

Trustee Board Meets Here This Weekend

Executive Committee Today; Full Board Friday

The Executive Committee of the Cornell University Board of Trustees will meet today at 2 p.m. in the Trustee Meeting Room of the Herbert F. Johnson Museum of Art.

The full board will meet Friday, at 10 a.m., also in the Johnson Museum.

Both the Executive Committee and the full board will convene in open sessions as well as executive and closed sessions.

The agenda for the Executive Committee open session will include:

A review of 1984-85 budget policies that affect students in the statutory and endowed colleges at Ithaca, including housing and dining charges and self-help expectations of financial aid recipients. A recommendation will be made that the committee approve and recommend adoption of these policies by the board, as well as proposed tuitions and graduate student assistant stipends for 1984-85 in the statutory colleges.

A discussion of strategies for the long-range capital plan for the statutory colleges.

A report of the Buildings and Properties

Committee.

The agenda for the executive and closed sessions of the Executive Committee will include:

Approval of minutes of the Executive Committee meetings held Dec. 6, 1983 and Feb. 18, 1984.

A recommendation for Board approval of budget policies, including tuition, for the endowed colleges and central services at Ithaca and the Medical College at New York City.

A discussion of strategies for the long-range capital plan for the endowed colleges.

A recommendation for Board approval that the administration be authorized to proceed with a three-year program to improve transportation.

A recommendation for Board approval that the administration be authorized to purchase and install a new telecommunications system throughout the campus.

A recommendation for Board approval that the administration be authorized to proceed with renovation work on student

housing facilities.

A report of the Buildings and Properties Committee.

A summary of how revenues and expenditures are expected to vary from those presented in approved operating plans for 1983-84.

A report on a financial award from the National Science Foundation for the continued support of the Consortium for Continental Reflection Profiling (COCORP) Program.

A recommendation for Board approval to develop plans for construction of a biomedical research building at the Medical College.

A recommendation for Board approval of a resolution authorizing the administration to enter into financing and other agreements with the Dormitory Authority of the State of New York to meet the cost of construction or rehabilitation of several projects.

Personnel matters affecting the endowed colleges at Ithaca and the Medical College in New York City.

A recommendation that the April 24

Executive Committee meeting be rescheduled to May 1 to coincide with the annual Tower Club dinner.

Recommendations for approvals of the meeting schedules for the Executive Committee and the full Board for 1984-85.

A recommendation for a change in the name of the Bovine Health Research Center.

The agenda for the open meeting of the full Board on March 23 includes the following items:

A report of the president.

Reports on the reappointment of Trustee Ernesta G. Procope, on the death of Trustee Emeritus George A. Newbury '17, and on the resignation of Trustee Ruby Saake '84.

Election of a new chairperson of the Board.

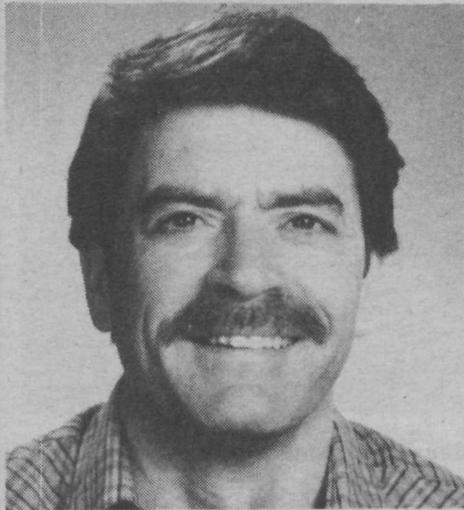

A recommendation authorizing ex officio trustees to designate a representative who may attend all meetings of the Board.

A report that Gov. Cuomo signed the bill to amend the University's Charter regarding composition of the Board.

Employee Trustee Candidates Outline Platforms

Four in Contest for One Four-Year Seat on the Board

MICK ELLIS

In this election, I find myself caught between the "old guard" and the labor movement. My candidacy does not represent the politics of the establishment nor the ideology of organized labor. As your candidate, the Employee's candidate, I need your help. I want neither to preserve the status quo of the institution nor serve as a collective bargaining agent. I want to represent all employees by working within the system to make this great University a better employer, 6,500 employees cannot be represented by a single philosophy nor a "one issue" approach. My extensive record as an employee representative has been an effective one and one which has spoken to the needs of all employees. I am beginning my tenth year of service to Cornell University. I have served on the Employee Assembly, the Advanced Benefits Planning Task Force, the Tax-Deferred Annuity Alternative Investment Committee, Employee Survey Steering Committee, the Employee Assistance Program Advisory Committee and chaired the Personnel Policy

Continued on Page 3

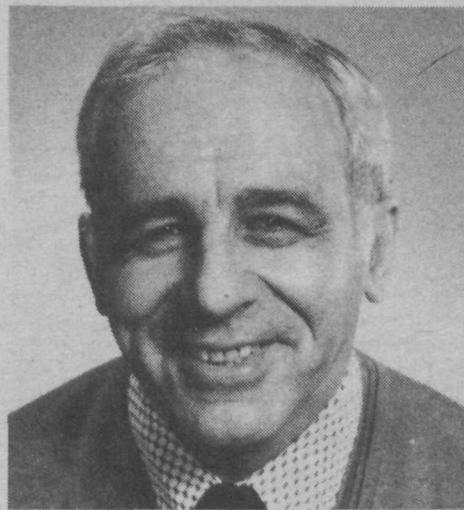

CATHERINE VALENTINO

I am a duplicating machine operator and have been an employee for 10 years. My husband Carl has been a Cornell technician for 27 years. We have three children and two grandchildren.

One of the most important responsibilities of an Employee Trustee is to seek all opinions and to fairly and honestly represent all groups. I would work with Employees on issues such as parking, promotions, job classifications, retirement, and the new flexible benefit plan. I would use my history of involvement with Cornell to try to get things done. I am not afraid to disagree with proposals not in the best interests of employees.

Cornell has a wonderful mission of Excellence for Education. Cornell needs to also have a mission of Excellence for its Employees. I would, as your Employee Trustee, try to the best of my ability to obtain success for you in a straightforward manner. I would work to continue and increase the dignity and respect that all Cornell employees so justly deserve.

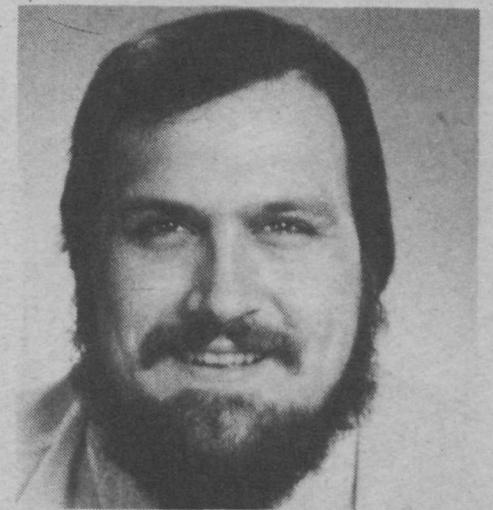

GEORGE PETER

A Cornell Employee for 37 years, both as non-exempt and exempt, I have been involved in self governance since it started at Cornell in 1970—4 years on the Executive Committee of the Senate, chaired and served on Comm. on the University as an Employer (CUE), member Campus Council, chaired Employee Assembly and have been Employee Elected Trustee. Service also has been given as a member of the President's Commission on Self Governance, the Trustee Presidential Search Committee, the Trustee B&P Committee and many other committees too numerous to mention. Present service is on the Employee Assembly, Board of Directors of the Cornell Recreation Club (CRC), Networking Advisory Board and University Assembly.

The concept of seating an employee on the Board of Trustees, Employee Day, Networking, CRC, Brown Bag Luncheon Series, Dedicated Service Award, Employee Attitude Survey and much more were initiated, or were organized or promoted by

Continued on Page 3

SCOTT E. ROBINSON

During my 6 years as an employee I have been active in Campus Governance. I was a member of the President's Committee which established the framework for the current Assembly, something I personally fought for. I have been a member of two assembly committees—Dining and Minorities and Third World Affairs. My strongest qualifications include my abilities in communication and my varied experience within the University. I can present ideas logically and persuasively. As a Trustee I will seek out employee concerns and needs in regards to all issues before the board and maintain an active role in Board decision making. I am currently employed by Cornell Dining, Willard Straight Hall. I have also worked for the General Services Laundry and Noyes Lodge. In making your decision for Employee Trustee remember that loud voices do not always get listened to, and put your faith in my record as a hard-thinking and caring community servant. My commitment to excellence for the University and its Employees will not falter.

Vet College Open House Is April 14

Saturday, April 14, is the date for the 17th annual open house of the New York State College of Veterinary Medicine.

Organized by the students of the state's only veterinary college, the open house from 9 a.m. to 4 p.m. includes tours, demonstrations and exhibits on the care and treatment of pets, livestock and exotic animals. Each year, thousands of visitors, including families, school groups and other organizations, take the self-guided tours of the college's modern facilities.

Visitors of all ages will have the opportunity to learn about animal nutrition, aquatic medicine, cancer and the pet, puppy and kitten care, exotic pets, care of young livestock, avian medicine, emergency first aid for pets and such veterinary services as radiology, cardiology, clinical and post-mortem pathology and endoscopy.

In one perennial favorite exhibit, the digestive processes of the fistulated cow will be observed through the "window" to one of its stomachs. Tours include a bus trip to the nearby Equine Research Park, the 160-acre field laboratory where more than 200 horses and ponies are housed and where scientists study the nutritional needs, reproduction, diseases and physiology of the four-legged athletes.

The open house guides, who are pursuing a four-year DVM (doctor of veterinary medicine) degree, will offer information on heartworm disease, parasites of domestic animals, poisonous plants, aging animals and mastitis in dairy cattle.

Information on careers in veterinary medicine and admission requirements of the college, one of 29 in the country, will be available from admission officers.

Open house visitors may park free of charge in the "B" lot adjacent to the college, located on Route 366 between Ithaca and Varna, and follow signs to the start of the self-guided tours. More information on the open house is available by calling 256-5454.

Faculty-in-Residence: III

McNeils First Live-In Family in a Dormitory; Growth Occurs on Both Sides of the System

This is the third in a three-part series about the Faculty-in-Residence program.

By BARBARA JORDAN-SMITH

Richard, Mary Ann and Susan McNeil all live in Cascadilla Hall. Dick is an associate professor in natural resources; Mary Ann, his wife, is an artist; Susan, their 14-year-old daughter, is a ninth grade student at DeWitt Middle School.

Why would two adults and their teen-age daughter voluntarily give up all the comforts of home to live with some 400 undergraduate men and women?

"I've always thought there should be more informal interaction between faculty and students," Dick said. "When the opportunity to get involved in the Faculty-in-Residence program came along, we decided to do it. As a matter of fact, we were supposed to go on sabbatic this year but this was so important to us we decided to postpone the leave."

The McNeils live in a two-bedroom apartment on the first floor of the recently-renovated Cascadilla Hall. The Faculty-in-Residence program is in its fourth year and the McNeils are the first family to be involved in the program on a live-in basis.

"We've been experimenting with a variety of activities," Dick said. "Initially, we're responsible for providing intellectual programming as well as informal personal encounters. Because of Mary Ann's background as an artist we decided to add the cultural and aesthetic aspects to our 'job description,'" he continued.

The types of programming the McNeils offer range from dinners with faculty members to the showing of silent movies.

"We've also had informal get-togethers centered around the history of Cascadilla Hall and Mary Ann led a historical tour of Collegetown," Dick said.

This spring Dick is teaching a course for credit in the building for the residents of Sheldon Court and Cascadilla. The focus for the course is to look at social and environmental issues using science fiction as a vehicle.

"The students in the course are all from different disciplines within the university," Dick said. "If I'd offered it on campus I'm not sure the mix would have been accomplished that easily."

Mary Ann and Dick agree that they are gaining a better understanding of undergraduate student life through participation in the program.

"The most useful thing I've gained is a better understanding of the kinds of stresses and exactly how much pressure an undergraduate student is under," Dick said.

Faculty-in-Residence Dick McNeil with his daughter Susan (top left) and his wife Mary Ann.

"We're also discovering that the diversity everyone talks about really does exist at Cornell," Mary Ann said.

"I think one of the more important parts of the educational process is the exposure that students have to one another," Dick said. "We've been watching these students grow and mature on a daily basis. Although we may play a very small part in it we see it going on all around us and we've been growing too—especially Susan."

Susan's interaction with the students has been on a somewhat different level than that of her parents.

"I've met a lot of good people here and I'm getting an idea of what it's like to be in college. Some of the students treat me as a friend, others as a younger sister—there are advantages to both," Susan said. "Sometimes they take me out for pizza and chicken wings and they had a surprise birthday party for me."

