Registration Procedures Centralized

A One-Stop Process, Everything in Barton

This year, as last, all registration procedures will be centralized in Barton Hall. That means students will be able to pick up materials, register and validate their I.D.s in one place at one time.

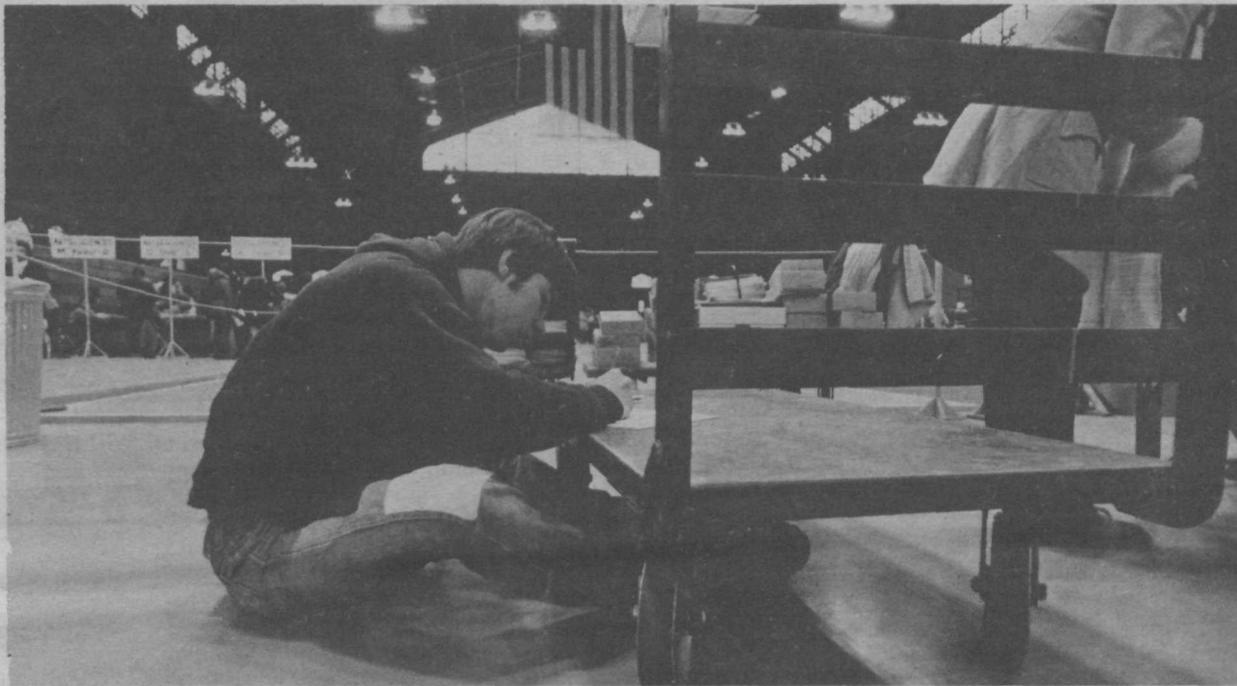

The new centralized registration system was started last year "in an effort to eliminate the hassle and run-around students have gone through in order to register in the past," according to Eleanor L. Rice, University registrar.

"The plan seemed to work well," Rice said. "We have made some minor changes, but basically it will remain the same."

A detailed diagram and schedule of registration procedures are shown on page 3 of this issue.

Listed below are some important points Rice wanted to stress:

— It is important that students register at their specified time (indicated on the postcards received by them in August). The University registrar has scheduled 1,000 students per hour to go through Barton Hall for the two-day period (Aug. 30, 31). Registration will be closed from 12 noon to 1 p.m. for lunch each day.

— The registration postcards received by the student will be checked at the door at Barton Hall. If postcards were lost or left home, students are to check with their college office.

— Every student, except new students housed on campus, will be required to fill out a local address correction form at registration.

— Students unable to register at

their scheduled time will be asked to return to Barton Hall on Monday, Sept. 3, and register with a \$10 late processing fee assessed.

— New students should have

their pictures taken at Barton Hall, Monday through Wednesday, Aug. 27-29, from 8:30 a.m. to 4 p.m. Students may enter Barton Hall from the East end (Teagle Hall side).

— Course exchange will be held at Barton Hall, Saturday, Sept. 1, from 8:15 a.m. to 12 noon. Agriculture and Life Sciences, Arts and Sciences and Industrial and Labor Relations are the only colleges participating.

— Law School registration will be from 8:30 a.m. to 12:30 p.m. Saturday, Sept. 1, in Myron Taylor Hall.

— Veterinary College registration will be from 8 a.m. to 12 noon, and from 1 to 5 p.m., Friday, Aug. 31, in Schurman Hall.

— Cornellcard and the Traffic department will be at the east end of Barton Hall during registration for the convenience of the students.

Rice also pointed out that a large percentage of problems that could prevent the student from registering will be able to be solved at Barton Hall at the time the student is to register.

Relieving Some of the Apprehension

Orientation Seeks to Answer Students' Questions

Going off to college stimulates many different feelings for both students and their parents. For all it is an emotional time. There is excitement and sadness, anxiety and bewilderment. To relieve some of the apprehension, to expose freshmen and their parents to Cornell — and to answer their questions —

the Office of the Dean of Students has scheduled a week of orientation programs.

During the week of Aug. 26, freshmen and their parents will have the opportunity to meet and mingle with members of the Cornell family — faculty, students and staff — in a variety of lectures, informational meetings

and social activities.

Family orientation workshops have been scheduled throughout the week to help parents and new students adjust to their imminent separation. Conversations with other new Cornell families to explore feelings and concerns about the University experience and how it affects each family member will be the emphasis of these workshops.

Cornell President Frank Rhodes will address the President's Convocation at 10:30 a.m. Monday, Aug. 27, in Barton Hall. Parents and students will have an opportunity to meet him and other members of the administration at the reception immediately after his speech.

At 3 p.m. that day there will be a panel discussion in 202 Uris Hall on racial and cultural diversity and its role in educational experiences at Cornell. Panelists will include University administrators, faculty and students.

"Handicaps: Yours and Mine," will be presented at 11 a.m. Tuesday, Aug. 28, in 202 Uris Hall. The purpose of the workshop is to address questions and to explore feelings and concerns

about interacting with handicapped persons. Panelists will include Sandy Stein, assistant dean of students, and Lloyd Tredwell, coordinator of services for the disabled, Tompkins-Cortland Community College. Theodore J. Lowi, the John L. Senior Professor of American Institutions, will lecture on "Thoughts on the Future of American Politics," at 7:30 p.m. Wednesday, Aug. 29, in Bailey Hall.

Rose Goldsen, professor of soci-

ology, will lecture on "Rose Goldsen: Her Life and Times," at 4 p.m. Thursday, Aug. 30, 202 Uris Hall.

On the lighter side of orientation will be Cornell Night scheduled for 9 p.m. Tuesday, Aug. 28, in Bailey Hall and the traditional "Fun in the Sun Carnival," beginning at 1 p.m. Saturday, Sept. 1 on the Arts Quad. Many campus organizations will have booths set up and there will be a craft fair, bands, food and beverages.

New Chronicle Format

Change Designed to Save

The Chronicle is experimenting with a new format, beginning with this issue.

Typographically, its design is intended to make the publication more readable. Organizationally, it is structured to group related events together and in an abbreviated form, to save space — and money.

