RECREATION BUILDING

**CASCADILLA SCHOOL
ITHACA, N. Y.**

THE LOCATION of this institution commends itself to everyone familiar with the general healthfulness of the Central Lake Region of the Empire State. Added to this there is the educational atmosphere and stimulating influence of the great University under whose shadow Cascadilla lies. Here are two prerequisites of a good school, healthful location, intellectual environment. The proximity of Cornell University makes it natural that fully 80 per cent. of its graduates enter that institution.

Boys are prepared for all departments of Cornell in accordance with Cornell standards. The instruction is individual in its character, and each boy's course at the school is planned with reference to his particular needs.

As a separate house is provided for the members of each class, pupils are grouped in the residences according to their age and advancement in their studies.

ANNOUNCEMENT.

Mr. S. Wiley Wakeman, who was elected to the position of Paid Secretary of the Cornellian Council on September 29, 1909, on November 1 withdrew his acceptance.

The Committee on Nomination of Paid Secretary, therefore, desires that it be made known that the position is open. The position is to be filled by a Cornell man who can give all his time and energy and genuine Cornell enthusiasm to the work. The position offers to the right man fair compensation and an opportunity to render great and needed service to our *Alma Mater*.

It is the desire of the Council that every Cornellian who knows of any man competent to fill and willing to accept the position will nominate him for the consideration of the Committee. All communications should be addressed to Dr. Herbert D. Schenck, 75 Halsey street, Brooklyn, N. Y., Chairman of the Committee.

A Course in Aerial Engineering.

The Cornell Aero Club, which was organized by students a few weeks ago, will see one of its objects accomplished next year, for Sibley College is going to give a course in aerial engineering. The course will be a technical elective, open to seniors, and will be in charge of Professor McDermott, whose specialty is naval architecture. The sciences of air navigation and water navigation have some important principles in common.

At a meeting last Wednesday evening Professor McDermott addressed the club on the subject of air craft, and gave some practical suggestions for the guidance of the club in its pursuit of the study of air navigation. He took up the history and principles of construction of both the heavier-than-air and the lighter-than-air machines, explained the possibilities of the earliest form of airship, the balloon, and described in detail the Zeppelin dirigible, which he considered the most practicable form of

lighter-than-air craft thus far produced. Taking up the subject of heavier-than-air machines, he described the biplane and the monoplane and showed by blackboard diagrams the action of air on the plane. "To-day," he said, "stability is the great problem of air navigation, and which kind of machine will solve it best is yet to be determined. There is need for experiment, and such is the purpose of this club. We need further knowledge in the field of applied mechanics, and upon that knowledge depends further progress in the field of aeronautics." He suggested that the club be divided into several committees, among which should be committees on historical development, technical study, motors, propelling agents, experiments, literature and patents. This suggestion was adopted.

A glider has been given to the club by R. V. Morse '11, of Ithaca. It is stored in a barn near the chain works on South Hill. The club decided to have a meeting in the barn this week.

The officers of the club are R. E. Treman '09, president; G. F. Hewitt, jr., '10, vice-president; M. Bronk '10, secretary and J. C. von Glahn '10, treasurer.

By action of the Trustees the departments of geology and geography have been reorganized and divided into five coördinate departments. These are geology, in charge of Professor Henry S. Williams, who is also director of the museum; physical geography, in charge of Professor Ralph S. Tarr; stratigraphic geology, in charge of Professor Gilbert D. Harris; economic geology, in charge of Professor Heinrich Ries; and mineralogy and petrography, in charge of Professor A. C. Gill. Professor Gill will also be chairman of the five departments.

President Schurman attended a meeting of the faculty of the Medical College in New York last week.

GIFT TO THE DEUTSCHER VEREIN.

\$10,000 Worth of Stage Properties for Producing Schiller's "Wilhelm Tell."

The Deutscher Verein of the University has received a generous gift—a complete outfit of scenery and costumes for the production of Schiller's "Wilhelm Tell." The donors are three gentlemen of New York, Messrs. Wesendonck, Haffmacher and Thalman. They financed a production of "Wilhelm Tell" at the New German Theater in New York last February. The theater failed recently and the properties were left on their hands. Mr. Wesendonck was interested in the Cornell Deutscher Verein, having seen and admired its production of "Alt Heidelberg" at that theater last winter. He offered to give the club the stage properties of "Wilhelm Tell" on condition that the play be given within three years. The scenery and costumes are said to have cost more than \$10,000.