During intersession, Susan served as caretaker for some 70 plants, a hamster, a parakeet and a goldfish. She is also Cascadilla's paper carrier, delivering the

Cornell Daily Sun every weekday morning.

Susan also has an advantage over her peers when it comes to her studies.

"When you have this many people around that are only a little older than you, there is always someone who can help you with homework when you don't know how to do something," Susan said.

How do the students feel about having the McNeils living with them?

Jonathan Barkey, a freshman in the College of Arts and Sciences, says, "Their presence lends a homey atmosphere to the place. It's like you have a family there and it makes it more of a community. The programs they offer are good and I'm not sure we would otherwise have them available. It's also fun for me to be able to go to their apartment and talk with Professor McNeil about different issues and hear a faculty member's opinion."

The reactions from Dick's colleagues, according to him, have been either "What a great idea!" or "Why would anyone want to do that?" The answer to the latter:

"We're just crazy about it."

It is the policy of Cornell University actively to support equality of educational and employment opportunity. No person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, creed, religion, national or ethnic origin, sex, age or handicap. The university is committed to the maintenance of affirmative action programs which will assure the continuation of such equality of opportunity.

Alpha Phi Alpha Brothers Take College Tour With 15 Students from Ithaca High School

"We're ecstatic about being students and we want others to have the opportunity."

On that high note struck by Alpha Phi Alpha fraternity president Amigo R. Wade, a group of his fraternity brothers and some 15 Ithaca High School students depart today for a four-day tour of colleges.

The tour, which will take students to Howard, Lincoln and Morgan State universities and the University of Pennsylvania, is intended "to stimulate the ambition of students to pursue higher education, and learn that college isn't a vast monster you can't handle," Wade said.

At each of the four stops the students will attend workshops on financial aid, applications, study skills, time management and choosing the right school. The Alpha Phi Alpha chapter at each university has set up the workshops and will play host to the students, Wade explained.

After they return to Ithaca there will be two workshops to follow up on the application process and to hear from staff from Cornell's Learning Skills Center and the Career Center, according to Wade.

The program started last year, he said, when nine Ithaca High juniors toured Howard, Lincoln, Morgan State and Cheyney State College. The fraternity has worked with the Afro-American Student Society at the high school to develop and expand the program, Wade said.

Despite its success and value, Wade is quick to point out that "we're not a rich fraternity and continuation of the program depends on contributions from others."

The major fund-raising effort will take place on April 14 when Alpha Phi Alpha sponsors the Black and Gold Charity Ball. The formal will be held at the Station Restaurant with tickets priced at \$25 each, \$45 per couple. Fraternity members are selling tickets, Wade said.

Alpha Phi Alpha was founded in 1906 by seven black students at Cornell as the first Greek-letter fraternity predominately for college-educated black men. Today there are more than 700 chapters worldwide and some 80,000 members.

The local chapter annually co-sponsors a blood drive with the American Red Cross and has assisted such Ithaca agencies as Big Brother/Big Sister of Tompkins County. In 1979 the chapter presented a bust of Dr. G. Alex Galvin to the Herbert F. Johnson Museum of Art. Last year it sponsored an exhibit of Harlem Renaissance photographer James Van Der Zee.

In 1930, the national fraternity initiated the "Go to High School, Go to College" program. In 1947, the fraternity used its "A Voteless People Is a Hopeless People" campaign to increase voter registration. Alpha Phi Alpha's Million Dollar Fund Drive benefits the NAACP, the National Urban League and the United Negro College Fund.

Transportation Plan Draws Opposition

The proposed \$6 million Transportation Master Plan for the campus (see March 1 Chronicle) has encountered formal opposition from several quarters:

—Local 2300 of the UAW filed a grievance last week against the "method of funding for Cornell's proposed 'Master Transportation Plan';"

—At a regular monthly meeting Wednesday, March 14, the Faculty Council of Representatives, in a voice vote without dissent, recommended to the Board of Trustees that "no commitment of capital funds to the master plan be made until the FCR committees on the Budget and the Professional and Economic Status of the Faculty have had adequate opportunity to review the plan and comment upon it."

Director of Transportation William E. Wendt, outlined the plan in detail at a series of public hearings on campus March 6, 7 and 8.

The Board of Trustees is scheduled to consider a recommendation for funding the plan at its meeting on campus today and tomorrow.

Open Meetings Scheduled

Several open sessions are scheduled in conjunction with the meetings of the Board of Trustees Thursday and Friday, March 22 and 23:

—The Buildings and Properties Committee will meet at 9 a.m. today in the Conference Room, third floor of Day Hall.

—The Executive Committee will meet at 2 p.m. today in the Trustee Meeting Room, Johnson Museum of Art.

—The Committee on Land Grant and Statutory College Affairs will meet at 6 p.m. today in the Sun Room of the Statler Inn.

—The Audit Committee will meet at 6:30 p.m. today in The Wilcox Room of the Statler Inn;

—The Board of Trustees will meet beginning at 10 a.m. Friday, March 23, in the Trustee Meeting Room of the Johnson Museum of Art. After a lunch break, that meeting will resume at 2 p.m.

Due to space limitations, admission tickets are required for members of the public attending meetings at the Johnson Museum. A limited number of tickets are available to individuals, on a first-come-first-served basis, at the Information and Referral Center in the main lobby of Day Hall. Individuals may sign for and receive one ticket per meeting. The center is open 9 a.m. - 5 p.m.

Trustees

A recommendation for adoption of revised Bylaws made possible by the revision of the University Charter.

A discussion of strategies for long-range capital planning.

A review of the primary objectives, assumptions and proposed policies for development of 1984-85 operating plans.

A recommendation for approval of the charter for the Theory and Simulation Science and Engineering Center.

A report of the Subcommittee on Minority Education of the Academic Affairs Committee.

A report on the practices of interviewing prospective students.

A report on the New York State College of Agriculture and Life Sciences.

The agenda for the executive and closed sessions for the full Board will include:

A report of the president.

The Week in Sports

Spring Sports Teams Head South For Spring Vacation Tuneups

Most Cornell students take advantage of spring break to get away from the cold weather in Ithaca and find enjoyment under the environs of a warmer climate. That's also the case with the Big Red spring sports teams, as six squads are migrating to sunnier locations during the coming week in order to get their respective campaigns under way.

Traveling the farthest are the men's and women's track teams, which are going to spend a week training in California and competing in two events. The baseball team is heading south to play 13 games in Florida from March 23 to 31. In addition, both the men's and women's tennis team will compete in Virginia during spring break; the men will play five matches on the road, while the women will take on three opponents. The men's and women's lacrosse teams will also hit the road for the next week. The men's team will be in Maryland for competition, while the women's squad will work out in the Philadelphia area.

The Big Red men's and women's track

teams will both compete in a four-team meet at Santa Barbara this Saturday. The other squad participating is Fresno State. The following Saturday, Cornell will travel to Cal Poly-Pomona for a meet which will also include Cal Riverside, Cal-Dominguez and U.S. International.

Both the men's and women's teams are coming off an indoor season which was highlighted by a fifth-place finish at the indoor Heps. The women also tied for 13th place out of 40 teams at the ECAC championships.

The Cornell baseball team kicks off its season as soon as it reaches Florida, as the Red will play William Paterson on Friday in Delray Beach. There will be no time for rest during the week; the Big Red will have just one day off during its eight-day visit. Among the teams Cornell will face are Florida Atlantic, Bowdoin, Bethune-Cookman, Eckerd, Toledo and Division I powerhouse Miami.

The men's tennis team begins its southern swing by playing Saturday at Navy.

Trustee Candidates

Continued from Page 1

Ellis

Committee. I will bring a record of accomplishment and yet, a FRESH VOICE to bear on issues of concern to employees.

The next employee trustee will have to be familiar with issues such as the recently proposed flexible benefits program. It will be essential that your representative stay on top of this proposal in order that he or she might pursue with the University concerns which have been raised by many employees. There have been tax related moral objections, equity questions related to marital status, and questions of benefit deterioration raised across the campus. Having dealt with this proposal for more than 2 years, I am confident that I have the experience necessary to represent your concerns and represent them well.

PLEASE VOTE in this election. Only 24 percent of you voted in the last election. That kind of turnout enables one special interest group to determine who will represent all 6,500 employees. Only your vote can assure that this will not happen. Seventy-

six percent of you responded to last year's employee survey which I helped to initiate and develop. So, I know you will become involved when you feel there is a chance that your opinions might be heard. I offer you that chance.

I have labored to improve working conditions, enhance benefits and give employees a much needed voice in decision making throughout the University. My involvement in these efforts, along with the experience I have gained, will enable me to better serve you. I ask for your support in this election.

Peter

me. Courses in Electronics for Cornell technicians were started and taught by me.

All this spells commitment, perseverance, experience, knowledge, innovativeness and love of Cornell people. I believe Cornell to be one of the most outstanding educational institutions in the world. I am proud to be a part of it and am dedicated to making it even greater and a better place to work.

End of the line for the 1984 architects' dragon comes in this traditional conflagration on the Arts Quad.

Calendar

| March | | | | | | | 1984 | | | | | | |
|-------|----|----|----|----|----|----|------|---|---|---|---|---|---|
| S | M | T | W | T | F | S | S | M | T | W | T | F | S |

All items for publication in the Calendar section, except for Seminar notices, must be submitted (typewritten, double-spaced) by mail or in person to Fran Appar, Central Reservations, 532 Willard Straight Hall at least 10 days prior to publication. Seminar notices should be sent to Barbara Jordan-Smith, News Bureau, 110 Day Hall, by noon Friday prior to publication. Items should include the name and telephone number of a person who can be called if there are questions, and also the subheading of the Calendar in which it should appear (lectures, colloquia, etc.). ALL DEADLINES WILL BE STRICTLY ENFORCED.

*—Admission charged.

Announcements

Vigil

In remembrance of Archbishop Romero on the 4th anniversary of his assassination in El Salvador. Thursday, March 22, 12 noon to 12:30 p.m. in front of Willard Straight. Wear black attire if possible. Sponsored by Amnesty International. For more information call Anne Neiryck at 272-4891 or Brian Becker at 256-0699.

Creating the Possible

A weekend personal development program that supports participants to create new possibilities in their personal lives, relationships, and work. Led by Let Davidson, Ph.D. Saturday, March 31 and Sunday, April 1, 9 a.m.-7 p.m. each day. For more information and registration call 272-4131. Pre-registration deadline is March 23. Co-sponsored by Transformation Workshops and CRESP.

Intramural Wrestling

Deadline on entries is Monday, Apr. 9 at 5:30 p.m. in the Locker Room, Teagle Hall. Weighing-in constitutes entry and must be done by the individual between 2:30-5:30 p.m. An entry fee of \$1 per person due at weigh-ins to enter. Tournament will begin Tuesday, April 10 at 5 p.m. in the Wrestling Room. No more than one person at each weight per team. Straight elimination tournament. Wrestlers must weigh-in for finals. There will be a 3 lb. weight allowance for the finals only. Weight classes as follows: 130, 145, 155, 165, 175, 190 and heavyweight.

EARS

EARS offers free and confidential, non-judgmental, short-term counseling to the Cornell community, including faculty, staff and students. EARS deals with all types of issues, large and small, including social, family, sexual and academic concerns. EARS counselors are skilled volunteers who have more than a year of intense training and have passed a rigorous selection process. We have extensive lists of workshops, support groups, and professional counseling organizations to which we can refer Cornell community members. If you have a problem you can't seem to solve, or just feel like talking, we welcome you to walk in or call. We're in 211 W.S.H. and our number is 256-EARS. Our hours are 3-11 p.m. Sunday through Thursday, and 7-11 p.m. Friday and Saturday.

Toastmasters Public Speaking Club

Toastmasters meet every Thursday at 6:30 p.m. at the Holiday Inn. New members welcome. For more information call Jay True 273-7511 (days) or Steve Muka 273-0610 (evenings).

Fleischmann Scholarship

Human Ecology Sophomores and Juniors. Announcing application for the 1984-85 Fleischmann Scholarship for an upperclass student in Human Ecology with a background of course work in communication arts and with career interests combining the two fields. Applications are available in the Human Ecology Counseling Office, Room N101 MVR, and must be returned by April 6, 1984.

Exhibits

Herbert F. Johnson Museum

"Figures from Rodin's 'Gates of Hell': Sculpture from the B.G. Cantor Collection," through Sun., Apr. 1. "A Process of Design: Drawings and Sketches by Le Corbusier" through April 22. "Irene Whitome: Incunabula of a Bridge-Kotaro-Takuma Project." Through April 22.

Olin Library

"Medieval Illuminated Manuscripts in Facsimile." Superb reproductions of sumptuous manuscripts—secular treatises on herbs, astronomy and ornithology, literary texts. Books of Hours, from the 6th to 16th centuries in

Western Europe. Hours: 8 a.m.-5 p.m. Monday through Friday, through May 1.

