Floriculture Open House Here Jan. 17

The university will roll out a red carpet for members of the floriculture and ornamental horticulture industries, researchers, educators and prospective students, and others who are interested in attending its 1984 "Floriculture and Ornamental Horticulture Open House" set for Jan. 17.

Sponsored by the department of floriculture and ornamental horticulture in the State College of Agriculture and Life Sciences, the event is expected to be the biggest program of its kind ever staged on campus. It is open to the public.

Robert E. Kozlowski, a Cornell Cooperative Extension associate and coordinator of this year's open house program, says that more than 300 people from throughout the United States and Canada are expected.

Joining in the day-long program with an array of displays are the departments of entomology, plant pathology, agricultural economics and agricultural engineering. Members of these departments work jointly with the sponsoring department in numerous research, teaching, and extension projects.

Established 70 years ago and recognized as one of the leading academic units of its kind in the nation, the department has, over the years, developed programs to meet the needs of floriculture, ornamental horticulture, turfgrass management, landscape architecture, and urban horticulture audiences.

This year's open house program will highlight the department's research, teaching and Cooperative Extension programs. The morning program consists of a series of presentations on horticulture, floriculture, urban horticulture, turfgrass management, and landscape architecture, starting at 8:40 a.m. in 120 Ives Hall. Registration will begin at 8 a.m.

The afternoon is set aside for participants to meet with faculty, staff and students in laboratories, greenhouses, and other facilities located in the Plant Science Building and in the Kenneth Post Laboratory and its greenhouse complex.

Among the major research attractions for visitors will be computer-assisted greenhouse environments, tissue culture of nursery crops, the method for measuring water balances in trees, effects of temperature fluctuations on plant growth and greenhouse tomato production using supplemental light and carbon dioxide to enhance photosynthesis.

For more information about the open house program, contact Robert Kozlowski at the Department of Floriculture and Ornamental Horticulture. He can be reached at 256-4506.

Circulation Pattern Of Chronicle Changed

The normal circulation pattern for Chronicle has been changed during the intersession period to reflect current changes in campus population.

If the number of copies dropped at your pickup point is too small or too large, please call Joanne Hanavan at 256-4206.

Cornell University

University Personnel Services
Day Hall
Ithaca, New York 14853
607/256-5226

Please Note:

Job Opportunities is a publication of Staffing Services and is distributed each Thursday through the Cornell Chronicle. Applications for employment can be submitted through the mail. Application forms

are available by the posted **Job Opportunities** listing at 130 Day Hall. For more information on jobs listed, contact Staffing Services, 130 Day Hall, (607) 256-5226.

Employee Transfer Applications: Employees who wish to transfer to other jobs within the University should complete a separate Employee Transfer Application form for each position and submit them to Staffing Services. Individuals with official University layoff status will be given preference in referrals.

In response to the Employee Survey, individual copies of **Job Opportunities** will be available for all employees; complete job posting will be published Thursday of each week in the **Chronicle**. Consequently, the list will no longer be published in its previous form.

This listing is also available on CUINFC, Cornell University's computerized information service, along with campus bus,

movie, dining facility and library schedules. Each regular Cornell employee is entitled to a free computer account. For further CUINFO details, contact the Information and Referral Center at 256-6200 or Computer Services.

Selected job announcements are broadcast on Channel 13 television each Tuesday at 9:30 a.m. and 7:15 p.m. and each Friday at 11 a.m. and 5:15 p.m.

New vacancies are listed for two weeks in **Job Opportunities**.

*Asterisks identify jobs that were not listed last week.

Full-time jobs are 39 hours per week unless otherwise indicated. Jobs listed as SO, U1 and U2 are represented by bargaining units.

*Asterisks identify jobs that were not listed last week.

Job Opportunities

Cornell University is an equal opportunity, affirmative action employer.

Holiday Schedule: Requisitions received after noon, Friday, December 9, through Friday, noon, December 16, appeared in the December 22 issue of the Chronicle. Requisitions received after noon on Friday, December 16, through Wednesday, December 21, appear in this issue of the Chronicle.

Administrative/Professional

*Position: Executive Director

Department: Biotechnology Program

Description: Administer the Biotechnology Program; manage multi-million dollar budget for new building plan and construction; act as liaison with industrial management and University administration.

