Cornell Safety Division has announced campus traffic patterns to facilitate parking and traffic for the year's home games, according to John McGinnis, Lieutenant.

Prior to home games, Garden Ave. will be restricted to one-way traffic north and Campus Rd. will be restricted one-way north from Dryden Rd. to Garden Ave.

After the game, Tower Rd. will be restricted to one-way

east from Garden Ave. to Route 366 and Judd Falls Rd. will be restricted to one-way south from Tower Rd. to Route 366.

Upper Alumni Field, traditionally used for spectator parking, will not be available this year, and spectators are encouraged to seek parking in the peripheral University parking lots, McGinnis said. No-parking zones and fire lanes, in particular, will be enforced by Safety Division in accordance with established policy, he said.

Cornell's lightweight football team will open its six-game season at 1:30 p.m. Friday at Penn.

"Our talent is as good or better than it's ever been," according to Head Coach Bob Cullen,

beginning his 18th season with Cornell's 150's.

Cornell fans will get a chance to see the club first-hand when it opens at home Friday, Oct. 10, against Army at 8:45 p.m.

Cullen expects to be able to field a team from his 70-man-s-

quad that will be experienced in just about every department, except perhaps the offensive line. But he's quick to point out that the offensive line "is shaping up very well."

A defensive unit predominantly made up of seniors

will be led by two of the tri-captains — linebacker Bob Kandiko (Latham, N.Y.) and safety Dan Brammell (Harveyville, Kan.). The other tri-captain is Ray Zagars (Bridgeport, Conn.) who plays either tailback or flanker.

Cornell's undefeated soccer team, victor over two defending NCAA Division II champ Adelphi, now ranked fifth in the nation and first in New York. Last Sunday Cornell beat NCAA Division III champ Brockport for the first time in three meetings. Brockport ranks seventh in the state.

Coach Dan Wood's team ranks third in New York in this week's poll, behind Adelphi and Hartwick. Both Cornell and Hartwick received two first place votes; Hartwick's total in the voting was 89.9 while Cornell was 87.8.

The Big Red won three pre-season games, including one over NCAA Division II champ Adelphi, now ranked fifth in the nation and first in New York. Last Sunday Cornell beat NCAA Division III champ Brockport for the first time in three meetings. Brockport ranks seventh in the state.

Nationally, Cornell moved up a spot to 13th. Clemson (4-0) is in first place. Other eastern teams ranked in the top 20 are: Quincy (second), Philadelphia Textile (fourth), Adelphi (fifth), Hartwick (seventh), Brown (10th), Penn State (12th), Connecticut (17th), Temple (19th) and Binghamton (20th).

## Energy Talks

Continued from Page 4

tions of an electrication strategy for continental energy development; Peter Auer, who will analyze the "Illusions and Realities in Energy Policy Development," and Lawrence Scheinman, director of Cornell's Peace Studies Program, who will discuss technology and politics as they relate to the North American energy problem.

Milton Esman, director of Cornell's Center for International Studies and currently on leave as a visiting scholar at Carleton, will serve as commentator for the final session of the conference.

"This conference will take place shortly after the meeting of the Organization of Petroleum Exporting Countries (OPEC) in Vienna," commented Scheinman. "Obviously, the discussion at the conference will be influenced by the outcome of the OPEC meeting."

Scheinman added that negotiations are being held regarding the publication of the conference papers and the proceedings. In addition, plans are being developed to establish a University-wide energy policy studies unit to further research on policy related to energy development, use and conservation.

Cornell's participation in the conference is being funded by a grant from the Rockefeller Foundation.

## Learning Web Sponsors Old Time Field Day

An Old-Fashioned Master-Apprentice Field Day and Roast will be held from 1 to 8 p.m. on Saturday, Oct. 4 (rain date Oct. 5), in Stewart Park. The event is being sponsored by the Learning Web to show gratitude to local craftsmen who have donated their time and skills teaching young student apprentices and to celebrate America's Bicentennial.