Financial considerations also have prompted a move to a smaller size newsprint roll, which results in a page that is about three inches shorter from top to bottom than it was before. Modifications in the format are expected to be made as the fall term progresses.

— The Editor

Orientation for Graduate Students

Community Shares Spotlight with Campus

Getting to know Ithaca as well as the Cornell community, will be the focus of the 1979-80 graduate student orientation, according to Marta Erhard, residence coordinator and adviser to Grads for Grads. A wide range of activities are planned to appeal to the diverse groups making up the graduate student body, including single and married students, on- and off-campus students and foreign students.

While the graduate student body is a diverse group, married students — especially if they have children — share a lot in common, Erhard said. An orientation on job hunting for spouses will be held from 7:30 to 10:30 p.m. Monday, Aug. 27, in the Brown Center, Hasbrouck Apartments. There will also be an orientation to child care services from 7:30 to 9:30 p.m. Tuesday, Aug. 28, in

the Brown Center, which will be a central meeting place during the school year for married students.

A full calendar of events scheduled for orientation week is available at Sage Hall. Persons with questions concerning the program can call Girish Reddy, graduate program assistant, 256-5356.

Some of the highlights to which all grads are invited include an orientation to shops and local areas to be held from 10 a.m. to 12 noon Tuesday, Aug. 28; a resource information session to be held from 7 to 8 p.m. Thursday, Aug. 30, in Sage Hall lounge; park tours from 9:45 a.m. to 1 p.m., and a picnic at lower Treman Park starting at 8:45 p.m., both scheduled for Sept. 1.

The President's Convocation, a regular Orientation event, will be addressed by President Frank Rhodes Monday at 10:30 a.m.

Pre-Loan Interviews Required

Student Loan Program Stipulation

Students who are borrowing monies for the first time under the National Direct Student Loan

or Federally Insured Student Loan Program are required to attend a pre-loan interview with

a financial aid counselor.

Sessions have been set up during Orientation Week and also during the first two weeks of classes in September. Previous NDSL or FISL borrowers should attend any of the interviews if they have questions concerning their loan.

The purpose of the entrance interview is to be certain that the borrower understands all the provisions of the loan. No funds will be disbursed to the accounts of first-time borrowers until they have attended one of the in-

terviews. To avoid delay in the disbursement of loans, students should make every attempt to attend one of the sessions during Orientation Week. The interviews will be held directly following the orientation meetings.

Schedules, times and locations are as follows:

Orientation Week
 Sunday, Aug. 26, 2:00, Uris Auditorium.
 Monday, Aug. 27, 1:30, Uris Auditorium.

All interviews scheduled below will be in the Board Room on the third floor of Day Hall. Please sign up in the Financial Aid Office prior to attending the interview for the appropriate date and time.

Wednesday, Sept. 5, 10:30 and 3:30.
 Thursday, Sept. 6, 10:30 and 3:30.
 Friday, Sept. 7, 3:30.
 Monday, Sept. 10, 10:30 and 3:30.
 Thursday, Sept. 13, 10:30 and 3:30.
 Friday, Sept. 14, 10:30 and 3:30.

Summer Dean Named

MacDougall Selected

Robert D. MacDougall, associate professor of architecture in the College of Architecture, Art and Planning, has been elected dean of the Division of Summer Session and Extramural Courses for a three-year term.

The announcement was made by Provost W. Keith Kennedy as a result of action taken by the Executive Committee of the Board of Trustees.

MacDougall, who has been acting director of South Asia Program, is replacing Martin W.

Sampson, dean since 1970. Sampson is retiring as dean but will be continuing at the University performing special assignments.

The University plans to consolidate a number of programs under the Division of Summer Session and Extramural Courses, Kennedy said. These activities will include Summer School, Extramural Courses, Alumni University, Continuing Education, the Division of Unclassified Students, the Conference Office and special institutes.

Orientation Changes, Cancellations

Toga Party, Sundaes Are Victims

The following is a list of changes in the Orientation Program:

August 26, 10 a.m. Meeting with Transfer OC's should be 10 p.m.

August 26, 2 p.m. Transfer Workshop, meeting changed from Memorial Room to North Room, Willard Straight Hall.

August 27, 7:30 a.m. Continental Breakfast, second floor dining room, Noyes Center will begin at 8 a.m.

August 27, 9:30 a.m. Legacy Reception will be held in the Main Lounge, Statler Inn instead of the Ballroom.

August 28, 12 noon-2 p.m. One World Room, Anabel Taylor Hall, luncheon for Protestant students and their parents.

August 28, 10 p.m. Ice Cream

Spree instead of ice cream sundae cordials, first floor lounge, North Campus Union. Rajan Saigusa (Program Board) and Paul Ney (Union Board) will discuss what the boards do.

August 28, 11 p.m. Ice Cream Spree, changed to 10 p.m.

August 29, 1-3 p.m. Room 1 Carpenter Hall, Cornell Engineer magazine open house. All freshmen invited, refreshments served.

August 29, 9 p.m. Square Dance in Noyes Center changed to Thursday, Aug. 30, 9 p.m.

August 30, 7:30 p.m. G-08 Uris Hall, Cornell TM Club discussion and exhibition.

August 30, 9 p.m. Bonfire in Noyes Center changed to

Wednesday, Aug. 29, 9 p.m.

August 31, 3 p.m. Society of Women Engineers picnic at Treman State Park. Buses leave Carpenter at 3 p.m.

September 1, 1:30 a.m. Ice Cream Parlor with Disco Music changed to 12:30 a.m., Noyes Dining.

★ ★ ★

The following is a list of cancellations in the Orientation Program:

August 27, 4 p.m. NCU Sports Spectacular.

August 27, 8 p.m. NCU Sundae Spectacular.

September 1, 4 a.m. Toga party.

September 2, 2 p.m. Panel discussion on courses.

Some Accommodations Temporary

About 150 Expected to Be Relocated Soon

The 112th immigration of freshmen to Cornell will start when the dorms open at 9 a.m. Sunday, Aug. 26.

In 1868, most members of the first class came with one suitcase. Today, most arrive with a U-Haul packed with everything except the dust from their rooms.

Cornell, too, has changed significantly since students were first admitted. One change some members of the Class of '83 will notice immediately is housing. The Department of Residence Life plans to house approximately 150 students, mostly freshmen, in temporary accommodations before permanent on-campus housing is found for them, according to William P. Paleen, director of residence life and associate dean of students.

"Since permanent housing assignments for freshmen are made as applications are received over the summer, some applicants who filed late could not be placed immediately," Paleen said.

"The number of students temporarily placed does not reflect the housing shortage at Cornell — it's the number of students we feel confident we can assign to regular spaces within University residences early in the semester," he said.

Attrition Constant

Since the fall opening attrition rate has been fairly constant over the past several years, the University can estimate that each year there will be about 150 spaces vacated by returning upperclass students or freshmen who decide to drop out of school or who request contract releases to live in private housing.

While the average stay in temporary housing is about a week, Paleen said, some housing assignments take longer because students do not always take the first room offered to them.

"Many students prefer to stay in the same area where they have

been temporarily assigned, since they've made friends and feel comfortable there," he said.

For this reason, the majority of temporary housing is set up in the West Campus dorms, because this area has the highest attrition rate and there is greater chance of assigning students to permanent rooms there.

The University's temporary housing accommodations have confused students annually. Part of the problem, said Paleen, is that the temporary housing situation has been incorrectly interpreted by some as reflective of the overall housing shortage at Cornell.