Requirements: Bachelor's degree or equivalent in biological sciences; M.B.A. preferred with at least 3-5 years administrative experience with concentration in fiscal/program management necessary. Familiarity or experience in research laboratory. Knowledge of building planning helpful.

Hiring Range: \$20,000-\$33,100

Job Number: P011

*Position: Assistant Director

Department: Cornell Plantations

Description: Responsible for day to day operational management of all major construction/renovation projects involving the gardens, arboretum, natural areas and facilities of the Cornell Plantations. Submit resume and cover letter by February 1, 1984.

Requirements: Bachelor's degree or equivalent in a botanical/horticultural field; some construction projects, personnel management and public relations experience desired.

Hiring Range: \$15,500-\$26,500

Job Number: P012

*Position: Assistant to the Director

Department: COSEP

Description: Coordinate and supervise the business operations of the COSEP office including budget, finance, personnel and general operational/administrative responsibilities. Serve as liaison between the office and other University offices. Responsible for a variety of statistical data collection, compilation and related reports.

Requirements: Bachelor's degree or equivalent. Some experience working with budgets or college/university accounts and/or bookkeeping. General knowledge of admissions, financial aid or student development areas helpful.

Hiring Range: \$12,500-\$20,700

Job Number: P013

*Position: Accountant II

Department: Statutory Finance & Business Office - Restricted Fund Accounting

Description: Accounting position which has direct financial responsibility for administering and monitoring complex grant and contract agreements. Serves as liaison for financial reporting and accounting issues between principal investigators and granting or contracting source. Position will assist the Restricted Funds Accounting Supervisor in the management of a staff of six, in addition to directly assigned accounting responsibilities.

Requirements: Bachelor's degree or equivalent in accounting, business or related field. Candidate should have good leadership skills and a strong service orientation; possess relevant accounting experience and be able to explain accounting procedures, both orally and in writing. Exposure to Cornell accounting system preferred. Experience in the use of (or the ability to learn) personal computers for the management of financial data desired.

Hiring Range: \$12,500-\$20,700

Job Number: P014

Position: Applications Programmer I

Department: Vet. Medical Computing Facility

Description: Provide computer programming support and develop programs using the MUMPS language for applications in the NYS College of Veterinary Medicine.

Requirements: Bachelor's degree or equivalent in computer science. Computer programming skills required. Some on-the-job computer programming experience in a high level language.

Hiring Range: \$12,500-\$20,700

Job Number: P501

Position: Staff Writer II (Repost)

Department: University Development

Description: Write letters, brochures and articles which have a fund raising and/or public relations purpose. Supervise the production of the Development tabloid, *Communique*. Gather information from and participate in planning meetings with various members of University staff.

Requirements: Bachelor's degree or equivalent. Some fund raising, higher education or advertising environment. Ability to write creatively in a variety of styles (formal, promotional, academic and journalistic). Send writing sample, cover letter and resume by January 13, 1984.

Hiring Range: \$12,500-\$20,700

Job Number: P407

Clerical

All applicants interested in positions requiring typing must take an official university test. Tests are given Mondays and Wednesdays at 8:10 a.m., Room 337, Statler Hall. Please contact Staffing Services for an appointment.

*Position: Accounts Assistant, GR19 (Repost)

Department: Ecology and Systematics

Description: Provide clerical support for all aspects of Endowed accounting. Duties include processing orders and payments; reconciling monthly statements; preparing internal statements and financial reports; problem solving; payroll; providing back-up for Statutory Accountant. Other duties as assigned.

Requirements: A.A.S. degree or equivalent in accounting preferred. Medium typing. Substantial accounting experience, preferably at Cornell. Familiarity with grants and contracts. Knowledge of word processing equipment and interest in modern data processing desirable.

Hiring Range: \$10,595-\$12,852

Job Number: C473

*Position: (Secretary, GR 18)

Department: Ecology and Systematics

Description: Provide a broad range of secretarial and administrative services to a very active teaching and research department. Duties include typing correspondence, manuscripts, statistical charts; drafting correspondence; preparing agendas; arranging meetings; maintaining office supply stockroom. Performing other supporting functions.

Requirements: H. S. education or equivalent. A.A.S. degree in secretarial science or equivalent preferred. Heavy typing. Some secretarial experience. Word processing (Xerox 860) highly desirable; strong organizational and interpersonal skills; ability to work for several individuals and withstand pressure.