Films

Thursday

Mar. 22, 8 p.m. Uris Hall Auditorium. "Todos Santos Cuchumantan: Report from a Guatemalan Village." Interviews with the villagers and footage of their work and celebrations give insight into the current political response of the Indian people to the policies of the Guatemalan government. Sponsored by Committee on U.S.-Latin American Relations and the Latin American Studies Program.

Friday

Mar. 23, 7 p.m. *Statler Auditorium. "Women in Love" (1970), directed by Ken Russell, with Alan Bates, Oliver Reed, Glenda Jackson.

Mar. 23, 10 p.m. *Statler Auditorium. "Aguirre, the Wrath of God" (1973), directed by Werner Herzog, with Klaus Kinski, Guy Guerra.

Saturday

Mar. 24, 8 p.m. *Uris Hall Auditorium.

"Aguirre, the Wrath of God."

Mar. 24, 10 p.m. *Uris Hall Auditorium.

"Women in Love."

Sunday

Mar. 25, 2 p.m. Johnson Museum Lecture Room. "The Other Side #7: Austria, Holland, Greece 1960-80." Avant Garde. Free and open to the community.

Mar. 25, 8 p.m. *Uris Hall Auditorium. "Viridiana" (1961), directed by Luis Bunuel, with Silvia Pinal, Francesca Babal.

Monday

Mar. 26, 8 p.m. *Uris Hall Auditorium. "Baby Doll" (1956), directed by Elia Kazan, with Carroll Baker, Eli Wallach.

Tuesday

Mar. 27, 8 p.m. *Uris Hall Auditorium. "Outrageous" (1977), directed by Richard Benner, with Craig Russell, Hollis McLaren. Co-sponsored by GAYPAC.

Wednesday

Mar. 28, 8 p.m. *Uris Hall Auditorium. "Trans Europe Express" (1968), directed by Alain Robbe-Grillet, with Jean-Louis Trintignant.

Thursday

Mar. 29, 8 p.m. *Uris Hall Auditorium. "Tell Me a Riddle" (1981), directed by Lee Grant, with Melvyn Douglas, Lila Kedrova, Brooke Adams.

Friday

Mar. 30, 8 p.m. *Uris Hall Auditorium. "Gallipoli" (1981) directed by Peter Weir, Mel Gibson, Mark Lee.

Mar. 30, 10 p.m. *Uris Hall Auditorium. "The Story of Adele H." (1975), directed by Francois Truffaut, with Isabelle Adjani.

Saturday

Mar. 31, 8 p.m. *Uris Hall Auditorium. "The Story of Adele H."

Mar. 31, 10:15 p.m. *Uris Hall Auditorium.

"Gallipoli" (1981).

Sunday

Apr. 1, 2 p.m. Johnson Museum Lecture Room.

"The Other Side #4: Italy." Avant Garde Italian Cinema. Free and open to the community.

Apr. 1, 8 p.m. *Uris Hall Auditorium. "Freud" (1962), directed by John Huston, with Montgomery Cliff and Susannah York.

Lectures

Thursday

Mar. 22, 3:30 p.m. Myron Taylor Moot Courtroom, Cornell Law School. 1983-84 Irvine Lecture: "A Lawyer Looks at the Middle East," Sol M. Linowitz, former Ambassador for Middle East Peace Negotiations, and currently a senior partner of the international law firm of Coudert Brothers. The public is invited.

Mar. 22, 4:30 p.m. Morrill Hall 106. Cornell Linguistics Circle Speaker Series: "Reduced forms of comparative clauses," James D. McCawley, Professor of Linguistics, University of Chicago.

Mar. 22, 4:30 p.m. Goldwin Smith Hollis Cornell Auditorium. University Lecture: "Apostasy in Prose: Some Reflections on the Emergence of Modern Drama," James W. McFarlane, Herbert F. Johnson Visiting Professor, University of Wisconsin.

Mar. 22, 4:30 p.m. Goldwin Smith Room 24. German Literature present "On the Afterlife of the Classical Theatre Mask in Europe," Professor Moshe Barash, History of Art, Hebrew University of Jerusalem. Co-sponsored by History of Art Department and The Society for the Humanities.

Mar. 22, 4 p.m. Anabel Taylor The Commons Coffeehouse. Thursday Forum, a weekly discussion series sponsored by Cornell United Religious Work (CURW) and Center for Religion, Ethics and Social Policy (CRESP). Come and talk about: "Facing the Enemy (Within)" with

Phil Bennett, Associate Professor of Philosophy, SUNY-Cortland.

Mar. 22, 8 p.m. Anabel Taylor Chapel. T.S. Eliot Poetry Reading by Peter Fortunato and Robert Esformer with Gerald Wolfe, organist. Sponsored by the Episcopal Church at Cornell.

Friday

Mar. 22, 12:20 p.m. Morrill Lounge. "Exploitation of the Cyclic Principle as a Research Strategy in Syntax," James D. McCawley, Professor of Linguistics, University of Chicago. Sponsored by Cornell Linguistics Circle Speaker Series.

Meetings

Every Thursday

Goldwin Smith Kaufmann Auditorium Cornell Concert Commission general meeting. All welcome.

Every Sunday

Uris Hall 202, 4:30-7 p.m. Lesbian and Gay Political Action and Discussion Group.

Every Tuesday

Straight Loft IV, 4:45 p.m. Third World Student Programming Board.

Music

Thursday

Mar. 22, 8 p.m. Anabel Taylor Chapel. T.S. Eliot Reading by Peter Fortunato and Robert Esformer with Gerald Wolfe, organist. Sponsored by the Episcopal Church at Cornell. Free and open to the community.

Religious Services

Friday

Mar. 23, 5:30 p.m. Anabel Taylor Chapel. Erev Shabbat Services (Reform Minyan).

Mar. 23, 5:30 p.m. Anabel Taylor Founders Room. Erev Shabbat Services (Conservative/Egalitarian Minyan).

Mar. 23 Erev Shabbat Services (Orthodox Minyan). Call 272-5810 for information.

Saturday

Mar. 24, 9:15 a.m. Anabel Taylor Edwards Room. Shabbat Services (Orthodox Minyan).

Mar. 24, 10 a.m. Anabel Taylor Founders Room. Shabbat Services (Conservative/Egalitarian Minyan).

Sunday

Mar. 25 University Recess-No Sage Chapel Speaker.

Friday

Mar. 30 Erev Shabbat Services (Orthodox Minyan). Call 272-5810 for information.

Saturday

Mar. 31, 9:15 a.m. Anabel Taylor Edwards Room. Erev Shabbat Services (Orthodox Minyan).

Sunday

Apr. 1 University Recess-No Sage Chapel Speaker.

Baha'i

Call 272-5728 or 273-8014 for location of services.

Catholic

Anabel Taylor Chapel. Mass every Monday through Friday at 12:15 p.m.; Anabel Taylor Auditorium. Mass every Saturday at 5 p.m.; Anabel Taylor Auditorium. Mass every Sunday at 9:30, 11 a.m. & 5 p.m. Sacrament of Reconciliation by appointment in Anabel Taylor G22. 256-4228.

Christian Science

Anabel Taylor Founders Room. Every Thursday, 7 p.m. Christian Science Organization at Cornell Testimony meeting.

Episcopal (Angelical)

Anabel Taylor Chapel. Every Sunday 9:30 a.m. Holy Eucharist. Sunday School and Nursery. Coffee Hour follows the service in the Founders Room.

Korean Church

Anabel Taylor Chapel. Every Sunday 1 p.m. Bilingual worship Service.

Lutheran

The Lutheran Church, 109 Oak Ave. Every Sunday, 10:45 a.m. Worship Service. Sunday School, 9:30 a.m. Nursery available. Coffee Hour follows the service in the Fellowship Room. Holy Communion, first Sunday of the month.

Muslim

Anabel Taylor 218. Monday through Thursday, 1 p.m. Anabel Taylor Edwards Room. Friday at 1 p.m.

Protestant

Anabel Taylor Chapel. Every Sunday, 11:15 a.m. Protestant Cooperative Ministry Worship Service.

Seminars

Applied Mathematics: "Rigorous and Useful Bounds on Regular Motion of Hamiltonian Systems," Ian C. Percival, Queen Mary College.

Sol M. Linowitz, former U.S. Ambassador at Large for Middle East Negotiations, will discuss the current situation in that area and prospects for the future in a public lecture scheduled for 3:30 p.m. today in the Moot Court Room of Myron Taylor Hall.

London, 4 p.m. Friday, March 23, 165 Olin Hall.

Astronomy and Space Sciences: "Non-Linear Solar System Dynamics," Ian Percival, Queen Mary College, London, 4:30 p.m. Thursday, March 22, 105 Space Sciences Building.

Biochemistry: "The Development of a Cloning System in the Cyanobacterium Anacystis nidulans R2," Lou Sherman, University of Missouri, 4:30 p.m. Friday, March 23, 204 Stocking.

Food Science: "Genetic Manipulation of Yeasts," C.J. Panchal, Labatt's Brewery, 4:30 p.m. Thursday, March 22, 202 Stocking Hall.

Genetics/Biotechnology Program: "Expression of Muscle-Specific Genes in Rat Myoblasts and Myotubes," Uri Nudel, Weizmann Institute, Israel, 4 p.m. Wednesday, March 28, 108 Bradford Hall.

Materials Science and Engineering: "Melting Behavior of Type IV Elements at High Pressure," W. Bassett, 4:30 p.m. Thursday, March 22, 140 Bard Hall.

Mechanical and Aerospace Engineering/Operations Research and Industrial Engineering: "Effects of Financial, Marketing, Accounting Considerations on Automation Decisions," L. Joseph Thomas, 4:30 p.m. Thursday, March 22, 282 Gruman.

Microbiology/Vet. Microbiology: "Genetics and Mechanism of Chromosomal and Plasmid Mediated Tetracycline Resistance," Stuart Levy, Tufts University School of Medicine, 4:30 p.m. Thursday, March 22, 124 Stocking Hall.

Microbiology: "Anaerobic Syntrophic Bacterial Species Catabolizing Monoaromatic Compounds," Marvin P. Bryant, University of Illinois, 4:30 p.m. Wednesday, March 28, 124 Stocking Hall.

Natural Resources: "Designing Field Studies to Detect Change in Wildlife Abundance," John Skalski, Biometrics Unit and Battelle Pacific Northwest Laboratories, 4 p.m. Thursday, March 22, 304 Fernow.

Neurobiology and Behavior: "The Control of Nerve Growth and Regeneration as Revealed in Compartmentalized Cultures: Or, A Step Towards the Reconstruction of a Perfectly Good Rat," Robert Campenot, 12:30 p.m. Thursday, March 22, Morison Seminar Room, Corson & Mudd Halls.

Physiology: "Some Recent Studies on the

Reps Wins Computer Award

Thomas Reps, postdoctoral associate in the Department of Computer Science here, has been named the winner of the 1983 Doctoral Dissertation Award of the Association for Computing Machinery (ACM).

The award, which includes a \$1,000 check, publication of the thesis by MIT Press and royalties from sale of the book, was made at the ACM Computer Science

Conference Feb. 14-16 in Philadelphia.

Reps wrote the thesis, "Generating Language-Based Environments," while earning his Ph.D. under Associate Professor of Computer Science Ray T. Teitelbaum in 1982.

This is the second time the annual award has been made, according to Walter Carlson, chairman of the ACM Awards Committee.

Ziegler Serves on Task Force

Jerome M. Ziegler, dean of the State College of Human Ecology, is one of 19 people serving on the State University of New York Chancellor's Task Force on Teacher Education.

Charged with helping SUNY to meet the changing needs of the state's elementary and secondary schools, the task force is directing its attention at maintaining and improving the quality of teacher education in the state.

Chancellor Clifton R. Wharton Jr. convened the panel recently to develop policy changes to cope with teacher shortages in critical areas such as mathematics

and science teaching, to prepare enough teachers to meet the demands of the small "baby boom" now moving into the elementary schools, and to support and encourage the state's present teaching staff.

Ten years ago, SUNY campuses turned out nearly 9,500 teachers who completed the necessary certification requirements for entering teaching. That figure has been shrinking each year since, with only 3,252 new teachers certified to enter the professional marketplace during 1982-83. A similar trend is evident in the number of degrees awarded to students majoring in education.

Olson Writes Soil Survey Book

A Cornell scientist has written a book — "Field Guide to Soils and the Environment: Applications of Soil Surveys" — which discusses the applications of soil survey interpretations.

Written by Gerald W. Olson, an associate professor of soil science in the State College of Agriculture and Life Sciences, the book is designed to help make use of the maximum amount of information from soil survey interpretations.