"There is a student housing shortage; the demand for space by students exceeds what we have available, but those people who cannot be accommodated have already been notified a month before arriving that they will not have space on campus," Paleen explained.

All freshmen, no matter how late their housing application was filed, are eventually offered permanent room.

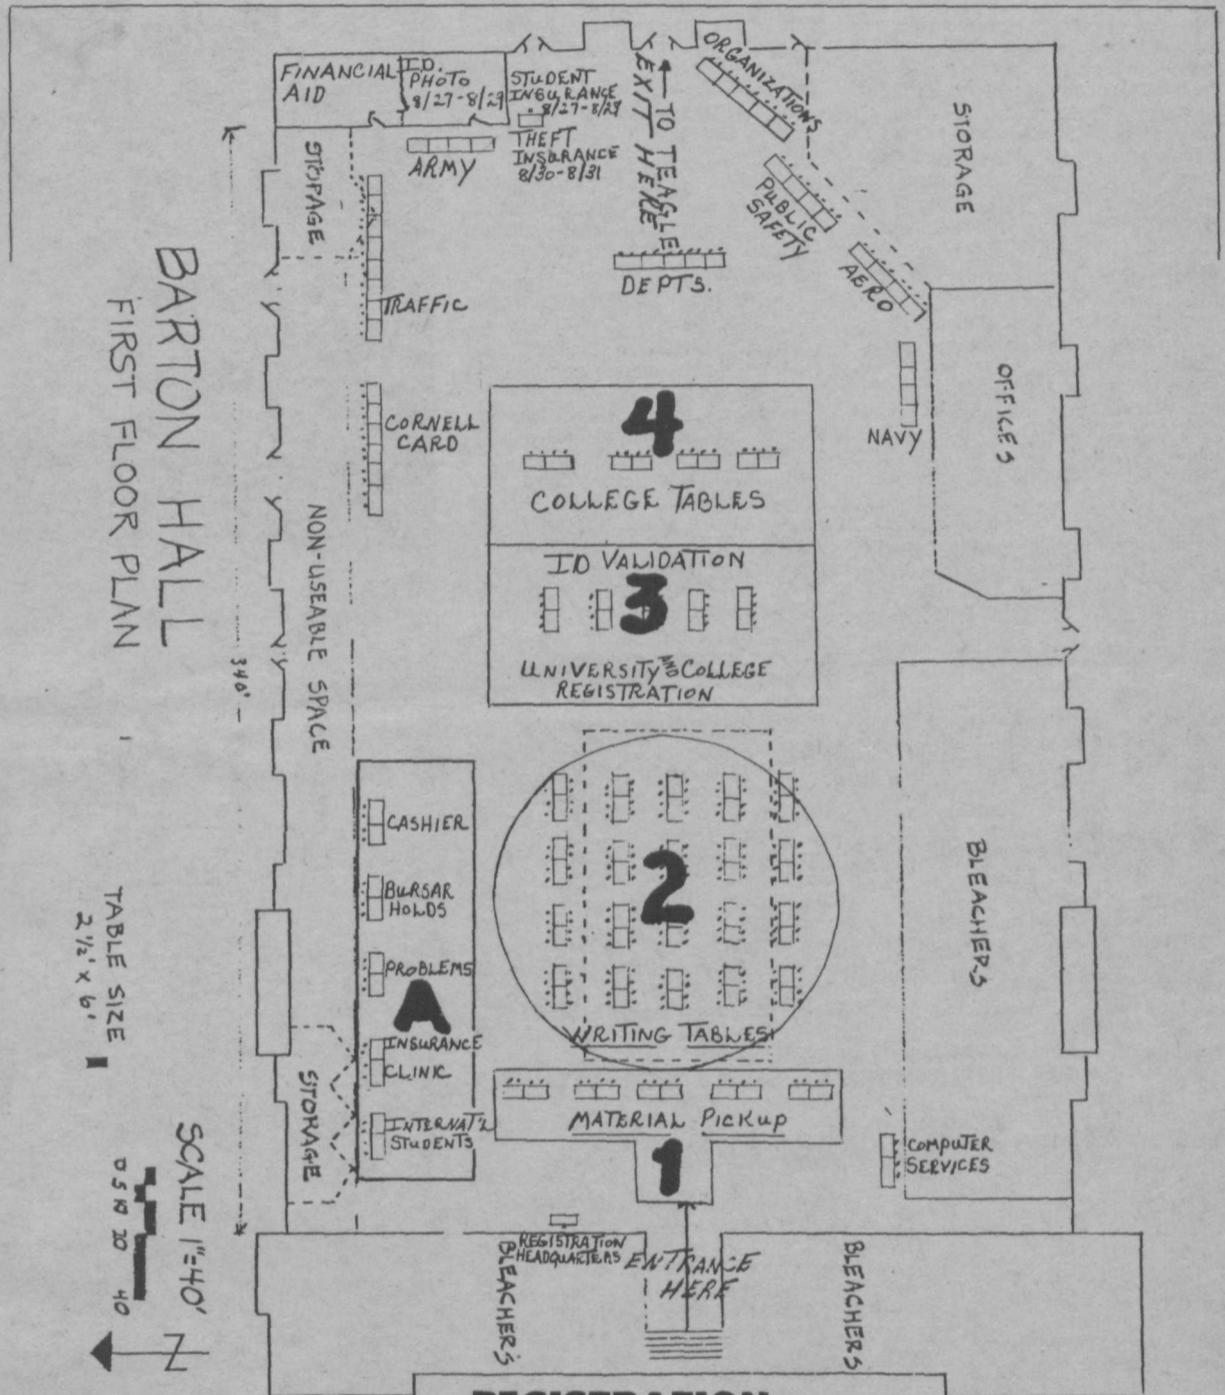

Arrangements in temporary housing have six students placed in one study lounge. Dressers, desks and a phone are also provided.

Some Confusion

Another source of confusion, Paleen believes, is a lack of understanding of what "transient housing" is and how it differs from temporary housing.

Starting the week of Aug. 20, transient housing is available in Clara Dickson Hall for upperclass students who cannot be accommodated on campus and who are looking for housing in the community.

"Transient housing is just an expedient to provide these students time to get in permanent housing off campus. There is no commitment on the University's part to place these students in University dorms," Paleen explained.

1. Begin Here. Pick up your registration material here. Do not detach any forms.
 2. Use the writing tables to fill out all necessary forms. Registration workers will help you.
 3. Hand in all forms as directed at University and College Registration Tables, as your forms are checked and collected. You will be given a validated receipt.
 4. Go to your college table and present your validated receipt. Your college will have other materials for you.
- A. Registration Holds: "Holds" May be resolved at these tables.

Students will register in Barton Hall at a time designated to their college. Students will pick up their registration material, be able to take care of minor problems, register with the University and validate their ID's and talk to their college personnel and receive information from them in one place.

New, Continuing and Rejoining

students will register as follows:
Thursday, Aug. 30, 8-12 noon — Arts and Sciences, Engineering, Human Ecology, Industrial and Labor Relations.

Thursday, Aug. 30, 1-5 p.m. — Arts and Sciences, Engineering, Human Ecology, and Architecture.

Friday, Aug. 31, 8-12 noon — Agriculture and Life Sciences,

Graduate, and Hotel.

Friday, Aug. 31, 1-5 p.m. — Agriculture and Life Sciences, Graduate, Business and Public Administration, and Unclassified.

All new students must have their I.D. pictures taken. Pictures will be taken in Barton Hall, Monday through Wednesday, Aug. 27-29, 8:30 a.m. to 4 p.m.