Hiring Range: \$10,000-\$12,163

Job Number: C011

*Position: Secretary, GR18

Department: School of Hotel Administration

Description: Provide organizational, administrative and secretarial support. Duties include typing of course work and correspondence; filing; making appointments; assisting in the handling of student-related activities; answering telephone. Other duties as assigned.

Requirements: H.S. education or equivalent. Medium typing. Some secretarial experience. Ability to use word processor helpful. Strong organizational, interpersonal and communication skills.

Hiring Range: \$10,000-\$12,163

Job Number: C012

*Position: Secretary, GR18

Department: NYS School of Industrial & Labor Relations

Description: Duties include typing, xeroxing and editing reports and course materials; typing and filing correspondence; making travel arrangements and processing travel expenses for Statewide and Central District Coordinators; providing clerical support for Statewide and Central District Programs including preparing kits, nametags, certificates and evaluations; maintaining Xerox machine; ordering office and conference supplies; handling mail; answering telephones and acting as receptionist (occasionally transporting individuals across campus). Other duties as assigned.

Requirements: H.S. education or equivalent. Business or secretarial school preferred. Medium typing. Some secretarial experience. Attention to detail. Strong organizational, interpersonal and communication (written and oral) skills. NYS driver's license required.

(Hiring Range: \$10,000-\$12,163)

Job Number: C013

Position: Accounts Assistant, GR21

Department: Physiology

Description: Financial responsibility for the Department of Physiology, NYS College of Veterinary Medicine and Section of Physiology in the Division of Biological Sciences. Duties include funds from three colleges, state funds, federal funds and other funding agencies.

Requirements: A.A.S. degree or equivalent in accounting or business. Medium typing. Extensive experience in statutory accounting procedures. Knowledge of rules applying to outside agency funding.

Hiring Range: \$11,875-\$14,412

Job Number: C501

Position: Administrative Aide, GR19

Department: Human Ecology Placement Office

It is the policy of Cornell University actively to support equality of educational and employment opportunity. No person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, creed, religion, national or ethnic origin, sex, age or handicap. The university is committed to the maintenance of affirmative action programs which will assure the continuation of such equality of opportunity.

Description: Assist Director in carrying out administrative duties. Receive visitors; type correspondence and data; handle inquiries (telephone and in person); prepare monthly job bulletin and placement report; prepare library orders; oversee work study students; make referrals; arrange travel; represent office during Director's absence; initiate projects; conduct reports and seminars.

Requirements: A.A.S. degree or equivalent. Medium typing. Interest and/or experience in career development or student services. Some secretarial experience. Excellent interpersonal and communication (written and oral) skills. Knowledge of word processors and computers helpful.

Hiring Range: \$10,595-\$12,852
Job Number: C502

Position: Secretary, GR18

Department: Human Service Studies

Description: Provide secretarial support for several department faculty. Duties include typing class materials, reports, correspondence, manuscripts, standard and travel vouchers; answering telephone; arranging travel; ordering texts; handling mail.

Requirements: H.S. education or equivalent. Business or secretarial school preferred. Some secretarial experience in an academic setting desirable. Strong interpersonal and communication (written and oral) skills. Knowledge of computers helpful. Transcription skills.

Hiring Range: \$10,000-\$12,163
Job Number: C503

Position: Office Assistant, GR18

Department: Dean's Office, Arts and Sciences

Description: Act as receptionist; answer telephone for Records and Scheduling Office; assist students and staff at counter; typing; evaluate credit and process paperwork for internal transfer and dual degree students; assist with course scheduling, changes, academic "actions", graduation.

Requirements: H.S. education or equivalent. College course work preferred. Medium typing. Some office experience. Strong interpersonal and communication skills. Ability to work in a complex, active environment. Ability to do detailed work accurately.

Hiring Range: \$10,000-\$12,163
Job Number: C504

Position: Secretary, GR18

Department: Consumer Economics & Housing

Description: Duties include typing class material, research proposals, reports, manuscripts, search materials and correspondence; answering telephone for 12-15 faculty; arranging meetings; making travel arrangements.