The Masque will meet the expense of bringing the outfit to Ithaca with the understanding that it is to receive all the property after the Verein has given the play. The gift includes eighteen back drops and other material making up eight changes of scenery, and eighty costumes.

There is an agreement between the Verein and the French club, Les Cabotins, whereby they alternate in producing plays. This year the French club is to give "Le Bourgeois Gentilhomme," and so the Verein is planning to give "Wilhelm Tell" next year, probably in December. It is a difficult play to produce, having more than fifty speaking parts. Competition for the cast will begin in the spring.

Harley H. Gill, national vice-president of the Intercollegiate Prohibition Association, gave an address in Barnes Hall this week under the auspices of the Cornell Prohibition League.

PLANS FOR MASQUE TRIP.

"The Misfit Man" to Be Presented in Several Large Cities.

An extensive trip has been planned for the Masque. During the Easter recess, in the last week of next March, the club will present its new two-act operetta, "A Misfit Man," in Buffalo, Syracuse, Utica and Albany and perhaps also in New York. It will be the biggest trip the Masque has ever taken.

Both the principals and the chorus are now working hard at rehearsals for the Junior week production. There are twenty-one persons in the cast and the chorus is large. The principals are J. S. Fassett '12, Lee Uhl '11, Charles G. Beavers '11, John Winslow '11, F. D. Burnet '11, H. O. Walter '10, M. C. Rutherford '10, J. M. Gesner, jr., '12, A. K. Bell '11, Thomas R. Cox '11, R. W. Kellogg '12, F. B. Chandler '11, J. L. Wilson '12, W. M. Rose '10, A. J. Stude '11, D. F. Crane '10, R. B. McClave '10, E. S. Crosby '10, C. J. Pope '10, E. H. Weston '13 and L. P. Ward '11.

The book of "The Misfit Man" was written by J. E. O. Winslow '11 and Professor C. F. Hirshfeld. The scene is laid in Hindostan, giving opportunity for something new in scenery, costuming and dramatic situations. There are nineteen lyrics, and the music for these was chosen after a competition. Ten of the compositions are the work of T. J. Lindorff '07, eight are by George F. Pond '10 and H. C. Schuyler '10, and one is by J. C. Bradley.

Rehearsals are now held in the Knights of Columbus Hall, but within a week or two the Masque will occupy its new rooms, on South Aurora street, just across the Six Mile Creek bridge. The rooms will be fitted up with care. There will be besides the regular large hall for rehearsals, a smoking room, a costume and property room and a private office for Mrs. Dixie, the Masque coach.

A joint concert by the Penn and Cornell musical clubs will be given in the Bellevue-Stratford, Philadelphia, on Wednesday evening of this week.

An Athletic Council for the Freshmen.

A Freshman Athletic Council has been formed as a further step toward giving the first year men their own athletic organization. This is the fourth athletic council in the University, the others having to do respectively with major and minor sports and intercollege games. The voting members of the new council are to be the Graduate Manager; the Assistant Graduate Manager; a faculty member of the Cornell University Athletic Council; a faculty member at large; the freshman managers of football, baseball and track; the freshman class treasurer, and the freshman class captains of football, baseball and track. Assistant managers are to sit without a vote. Some of the provisions of the plan of organization are as follows:

All funds shall be placed under the head of the Freshman Athletic Fund, and its direct management shall be placed in the hands of the Graduate Manager. The policies of the Freshman Athletic Council shall be the same as that of the major council in its relations with other colleges. All vacancies in the Freshman Athletic Council shall be filled by the majority vote of the members of the Freshman Athletic Council. Managers and assistant managers shall be elected from the participants in the major sports competitions.

The Freshman Athletic Council shall have the power to award numerals in football, baseball, and track, and to make rulings as to the eligibility of men for numerals, subject to the ratification of the major council; to issue a season ticket, tag or other suitable device by which they may finance freshman athletics; and to engage coaches for the freshman football, baseball and track teams. The council is to ratify all elections of freshman class captains in football, baseball and track, and is to recognize the rulings of the University Faculty in regard to managers on probation, schedules, out of town games and leaves of absence. It is to be at all times subject to the direction of the major council.