Critical Maintenance

Final Phase Authorized

The fourth and final phase of the Critical Maintenance Program for the endowed Ithaca campus, estimated to cost not more than \$885,000, will begin this year. It will be financed through savings accrued during the first three phases of the \$7-million program. Phase IV will be used for structural projects including repairs to the masonry of Kimball-Thurston Hall, Uris Library, Willard Straight and Anabel Taylor; the masonry and windows of McGraw Hall; repairs to the

windows of Sibley Hall; repairs to Schoellkopf Crescent and demolition of the Hydraulic Lab in Fall Creek. Also included in Phase IV are improvements in the Liddell Lab sanitary system, the Myron Taylor electric system and fan access in the North Campus dormitories.

Repairs to Sage College heating and plumbing systems, Baker Dormitory hot water system, Cascadilla heating and plumbing and Balch controls and traps are now being undertaken.

Weekly Calendar

The items in this calendar, which covers the period from now to Sept. 6, when the next issue of Chronicle will be published, do not include activities connected with Orientation. A separate calendar for those events has been distributed to all new students. Changes made since that calendar was published may be found on Page 2 of this issue.

Films

August 25, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "A Place in the Sun."

August 26, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "The Magical Mystery Tour."

August 27, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "The Birds."

August 28, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "The Freshman."

August 29, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents Stagecoach."

August 30, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "Fahrenheit 451."

August 31, 7 & 9:30 p.m. *Statler Auditorium. Cornell Cinema presents "Jaws."

August 31, 7 & 9:30 p.m. *Uris Hall Auditorium. Cornell Cinema presents "Who'll Stop the Rain."

August 31, midnight. *Uris Hall Auditorium. Cornell Cinema presents "My Little Chickadee."

September 1, 7 & 9:30 p.m. *Statler Auditorium. Cornell Cinema presents "Jaws."

September 1, 7 & 9:30 p.m. *Uris Hall Auditorium. Cornell Cinema presents "Who'll Stop the Rain."

September 1, midnight. *Uris Hall Auditorium. Cornell Cinema presents "My Little Chickadee."

September 2, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "Dr. Strangelove."

September 3, 9 p.m. *Uris Hall Auditorium. Cornell Cinema presents "The Front." Film Club members.

September 4, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "Before the Revolution."

September 5, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "They Were Expendable."

September 6, 8 p.m. *Uris Hall Auditorium. Cornell Cinema presents "All The President's Men."

September 7, 7:30 p.m. *Uris Hall Auditorium. Pentangle II Free Film Series presents "Transport From Paradise."

September 7, 8 p.m. *Statler Auditorium. Cornell Cinema presents "1900."

September 7, 9:45 p.m. *Uris Hall Auditorium. Cornell Cinema presents "The Buddy Holly Story."

September 7, midnight. *Uris Hall Auditorium. Cornell Cinema presents "Between Time and Timbuktu."

Religion

W. Jack Lewis, director of Cornell United Religious Work, will speak at the Sage Chapel Convocation at 11 a.m. Sunday, Sept. 2. His topic will be "Family Pressure: Wise and Otherwise."

Lewis' talk is the first in a series of five convocations scheduled during September which share the common theme, "The Family of Origin." The convocations will touch on the developmental stages one might ex-

perience in emerging from childhood through adolescence to adulthood. Music will be provided by the Sage Chapel Choir under the direction of Donald R.M. Paterson, University organist and Sage Chapel choirmaster.

Monday through Friday, 12:15 p.m. Anabel Taylor G-19. Catholic Mass. August 26, 9:30 & 11 a.m. Anabel Taylor Auditorium. Catholic Mass.

August 29, 7:30 p.m. Anabel Taylor Founders Room. Charismatic Prayer Group meeting.

September 1, 9:15 a.m. Anabel Taylor Edwards Room. Shabbat Services (Orthodox).

September 1, 10 a.m. Anabel Taylor Founders Room. Shabbat Services (Conservative).

September 1, 4:30 p.m. Anabel Taylor G-24. Catholic Confessions.

September 1, 5:15 p.m. Anabel Taylor Auditorium. Catholic Mass.

September 2, 9:30 & 11 a.m. Anabel Taylor Auditorium. Catholic Mass.

September 2, 9:30 & 11 a.m. Anabel Taylor Auditorium. Catholic Mass. Church school and nursery care provided. Coffee hour afterward in the

One World Room. September 2, 9:30 a.m. Anabel Taylor Chapel. Episcopal Eucharist Worship Service. Coffee hour afterward in the Founders Room.

September 2, 10 a.m. Anabel Taylor Forum. Ithaca Society of Friends (Quakers). Adult discussion followed by meeting for worship at 11 a.m.

Student reception and brunch afterward.

September 2, 11 a.m. Sage Chapel Convocation. W. Jack Lewis, Director, Cornell United Religious Work.

"Family Pressure: Wise and Otherwise."

September 2, 11:15 a.m. Anabel Taylor Chapel. Protestant Church at Cornell. Coffee and conversation after.

September 2, 5 p.m. Anabel Taylor Auditorium. Catholic Mass.

Music

September 1, 8:15 p.m. Barnes Hall. Department of Music presents Faculty Concert, John Hsu, celloist.

September 2, 4 p.m. Barnes Hall. Department of Music presents Faculty Concert, John Hsu, celloist.

Seminars

September 4, 4:30 p.m. 204 Stocking Hall. "Aquaculture and Fish as a Food Source." Gary Rumsey, Tunison Laboratories, sponsored by the Institute of Food Science.