Olson says that the book complements his 1981 textbook, "Soils and the Environment: A Guide to Soil Surveys and Their Applications," which provides a comprehensive account of soil surveys and their

applications for improving utilization of soils for human activities throughout the world.

Scheduled for publication in March by Chapman and Hall, Olson's latest volume is intended for those interested in plant and animal ecology, land use planning, physical geography, natural resources, agriculture, and archeology, among other areas, according to the author.

Subjects covered include soil profile descriptions, soil maps, engineering applications, waste disposal, erosion control, farm and community planning, and the role of soils in military campaigns.

Calvo First in Keeton Professorship

Joseph M. Calvo, professor of biochemistry in the section of biochemistry, molecular and cell biology in the Division of Biological Sciences, has been elected the first William T. Keeton Professor in Biological Sciences. The new professorship was established in memory of Keeton, a faculty member in the State College of Agriculture and Life Sciences for 22 years until his death in 1980. An international authority on bird orientation and migration, Keeton was the Liberty Hyde

Bailey Professor of Biology in the section of neurobiology and behavior. In announcing Calvo's appointment, the Board of Trustees said that the Keeton professorship was established "to go to a senior biologist with an international research reputation who, like Professor Keeton, has a strong commitment to undergraduate education." Funds to support the professorship were donated by colleagues and former students of Keeton.

Smock Wins Golden Apple Award

Professor Emeritus Robert M. Smock of the Pomology Department was presented the Golden Apple Award by the Western New York Apple Growers Association at its annual meeting held recently in Rochester, NY. This award was "in appreciation for his contribution not only to the nation's apple growers, but for the 235 million Americans who can now enjoy high quality apples on a year around basis. This plaque

represents the true appreciation that we have for you and all your colleagues who continue to improve our apple industry." This is the second time this award has been presented. The first was presented in 1983 to Max E. Brunk, Cornell agricultural economist, who carried out numerous marketing studies and research projects for the apple industry.

Jones Leads National Potato Group

Edward D. Jones, professor of plant pathology in the State College of Agriculture and Life Sciences, has been inaugurated as president of the Potato Association of America for a one-year term. Established in 1913, the national organization is dedicated to the improvement of the nation's potato industry. It has 1,747 mem-

bers in the United States and more than 80 other countries. A member of the Cornell faculty since 1958, Jones directs the New York state seed potato certification program and has been in charge of the Cornell-Uihlein Foundation Seed Potato Farm at Lake Placid, since its inception in 1961.

Anne Simon Moffat has been named associate director of university relations at the university, effective immediately. The announcement was made by Gilbert Goetz, director of university relations.

In this new position, Moffat has responsibility for building media programs that increase national awareness of Cornell University and the achievements of its faculty, staff, students and alumni. Moffat previously served as a public affairs officer at The Rockefeller University, New York City; the State College of Agriculture and Life Sciences, Cornell University; the University of California, San Francisco and at Tompkins Community Hospital in Ithaca. She also has extensive experience as a free lance writer, and has published articles in the New York Times, Time Magazine, Science Year-World Book, Horticulture, Science Digest, Medical Tribune and others. She is the co-author, with Prof. Marc Schiler, of "Landscape Design That Saves Energy." Last year, she won the Garden Writers Association of America award for the best magazine piece published during 1982.

Stuart W. Stein, professor of City and Regional Planning, has been reappointed by Gov. Mario M. Cuomo as chairman of the New York State Board on Historic Preservation, a post he has held since 1979. He was first appointed to the 12-member board in 1977. A member of the Cornell faculty since 1962, Stein is director of the Urban and Regional Studies Undergraduate Program and chairman of the Community Design Assistance Program. He teaches courses related to urban land use and design, historic preservation, and international urban development.

Paul E. Eshelman of the department of design and environmental analysis in the State College of Human Ecology has been promoted to associate professor. A specialist in interior and product design that reflects contemporary concerns in living and work environments, Eshelman has been a consultant to industry for designing computer terminal products and work stations. His teaching area includes basic interior design, drawing and design communications with an emphasis on the human environment.

Ardyth Gillespie of the Division of Nutritional Sciences has been promoted to associate professor. A member of the faculty in the State College of Human Ecology since 1978, Gillespie focuses her research on nutrition education and on models for communicating nutrition information. She pioneered the direct mail approach to nutrition education for county agents of Cornell Cooperative Extension, and served on the U.S. Department of Agriculture Expert Panel to Identify Priorities in Nutrition Education Research in 1980.

Dr. Jeffrey S. Borer has been named the Gladys and Ronald Harriman Professor of Cardiovascular Medicine at The New York Hospital-Cornell Medical Center, according to Dr. R. Gordon Douglas, Jr., Chairman of the Department of Medicine. The chair was established in 1963 with a gift from Mr. and Mrs. E. Ronald Harriman. A graduate of Cornell University Medical College in 1969, Dr. Borer joined the medical center in 1979 as chief of the Cardiac Catheterization Laboratory and co-director of nuclear cardiology. He was promoted to professor of medicine in 1982.

James E. McPherson has been named assistant dean and director of the Office of Student Services of the ILR School. After seven years in this position Frank Miller has elected to return to full time teaching in the School's Department of Personnel and Human Resource Studies.

Interaction Between Ca⁺⁺ and Cyclic AMP in the Control of Insulin Release," Geoffrey Sharp, 4:30 p.m. Tuesday, March 27, G-3 Veterinary Research Tower.

Plant Biology: "Leaf Development and Assimilate Partitioning," Robert Turgeon, 11:15 a.m. Friday, March 23, 404 Plant Science Building.

Poultry Biology: "Disorders of Immune Regulation in Autoimmune Thyroiditis," Joe Kite, SUNY Medical School at Buffalo, 4:30 p.m. Thursday, March 22, 300 Rice Hall.

Poultry Biology: "An Adaptation for Parasitism in Birds," Frederick B. Hutt, 4:30 p.m. Thursday, March 29, 300 Rice Hall.

Psychology: "Visual Motion Processing for Perception and Movement in Monkey Cerebral Cortex," Robert H. Wurtz, The National Eye Institute at Bethesda, 4 p.m. Friday, March 23, 202 Uris Hall.

Regional Science Students' Association: "Environmental Information Systems and Data Banks as Planning Tools," Michael Romanos, University of Illinois, 12:15 p.m. Friday, March 23, 208 W. Sibley Hall.

Rural Sociology: "Towards Resolution of the International Debt Quagmire," Robert Hanriques Girling, 12:15 p.m. Friday, March 23, 115 Tjaden Hall.

Toxicology: "Nutritional Modulation of Pancreatic Carcinogenesis in the Rat," B.D. Roebuck, Dartmouth College, 12:20 p.m. Friday, March 23, 100 Savage Hall.

Vegetable Crops: "The Effect of the Midge Predator (Aphidoletes aphidimyza) on Aphid Population on Tomatoes and Bell Peppers," Richard H. Meadow, 4:30 p.m. Thursday, March 22, 404 Plant Science Building.

Sports

Friday

Mar. 23, 4 p.m. Schoellkopf. Men's J.V. Lacrosse/Cobleskill.

Saturday

Mar. 31, 10 a.m. Schoellkopf. Women's Lacrosse-Yale.

Theater

Our Town

Thornton Wilder's "Our Town" opened in Drummond Studio on March 8 and will continue March 21-24 at 8:15 p.m. Tickets, which are available only at the Theatre Cornell Box Office, are \$4.25 for all performances.

The box office is open 1-6 p.m. Monday through Friday, telephone 256-5165.

Thurs. through Sat.

Mar. 22-24, 8:15 p.m. *Lincoln Drummond Studio. Theatre Cornell presents Thornton Wilder's "Our Town", a poignant study of life and death; and the priceless value of the smallest of life's events. Tickets are available only at the Theatre Cornell box office. It is open Monday-Friday from 1-6 p.m. and may be reached by calling 256-5165.

Barton Blotter

Two persons were referred to the Judicial Administrator, one for harassment and the other on charges of stealing a \$300 painting from the Space Science Building, according to the morning reports of the Department of Public Safety for the period March 12 through 18.

In addition to 16 reports of theft involving losses in cash and valuables of \$2,224 during the same seven-day period, there were seven reports of criminal mischief on campus with damage of some \$601.

Damage done to a wooden door and a paper dispenser in McGraw Hall was estimated at \$195; damage to a hasp and thermostat in Baker Laboratory was set at \$150, and damage to a lock in Olin Chemistry Research Building was estimated at \$112.

Among the 16 reported thefts were three wallets with losses totaling \$93 in cash and valuables. Some \$241.75 in quarters were reported stolen from washing machines in University Hall 4.

There was one arrest for driving while intoxicated on campus. The person was referred to Ithaca City Court.

University Personnel Services

Day Hall

Ithaca, New York 14853

607/256-5226

Please Note:

Job Opportunities is a publication of Staffing Services and is distributed each Thursday through the Cornell Chronicle. Applications for employment can be submitted through the mail. Application forms

are available by the posted **Job Opportunities** listing at 130 Day Hall. For more information on jobs listed, contact Staffing Services, 130 Day Hall, (607) 256-5226.

Employee Transfer Applications: Employees who wish to transfer to other jobs within the University should complete a separate Employee Transfer Application form for each position and submit them to Staffing Services. Individuals with official University layoff status will be given preference in referrals.

In response to the Employee Survey, individual copies of **Job Opportunities** will be available for all employees; complete job posting will be published Thursday of each week in the **Chronicle**. Consequently, the list will no longer be published in its previous form.

This listing is also available on CUINFC, Cornell University's computerized information service, along with campus bus,

movie, dining facility and library schedules. Each regular Cornell employee is entitled to a free computer account. For further CUINFO details, contact the Information and Referral Center at 256-6200 or Computer Services.

Selected job announcements are broadcast on Channel 13 television each Tuesday at 9:30 a.m. and 7:15 p.m. and each Friday at 11 a.m. and 5:15 p.m.

New vacancies are listed for two weeks in **Job Opportunities**.

*Asterisks identify jobs that were not listed last week.

Full-time jobs are 39 hours per week unless otherwise indicated. Jobs listed as SO, U1 and U2 are represented by bargaining units.

*Asterisks identify jobs that were not listed last week.

Job Opportunities

Cornell University is an equal opportunity, affirmative action employer.

Administrative/Professional

*Position: Public Affairs Regional Director, Northeast Regional Office (Repost)

Department: Public Affairs Regional Offices - Northeast Region, Wellesley, Mass.

Description: Plan, organize and direct a comprehensive regional public affairs program representing the University in its alumni affairs development, public relations and alumni secondary schools activities. Recruit, train and manage an extensive alumni volunteer regional network in close coordination with the University's central public affairs and college programs.

Requirements: Bachelor's degree or equivalent. 3-5 years experience in public affairs, development and/or alumni relations in higher education or closely related field. Demonstrated managerial ability. Excellent communication and writing skills and a strong commitment to volunteerism. Willingness to travel and work in a complex organization with diverse individuals and groups.

Minimum Starting Salary: \$15,500
Job Number: P072

Position: Vice President, Finance and Treasurer

Department: Senior Vice President

Description: Serve as principal financial officer of the University providing leadership to assure effective policies and programs in asset and liability management; financial operations and financial information and control; and also development of capital and financial plans.

Requirements: Bachelor's degree. Requires broad-based experience as financial executive. Proven managerial competence and thorough knowledge of and experience in one or more areas of finance. Excellent communication skills.

Job Number: P117

Position: Director of Lab Operations

Department: Equine Drug Testing - Roosevelt/Yonkers Raceway

Description: Operate a field drug testing laboratory at Roosevelt and Yonkers Raceways. Supervise and train five technicians. Responsible for the analysis of blood and urine samples by thin layer chromatograph and gas chromatograph. Five days per week (Sat., Sun. & Holidays included).

Requirements: M.S. or equivalent in chemistry, biochemistry or toxicology. Extensive experience in isolation, purification and identification of drug and drug metabolites. Thin layer chromatography, gas chromatography and supervisory experience essential.

Minimum Starting Salary: \$20,000
Job Number: PT111

Position: Research Support Specialist III
Department: National Submicron Facility

Description: Supervise and operate silicon processing facilities, including thermal processing furnaces, dual e-gun evaporator and reactive ion etchers for the purpose of providing a user

research resource to scientists from Cornell and across the country. Carry out research with these systems, assist in report and article writing and maintenance of system. Oversee two staff members and several graduate students.

Requirements: Master's degree or equivalent in electrical engineering, materials science, physics, or related field. Some silicon device and circuit fabrication work experience.

Minimum Starting Salary: \$15,500
Job Number: PT112

Position: Research Support Specialist III
Department: Clinical Sciences - Theriogenology

Description: Provide technical support in biomedical engineering for a research group specializing in reproductive biology. Duties will involve the design and production of electronic equipment as well as computer and microprocessor-aided data acquisition systems and programming.