The Modern Language Association of America will meet at this University during the holidays.

WINS 'CROSS-COUNTRY RACE.

Cornell Again Victorious—T. S. Berna '12 the Intercollegiate Champion.

For the tenth time in eleven years and the eighth consecutive time Cornell won the six-mile intercollegiate cross-country race at Brookline, Mass., last Saturday morning. The victory was decisive. Cornell's score was 22 and that of the second team, which was the one from the Massachusetts Institute of Technology, was 88. Michigan was third and Yale fourth. Ten colleges were represented, there being in all sixty-nine starters, the first five of each team to finish counting toward the team score. The five men whose points counted for Cornell finished first, second, fifth, sixth and eighth.

T. S. Berna, of Ithaca, a Cornell sophomore, won the individual championship, crossing the line in the fast time of 33 minutes 5 1-5 seconds. His teammate and classmate, W. H. Tappan, of Mansfield, O., was close at his heels. Captain May of Michigan was about five yards behind Tappan. Withington of Harvard was fourth and then came Captain H. C. Young '10, and R. F. Fleming '10, of Cornell. Captain Young won the race last year and was expected to win this one, for he had made fast time in trials, but he sacrificed his chances of individual glory in order to stay behind and coach Fleming and L. R. Brown '11, who finished in eighth place.

Following is the score in detail:

	1	2	5	6	8	Total
Cornell.....	1	2	5	6	8	22
Tech.....	9	16	19	21	23	88
Michigan.....	3	12	24	30	43	112
Yale.....	7	13	26	31	37	114
Dartmouth.....	15	18	28	29	33	123
Syracuse.....	10	17	25	45	46	143
Harvard.....	4	27	36	39	47	153
Penn.....	22	32	34	41	54	183
Columbia.....	11	48	53	57	63	232
Princeton.....	20	42	49	61	62	234

Following is the order of finish of the leaders:

- 1—T. S. Berna, Cornell.....33 05 1-5
- 2—W. Tappan, Cornell.....33 06 1-5
- 3—D. C. May, Michigan.....33 12
- 4—P. R. Withington, Harv'd.....33 24
- 5—H. C. Young, Cornell.....33 41
- 6—R. Fleming, Cornell.....33 47 4-5
- 7—A. M. Haskell, Yale.....34 00
- 8—L. R. Brown, Cornell.....34 00 2-5
- 9—H. G. Watkins, "Tech".....34 07
- 10—J. G. Norton, Syracuse.....34 08
- 11—W. C. Dorr, Columbia.....34 09

The race was run over a new course

laid out for the occasion by the Institute of Technology. The start is at Technology Field, in Brookline. There is a dash of 150 yards to the road, and after about a quarter of a mile on the macadam the runners turn into the estate of Professor Sargent, of Harvard. There are two small elevations to be cleared. The first loop is of one and seven-eighths miles. The runners cross the field and keep out of the way they traveled before for about seven-eighths of a mile through the Sargent estate. There they meet a road and a gradual incline, up which they continue for about three-quarters of a mile. At the end of this stretch they strike off into a rough going for about three hundred yards and over a small brook. The route carries back to the road, on which they continue for about a quarter of a mile more. At this point, the furthest in a straight line from the field, the runners have to scale a rail fence into the Larz Anderson estate. Here it is fine turf with a good footing going up to a high level. The turn is made and there is a gradual decline over the macadam to Technology Field, where a quarter mile around the cinder path completes a journey of six miles.

Berna won the championship after a hard struggle. When the pack came in for the final lap around the quarter mile track Tappan had a few yards the lead, and was fighting gamely to hold it. He staggered a bit as he came into the stretch for the last hundred yards, and Berna, who had been running third, behind May of Michigan, dashed forward with a burst of speed which carried him to victory. He finished three yards ahead of Tappan and Tappan was five yards ahead of May. The Cornell team had kept well together and had saved its strength for the last mile. Dartmouth had a team entered for the first time and made a good showing.

A carefully compiled and well printed address list has been published by the Cornell Club of New England. It contains the names, occupations and addresses of 226 Cornell men, including 111 members of the club, together with a geographical index.