Sports

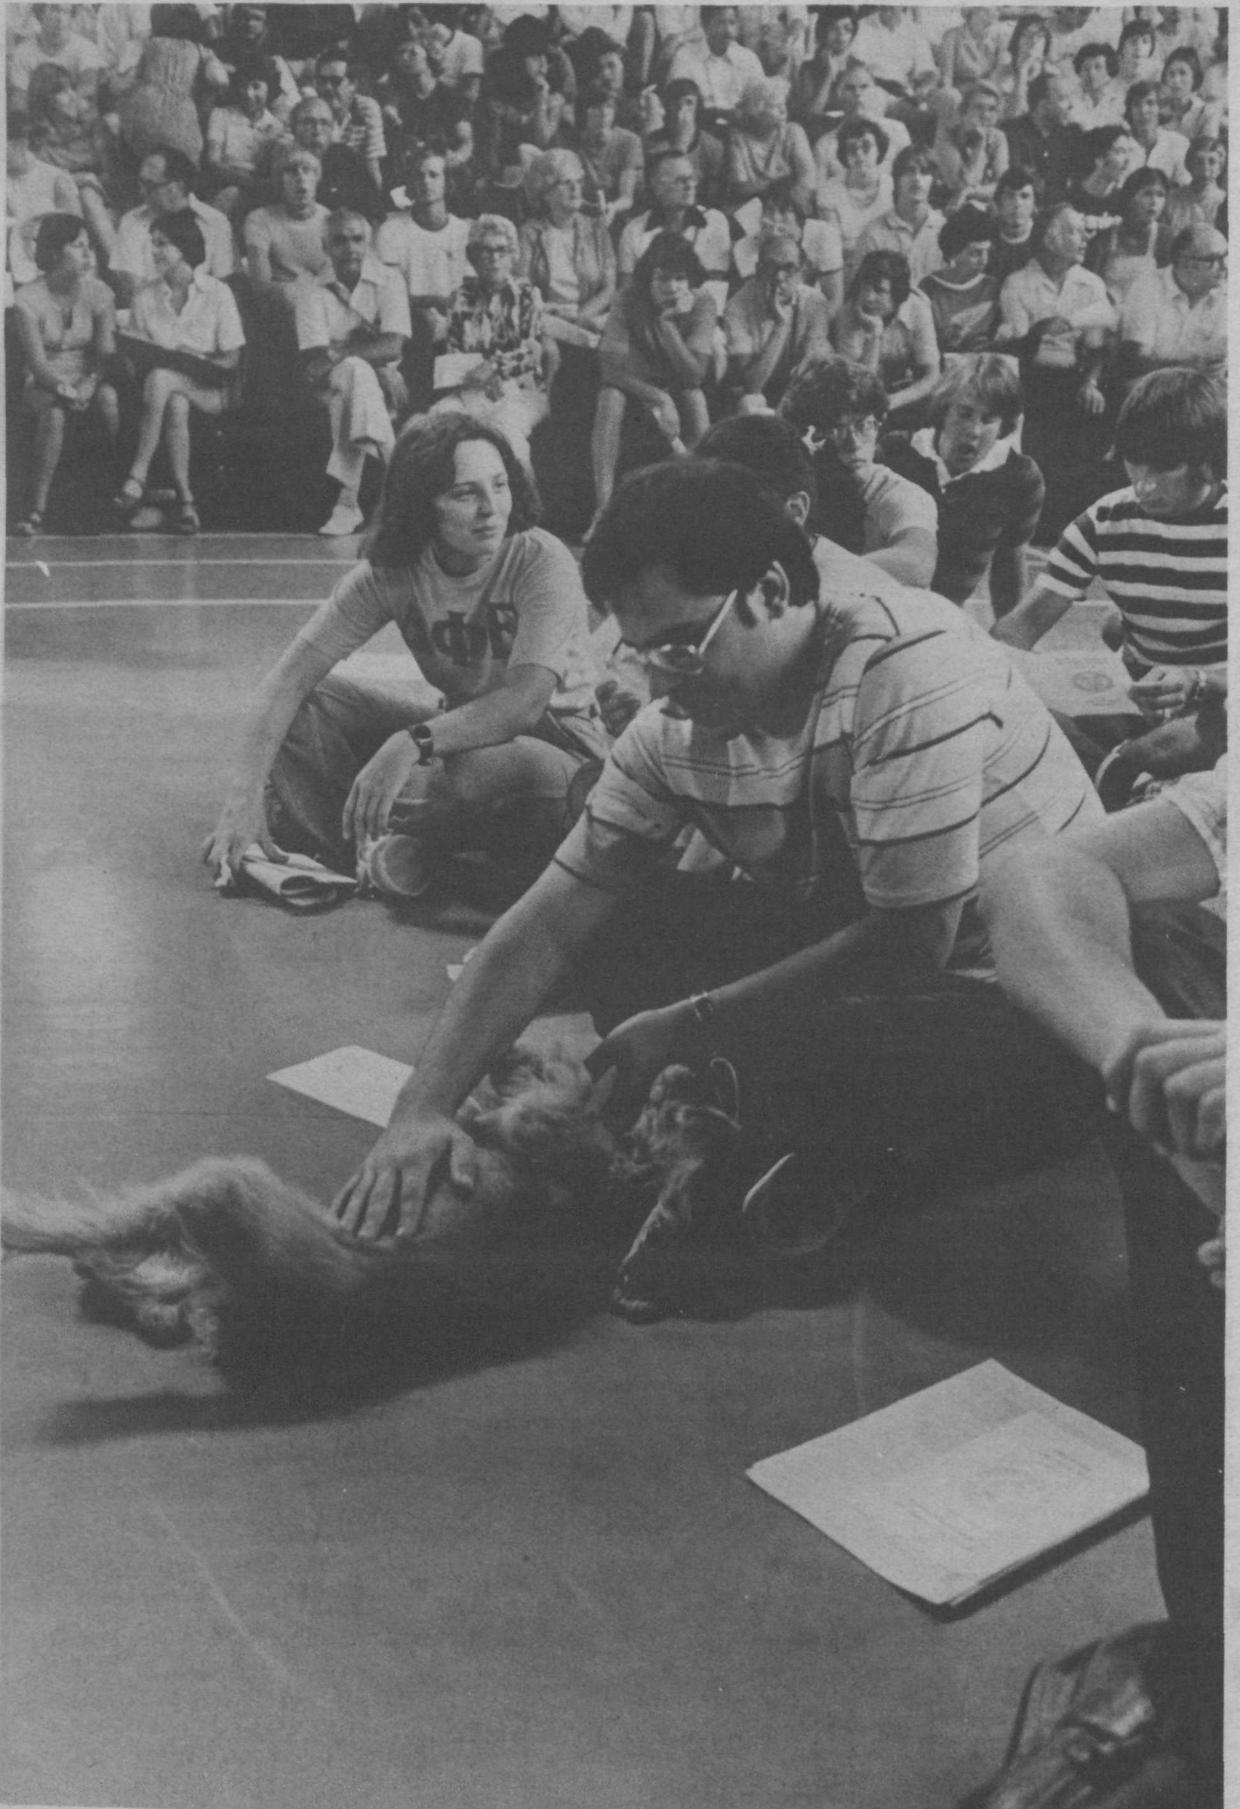

September 6, 4 p.m. Grumman Squash Courts Building. Intramural Touch Football (Men). Deadline on entries. Minimum of 12 to enter.

Specify your preferred day of play (1st, 2nd, 3rd choice. Monday through Friday).

September 6, 4 p.m. Grumman Squash Courts Building. Intramural Soccer (Women). Deadline on entries. Minimum of 12 to enter (8 on a team). Specify your preferred day of play (1st, 2nd, 3rd choice. Tuesday, Wednesday, Thursday). Monday, if needed.

Social Events

September 2, 8:30-11:30 p.m. *Straight Memorial Room. Cornell Outing Club and Country Dance Society present Square Dance with music

by the Freehollow String Band with Roger Knox calling.

Announcements

August 27 through August 29, 10 a.m.-5 p.m. Straight Memorial Room. Plant Sale. Plants of all sizes, direct from Florida. Prices range from .59¢ to \$15.00

All items for the Chronicle Calendar must be submitted by mail or in person to Fran Apgar, Office of Central Reservations, 32 Willard Straight Hall, at least 10 (ten) days prior to publication of the Chronicle.

Future of Higher Education

Professor, Dean Write Article

A University professor and a former dean have written the major article on the future of higher education in America in the June issue of the magazine *American Demographics*.

"Hard Times Ahead" is the title of the piece by Ian R. Stewart, professor of city and regional planning, and Donald G. Dickason, dean of admissions and financial aid at Cornell until May, when he took a similar position at Pennsylvania State University.

Their article in a special "Out of School" issue of *American Demographics* is one of five on some of this country's education problems.

Noting that "data from the Census Bureau indicate that the number of 18 year olds in the United States will drop about 25 percent between 1980 and 1992," Stewart and Dickason go on to describe some of the problems and possible solutions as colleges face a declining applicant pool.