Requirements: H.S. education or equivalent. Business or secretarial school preferred. Medium typing. Some office experience. Strong interpersonal and communication (written and oral) skills. Ability to use ten key calculator, mimeograph, ditto machines. Willingness to learn word processor. Shorthand helpful. Machine transcription.

Hiring Range: \$10,000-\$12,163
Job Number: C505

Position: Secretary, GR18

Department: School of Mechanical & Aerospace Engineering

Description: Duties include typing correspondence, technical manuscripts; filing; answering telephone; bookkeeping.

Requirements: H.S. education or equivalent. Business or secretarial school preferred. Heavy typing. Some secretarial/bookkeeping experience. Familiarity with Cornell procedures desirable. Strong organizational, interpersonal and communication (written and oral) skills. Knowledge of technical typing/word processor helpful.

Hiring Range: \$10,000-\$12,163
Job Number: C506

Position: Circulation/Reserve Assistant, GR18

Department: Law Library

Description: Responsible for all daily operations of the Circulation Desk. Train student assistants in circulation procedures; open the Law Library five days a week; file looseleaf services. Other duties as assigned.

Requirements: H.S. education or equivalent. College degree preferred. Light typing. Some library experience. Strong organizational, interpersonal and communication skills.

Hiring Range: \$10,000-\$12,163
Job Number: C507

Position: Secretary, GR18

Department: Human Development and Family Studies, New York City

Description: To carry out secretarial activities for the NYS Head Start Training and Resource Center's Field Office in New York

City. Major responsibilities include typing; tracking of on-site reports from Assistant Director, three trainers and consultants; arranging travel for trainers and consultants; telephone contact with H.S. grantees; preparation of agendas and training material for group training activities including workshops and seminars in various locations in the state.

Requirements: H.S. education or equivalent. Business or secretarial school preferred. Some secretarial experience. Strong interpersonal and communication (written and oral) skills. Knowledge of word processing helpful.

Hiring Range: \$10,000-\$12,163
Job Number: C508

Position: Interlibrary Service Assistant, GR16

Department: Interlibrary Services/Olin Library

Description: Prepare interlibrary loan material for mailing; discharge returned interlibrary loan material; type invoices, charge cards; file; search lending requests; compile statistics.

Requirements: H.S. education or equivalent. College course work preferred. Medium typing. Some library/office experience. Ability to work with foreign languages. Strong organizational, interpersonal and communication skills.

Hiring Range: \$9,040-\$10,881
Job Number: C509

Position: Office Assistant, GR14

Department: Ornithology

Description: Provide clerical support to Laboratory staff. Duties include answering telephone; typing; filing; handling mail; providing back-up to bookshop. Other duties as assigned.

Requirements: H.S. education or equivalent. Medium typing. Some office and cash register operating experience. Strong organizational, interpersonal and communication skills.

Hiring Range: \$8,200-\$9,811
Job Number: C5010

General Service

***Position: University Service Officer, CUSEU Grade Two**

PLEASE NOTE: This is a continuously posted notice, for recruitment purposes only. Positions are not always available.

Department: Public Safety

Description: Responsible for external and internal patrol of University property for fire, safety and criminal hazards including the enforcement of University parking regulations. May perform clerical and other duties as assigned.

Requirements: H.S. education or equivalent. Ability to pass screening interview administered by Staffing Services. U.S. citizen, age 21 or above, vision 20/20 or up to 20/40 (uncorrected) minimum physical limitations; ability to obtain pistol permit within 90 days of employment and driver's license within 30 days of employment; no criminal convictions. Good interpersonal skills (oral and written). Security check and physical examination required prior to appointment.

Hiring Salary: \$5.83/hour
Job Number: SC11

***Position: Audio Visual Aide, GR18**

Department: NYS School of Industrial & Labor Relations

Description: Perform needed services to resident and Extension faculty of the ILR School and, on occasion, to other units at Cornell and outside the University. Set up and operate various projectors (16 mm, slide, etc.), recorders (video and audio). Conduct routine maintenance of equipment. Maintain records and handle office procedures. Perform other duties as required.

Requirements: H.S. education or equivalent, course work in media operations helpful. Medium typing. NYS driver's license required. Some experience operating AV equipment; experience in handling office procedures, scheduling, planning, records upkeep, billing, taking orders and typing correspondence.