Requirements: Master's degree or equivalent in electrical engineering. Electronic equipment design and troubleshooting. Computer programming. Some experience in bioengineering would be useful.

Minimum Starting Salary: \$15,500
Job Number: P088

Position: Senior Research Support Specialist
Department: Agricultural Economics

Description: Responsible for the planning, conducting and reporting research on the economic, financial and technical aspects of alternative biotechnology products and processes relevant to agriculture and the food industry. Position funded until 9/30/87, extension based on continued funding.

Requirements: M.S./Ph.D. in economics or agricultural economics. Course work in biological sciences or chemistry helpful. Knowledge and demonstrated use of computers, economic theory, quantitative methods and techniques of risk analysis required.

Minimum Starting Salary: \$15,500
Job Number: P491

Position: Coordinator, Office Information Systems

Department: Graduate School of Management
Description: Coordinate the computerization of the External Affairs manual office information systems. Responsible for the analysis, design and implementation of new and/or existing systems. Evaluate, select and oversee software installations. Perform and manage statistical analysis, including report generation.

Requirements: Associate's degree or equivalent. Experience in development of office automation. Knowledge of computer word processing, data base management and statistical analysis preferred. Strong organizational and communication skills (oral and written).

Minimum Starting Salary: \$12,500
Job Number: PT118

Position: Assistant Coordinator of Education
Department: Johnson Museum

Description: Assist the Coordinator of Educa-

tion in planning, development, implementation and evaluation of museum's education programs.

Requirements: Bachelor's degree or equivalent in museum education or a related area. Previous teaching experience in museum education and/or art related programs is necessary. Good interpersonal and communication skills required. Ability to work independently. Willingness to work flexible hours.

Minimum Starting Salary: \$12,500
Job Number: PT116

Position: Student Insurance Representative
Department: University Health Services

Description: Supervise all activities relating to the processing and payment of medical insurance claims for 9,500 students and their spouses; athletic medical coverage for 1,500 intercollegiate athletes.

Requirements: Associate's degree or equivalent. At least five years experience in insurance, medical or health-related offices. Good with numbers. Supervisory skills essential. Ability to communicate well and explain medical insurance policy clearly. Ability to work with subscribers, physicians, medical support staff, other insurance companies and different university staff. Knowledge of medical terminology and procedures. Send cover letter and resume by March 23, 1984.

Minimum Starting Salary: \$12,500
Job Number: PC115

Clerical

All applicants interested in positions requiring typing must take an official university test. Tests are given Mondays and Wednesdays at 8:10 a.m., Room 337, Statler Hall. Please contact Staffing Services for an appointment.

*Position: Administrative Aide, GR21
Department: Care of Buildings

Description: Provide administrative and secretarial support to Superintendent and staff. Responsibilities include typing, transcription and editing; organizing and scheduling appointments and meetings; establishing and maintaining office filing system; collecting data and preparing reports; interfacing with public and Cornell staff; overseeing temporary office staff and assisting with special projects.

Requirements: Associate's degree or equivalent. Heavy typing. Extensive administrative/secretarial experience. Strong organizational, interpersonal and communication (oral and written) skills. Ability to work under pressure in a complex, active environment. Ability to handle highly sensitive and confidential matters. Accuracy and attention to detail essential. Training and/or experience with personal computer (IBM/Apple) preferred.

Minimum Starting Salary: \$11,875
Job Number: C126

*Position: Office Assistant, GR20
Department: Cornell Plantations
Description: Plantations Gift Shop Manager. Responsible for the planning and daily man-

agement of the Plantations Garden Gift Shop. Coordinate guided group tours of Plantations.

Requirements: Associate's degree or equivalent. Light typing. Two years retail sales management experience required.

Minimum Starting Salary: \$11,180
Job Number: C123

*Position: Office Assistant, GR20
Department: Computer Services

Description: Disburse information and answer basic questions related to personal computers, terminals and communications; receive and process customer requests for services (purchase, lease and repair of equipment); track the status of projects; prepare source documents for a computer generated billing; typing, filing and answering telephones.

Requirements: Associate's degree or equivalent combination of education and experience. Light typing. Strong interpersonal and organizational skills essential. General administrative typing and telephone skills desirable. Familiarity with personal computers and terminals helpful. Ability to work under pressure in a complex, active environment.

Minimum Starting Salary: \$11,180
Job Number: C122

*Position: Secretary, GR18

Department: Center for Radiophysics and Space Research Laboratory for Planetary Studies

Description: Wide variety of secretarial duties including typing of scientific papers, handling heavy volume of correspondence; preparing purchase orders, vouchers; putting government grant-related material into final form; totally responsible for maintaining an extensive file system in an efficient manner to facilitate quick retrieval of information. Xeroxing, mailing and filing of all of the above is a fundamental part of this job.

Requirements: Secretarial school or equivalent experience required. Heavy typing. Excellent organizational skills. Fast, accurate typing. Excellent spelling and grammar required. Excellent telephone etiquette and ability to work under pressure in a complex, active environment.

Minimum Starting Salary: \$10,000
Job Number: C129

*Position: Office Assistant, GR18

Department: Graduate School - Admissions Office

Description: Process graduate applications, admissions, refusals and other actions as authorized; maintain records; type correspondence; maintain admission statistics; provide information to faculty and applicants.

Requirements: H.S. education or equivalent; business or secretarial school preferred. Medium typing. Knowledge of Xerox 860 desirable. Strong organizational skills. Attention to detail. Accuracy essential. Ability to work independently and under pressure. Familiarity with academic environment (terms) desirable.

Minimum Starting Salary: \$10,000
Job Number: C1212

***Position: Secretary, GR18**

Department: Facilities & Business Operations

Description: Typing, filing, answering telephone; scheduling meetings; arranging travel; maintaining office supply inventory. Other duties as assigned.

Requirements: H.S. education or equivalent. Heavy typing. Some secretarial experience. Excellent organizational and interpersonal skills. Ability to handle confidential materials with discretion essential. Knowledge of word processor (IBM Displaywriter) helpful.

Minimum Starting Salary: \$10,000

Job Number: C125

***Position: Secretary, GR18**

Department: Human Development & Family Studies, New York City

Description: Under the general direction of the New York City Family Life Development Center Coordinator, provide clerical and secretarial support for professional staff in New York City and support functions for New York City Resource Library. Duties include typing, filing, answering telephone. Other duties as assigned. full-time, regular until 9/30/84.

Requirements: H.S. education or equivalent. Medium typing. Office experience helpful. Strong organizational, interpersonal and communication skills.

Minimum Starting Salary: \$10,000

Job Number: C124

***Position: Office Assistant, GR17**

Department: Veterinary Administration

Description: Answer and route all incoming calls for approximately 900 employees at the College of Veterinary Medicine.

Requirements: Minimum H.S. education or equivalent. Light typing. Switchboard operator experience or knowledge of computerized telephone console system. Familiarity with computer terminals and knowledge of medical terminology helpful. Excellent telephone etiquette and ability to work under pressure in a complex environment.

Minimum Starting Salary: \$9,492

Job Number: C1210

Position: Administrative Aide, GR20

Department: University Registrar

Description: Provide administrative and advanced word processing support for University Registrar and Vice Provost for Undergraduate Education. Process diplomas; manage daily operations of the office system components of University Registrar's minicomputer system; type correspondence, manuscripts; make travel arrangements; maintain calendar; answer telephone; handle special projects as assigned.

Requirements: Associate's degree or equivalent. Heavy typing. At least two to three years administrative and/or secretarial experience. Knowledge of word processor or computer. Excellent organizational, interpersonal and communication (written and oral) skills; discretion in dealing with confidential matters.

Minimum Starting Salary: \$11,180

Job Number: C119

Position: Stockkeeper, GR19

Department: Chemistry

Description: Maintain stockroom computerized inventory data base. Enter data from sales tickets, receipts and orders; adjust price and other data fields as necessary; act as stockroom clerk to dispense labware and chemicals.

Requirements: Associate's degree or equivalent. Medium typing. Working knowledge of computer operation. Programming skills desirable. Knowledge of accounting desirable. Good human relations skills. Extremely accurate typing.

Minimum Starting Salary: \$10,595

Job Number: C115

Position: Secretary, GR18

Department: Environmental Health

Description: Under the general supervision of the Administrative Aide, assists in maintaining the office, personnel radiation dosimetry and radioisotopes inventory records; typing; copying; collating; filing; answering telephone.

Requirements: H.S. education or equivalent. Medium typing. Some secretarial experience. Accuracy extremely important. Knowledge of word processor desirable. Familiarity with algebra helpful.

Minimum Starting Salary: \$10,000

Job Number: C118

Position: Senior Circulation/Reserve Assistant, GR18

Department: Graduate School of Management

Description: Control and process reserves (full-time responsibility in the first months of the academic term). Alternate with other staff in overseeing part-time staff and in serving at the

circulation desk; provide general reference and information service. Oversee the library on Saturdays. Perform selected technical processing functions. Search on RLIN. Monday - Saturday, 39 hours per week.

Requirements: Associate's degree or equivalent experience. Medium typing. Previous library or office experience desirable. Good organizational, interpersonal and communication skills.

Minimum Starting Salary: \$10,000

Job Number: C1110

Position: Office Assistant, GR18

Department: Graduate School

Description: Entries on CRT; processing forms related to graduate student records; answering inquiries both on the telephone and in person; assisting in course enrollment and at receptionist desk; handing out and receiving forms; reading and coding application letters.

Requirements: H.S. education or equivalent. Light typing. Knowledge of college setting helpful. Strong organizational and communication skills. Ability to work independently. CRT experience desirable.

Minimum Starting Salary: \$10,000

Job Number: C111

Position: Office Assistant, GR17

Department: Traffic Bureau

Description: Issue parking permits and bus passes; process violation forms for Cornell community members and visitors; answer inquiries relating to campus parking, traffic rules and related matters.

Requirements: H.S. education or equivalent. Light typing. Strong communication skills. Knowledge of campus parking program and traffic rules. Aptitude for figures. Some familiarity with microcomputers or data processing systems. Good public relations.

Minimum Starting Salary: \$9,492

Job Number: C113

Position: Office Assistant, GR17

Department: Media Services (Printing)

Description: Assist in completion of printing jobs and act as receptionist for Media Services Printing. Duties including answering telephone; processing mail; typing; collating, stapling and operating various paper handling devices (cutter, folder, drill, shrink wrapper). Other duties as assigned.

Requirements: H.S. education or equivalent. Light typing. Some experience in commercial print shop, copy center or service-oriented business. Strong organizational, interpersonal and communication skills.

Minimum Starting Salary: \$9,492

Job Number: C116

Position: Accounts Assistant, GR16

Department: Statler Inn

Description: Type purchase orders for the School of Hotel Administration and Statler Inn. Assist with accounts payable responsibilities; serve as receptionist and provide clerical support for Statler Accounting Department. Monday - Friday, 10:00 a.m. - 6:00 p.m.

Requirements: H.S. education or equivalent. Medium typing. Some office experience. Knowledge of accounting, bookkeeping.

Minimum Starting Salary: \$9,040

Job Number: C117

General Service

***Position: Maintenance Mechanic, GR23**

Department: Buildings & Properties, Geneva, NY

Description: Carry out maintenance repairs, fabricating and renovating buildings and equipment in physical plant, laboratory facilities and Station houses. Assist other trade shop personnel in completion of special projects.

Requirements: H.S. education or equivalent, two year degree in trades desirable. Two to four years experience in structural maintenance work including knowledge and skills in building trades; carpentry, masonry, cabinetry, roofing and plumbing. Ability to read and understand blueprints, sketches and shop drawings. Ability to work independently.

Minimum Starting Salary: \$13,265

Job Number: S121

***Position: Photo Assistant, GR20**

Department: Architecture, Art and Planning

Description: Provide photo services, including copywork and slide duplication; process film; maintain audio-visual and darkroom equipment; cover circulation desk and oversee student monitors; maintain darkroom chemical supplies; enforce darkroom rules; assist in instruction of photographic and darkroom techniques.

Requirements: Associate's degree or

equivalent preferred. Two years of darkroom work experience in a commercial or educational setting, including processing of Ektachrome and black and white slide film. Possess working knowledge of darkroom techniques, photo chemicals and equipment. Ability to maintain and perform routine repairs on equipment. Good interpersonal skills and ability to instruct others in photography.

Minimum Starting Salary: \$11,180

Job Number: S122

Technical

Applications for Technical positions should include the following information:

- Scientific/technical courses completed;
- Lab techniques and/or equipment (knowledge of)
- Special skills (e.g. knowledge of computer language)

***Position: Technician, GR21 (Repost)**

Department: Chemistry

Description: Assist in carrying out research projects in biochemistry such as enzymatic preparations, assays, characterization; responsible for laboratory administration such as ordering chemicals, keeping inventory and radiation safety records and supervising student dishwashers.