FOOTBALL.

The Schedule.

(*Cornell's score given first.*)

- Oct. 2, R. P. I., 16-3.
- Oct. 9, Oberlin, 16-6.
- Oct. 16, Fordham, 6-12.
- Oct. 23, Vermont, 16-0.
- Oct. 30, Williams, 0-3.
- Nov. 6, Harvard, 0-18.
- Nov. 13, Chicago, 6-6.
- Nov. 25, U. of P. at Philadelphia

Cornell Freshmen 11, Penn Freshmen 0.

On Percy Field last Saturday the Cornell freshman eleven defeated the Penn freshmen by a score of 11 to 0. With this game the Cornell youngsters closed a very successful season, scoring 222 points in six games without being scored upon. It was the first victory of the series since 1905, when the Cornell freshmen won by 17 to 0. For the last three seasons the scores have been 12 to 0, 8 to 4 (two games in 1906), 26 to 0 and 12 to 0, all in favor of the Penn freshmen.

The teams lined up as follows:

CORNELL 1913	PENN 1913
Eyrich.....l. e.....	Keogh
Champaign.....l. t.....	Cramer
Lawrence.....l. g.....	Dillon
Miller.....c.....	Miller
Bartley.....r. g.....	Kalbach
Zeller.....r. t.....	Nolan
Pitcher.....r. e.....	Jourdet
Butler.....q. b.....	Coryell
O'Connor.....l. h.....	Harrington
Bates.....r. h.....	Simpson
Underhill.....f. b.....	Mercer

Substitutions—Cornell: Watson for Pitcher, Edgar for O'Connor; Penn: Harmer for Kalbach, Murphy for Dillon. Creegan for Mercer, Rogers for Creegan. Touchdowns—Bates 2. Goal from touchdown—Champaign. Referee—Mr. Cooney, Princeton. Umpire—Mr. DeAngelis, Dartmouth. Field judge—Mr. O'Connor, Cornell. Head linesman—Professor Young, Cornell.

The game was hard fought, and toward the end of the second half several of the Penn players were removed on account of injuries and exhaustion. Coryell opened the first half by kicking off over Cornell's goal line. Cornell put the ball in play on the 25-yard line, and Bates, O'Connor and Underhill rushed it to Penn's 50-yard line, where Butler punted over the Penn goal line for a touchdown. Penn was unable to make first down from her 25-yard line and a punting duel followed. Simpson

caught a punt on Penn's 15-yard line and ran seventy yards. He was tackled by Butler and dropped the ball and O'Connor fell on it for the Cornell freshmen. Champaign made five yards, but on the next play there was a fumble and Penn recovered the ball. Failing to gain, Coryell tried for a field goal from placement, but missed. For the next few minutes both sides resorted to punting, until Cornell got the ball on her 37-yard line. Two successful forward passes carried the ball into Penn territory, but Cornell was set back to her 36-yard line for holding. The advance was checked only a moment, for Captain Bates went around Jourdet's end for twenty-five yards. Underhill went through center for nine yards. Pitcher had become so tired that he was scarcely able to stand and was ordered off the field, but he pleaded so hard that Coach Hutchinson allowed him to stay. On the next play he took a forward pass from Butler and made fifteen yards. Bates went around Jourdet to Penn's 6-yard line. A quarterback run failed to gain, but Bates shot between Dillon and Cramer for a touchdown. Champaign kicked goal. Cornell freshmen 6, Penn freshmen 0. After some punting the half ended.

Watson took Pitcher's place at right end in the second half. Mercer fumbled in running back the kick-off and Underhill recovered the ball for Cornell on Penn's 15-yard line. It looked as if there would be another touchdown at once, but Cornell was penalized for holding and then Penn took the ball on downs and punted. Butler made a fair catch of the punt and tried for a field goal from the 45-yard line, but missed by a few feet. After the ball had changed sides half a dozen times O'Connor made a fair catch of a punt on Cornell's 45-yard line. A beautiful triple pass, Butler to Eyrich to Watson, gained thirty-three yards. Bates made it first down on Penn's 20-yard line. Champaign added five. A forward pass to O'Connor put the ball on the 3-yard line and Bates went through Penn's right wing for a touchdown. Champaign missed goal. Cornell freshmen 11, Penn freshmen 0. Toward the end of the second half the Penn freshmen tried for a field goal from the 35-yard line, but

the kick was blocked just as time was called.