In answering their question "Which colleges are going to close their doors during the next decade?" they offer six "characteristics (that) indicate vulnerability:

- "Colleges recently established which have yet to solve all the problems of development and are unlikely to have a clearly established identity;
- "Colleges of modest reputation or with limited, locally based drawing power, unable to be selective in their admissions;
- "Exclusively liberal arts institutions of lesser rank;
- "Some community colleges

built in the 1960s to accommodate projected populations that will not materialize and

which now face severe competition in the part-time student market;

- "Colleges highly dependent on tuition as their main source of revenue, with limited endow-

ment funds on which to fall back: - "Institutions with a high debt-to-revenue ratio."

Bulletin Board

Extramural

September 3-6, 8:30 a.m.-4 p.m. Day Hall 105. Extramural Registration. September 7, 8:30 a.m.-4 p.m. Day Hall 105. Extramural Registration. Last day to register without payment of \$10 late fee. No new registrations accepted after September 21st.

English Class

The Cornell Campus Club International Hospitality Committee is sponsoring classes for anyone in the area who would like to learn English. Registration for the fall term will be held from 7:30 to 9 p.m. Wednesday, Sept. 5, in the Founders Room, Anabel Taylor Hall. The fee is \$3. Schedules are available at the International Student Office in Barnes Hall. Teachers in the program are volunteers from the Cornell and Ithaca communities and new teachers are always welcome. For further information, call Judith

Ashcroft, 257-6671, or Bertha Gunn, 257-6215.

One Address

In order to maintain service without increasing the rates charged to students or user departments, economy measures are being taken by the Office of the Bursar. Students who in the past opted to have their Bursar bills mailed to one address and the Cornellcard bills to a different address will no longer have that option. Statements will be mailed to the Bursar billing address currently on file. Address corrections or changes should be filed in the Bursar's office.

Refund Checks

Students with a credit balance on their Bursar accounts who are entitled to a refund, may arrange for a refund check at the Bursar's Office (260 Day Hall), from 8 a.m. to 4:30 p.m. Monday through Friday. The cutoff for requesting a refund

check is the close of business (4:30 p.m.) on Thursdays. Checks normally are available after 12 noon the following Wednesday in Room 130 Day Hall.

CRF Adds 2

Two new members have been added to the board of directors of the Cornell Research Foundation Inc. and five others reappointed for three-year terms by Cornell Treasurer Robert Horn. CRF is a totally owned subsidiary of Cornell, its purpose to effect the transfer of University technology to industry for public benefit through patents and licenses. New members are Benson P. Lee, alumnus and president and owner of Data Logics, Cleveland, and David M. Ahlers, professor of management, succeeding Robert C. Baker, food science, and William Wimsatt, zoology. Continuing are Donald W. Barton, Joseph E. Bates, Jack W. Lowe, Paul R. McIsaac and Roland E. Schneckloth.

Panacea Table

All varieties of problems attended to, in brief:

- ★ Transfers
- ★ Special Students
- ★ *Non-preregistered continuing student.*
- ★ Readmits
- ★ Confusion

Brief Reports

Pre-Vet Workshop

A pre-vet advisers workshop for all interested faculty will be held from 10 a.m. to noon Tuesday, Aug. 28, in D-105 Schurman Hall, College of Veterinary Medicine. Robert B. Brown, director of student administration and admissions at the college, will discuss lessons learned from those applying for the class of 1983 and policies and procedures for consideration of the class of 1984. He also will lead an open discussion of admissions matters.

Jane Crawford, health careers coordinator, will discuss pre-vet advising at Cornell and the role of the Health Careers Program Office and will lead an open discussion of advising matters. Dr. Fred Scott, chairman of the faculty admissions committee at the College of Veterinary Medi-

cine, also will be on hand to answer questions.

Summary Journal

The Executive Committee of the University Board of Trustees met in New York City Tuesday, July 17, 1979. The following is a summary of actions taken at the meeting on nonconfidential matters, other than actions reported in separate articles.

Minutes of the Executive Committee held May 27, 1979 were approved.

The Executive Committee heard a report of a grant of \$2,850,000 from the National Science Foundation for continued support of the Materials Science Center operations and research for a one-year period ending June 30, 1980.

The committee heard a report of an increase of Cornell's liability

insurance from \$30 million to \$45 million.

A report was received in accordance with the Not-for-Profit Corporation Law from the University Counsel on errors and omissions on insurance coverage for trustees, officers and employees and a report concerning indemnification provided for such individuals during 1978-79.

Food Laboratory

The Executive Committee of the Board of Trustees has approved in principle the construction of a food processing and development laboratory for the New York State College of Agriculture and Life Sciences, contingent upon obtaining funds for the project from New York State.

The new laboratory of approximately 33,000 gross square feet would be designed for processing operations typical of the dairy

and food industry. It would be used in teaching, research and development, extension and public service programs. A construction site and design have not yet been selected.

The existing laboratory in Stocking Hall was constructed in 1923, and much of the equipment currently in use was installed in the 1920s. The dilapidated physical plant contradicts the principles of sanitation and modern processing that are being taught.

Poultry Barn

The Executive Committee of the Board of Trustees has authorized the administration to construct a poultry barn at the poultry farm on Game Farm Road to replace the barn destroyed by fire in March.

Executive Committee approval of the project is contingent upon the release of funds by the State

of New York. The funds for the project were approved by the State Legislature as part of the 1979-80 supplemental budget for the College of Agriculture and Life Sciences.

Press Storage

The University will enter into a 15-year lease with V. Giordano Construction and Supply Corp. for a warehouse facility on Cascadilla Street to be used by University Press.

The University Press has outgrown its current warehouse and now must store some 40 percent of its stock at high cost printers' warehouses.

The cost of renting the new warehouse, budgeted to cost about \$75,000 a year, will be met through the savings in publishers' warehouse fees, rental of the University Press's current warehouse and current sales revenues.

Mon. 8/27 - Wed. 8/29: 7:45 a.m. - 5 p.m.
Thurs. 8/30 - Fri. 8/31: Barton Hall
(8 a.m. - noon - 1 p.m. - 5 p.m.)
Thurs. 8/30 - Sun. 9/2: 115 Wait Ave.
Closed
Mon. 9/3 - 7:45 a.m. - 5 p.m. at Wait Ave.

Treasurer (Cashier's Office), 260 Day
(256-3310)
Sat., 8/25 - Sun. 8/26: Closed
Sat., 9/1 - Sun., 9/2: Closed
Mon., 9/3: 8 a.m. - 4:30 p.m.

All school, college and division offices will be closed on Sat. 8/25 and Sun. 8/26 and on Sat. 9/1 and Sun. 9/2. The following offices will be open on 9/3 from 8 a.m. - 5 p.m.: Agriculture and Life Sciences; Architecture, Art and Planning; Arts and Sciences, Biological Sciences; Business and Public Administration; Hotel Administration; Industrial and Labor Relations; and the Veterinary School.

Other office hours are:

Engineering: 8 a.m. - 4:30 p.m.
Graduate School: 8:15 a.m. - 4:15 p.m.
Human Ecology: 8 a.m. - 5:00 p.m.
Unclassified Students: Call office for specific times

Temporary Switchboard Hours, 256-3305
Sat., 8/25: Closed
Sun., 8/26: 9 a.m. - 9 p.m.
Mon., 8/27 - Sat., 9/1: 8 a.m. - 9 p.m.
Sat., 9/1: Closed
Sun., 9/2: Closed
Mon., 9/3: 8 a.m. - 7:30 p.m.

Bursar, 260 Day Hall, 256-2336
Sat., 8/25: Closed
Sun., 8/26: 10 a.m. - 3 p.m.
Sat., 9/1 - Sun., 9/2: Closed
Mon., 9/3: 8 a.m. - 4:30 p.m.