Requirements: Bachelor's degree or equivalent in chemistry. Some experience working with proteins and enzymes and with biochemical preparations. Good organizational skills.

Minimum Starting Salary: \$11,875

Job Number: T022

***Position: Technician, GR18**

Department: Equine Drug Testing & Research Program, Vernon Downs Racetrack

Description: Perform routine analysis of horse blood and urine in the field lab at Vernon Downs, Vernon, NY. Saturdays, Sundays and Holidays (five days per week), 1:30 p.m. - 10:00 p.m.

Requirements: Associate's degree or equivalent experience. Experience with thin layer chromatography and general laboratory procedures.

Minimum Starting Salary: \$10,000

Job Number: T121

***Position: Research Assistant I**

Department: Boyce Thompson Institute - Contact Department Directly (see below)

Description: Assist in research project on leaf development in legumes. Help conduct laboratory and greenhouse experiments to study leaf growth, source-sink relationships and dry matter partitioning. Study the hormonal control of photosynthate translocation and leaf growth. Investigate the relationship of leaf growth to whole-plant photosynthesis.

Requirements: Bachelor's degree or equivalent in biological sciences with course work in agronomy, biochemistry, chemistry and plant physiology. Experience in radioisotope techniques, statistics and computer programming highly desirable.

Minimum Starting Salary: \$11,000

Contact Department Directly: Dr. D.L. Sirois, Boyce Thompson Institute, 257-2030

Position: Laboratory Equipment Technician, GR24

Department: Mechanical & Aerospace Engineering

Description: Advise, instruct and assist technicians, students and staff in proper use of machine shop facilities (e.g., safety, selection of appropriate machine methods and materials, set up, and design changes); assist in teaching manufacturing related labs; maintain shop facilities; some machining for the Technical Services Facility.

Requirements: Associate's degree or equivalent in mechanical technology. Training in engineering, manufacturing and/or computers preferred. Several years experience in a machine shop using small tool room lathes and/or Bridgeport milling machine. Knowledge of basic electronics; interest and ability to use computer software, computer-operated machine tools and other modern manufacturing equipment. Good oral communication skills.

Minimum Starting Salary: \$14,075

Job Number: T113

Position: Technician, GR19

Department: Equine Drug Testing & Research Program

Description: Perform routine analysis of horse blood and urine in the field lab at Vernon Downs, Vernon, NY. Fridays, Saturdays, Sundays and Holidays, 1:30 p.m. - 10:00 p.m., five days per week.

Requirements: Associate's degree or equivalent experience. Experience with thin

layer chromatography and general laboratory procedures.

Minimum Starting Salary: \$10,000

Job Number: T111

Position: Research Assistant I or II

Department: Boyce Thompson Institute - Contact Department Directly (see below)

Description: Assist in chemical synthesis of oligonucleotides and structural analysis of DNA molecules.

Requirements: B.S. or M.S. in analytical or organic chemistry; research experience preferred in nucleic acid or protein chemistry and familiarity with HPLC, column chromatography and gel electrophoresis.

Hiring Range: \$12,000 - \$14,000

CONTACT DEPARTMENT DIRECTLY: Dr. A.A. Szalay, Boyce Thompson Institute, 257-2030, Extension 315

Position: Research Equipment Technician, GR24

Department: Biochemistry/CHESS

Description: Design specialized x-ray diffraction apparatus; produce mechanical drawings; oversee the production, assembly, testing and use of final parts.

Requirements: Bachelor's degree or equivalent in engineering or physical science. Experience in creative design, metal working and mechanical skills essential. Experience with electronic instrumentation and computer programming desirable.

Minimum Starting Salary: \$14,075

Job Number: T102

Position: Technician, GR18

Department: Avian & Aquatic Animal Medicine

Description: Provide technical assistance in varied biological research procedures. Prepare media for mycoplasma and viral cultures; collect blood and other tissue samples from chickens and other lab animals; process samples for testing; prepare, inoculate and harvest chick embryos and embryonic fluids for virus isolations; prepare medium and reagents for serological tests.

Requirements: Associate's degree in biology or equivalent. Familiarity with lab procedures and aseptic techniques. Laboratory experience helpful.

Minimum Starting Salary: \$10,000

Job Number: T101

Part-time

***Position: Office Assistant, GR18**

Department: Clinical Sciences

Description: Front desk reception and gathering client history and patient case information; answering and transferring large volume of client and information telephone calls; operating the computer terminal for medical records functions; handling discharge of patients and cashiering. Part-time, regular, 24 hours per week to be arranged.

Requirements: H.S. education or equivalent. Light typing. Knowledge of medical terminology. Ability to work independently. Strong interpersonal and communication skills. Ability to work in a complex, active environment.

Minimum Starting Salary: \$10,000/annual equivalent

Job Number: C121

***Position: Secretary, GR18**

Department: Patents and Licensing

Description: Share responsibilities for secretarial support to three professionals. Duties include typing correspondence; filing; bookkeeping; acting as receptionist; making travel arrangements; processing vouchers. Part-time, regular, 6 hours/day, 5 days/week.

Requirements: H.S. education or equivalent. Heavy typing. Excellent interpersonal and communication (written and oral) skills. Ability to work under pressure. Some experience working in legal office. Knowledge of business equipment (word processor, dictaphone, calculators). Must be able to interact well with the public.

Minimum Starting Salary: \$10,000/annual equivalent

Job Number: C128

Position: Assistant Director, Cornell Tradition Fellowship Program

Department: Financial Aid - Student Employment

Description: Responsible, in conjunction with the Program Director of Student Employment, for the administration of the Fellowship components of the Cornell Tradition. Coordinate the application and nomination process for the freshmen/transfer and academic year fellowship components of the Cornell Tradition. Responsible for the organization and implementation of

Brief Reports

CISER Directory Is Available

A new and expanded version of the Directory of Cornell Social Scientists and Economists is now available through the Cornell Institute for Social and Economic Research.

The second edition of the directory, first compiled and published by CISER in 1983, is being distributed free to 27 academic departments represented in it and to 14 libraries on campus as well as various administrative offices.

Individuals may obtain copies at \$3 each by calling Alice TerLouw at the CISER office at 332 Uris Hall, telephone 256-4801.

The directory is designed as a single source of information about current social science research at Cornell. It has 161 pages, with listings for 425 faculty and professors emeritus with ongoing social science and related research interests.

Part I of the directory contains biographical information and a paragraph listing research interests for each individual. Part II is a new expanded listing by research topic, which makes it possible to look up a specific topic of interest to see who is doing work in that area.

Chasen Memorial Competition Open

Entries are being accepted for the 1984 Chasen Memorial Prize competition in poetry. A \$500 prize will be awarded by the Margaret Rosenzweig Fund in memory of Robert Chasen.

The contest is open to any Cornell student. Submissions must be a single long poem or a sequence of integrated short poems totaling 300 lines or more.

Students are encouraged to submit more than one poem for this competition, though they may not enter the poetry submitted for this contest in other poetry competitions.

Poems should be submitted to Judy Bower, 315 Day Hall, by noon on Monday, April 16. Each entry must be submitted under an assumed name which should be written on the outside of a sealed envelope. Inside the envelope, the entrant should enclose his or her real name and local address.

For further information, contact David Novarr, professor of English, 69 Goldwin Smith Hall.

Library Information System Will Be Demonstrated

The third in a series of demonstrations of computer-based library information systems will take place from 9 a.m. to 10:15 a.m. Tuesday, March 27, in the Statler Ballroom.

Representatives from Geac Computer Corporation will give a non-technical explanation of the effect that library automation will have on academic research, which will be followed by an on-screen demonstration of the Geac system's "Public Query" capacity.

All members of the Cornell community are welcome and encouraged to attend. For further information contact Howard Curtis at 256-3240.

Basketball Banquet At Statler April 15

The Cornell basketball team will hold its annual post-season banquet on Sunday, April 15, at the Statler Ballroom and the public is invited to attend the event. The Big Red basketball team will be honored that evening for its first winning season in 16 years, 16-10 overall and 9-5 in the Ivy (tied for second place).

The banquet will begin at 5:30 p.m. with cocktails, and dinner will be served at 6:00.

The cost of attending the event is \$14 per person and it will be a buffet meal. The menu includes lobster bisque en croute, assorted relishes and vegetables, sliced pastrami and turkey, carved top round au jus, Dixie fried chicken, fresh broccoli, oven brown potatoes, seafood Newburg with rice, fruited jello molds, fresh strawberry shortcake, rolls and beverage.

If you would like to sponsor a member of the Cornell basketball team in addition to attending the banquet, please send checks to Eben McNair, Development Office, Sage House, E. Seneca Street. For more information, contact Florence Berger at 256-3846 or 257-6690.

ILR School Sponsors Conference in D.C.

The New York State School of Industrial and Labor Relations will sponsor a National Conference on Economic Dislocation and Job Loss in Washington, D.C. April 9 and 10.

Among the guest speakers, at the conference to be held in the Washington Plaza Hotel, will be Jack Sheinkman, secretary-treasurer, Amalgamated Clothing and Textile Workers Union, AFL-CIO; and the Rev. Thomas J. Harvey, executive director, National Conference of Catholic Charities.

More than 300 union leaders, government officials, business leaders, academics and journalists are scheduled to take part in a series of workshops on various aspects of the overall theme of the conference including:

- Impact of plant closings on specific industries; women, older workers, and minorities; geographic regions; and communities;
- Federal Tax Policies affecting economic dislocation and recovery;
- Case studies on preventing dislocation;
- Case studies in worker ownership.

Among the Cornell faculty serving on the workshops, which will include leading authorities from across the country, will be William G. Whyte, professor emeritus, and Charles Craypo, both of the ILR school.

More than 20 national union organizations and public and private agencies concerned with the nation's work force are helping to support the conference. Betty G. Lall, associate director of the NYSSILR, Metropolitan District, is conference director.

Operating Engineers Sign Contract

Cornell and the International Union of Operating Engineers have reached agreement on a two-year contract that covers the university's 36 employees in the Heating Plant, Water Filtration Plant and Chilled Water Plant.

The agreement provides for wage increases averaging 5¼ percent the first year and 5 percent the second year, as well as other contractual adjustments, according

to E. Peter Tufford, manager of employee relations.

Cecil Murphy, director of employee relations, said, "Cornell is pleased with the agreement and the spirit of cooperation demonstrated by both sides during the contract negotiations. Cornell feels that the contract is reasonable and fair for the university and the covered employees."

The new agreement expires on March 14, 1986.

May Graduates Can Buy Discount Computers

Seniors and graduate students receiving diplomas in May will be eligible to purchase microcomputers with manufacturers' discounts through a special program announced by Cornell Computer Services.

Discount purchase of microcomputers will be offered to other undergraduates as soon as the equipment is available in quantity, probably in the fall, according to John W. Rudan, assistant vice provost for computing.

"Details concerning the price and configuration of a limited number of systems from both DEC and IBM will be available April 2," Rudan said. "Prices for these configurations range from \$1,900 to \$5,000 and represent discounts of 25 to 60

percent."

Certain conditions will be placed on the purchase of computers through these discount programs, including restrictions on their resale and a limit of one per student from each manufacturer.

Orders will be taken in G-20 Uris Hall starting at 9 a.m. Monday, April 2, and ending at the close of business on Friday, April 13. If enough systems cannot be obtained to fill all orders by May 25, Computer Services will conduct a lottery to select those who will be offered the opportunity to purchase systems. The selected students will then be contacted and arrangements made to complete purchase agreements, which require full cash payment at the time of signing.

Three Biochemistry Grads Win Teaching Awards

Three students in the graduate field of Biochemistry, Molecular and Cell Biology, Jeffrey Goliger, Keith Verner and Michelle Zagotta, have received the DuPont Award for excellence in teaching.

Funded by E.I. du Pont de Nemours and Company, the award honors graduate teaching assistants who have made extraordinary contributions to the teaching program of the Section of Biochemistry, Molecular and Cell Biology.

Jeffrey Goliger, a Ph.D. candidate, receive his B.A. from Colby College in 1981 and assisted Senior Lecturer Renee Alexander in Bio. Sci. 430, an introductory biochemical techniques course. Keith Verner, also a Ph.D. candidate, received a

B.S. from Wayne State University in 1977 and came to Cornell in 1981. He assisted Professor Jane Gibson in Bio. Sci. 630, an advanced laboratory course in cell biology. Michelle Zagotta, who is working towards the Ph.D. degree, came to Cornell in 1982 after receiving her undergraduate training at the University of California Davis. She assisted Professors Bik Tye, Keith Moffat and Robert Barker in the teaching of Bio. Sci. 333, an introductory lecture course.