The field day is based on the same master-apprentice concept which underlies the Learning Web, a program designed to give young people an opportunity to explore the community and be exposed to various life and career options. Supported by the Center for Religion, Ethics and Social Policy, Anabel Taylor Hall, the Learning Web operates in cooperation with Ithaca High School to facilitate appropriate apprenticeships for high school

students who are interested in learning and practicing a craft or profession. Primarily set up for 14-18 year olds, it also assists Cornell students who wish to find "apprentice" learning experiences in the Ithaca community.

Exhibits at the Field Day will feature both historical and modern crafts, the master teaching the apprentice in the booth. Old-fashioned field games, a hoe-down and square dance are also planned. A bake sale, a pig and steer roast with all the trimmings, together with a vegetarian alternative will round out the affair. Tickets for the meal are available in Room 119B, Anabel Taylor and at Mayer's Smoke Shop: \$2.50 for the Roast; \$2 the vegetarian alternative. The public is cordially invited to attend and enjoy any or all of the events.

## Bulletin Board

### Christian Science Lecture Tonight

"Where in the World is God?" is a lecture on Christian Science to be given by Thomas McLean, a member of the Christian Science Board of Lectureship at 7:30 p.m. today in Kaufmann Auditorium. The lecture, free and open to the Cornell community, will be followed by a question and answer period. It is sponsored by the Cornell Christian Science Organization.

### Campus Life Open Meeting

The Senate Campus Life Committee is holding an open meeting today at 5:15 p.m. in 494 Uris Hall to discuss the effectiveness of the Campus Life departments, the freedom of choice in dining options and other topics. Everyone is welcome to come and contribute to the discussion.

### College Catalogs Needed

The Arts College Student Advising Center (Goldwin Smith 134) is starting an informal library of graduate school catalogs. Students who have graduate and undergraduate school catalogs which they no longer need are encouraged to donate them to the advising center.

### Open Meeting on Burger King

The Dining Subcommittee of the University Senate will sponsor an open hearing tonight at 7-9 p.m. in G-08 Uris Hall. The purpose of this hearing is to allow members of the Cornell Community to express their views on the proposal to open a Burger King fast food service in the Straight.

### Peterson at Stuart Observatory

Roger Tory Peterson, noted wildlife artist and originator of the popular field guide series to natural history, will greet visitors to Stuart Observatory, 159 Sapsucker Woods Road, on Sunday, Oct. 5, from approximately 10:30 a.m. to noon and 1:30 to 3 p.m.

Peterson, whose paintings are on display at the Stuart Observatory through Nov. 2, will be available to autograph books and limited edition prints and to chat with visitors about painting and natural history.

### Punt, Pass, Kick Contest Help

Youngsters entered in the local Punt, Pass and Kick Contest will have an opportunity to get some expert instruction when Cornell players participate in a clinic on Cornell's Lower Alumni Field at 7 p.m. today. Big Red quarterbacks and kickers will be on hand to show the youngsters how to throw a forward pass, punt and kick from placement.

### Statler Guest Parking Enforced

Five parking spaces in the Cornell University Statler Hall parking lot are now reserved as 15-minute luggage loading zones for Statler Hall guests, according to Samuel Rowe, appeals and program officer, Traffic Bureau. Enforcement of this restriction is effective immediately.

## Calendar

Continued from Page 8

ed to Cornell Community.

8:15 p.m. \*Music Dept. and Faculty Committee on Music present John Ogdon, pianist. Bailey Hall.

### Exhibits

Dept. of Entomology: "Tropical Butterflies." A selection from the recent gift of August Schmitt to the Cornell University Insect Collection. Main foyer Comstock Hall. Monday through Saturday 8 a.m.-5 p.m. Open until Oct. 10.

### Announcements:

WANTED BY THE LAW: A recruitment conference for minorities and women. Syracuse University of Law. For information write: Women's Law Caucus, Syracuse University College of Law, Ernest I. White Hall., Syracuse, N.Y. 13210. Day care and help with housing for Friday night will be provided. Grant Auditorium at 9:30 a.m. Sat., Oct. 4.

Intramural Cross Country: (Men, Women). Deadline on entries is Thursday, Oct. 2 at 4 p.m. in the Intramural Office,

Gruman Squash Courts Building. Meet will be run on Friday, Oct. 24 at 5:10 p.m. Patricia Kim will be in charge.