Hiring Range: \$10,000-\$12,163
Job Number: S011

Technical

Applications for Technical positions should include the following information:

- Scientific/technical courses completed;
- Lab techniques and/or equipment (knowledge of)
- Special skills (e.g. knowledge of computer language)

***Position: Technician, GR21**

(Department: Veterinary Microbiology)
Description: Conduct virological and

serological assays, particularly the use of cell culture, for the studies of vertical transmission of viruses in cattle, with particular emphasis on embryo transfer, and to study the virological effects of three classes of bovine interferon.

Requirements: Bachelor's degree or equivalent with microbiological training and a background in chemistry. Microbiology training with experience in virology and cell culture techniques as well as knowledge of fluorescent-antibody technique. Knowledge in use of binocular and inverted scopes and centrifuges.

Hiring Range: \$11,875-\$14,412
Job Number: T011

***Position: Technician, GR20**

Department: Poultry & Avian Sciences

Description: Set up and perform experiments in animal developmental and cellular biology. Perform cytogenetic and biochemical analyses in selected tissues of developing chick embryos. Study interactions of mutagens with cellular DNA and chromosomes by assays of DNA repair and cytogenetic damage. Operate general lab equipment; keep records; perform computer-associated statistical analyses.

Requirements: Bachelor's degree or equivalent in biological or animal sciences. Laboratory experience and demonstrated ability to work independently. Some experience in biochemical and cytochemical assays desirable.

Hiring Range: \$11,180-\$13,606
Job Number: T012

***Position: Technician, GR20**

Department: Pharmacology

Description: Carry out experiments and analyze the results of research aimed at understanding the role of calcium in secretion from tumour basophils and mast cells. Duties will include the usage of pH meters, centrifuge, gamma and liquid scintillation counters, spectrophotometer, fluorometer, gel filtration columns, fraction collectors, gel electrophoresis apparatus, light and fluorescence microscopes and tissue culture equipment. Participate in experiments such as radioactive tracer flux studies, fluorometric and spectrophotometric enzyme assays, cell culture and protein purification. Approximately nine month position.

Requirements: Bachelor's degree or equivalent in biochemistry, cell biology, physiology or similar subject. Experience in a biological sciences research laboratory desirable but not essential.

Hiring Range: \$11,180-\$13,606
Job Number: T013

***Position: Technician, GR18**

Department: Food Science

Description: Provide technical support in research involving the evaluation of compositional differences in milk supplies from various geographical regions in the United States. Duties include reagent preparation, set-up of glassware and routine chemical analyses such as Kjeldahl nitrogen determination.

Requirements: A.A.S. degree or equivalent in biology or a related field. Experience in the use of analytical balances, pH meters, volumetric glassware, pipets and titration apparatus.

Hiring Range: \$10,000-\$12,163
Job Number: T014

Position: Technician, GR21

Department: Biochemistry, Molecular & Cell Biology

Description: Assist in research on cultivated normal and transformed fibroblasts for membrane transport and other biochemical properties. Perform general protein purification methods; use radioisotopes; perform chemical synthesis and cellular fractionations. One year appointment, possible continuation.

Requirements: Bachelor's degree or equivalent in chemistry, biological sciences or a related field. Some experience, preferably in a biochemical laboratory. Experience in general protein purification methods, the use of radioisotopes, chemical synthesis and fractionations helpful.

Hiring Range: \$11,875-\$14,412
Job Number: T501

Part-time

Position: Research Aide, GR19

Department: State Programs

Description: Prepare demographic and statistical documents of program applicants and participants. Assist in formation of program and projects. Other duties as assigned. Monday - Friday, 20 hours/week.

Requirements: H.S. education or equivalent. A.A.S. degree and/or college course work preferred. Medium typing. Experience in Cornell University Admissions and Financial Aid. Experience and/or course work in statistics or

research methodology. Knowledge of computers helpful.

Hiring Range: \$10,595-\$12,852/annual equivalent

Job Number: C5011

Position: Office Assistant, GR16

Department: Unions and Activities

Description: Responsible for general office operations. Duties include answering telephone; coordinating room reservations and equipment rentals; receiving visitors; distributing mail; coordinating building information notices. Monday - Friday, 8:30 a.m. - 2:30 p.m.

Requirements: H.S. education or equivalent. Medium typing. Good communication skills (grammar, spelling, telephone) preferred. Adept in use of ten key calculator, machine transcription, mimeograph and ditto machines, word processing. Shorthand experience helpful. Experience in a public service office desirable.