Formal presentation of the awards, which encourage graduate teaching assistants to improve their teaching skills, will be made by the section chairman at a regularly scheduled seminar of the field. The award certificates are accompanied by a cash prize.

Job Opportunities

Continued from Page 7

the Summer Fellowship program. Maintain records of expenditures; provide demographic and descriptive information on applicants and recipients required for reporting purposes. Part-time, 20 hours/week, will become full-time in July, 1985.

Requirements: Bachelor's degree or equivalent; Master's degree preferred. Several years experience in financial aid, student employment or related field.

Minimum Starting Salary: \$12,500/annual equivalent

Job Number: PT113

Position: Secretary, GR18
Department: Vice President for Research & Advanced Studies

Description: Provide general office support to office of V.P. for Research and Advanced Studies. Primary duties consist of typing; filing; travel arrangements; collecting/distributing mail; copying documents. Other duties as assigned. Monday-Friday, 4 hours/day flexible.

Requirements: H.S. education or equivalent. Business or secretarial school preferred. Medium typing. Two to three years secretarial ex-

perience in a corporate or university setting. Must have excellent spelling and grammar. Good interpersonal skills. Ability to handle confidential materials with discretion essential. Ability to work independently.

Minimum Starting Salary: \$10,000/annual equivalent

Job Number: C114

Temporary

In addition to regular, part-time opportunities, Temporary (less than six months) positions, both full-time and part-time, are available. Although many openings are clerical, there are often positions offered in other areas. As Temporary openings do not always appear in this listing, please contact Staffing Services for more information.

Position: Temporary Technician, T-2
Department: Physiology
Description: Carry out all functions associated with the study of transfer of inorganic ions and large molecules across mammary glands. Collect and analyze samples; calculate and record data; laboratory maintenance. Full-time, tem-

porary until 9/30/84.

Requirements: Bachelor's degree or equivalent in animal science or biological sciences. Chemical analysis experience desirable; ability to use spectrophotometer and perform data calculations. Familiarity with gamma counters, liquid scintillation counter, microcomputers and calculators helpful.

Minimum Starting Salary: \$4.50/hour
Job Number: T112

Academic

Please contact department directly.

***Position:** Assistant Professor (studio courses in photography and drawing)
Department: Art, College of Architecture, Art and Planning
Job Number: A121

Position: Assistant Professor (Grape Entomologist)
Department: NYS Agricultural Experiment Station-Geneva, NY
Job Number: A092

Networking

A Cornell Newsletter Published by Employees for Employees

SPECIAL ELECTION ISSUE

Don't Forget to Vote!

On March 19, ballots were mailed to employees for election of Assembly seats and one Trustee. We urge each of you to take a few minutes to mark your ballots and return them.

The election of Trustee will be the first since the decrease in size of the Board of Trustees. This means for the employees that we will go from two trustees for a two-year term to one

trustee for a four-year term. This is an important position and each employee should have a voice in who represents us. Likewise, the representatives on the Employee Assembly are your fellow employees who address issues that concern us all. Please take the time to read the candidates' statements and cast your ballot. These statements will be printed in *Networking*

and will be included in the mailing of ballots. There will also be a "Meet the Candidates" brown bag luncheon on March 22, 12:00 - 1:00 in 401 Warren Hall. This will be a good opportunity for you to meet and ask questions of the candidates.

After the elections, seats remaining unfilled will be turned over to the Internal Operations

Committee with a charge to solicit and seek out candidates. If you are interested in being an employee representative on the Assembly, you can contact the IOC Chairman, George Peter at 256-5274 or the Office of Assemblies at 256-3715 to have your name considered.

Don't hold your ballot. Deadline for return is April 4. Let your vote count!

Here Are the Candidates and Their Campaign Statements

Ann D. Argetsinger

I like Cornell and if that sounds hokey, then I guess I'm pretty hokey. Cornell has always been very much a part of my "townie" life. I started working here in the mid-sixties part-time in the Alumni Records Office and in '68 started working full time in Agricultural Economics. I left Agricultural Economics and Ithaca the summer of '78 to seek fame and fortune (especially fortune) in Dallas, Texas. But life is full of surprises. I ended up working very hard in the Pocono Mountains and counting black bears in my garbage cans before I returned to Ithaca and Cornell early in '81. I am currently a secretary in Cooperative Extension in Roberts Hall, on the board and strong supporter of the Cornell Recreation Club, a vocal spectator at numerous sports events, and recently became an extramural student.

I feel the Employee Assembly gives Cornell employees an excellent channel for communication with the administration. I would like to become involved, perhaps have some input in the changes affecting me at Cornell, and also get other employees of the university involved, or at least be better informed.

Cornell isn't perfect, nothing is, but if we make the effort to effectively use the channels available to us for change, we might surprise ourselves.

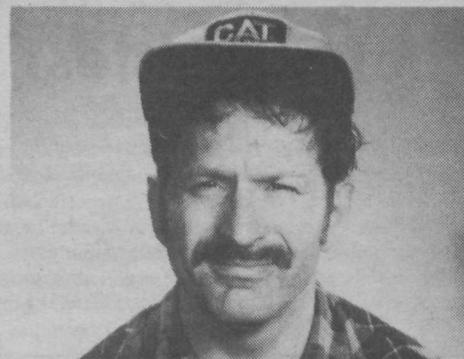

Mary E. DellaValle

Over the past year, I have been the Chairperson of the Employee Assembly. I have met many employees at the Employee Assembly

sponsored breakfasts and luncheons with administrators and have had the opportunity to hear directly what employee concerns are. In addition to my duties as Chair, I have been one of the employee representatives to the University Assembly which has policy jurisdiction over some areas of campus life, including transportation and parking.

Representing employees on the Flexible Compensation Committee has enabled me to have input on a basic issue to all of us - benefits. I continue to feel that one voice is not enough and so in an effort to have all employees voice an opinion on benefits, the campus wide meetings were sponsored by the Employee Assembly with the help and cooperation of Personnel.

Please re-elect me to keep the Employee Assembly a positive and active force at Cornell.

Vincent Fuchs

I worked with the Senate from 1970-1974. I hope to serve on the Employee Assembly and seek the advice and concerns of the employees who nominated me.

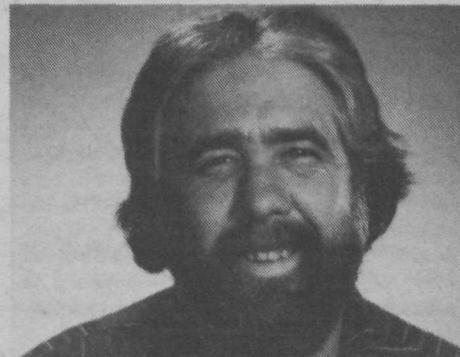

I am looking forward to serving the employee constituency.

William T. Genter

I have been employed as a Research Support Specialist II in the National Astronomy & Ionosphere Center. Recently, I have served as chairman of both the Special Request Appeals Board and the Violations Appeals Board. This experience has made me acutely aware of the

mobility problems encountered by fellow employees on campus. Previously, I served on the fourth, fifth and sixth Senates. My outside activities include Fire Commissioner for the Town of Danby and assist with the Special Olympics.

Perry L. Husted

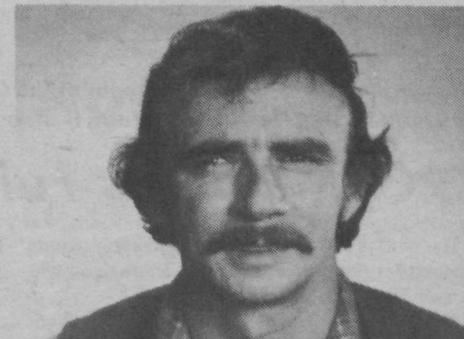

I am 35 years old and have lived in Ithaca since 1971. My father has been a town councilman in Rockland County for over 30 years and having been raised during that time, I am well aware of what representing the people means.

I have worked at Cornell for three years and served on the Employee Assembly for the past year in an appointed position, filling a vacancy. It is tremendously important that employees can have a place to voice their feelings about things that will affect them and this Assembly provides that forum. I feel my experience and my resolve to serve the employees of this university qualifies me to seek this post and I ask for your support.

Lottie Johnson

Having served two terms as a member of the Employee Assembly and being exposed to campus governance, I would like the opportunity to go on serving the employee public as a member representative. I feel I may be able to serve with much improved knowledge and better results than in past terms. I have been a member of the Cornell community for 20 years with the Division of Nutritional Sciences.

William E. Sherwood

I have been employed at Cornell Plantations for 15 years. Benefits have decreased at face value and many new proposals have been started without proper employee input. Proposals are implemented and then employees respond after the fact. This disturbs me greatly and if I can do anything to make this situation more democratic, I will do my best to let people be heard when and where it counts.

I ask for your support and input to make this a place we can be proud to work.

Maria G. Vogrman

Having been an employee of University Personnel Services for the past 2 1/2 years has given me the opportunity to be aware of many happenings all over the campus. I am very interested in employees' representation in the decision-making process of university policy which affects all of us.

I am a native Ithacan with two children. My involvement in the community has been through volunteer work, and for the past two years I have been president of a philanthropic organization which raises money for local, national and international charities. I have also been a department representative for the Employee Day Barbecues and am currently on the University Service Recognition Banquet committee.

I look forward to the opportunity to serve all of the employees at this university.

Bring your lunch and talk with those running for Employee Assembly and Employee Trustee seats Thursday, March 22, 12:00 - 1:00, 401 Warren Hall.

Chefs at the recent spaghetti supper of the Cornell Recreation Club, in the right hand photo, are (from left) Helen Lehman, Andrea Hodges and Donna Vose. Serving at left are Gloria Crissey (left) and Marisue Bishop. (Photos by Fleet Morse)

CRC, Members Full of Spaghetti, Off to New Adventures Here and There

The club is busy with many interesting events planned for the coming months. There seems to be something for everyone:

March 23 — A wine and cheese reception for Hawaii travelers to share slides and pictures and memories - OPEN to all interested in hearing about the trip. Also a Preview of Cruise in 1985 will be featured. RSVP to the CRC office or Dot Messenger, (256-7743) Roberts Hall. Helen Newman Lounge at 4:30 p.m.

March 24 — A full bus will be going to the Ice Capades at the Syracuse Memorial. *Sold Out*

April 19 — Orientation for Washington, D.C. participants to meet and talk about the trip's itinerary with Caverlee Cary, trip leader (Plantations staff). Helen Newman Lounge at 5:00 p.m.

May 5 - 8 — Washington, D.C. trip *Sold Out*
May 19 - 20 — Deep sea fishing trip to Wildwood, New Jersey. Group will leave Friday

midnight and return late Saturday evening. The cost of \$100/member covers fishing gear and boat, round-trip bus and motel. Make your reservations at the CRC office. Deadline is May 4.

On Down the Road

July 21 — Yankee Old Timers Game and New York vs. Minnesota at Yankee Stadium.

Sometime in July or August—Trip to Toronto (week-end) to see the Blue Jays and/or other interesting sights. Look for details in future

Networking issues.

CRC Spaghetti Supper on February 28 — *A Big Success*

The chefs, Andrea Hodges and Gloria Howell, served delicious home-made spaghetti and meatballs to nearly 200 people on that snowy night. Everyone enjoyed the camaraderie of talking with new and old friends. Talk was started about doing this sort of thing more often — any ideas? Let the CRC office know.

FOCUS

On the Employee Assembly

It was standing room only when the Employee Assembly met March 7 to hear about proposed major changes in transportation services on campus. After a slide presentation outlining these changes by Bill Wendt, director of transportation, the audience was invited to ask questions.

Considerations used in planning the changes include upgrading existing parking (the proposed plan would add approximately 1,000 plus new parking spaces), improving the transit network, improving short- and long-term parking for the Cornell community and guests.

There will no longer be a classification system

used in determining who is eligible for parking permits. Employees will have their choice of options. However, the Committee on Transportation Services is proposing that rates charged for parking permits be increased and that a fee be charged for B permits which were previously free. The rates currently under consideration are: B permit - \$60/year; O permit - \$96/year; K permit - \$96/year; U permit - \$204/year. These rates will probably increase over the next three years.

Professional Secretaries Int'l Seminar: 'Saying/Writing Right'

The Ithaca Chapter of Professional Secretaries International will sponsor a seminar.

Date: Saturday, April 7, 1984

Place: Holiday Inn, North Triphammer Road, Ithaca

Time: Registration 8:30 a.m. - 9:30 a.m.

Program 9:00 a.m. - 2:00 p.m.

Luncheon 11:30 a.m. - 12:30 p.m.

Fee: \$20 - includes coffee, buffet luncheon and seminar materials.