COSEP, 100 Barnes Hall, 256-3841
Sat., 8/25: 1 p.m. - 9 p.m.
Sun., 8/26: 8 a.m. - 6 p.m.
Sat., 9/1 - Sun., 9/2: Closed
Mon., 9/3: 8 a.m. - 6 p.m.

Dean of Students, 103 Barnes Hall,
256-4221
Sat., 8/25: Closed
Sun., 8/26: 9 a.m. - 4:30 p.m.
Sat., 9/1: 9 a.m. - 12 noon
Sun., 9/2: Closed
Mon., 9/3: 8 a.m. - 5 p.m.

Financial Aid, 203 Day Hall,
256-5145
Sun., 8/26: 10 a.m. - 3 p.m.
Sat., 9/1 and Sun., 9/2: Closed
Mon., 9/3: 8 a.m. - 4:30 p.m.

Health Services, Gannett Clinic
256-3493
Sat., 8/25 - Sun., 8/26: Closed
For Emergencies, Call 256-1111 or
272-6962
Sat., 9/1: 8:30 a.m. - 12:30 p.m.
Sun., 9/2: Closed. For emergencies,
call 256-1111 or 272-6962
Mon., 9/3: 8:30 a.m. - 5 p.m.

Sage Infirmary, 272-6962
Starting Mon., 8/27: Open 24 hours
a day

Information & Referral Center
Sun., 8/26 - Fri. 31: 8 a.m. - 9 p.m.
Sat., 9/1 - Sun. 9/2: 9 a.m. - 5 p.m.
Mon., 9/3: Open 8 a.m. - 9 p.m.
Tues., 9/4 on: 9 a.m. - 5 p.m.

International Students Office, 200 Barnes,
256-5243
Sun., 8/26: Closed
Sat., 9/1 - Sun., 9/2: Closed
Mon., 9/3: 8:30 a.m. - 4:30 p.m.

Off-Campus Housing, International Lounge
Willard Straight Hall until 9/3
256-5373

Health Insurance Plan Costs Less Student Rates Down \$3.35 from Last Year

The cost of the Accident and Health Insurance Plan at Cornell is less this year than last, according to Mary Little, student insurance representative. There also is a discount for those spouses enrolled in the Prepaid Health Plan.

Little explained that there are two health plans offered at the University. The cost of the Prepaid Health Plan for students is included in their tuition charges and covers only use of Gannett Clinic and Sage Infirmary.

The Accident and Health Insurance Plan is for hospital, medical and outpatient services not available at Gannett.

The premium for the Accident and Health Insurance Plan is \$80.50, \$3.35 less than the 1978-79 premium. The outpatient benefit has increased from \$75 to \$125 and the hospital room benefit from \$95 to \$125.

The cost for spouse coverage is \$307 for spouses not enrolled in the Prepaid Health Plan. For the

spouse enrolled in the Prepaid Plan for the entire 1979-80 academic year the cost of coverage in the Accident and Health Insurance Plan will be \$245, a savings of \$62. Participation in both plans will allow a spouse the same unlimited use of the Cornell University Health Services and coverage under the insurance plan as a full-time registered student.

Dependent children of enrolled students between the ages of 30 days and 19 years are eligible for

coverage under the Accident and Health Insurance Plan. The cost is \$89.50, which is \$4.05 less than last year. The Prepaid Plan is not available to children under age 14.

Complete information, along with a form for waiving the coverage, was enclosed with the Aug. 10 bursar billing. Students who are covered by another equally comprehensive insurance plan or those who choose to be personally responsible for all

medical costs incurred must sign the Medical Insurance Waiver form and return it to the office of the Bursar before Sept. 26.

Little pointed out that students who waive the coverage in the Accident and Health Insurance Plan negate their spouses' eligibility to be enrolled under the program and urges all students to consider carefully the benefits available to them before signing the waiver.

Boyce Thompson Gets \$485,000 Grant

Effects of Air Pollution on Plants to Be Studied

The Boyce Thompson Institute for Plant Research has received a \$485,000 grant from the Max C. Fleischmann Foundation of Reno, Nev., to purchase scientific equipment, including highly sophisticated controlled environment and aerosol chambers for studying the effects of air pollution and environmental stress on plants.

The four controlled environment chambers will be designed to grow plants under conditions of high and low temperatures and humidities. They will be used jointly by BTI groups studying the response of plants to environmental stresses, including drought, salinity, adverse temperatures, and the interactive effects of these stresses and environmental pollution.

Three aerosol chambers will be used to simulate particulate air pollution and its effects on vegetation. Currently, researchers at

BTI are studying the effect of salt particles released from power plant cooling towers. They will continue these and other studies using both liquid and solid particles ranging in size from fine (less than one micrometer or about one-sixteenth the diameter of the human hair) to relatively large (more than 100 micrometers).

An electron microscope to be purchased with the grant will be used by biological control researchers to investigate the ultrastructure and other features of viruses that are insect pathogens. These viruses have the potential for becoming safe, effective pesticides.

The instrument also will be used by the stress physiology group to study changes in the cell membranes of plants that are subjected to various kinds of environmental stress.

A new mass spectrometer sys-

tem included in the grant will be used to study natural product chemistry, especially chemicals that modify insect behavior; the metabolites and toxins of fungi;

fluorine-containing compounds that may be produced by plants grown in polluted air and other chemicals important in insect-plant interactions.

The Fleischmann Foundation made its grant to BTI on a one-time-only basis. The foundation is not accepting further grant applications.

Share-A-Ride Underway Car Pool System for Students

Share-A-Ride 1979-80 is underway. In the face of growing concern over energy conservation, the high cost and dubious availability of gasoline and in an effort to ease the space crunch on campus, Cornell's Office of Transportation Services will initiate a new car pool information system for students this year. The new car pool program will be set in motion via a car pool table at Registration. Students

from Ecology House will be available to distribute information cards and answer questions. A Share-A-Ride display will be located next to the Ride Box in the main lobby of Willard Straight Hall. A map will show Tompkins County divided into numbered areas and cards will be provided for car pool hopefuls to fill out. Information on the cards will include name, address, numbered location as

shown by the map, phone number and schedule.

After Registration, the completed cards will be arranged in the Willard Straight slot box by location. The box will be kept current and it is up to individuals to contact other people in their area to arrange a car pool.

The car pool program is sponsored by the Office of Transportation in conjunction with Debbie Jaffee of the Ecology House.

Storm Sewers Tested

Colored Dyes Being Used

The University is expanding its continuing study of its storm sewer system with a comprehensive study of the floor drains in many of the 350 buildings on the Ithaca campus to determine whether they empty into storm or sanitary sewers.

A bright green dye and perhaps a pinkish dye, both of which are harmless and which have been approved for the study by the New York State Department of Environmental Conservation and the State Health Department, will be flushed down the floor drains. Storm sewer outlets then

will be monitored to determine if they are receiving water from the drains.

Cornell has been studying its underground storm sewer system for the past year in an effort to identify and resolve any problems that might exist in those built before current codes took effect.

It is accelerating its efforts to determine which floor drains connect to the storm sewer system because of a May accident in which between 21 and 100 gallons of oil containing a trace of toxic PCBs entered Cascadilla Creek through a storm sewer.

As a result of the May incident the University has received a proposed consent order from the State DEC that would impose a \$2,500 civil penalty and would require Cornell to study its floor drain-storm sewer system and

modify any parts of the system that could introduce pollutants into the state's waters.