Deadline for application for *Graduate Management Aptitude Test* is Oct. 10. Career Center.

Deadline for application for the *Regents' Medical Fellowship Exam* is Oct. 10. Test date is Oct. 20. Career Center.

*Writing Workshop*: a free service designed especially to help you with your writing problems. Rockefeller 250. Monday 12-2, 7-9 p.m., Tuesday 10-12, 7-9 p.m., Wednesday 7-9 p.m., Thursday 2:30-4:30, 7-9 p.m. For further information, call 256-6349. During study week there will be additional hours available plus the regular semester hours.

*Marshall Scholarships* available. Marshall Scholarships were established in Britain in 1953 for young American citizens as a national gesture of thanks to the U.S. for Marshall Aid. Thirty college graduates, men and women under 26 are selected for two years work for further degrees at British universities. Emoluments include fares to and from Britain, a monthly living allowance, tuition fees and book and

travel allowances totaling approximately \$1750 per annum. Applications for scholarships commencing in October 1976 must be received at the appropriate regional centre not later than October 22, 1975. Campus representative: Professor Jack Blakely, 312 Bard; phone 256-5149.

\*Admission charged.

Attendance at all events is limited to the approved seating capacity of the hall in which they are presented.

\* \* \*

All items for the Cornell Chronicle Calendar must be submitted to the Office of Central Reservations, 32 Willard Straight Hall (either through the mail or by leaving them at the Straight desk), or call Carol Adams, 6-3513 at least 10 days prior to publication of the Chronicle. The Calendar is prepared for the Chronicle by the Office of Central Reservations.

# Calendar

## October 2-12

### Thursday, October 2

11 a.m. Career Center Workshop: "Resume and Letter Writing." Career Center. Sign up in advance.

11 a.m.-1:30 p.m. WSH Art Lending Library. Art Room.

11:15 a.m. Baker Lecture Series: "Bioorganic Stereochemistry." Baker 200. Professor Duilio Arigoni of Eidgenossische Technische Hochschule, Zurich, Switzerland.

12 noon. Dept. of Rural Sociology Film Series: "The Inheritance." (55 min.). Warren 32.

4 p.m. Prose and Poetry Reading. Temple of Zeus. Goldwin Smith.

4:30 p.m. Materials Science and Engineering Colloquium: "Mechanical Properties of Silicon Nitrides." F. Lange, Westinghouse Research Labs., Pittsburgh, Pa. Bard 140. Coffee at 4 p.m. in Bard Hall Lounge.

4:30 p.m. Microbiology Seminar: "Relationship of Solubility of Aromatic Hydrocarbons to their Degradation by Microorganisms." Richard Wodzinski, Dept. of Biology, Ithaca College. Stocking 204. Coffee at 4:15 p.m.

4:30 p.m. \*Law School Admission Test Preparation Session. (2nd of four) Ives 215. Sign up in advance.

6 p.m. The Cornell Christian Science Organization invites students, faculty and staff to a Readings and Testimony Meeting. Founders Room, Anabel Taylor.

6:30 p.m. Kundalini Yoga: The Yoga of Awareness. 308 Noyes Center.

7:30 p.m. American & World Community Series: Review with Professors Long, Lowi and Bernal. Anabel Taylor Auditorium.

7:30 p.m. Cornell Bridge Club weekly game. Straight North Room.

7:30 p.m. Israeli Folk Dancing. One World Room, Anabel Taylor.

8 p.m. "Thursdays" at the Straight. A gathering of music, people and food, presents "Durango." Memorial Room.

8:15 p.m. University Lecture: "The Art of the North American Indian." Frederick J. Dockstader. Goldwin Smith.

8:30 p.m. Film: "Looking For Organic America." Explores the energy and ecological implication of U.S. "Agribusiness." Part of a discussion on "Energy and Agriculture," starting at 7:30 p.m. in the Edwards Room, Anabel Taylor. Sponsored by the Alternative Energy Group.

9 p.m. Noyes Center Free Film Series: "On The Waterfront." Noyes Third Floor Lounge. Sponsored by the NCU Board.