Hiring Range: \$9,040-\$10,881/annual equivalent

Job Number: C5012

Temporary

In addition to regular, part-time opportunities, Temporary (less than six months) positions, both full-time and part-time, are available. Although many openings are clerical, there are often positions offered in other areas. As Temporary openings do not always appear in this listing, please contact Staffing Services for more information.

***Position: Temporary Technician, T-3**

Department: Diagnostic Laboratory

Description: Assist in performance of routine clinical chemistry and ELISA testing using semi-automated procedures, reagent preparation, record keeping, computer data entry and limited glassware cleaning. Full-time, temporary for three months until 4/1/84.

Requirements: Bachelor's degree or equivalent in biology, chemistry or related field. Prior laboratory experience desirable.

Hiring Range: \$5.00-\$6.00/hour
Job Number: T015

Academic

Please contact department directly.

***Position: Senior Assistant Librarian**

Department: Graduate School of Management Library
(Job Number: A012)

***Position: Assistant or Associate Professor (Three Positions)**

Department: Communication Arts, NYS College of Agriculture and Life Sciences
Job Number: A011

Position: Faculty Positions (both non-tenure track and tenure track)

Department: Architectural Design
Job Number: A501

Position: Assistant Professor, Physiological Plant Ecology (preferred), two year position

Department: Ecology and Systematics
Job Number: A502

Position: Extension Associate II, CA5, Equine Health

Department: NYS College of Veterinary Medicine, Diagnostic Laboratory
(Job Number: A503)

Religious Activities

Following is the schedule of religious services on campus through Sunday, Jan. 15, 1984:

-Muslim Prayers: Sunday-Thursday, 1 p.m., 218 Anabel Taylor Hall; Fridays at 1 p.m. in the Edwards Room, Anabel Taylor Hall;

-Shabbat (Orthodox): Saturdays 9:15 a.m.-noon, Edwards Room, Anabel Taylor Hall;

-Catholic Mass: Saturdays at 5 p.m. and on Sundays at 10 a.m. in the Auditorium, Anabel Taylor Hall;

-Episcopal Holy Eucharist: 9:30 a.m. Sunday, in the Chapel, Anabel Taylor Hall;

-Korean Church: Sunday, 1 p.m. in the Chapel, Anabel Taylor Hall;

Friends Worship, 11 a.m. Sunday in the Edwards Room, Anabel Taylor Hall.

All regularly-scheduled religious services on campus will resume beginning Jan. 21, 1984, with the exception of the conservative and reform Jewish services, which will resume on Friday, Jan. 27, 1984.

Dining Interns Earn Credit, Pay AND Experience

By BARBARA JORDAN-SMITH

Seniors Ted Arps and Jamie Beatty didn't set foot in a classroom last semester, yet they both earned 12 credit hours and got paid for it.

Their "classrooms" were the administrative offices of Cornell Dining; their teachers were Dining's professional staff.

Arps and Beatty were involved in a cooperative venture—internships—between the School of Hotel Administration and Cornell Dining. Arps worked with Maureen Updike, assistant director in charge of Noyes Center; Beatty worked with Chris Vevole, purchasing manager.

Both young men were management trainees and considered members of Cornell Dining's management team. They attended staff meetings, researched projects, wrote reports, made presentations to senior staff and dealt with some of the day-to-day operations of Dining.

The idea of creating the internship program developed in fall 1982 out of a discussion between Peg Lacey, director of Dining, and Jack Clark, dean of the Hotel School.

"Jack suggested we talk with Fred Antil, director of placement in the school, who was very enthusiastic about the idea," Lacey said. "We then went to our managers and asked them where they thought we could use interns. They submitted their recommendations, we chose the two proposals that we felt would offer the best quality experience for the students and submitted them to the Hotel School."