Although the University is contesting some details of the consent order, it has decided to implement the first phase of the testing program, according to Henry Doney, director of utilities.

The study is expected to take at least a year, Doney said, because of the large number of drains involved. Laboratories will be given first priority in the study, he said.

The cost of the project, expected to be considerable, cannot be estimated accurately until the completion of its first phase, he added.

Sperry Gift

The first installment of an anticipated \$60,000 gift over the next five years has come from the Sperry Foundation of the Sperry Rand Corp. to Cornell.

The Sperry gift is to support technical programs in the National Research and Resource Facility for Submicron Structures in Cornell's College of Engineering.

"We value our technical and personal interactions with industry, and I am sure that our interactions with Sperry will be augmented as a result of this grant," wrote Thomas Everhart, dean of the college, in a letter to Frank D. Sweeten, vice president of Sperry. "The moral support you are giving our program is appreciated as much as the financial support."

The Sperry Research Corp. also has made a contribution of \$8,500 to the Program on Submicrometer Structures (PROSUS). Some 15 corporations are now members of PROSUS, an industrial affiliates program that provides its members with meetings on and off campus, a newsletter and information on graduate research at Cornell.

Compton Grants

Two Cornell graduate students are among 10 national winners of Dorothy D. Compton Minority Fellowship Grants of \$5,000 each for 1979-80.

Linda Lacey, a Ph.D. candidate in city and regional planning, and Brenda Gayle Plummer, a Ph.D. candidate in history, are the Cornell winners of the grants from the Compton Foundation, Inc. The grants are unrestricted support of their academic activity in 1979-80.

Lacey, whose thesis topic is "Internal Migration in Nigeria," may work off campus next year. She is interested in demographic patterns as they relate to planning in Nigeria, where she has worked for the U.S. Agency for International Development.

Plummer is studying the diplomatic history between the United States and Haiti, and may return to the latter country next year. She did graduate work at Vanderbilt University before coming to Cornell. She taught at Fisk University for two years.

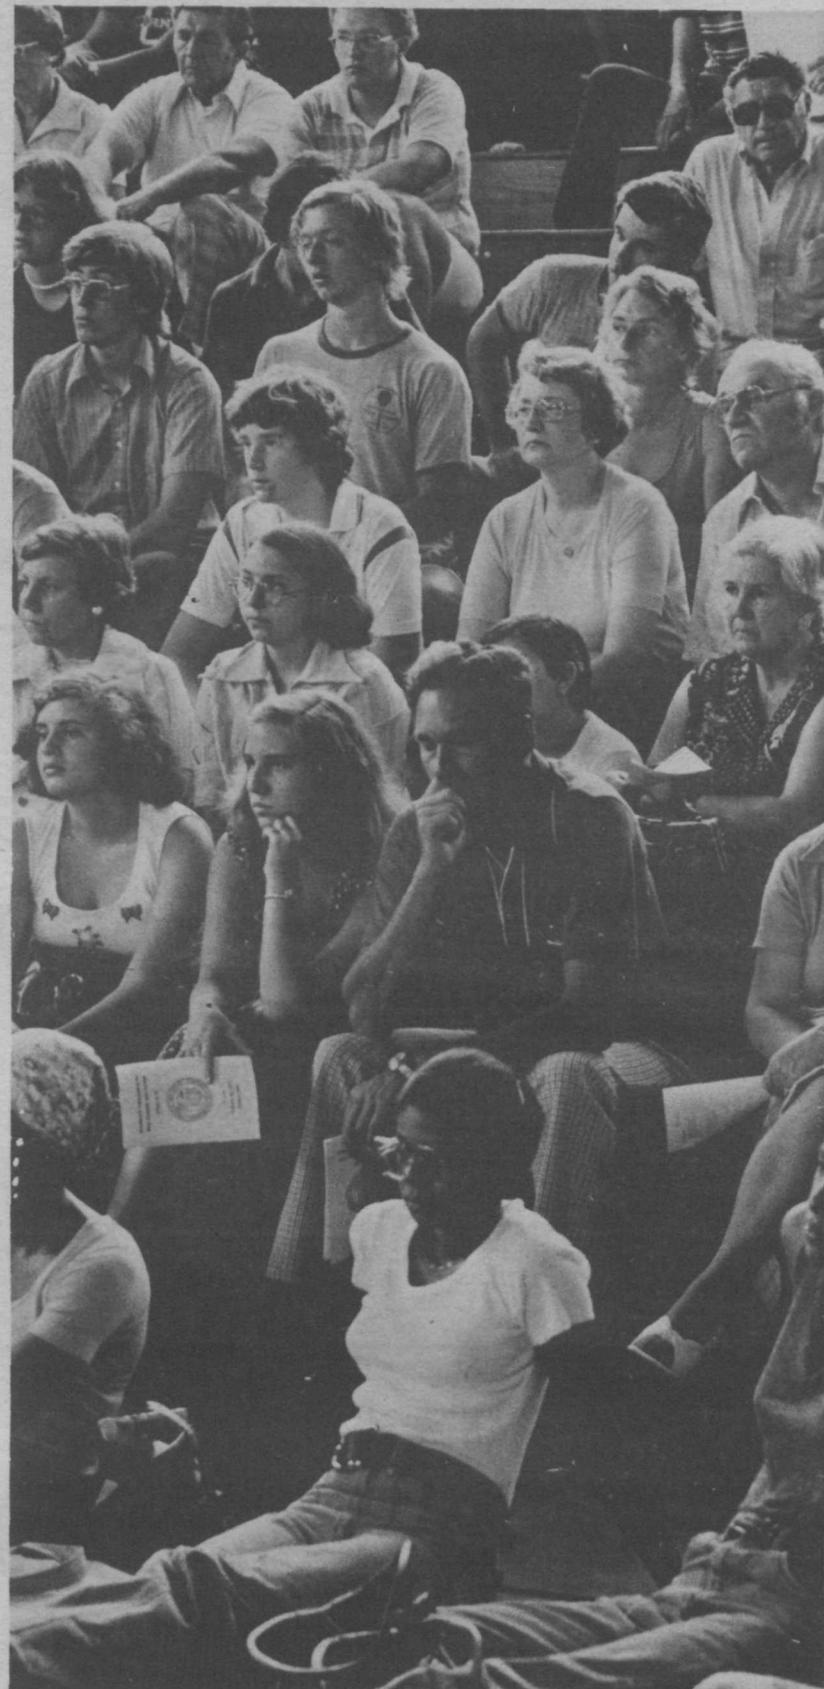

Art at Mondales

The Washington, D.C., home of Vice President and Mrs. Walter Mondale is the site of an exhibition which includes "Don't Walk," a collage by Vito Acconci, from the collection owned by Cornell University's Herbert F. Johnson Museum of Art.

The exhibition, on view through April 1980, was organized by Robert Buck, director of the Albright-Knox Art Gallery in Buffalo. The current selections are part of a series initiated by the Mondales to promote contemporary art in the nation's capital. The current installation features works by New York artists from collections in upstate New York.

Acconci, who is best known as a sculptor and video artist, has exhibited widely throughout Canada, the United States and Europe. He visited Cornell this spring lecturing to students in the Department of Art in conjunction with the presentation of his videotaped performances at the Johnson Museum.

"Don't Walk" a montage of photographs documenting a performance piece on crossing a street, was purchased by the Johnson Museum in 1978 with funds from a \$20,000 matching grant from the National Endowment for the Arts.