9 p.m. Noyes Center Free Film Series: "The Chase." Noyes third floor lounge. Sponsored by the NCU Board.

### Friday, October 3

12:15 p.m. Women's Studies Friday Seminars: "Women in Islam and the Muslim Woman." Nimat H. Barazangi, assistant librarian, University Libraries. Bring a bag lunch; coffee is available. Child care furnished by IFC. ILR Conference Center 300.

1:15 p.m. SALAAT-AL-JUMA (Friday prayer for Muslims.). Edwards Room, Anabel Taylor.

2:30 p.m. Office of Computer Science Seminar: "Os/JCL and HASP." Uris G-08.

3:30 p.m. Agricultural Waste Management Seminar: "Hydrologic Models of Small Watersheds." John Neiber, graduate assistant and Mike Walter, assistant professor, Dept. of Agricultural Engineering. Riley-Robb 105. Refreshments at 3:15 p.m.

4 p.m. Lecture: British-born conceptual artist Jeremy Gilbert Roloff will discuss his work. Franklin 115.

4 p.m. Happy Hour with Guitar vocalist Steve Snider. Noyes Center Pub. Sponsored by Noyes Board.

4 p.m. Lecture: "Beowulf on the Poet." Jeffrey Opland, visiting professor, Pontifical Institute of Mediaeval Studies, Toronto. Goldwin Smith 160. Sponsored by Quodlibet: The Medieval Forum.

6 p.m. Traditional Shabbat Service. Founders Room, Anabel Taylor.

7 & 9:30 p.m. \*Cornell Cinema Film: "Apprenticeship of Duddy Kravitz," directed by Ted Kotcheff; starring Richard Dreyfuss, Micheline Lanctot, Randy Quaid. Ives 120. Attendance limited to Cornell Community.

7 & 10 p.m. \*Cornell Cinema Film: "Papillon," directed by Franklin J. Schaffner; starring Steve McQueen, Dustin Hoffman. Willard Straight Theatre. Attendance limited to Cornell Community.

7:15 p.m. Orthodox Shabbat Service. Young Israel House.

8 p.m. Pentangle II Free Films: "Fanny," directed by Marcel Pagnol, 1932, France. Uris Auditorium.

8 p.m. Shabbat Service. Hi Rise No. 1 Lounge.

8:15 p.m. \*Music Dept. and Faculty Committee on Music present the Tokyo String Quartet. Works of Haydn, Bartok and Beethoven. Statler Auditorium.

### Saturday, October 4

9:30 a.m. Orthodox Shabbat Service. Edwards Room, Anabel Taylor.

9:30 a.m. Traditional Shabbat Service. The Forum, Anabel Taylor.

2:30 p.m. Medieval Colloquium: "Contemporary Oral Poetry and Medieval Epic." Jeffrey Opland, visiting professor, Pontifical Institute of Mediaeval Studies, Toronto. International Lounge, Willard Straight. Sponsored by Quodlibet: The Medieval Forum.

7 & 10 p.m. \*Cornell Cinema Film: "Papillon." Willard Straight Theatre. See Oct. 3.

8:15 p.m. Music Dept. Concert. DMA Recital, Fred Thayer. Original works. Barnes Hall.

9 p.m. \*Ballroom (Disco) Dance. Waltz, Polka, Foxtrot, Jitterbug/rock and roll, some disco plus Latin dances and some couple folk dances. Elegant attire optional. Straight Memorial Room. Sponsored by the Cornell Folk Dancers.

### Sunday, October 5

9:30 a.m. New Life Community Celebration. One World Room, Anabel Taylor.

11 a.m. Sage Chapel Convocation.

7 p.m. Cornell Table Tennis Club. Round Robin Singles at Barton Hall. Newcomers welcome.

8 p.m. \*Cornell Cinema Film: "Death in Venice," directed by Luchino Visconti; starring Dirk Bogarde, Bjorn Andresen, Sylvia Mangano. Uris Auditorium. Attendance limited to Cornell Community.

8 p.m. International Folkdancing. Straight North Room.

### Monday, October 6