The title of the Seminar is "Saying/Writing it Right: Person to Person," and will be presented by Ross Blake of Ross Blake Consultants. This

two-part seminar will cover creating goodwill for yourself and your company through clear and precise writing and communication and assertion skills. This one-day seminar is an excellent learning opportunity for secretaries, administrative aides, junior executives and middle management employees.

For more information, contact:
Sandra Wegner or Judy Dean
c/o New York State Electric & Gas Corp.
P.O. Box 287

Poetry Contest Update

For all of you poets who anxiously are awaiting a decision from our distinguished judges, please hold onto your pens for just a little while longer.

The Poetry Contest Committee hopes to announce the winners by the end of March and will print them in the April 5 issue of *Networking*. All winners will be contacted as soon as the

decisions are made.

There were a total of 55 poems submitted and the task of selecting only three winners is a difficult one. Cornell has so many talented poets!

Please be patient with us and keep reading *Networking* for further updates. If you have any questions, call Linda English at 6-5274.

Dedicated Service Award

Many individuals at Cornell University contribute to the success of their department and the University through the use of talents that may not be recognized in their official job description.

Do you know someone who takes particular pride in their work, who exhibits a willingness and cheerfulness in the dispatch of their duties, who provides service beyond the call of duty, and who makes life at Cornell a rewarding experience for those with whom they come in contact? *Networking* is looking for special people you feel should be recognized for their special contribution. The **Dedicated Service Award** is open to any Cornell employee, regardless of rank.

Nominate someone today by filling in this form and please note that you should accompany your ballot with a paragraph explaining why you wish to nominate this person and a list of signatures from other department members supporting your candidate. If your candidate is selected, we will be in touch with you to supply additional information.

For the **Dedicated Service Award**
I NOMINATE

Operation Campus Watch

By GEORGE SUTFIN

"Project Child Finder" is a voluntary program designed to assist parents and authorities in identifying children by means of fingerprint identification.

The child's fingerprints are placed on a specially designed fingerprint card, which is immediately turned over to the parent or guardian for safekeeping. The parent or guardian will have the only set of the child's fingerprints. They should be kept in a safe place with other important family documents.

Children of any age can be fingerprinted. However, we recommend it for children aged one year through high school. Remember, a person's fingerprints do not change with age and there are no two sets alike. Any child fingerprinted must have an authorization form signed by a parent or guardian. This form will be kept on file with the police department.

The benefit of this program is that if in the future your child is missing for some reason or involved in some tragic circumstance, the fingerprint card in your possession could aid law enforcement authorities in positively identifying your child.

To learn more about Project Child Finder, contact your local police department or call the Department of Public Safety, Crime Prevention Unit at 256-7404.

TIAA/CREF Announces New Rates, Allows Transfer of CREF to TIAA

Contributed by University Personnel Services

TIAA/CREF recently announced new interest rates to be paid on all TIAA contributions and accumulated balances for the period March 1, 1984 to February 28, 1985. The rates, guaranteed to be paid for the one-year period, are based on the date contributions are made as follows.

| Date Funds Contributed | Interest Rate |
|-------------------------------------|---------------|
| January 1, 1983 - February 28, 1985 | 11.5% |
| January 1, 1979 - December 21, 1982 | 10.25% |
| Prior to January 1, 1979 | 9.25% |

The rate of return for CREF contribution is based on stock market activity. The 12 month value of CREF on December 31, 1983 was \$66.84 up 25.3% from December 31, 1982.

CREF to TIAA Transfer

Effective June 1, 1984, TIAA/CREF will allow all participants to transfer CREF accumulations to TIAA, waving the 55 age limit for this provision. As of June 1, you can transfer part or all of your CREF accumulation to TIAA, at the CREF Unit Value determined at the end of the month in which you request the transfer.

Contributions to CREF are invested in common stock — while TIAA investments are made in fixed income bonds. The value of CREF varies with common stock performance, while TIAA investments simply earn an annually guaranteed rate of return. Participants can call TIAA/CREF collect at 212-490-9000 for information on the impact the transfer may have on individual contracts. Employee Benefits, at 6-3936 and the

Statutory Colleges Finance and Business Office at 6-4435 will be able to assist you in taking advantage of this provision.

Blue and Yellow Statements Mailed

The 1983 "Blue and Yellow" reports have been mailed to TIAA/CREF participants. Endowed employees who entered the Cornell University Retirement Plan (CURP) on January 1, 1983 are receiving this annual report for the first time. The "Blue and Yellow" report notifies participants of the total contribution made by the university for the employee for 1983, and a long-range estimate of annuity income based on anticipated retirement date. Information on staff and faculty contributions made to the Supplemental Retirement Annuities (SRA) are shown on a separate report.

Cornell Children's Tuition Scholarship (CCTS): It's Application Time Again

Contributed by University Personnel Services

It's nearing Cornell Children's Tuition Scholarship (CCTS) application time again — for eligible Cornell employees who expect to have a child enrolled at Cornell, or at some other accredited college or university, in 1984-85.

Employees who have a child now receiving CCTS who will be continuing in an undergraduate program in the fall will receive applications automatically at their campus addresses in early April. Eligible employees applying for

CCTS for the first time, or after the student's break in attendance, should request an application from University Personnel Services, 130 Day Hall, or Adele Feierstein at 6-3936.

Employees with children planning to enroll in summer school should return their application form to Employee Benefits by May 1. Applications for the fall term should be returned to Employee Benefits by June 1.

To assist you in the process of applying for CCTS benefits, Employee Benefits will sponsor an information session on Friday, April 13,

1984, at 12:00 noon to 1:00 p.m. in Kaufman Auditorium, Goldwin Smith Hall. This session will provide an opportunity for questions and answers.

For more information about CCTS, call Adele Feierstein at 6-3936.

Winter Holiday Period Established

Contributed by University Personnel Services

After a review by the Employee Assembly, the Deans' Council and Personnel Support Group, the 1984 winter holiday period has been established for Cornell employees not in a collective bargaining unit. This year, the winter holiday will include six paid days off which provide an uninterrupted period for most employees from December 25 through January 1 which employees can rely on in making personal plans. Any non-exempt employee who works during this period will be paid in accordance with the holiday pay procedures described in Section 402 of the *Personnel Manual*. Since December 24, 1984 is a regularly scheduled work day, supervisors will be encouraged to allow employees to extend their time off from work through use of vacation, whenever possible.

| Holiday(s) | Date |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Memorial Day: | May 28, (Monday) |
| Independence Day: | July 4, (Wednesday) |
| Labor Day: | September 3, (Monday) |
| Thanksgiving Day: | November 22, (Thursday) November 23, (Friday) |
| Winter Holidays: | December 25, (Tuesday) December 26, (Wednesday) December 27, (Thursday) December 28, (Friday) December 31, (Monday) January 1, 1985 (Tuesday) |

Who to Call at Employee Benefits

Here are a few faces to go with names you may have seen in the "Know Your Personnel Services" series in *Networking* for the past several issues. You can call these Cornell employees for information on specific benefits.

The next issue will picture more Employee Benefits faces, and in the following issues will introduce some Cornell employees in other departments who are of service to Cornell faculty and staff, either in person or behind the scenes.

Periodically, *Networking* publishes a list of "Who to Call for What," which you will find on the next page of this issue, and which you may want to clip and save.

Call Adele Feierstein at 6-3936 for information on Cornell Children's Scholarship (CCTS).

Call Sam Gruenbaum, manager of Employee Benefits, at 6-3936 any time you need assistance and believe he can help.

Call Bill Douglas (left) or Jean Hobart at 6-3936 for information on TIAA/CREF, Cornell's endowed retirement plans, salary reduction agreements for endowed employees, sick leave conversion (at retirement) and the Tax-Deferred Annuity Plan.

TIAA/CREF

TIAA's Interest Rate
For the period from January 1, 1982 to February 29, 1983, 12¼ percent.

Value of a Single CREF Unit

December 30, 1982, \$55.73

October 31, 1983, \$65.95

December 31, 1983, \$66.84

You may call TIAA/CREF's toll-free number (800) 522-5622 (from within New York State) for a daily report on the investment experience of the CREF common stock portfolio.

Employee Calendar

Events of Particular Interest to Cornell Employees

Thursday, March 22. Brown Bag Lunch, Meet the Employee Assembly/Trustee Candidates, Room 401 Warren Hall, 12:00 - 1:00 p.m.

Saturday, March 24. Cornell Recreation Club Ice Capades, Syracuse War Memorial, noon performance. (Reservations by March 9.)

Monday, March 26. Networking deadline (for April 5 issue).

Tuesday, March 27. Student Assembly Meeting, 5:30 p.m., 202 Uris Hall;

Wednesday, March 28. Blood Pressure Screening Clinic, Humphreys Service Building, 1:00 - 4:00 p.m.

Monday, April 2. Student Assembly/Trustee Election, results.

Wednesday, April 4. Employee Assembly Meeting, 12:15 p.m., B-8 Roberts Hall;

Employee Assembly/Trustee Election, ballots due before or on this date.

Monday, April 9. Networking deadline (for April 19 issue).

Tuesday, April 10. Student Assembly Meeting, 5:30 p.m., 202 Uris Hall.

Thursday, April 12. University Assembly Meeting, 4:45 p.m., 212 Ives Hall (tentative)

Monday, April 16. Employee Assembly/Trustee, results on or before this

date.

Hospicare for the Dying Available in the County

"You matter because you are you. You matter to the last moment of your life. And we will do all that we can — not only to help you die peacefully, but to help you *live* until you die." - *Cicely Saunders, founder of the hospicare movement*

Hospicare is a community-based program which helps people with advanced illness live their lives in comfort and in control of their final life decisions.

The term hospice derives from a medieval word for a place of shelter for travelers on difficult journeys. The current use of the term comes from Britain where it is used to describe institutions designed to control and relieve the emotional and physical suffering of the terminally ill. Hospicare in Tompkins County is an option for those people who wish to live to the fullest at home. Hospicare emphasizes care, comfort and support rather than cure. With Hospicare, the patient and the family are the unit of care, as opposed to traditional care in which the patient's symptoms are the focus.

In September 1979, the Tompkins County Comprehensive Health Planning Council appointed a committee to explore the status of existing services to dying patients and their families in this community and to make recommendations for suggested improvements in these services. The conclusions of this committee were that a comprehensive, coordinated system of care had not been adequately or uniformly available in our county. They proposed that Tompkins County Health Department, Family and Children's Service of Ithaca, Inc., and the Hospice Advisory Committee develop a unified, comprehensive program of management for people with terminal illnesses. Hospicare is totally funded by an anonymous foundation, the Griffis Foundation and donations.

There are four basic hospice models. Free-standing hospices are characterized by the fact that they are autonomous units. They provide team care, a homelike environment with flexible visiting rules and are often combined with a home care program. Admission is usually days or weeks immediately preceding death. A hospice may also be set up as a special unit within a hospital. While this model is also characterized by team care, flexible visiting rules and home care programs, it is somewhat constrained by normal hospital routines. Admissions are largely made through referrals from acute wards of the hospital.

A hospice can also function as a special team within a hospital. Here again, team care is provided, but the atmosphere is that of a hospital and visiting hours are somewhat contained.

The fourth model is based on home care only. In this model, a team visits periodically and responds to calls for assistance. The services may be offered through or in cooperation with existing community agencies. This hospice may affiliate formally or informally with a hospital to provide back-up beds and may develop an inpatient component.

Tompkins County's choice to go with the home care model was a philosophical one—we wanted a less institutional setting that could be more responsive to the individual needs of the patient and family. Since extended home care services are already being provided by public health nurses and home health aides, total home care and dying at home is possible. The coordinators of the Tompkins County Hospicare Program wished to start out small and develop a strong program that will expand. As with most new programs, there also are financial limitations.

Eligibility is based on several criteria. The program is open to individuals with a life expectancy of up to six months, of any age, sex, race, creed, residing in Tompkins County, who wish to remain at home. The person must be under the care of a physician who is willing to work with Hospicare in setting up a plan for

home care. Family and/or caregivers must also be willing to have the patient at home, understand what the care entails, give or arrange 24-hour care or supervision, and be able to manage with assistance from intermittent services and support from home health agencies.

Volunteers of Hospicare are especially selected and extensively trained. Counseling, homemaking, transportation, friendly visits, and bereavement follow-up are some of the services offered by volunteers in direct contact with patients and their families. For each family a minimum of two volunteers who will visit the family at different times and be a support buddy system for each other. Other volunteers assist in office management tasks or in assisting other volunteers in emergencies by providing baby sitting or transportation.

For further information about using Hospicare call Hospicare 273-7272.

Information provided by Hospicare, and submitted by Virginia K. Rinker.

Classified Ads

For Sale: A Buechner Flute. Used very little, good for beginner. Asking \$85. Call Jean 256-7375 days, or 539-7808 evenings.