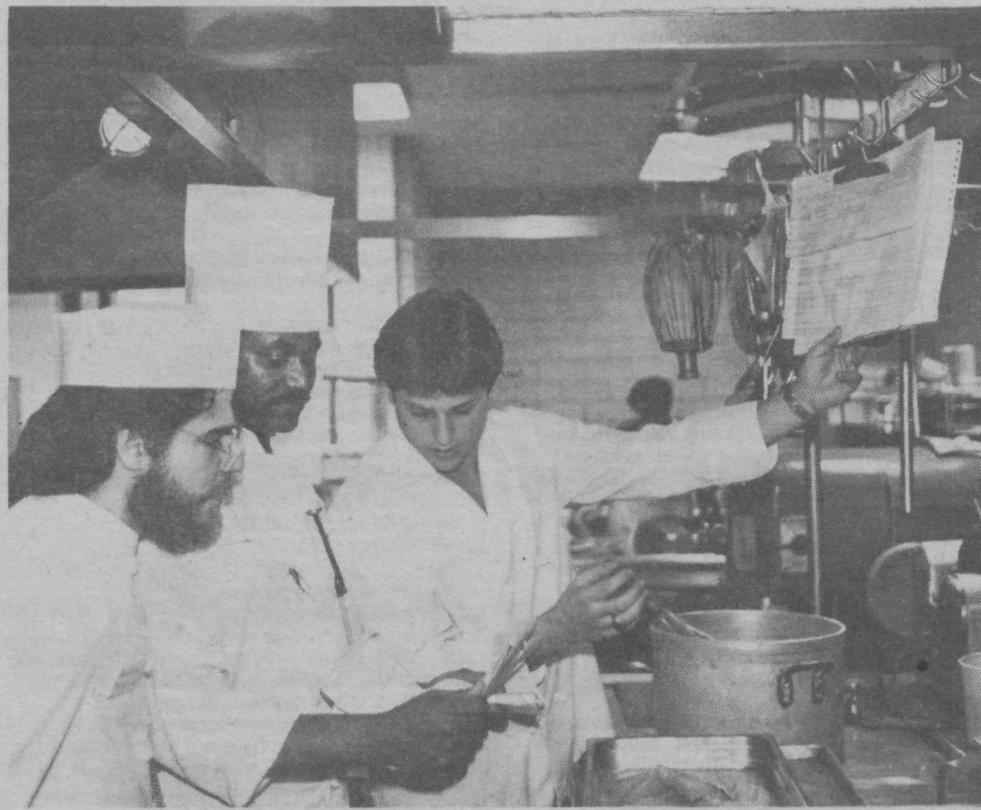

"We're always looking for new and different types of internship opportunities for our students," Antil said. "I've always been impressed with Cornell Dining. They run a very sophisticated operation and when they approached us with the idea, I was very pleased."

"I'm even more pleased with the way it worked out. They (Cornell Dining) mixed the learning and the doing and maintained very good communications with Jamie and Ted, which is an important part of the learning process," Antil continued.

"What I really enjoyed most about the internship was having the responsibilities and working in a real business situation with a high caliber of professionals," Beatty

Cornell Dining interns Jamie Beatty (at left in sweater) and Ted Arps (at far right) at work in their "classrooms." Discussing menu selections with Arps are Don Celentano and Gene Bright, cooks at Noyes Center. Beatty is reviewing orders with a purveyor.

ty said. "I enjoyed being at a level where I was a peer and when I offered suggestions, they listened."

Arps agreed and added, "The experience has helped to codify what I've learned in the classroom. I worked with a group of people who've been in the industry for several years and, although I'm still way behind them, I'd be lost without my classroom experience."

Arps and Beatty also agreed that the most important thing they learned through the internship was interpersonal relations—how to get along and work with other people—which, as Arps put it, "they can't

teach, it's something you learn through experience."

"Both Jamie and Ted grew significantly while they were with us," said Updike, Arps' supervisor. "They became a part of our management team, they were able to make presentations, develop proposals, interact with students as well as regular employees, and they looked at operations from a very refreshing point of view. They looked at things in a straightforward way and they cut to the bottom line. It was a terrific experience working with them."

"When Ted and Jamie go into the marketplace they're going to be two years

ahead of their peers in the business," she continued. "That's the educational contribution we made: We offered them the opportunity to get experience in the field. However, we also benefited. They gave us their knowledge, insight, perspective and a lot of good work."

The quality experience Lacey and her staff wanted to offer their interns turned out to be just that for everyone involved.

Although that experience is ended for Arps and Beatty, it isn't for Dining. They will be offering the internships again in the spring.

Vet Has Two New Minority Programs

Two programs at the College of Veterinary Medicine are being offered to a limited number of minority high school and college students during the summer of 1984.

The High School Apprentice Program in Veterinary Medicine is an eight-week program for minority high school students, and is offered in the hope of influencing college and career choices toward one of the health professions. Apprentices will be selected on a competitive basis, and successful applicants will hold salaried jobs in a research facility. Room and board will be available. Any high school student who was enrolled for the 1983-84 academic year may apply.

College-enrolled minority students who have completed a semester or more of the academic requirements for admission to the New York State College of Veterinary Medicine are eligible for the Summer Employment in Veterinary Medicine Program. This 10-week program is open, on a competitive basis, to a limited number of students during the summer of 1984. It offers students an opportunity to broaden the veterinary medical experience needed for acceptance into the professional curriculum.

For information and application materials on both programs contact: Dr. D.S. Postle, 101 James Law Auditorium, College of Veterinary Medicine.

Application deadline for both programs is March 1, 1984.

Graduate Bulletin

The deadline for completion of all requirements for a January degree is January 13, 1984. There will be no exceptions granted. Students planning for a January degree should see the Thesis Secretary well in advance to be sure they can meet all requirements by that date.

University Registration will be at Barton Hall on Thursday, January 19 for new students and on Friday, January 20 for continuing students. Students must appear in person to register.

January stipend checks for fellowship and traineeship recipients are now available. Fellowship recipients who receive the January stipend check and subsequently fail to register for the spring 1984 term will be fully liable for the value of the check and will be billed through the Bursar's office.

Barton Blotter

Three vending machines were broken into involving losses of \$767 in property during the holiday period between Dec. 23 and Jan. 2, according to the morning reports of the Department of Public Safety.

A soda machine was forced open in McGraw Hall with damages and losses in beverages amounting to \$114. Cigarettes valued at more than \$300 were taken from a machine in Warren Hall. A coin mechanism, change and soda valued at a

total of \$334 was taken from a machine in Barton Hall.

In all there were eight incidents of theft amounting to losses of \$1,319 in cash and valuables reported on campus during the holiday period.

Ernest Meeker of Route 1, Richford, reported the theft of two tool boxes and two car stereo speakers from his car parked at the B Lot area. Losses totaled \$335.

Two purses and a wallet containing a total of \$127 in cash and valuables were reported stolen on campus. The purses were taken from The Founders Room in Anabel Taylor Hall and 410 Thurston Hall. The wallet was taken from the Teagle Hall men's locker room.

Article Contest Entries, Grant Applications Sought

The Cornell Chapter of Sigma Xi, the scientific research society, is now accepting applications for its 1983-84 grants-in-aid program and entries for the Fuertes Memorial Prize contest.

Graduate students and advanced undergraduates are eligible to apply for small research grants from the society. The deadline for applications is Feb. 24, 1984. For more information call Professor Kenneth A.R. Kennedy at 256-5070.

The Fuertes Memorial award for the best popular student-written article on a topic of current interest in the physical or biological sciences carries a first prize of \$350 and a second prize of \$150. Additional information is available from Professor Kennedy, Section of Ecology and Systematics, E231 Corson Hall,

Life Science Research To Be Seminar Topic

"Life Science Research in a Multi-National Corporation" will be the topic for Ralph W.F. Hardy, director of Life Science Research and Development E. I. du Pont de Nemours & Co. in a seminar scheduled at 4 p.m. Monday, Jan. 9, in Bache Auditorium of Malott Hall.

The seminar is open to the interested public at no charge and is sponsored by the Cornell Office of the Vice President for Research and Advanced Studies.

A plant scientist, Hardy has been deeply involved in establishing a major new thrust in the area of life sciences for du Pont. He has served on national committees to examine the future of agricultural research and the role that biotechnology may play in the development of agriculture.

His talk will deal with scientific prospects and larger issues of university-industry relationships, as well as with the role of various constituencies in research and development.

Seminars

Biochemistry: "Expression of Cloned Human Proinsulin Gene in E. coli and Yeast," Ray Wu, 12:20 p.m. Monday, Jan. 9, 125 Riley Robb.

Division of Campus Life: "Student Development, Higher Education and the Future," Lee Kniefelkamp, University of Maryland, 8:30 a.m. Thursday, Jan. 12, South Dining Room, Robert Purcell Union.