The freshman team has some players who ought to make good 'varsity timber next year. Butler at quarterback is resourceful, never flurried, a hard tackler and a sure catcher of punts. Bates is a fast halfback. Every man on the eleven has given a good account of himself. The team's work is a credit to the class and to Coach Hutchinson.

The Eleven's Final Test.

The 'varsity eleven will close a checkered season on Thursday of this week, Thanksgiving Day, in the annual game with the University of Pennsylvania team on Franklin Field, Philadelphia. The contest will begin at 2 o'clock. By the time this issue of the NEWS reaches most of its readers the contest will be decided, and any forecasts made now will have lost interest. The Cornell squad was to leave Ithaca on Tuesday evening and go to Wayne, near Philadelphia. On Wednesday afternoon they will have the use of Franklin Field for practice.

In several respects the line-up was uncertain as late as Monday of this week. The probable make-up of the team is as follows: Seagrave, center; O'Connor and Donnan, guards; Weekes, Munk, Farrington and Stude, tackles; Crosby, Teagle, MacArthur and Seeley, ends; Owen and Wood, quarterbacks; Tydeman, Krutsch and Hoffman, halfbacks, and Simson and Gass, fullbacks. The coaches announced that Robb, who did well at left halfback in the Chicago game, would be unable to play on account of an injury he received in that contest.

The Board of Trustees has granted to Professor L. A. Wait, head of the department of mathematics, leave of absence for the year 1910-11. Professor Wait has been a member of the Faculty since 1870. He will retire from active service in June, 1911.

Professor Sampson has begun his semi-weekly readings before the students of Sibley College. These readings last year were much enjoyed by the Sibley men. Last Tuesday selections from Bret Harte, Tennyson and W. W. Jacobs were read.

ALUMNI ASSOCIATIONS.

Cornell Men in Houston Organize the Cornell Club of Texas.

Cornell men in Houston have organized a club, which they have styled "The Cornell University Club of Texas." It is their purpose to make the association statewide. They have found that there are now about one hundred and fifty Cornellians in Texas, about twenty-five of whom are resident in or near Houston. Several meetings have been held and the enthusiasm and interest in the organization are increasing.

The officers of the organization are: J. L. Jacobs '04, president; Fred A. Jones '98, vice-president; T. L. Fountain '05, secretary and treasurer. The executive committee is composed of Mr. Jacobs, J. D. Shaw '04, W. W. Baldwin '05 and C. A. Cleaver '94.

The president of the club writes as follows:

"It is going to be our object to try to develop a statewide interest in this matter, so that at least one general State meeting can be held each year, and we are going to wait until a little later when this local organization has become somewhat stronger in order to call a meeting of all the boys in the State and have a rousing good time.

"One of the most gratifying features of this club has been the interest shown by some of the older alumni, who, although they have not given us the encouragement of their attendance, have united in lauding our efforts to organize this club and have promised us their support.

"We hope to accomplish a great deal of good in stimulating interest in Cornell down here and think that what we have done is but the beginning of a strong Southwestern organization.

"At our meetings thus far we have had from twelve to sixteen members each time."

Northern California Club.

The Cornell Club of Northern California held an informal jollification on Saturday evening, November 6. Thirty-five men were present. Among

them was Mr. P. W. Tinan '03, a member of the Cornell Club of Manila, who gave a very interesting account of the formation of the club in the Philippine Islands, its growth, and the successful meetings which have been held. The feature of the evening was the singing of Cornell songs, the success of which was due largely to the activity of the Music Committee recently appointed by President R. B. Daggett. The meeting was held at the German restaurant "Zum Schwartzten Walfisch," 30 Turk street, San Francisco.

H. I. TERWILLIGER,
Secretary.

San Francisco, Nov. 12.

Cornell Association of Brooklyn.

The Cornell Association of Brooklyn conducted an interesting meeting on Friday evening, the 19th, in the dining room of the University Club of Brooklyn. This was the second of the series of gatherings of Brooklyn alumni, which are being held on the third Friday of every month. An attempt has been made by the association to reach every Cornellian in Brooklyn. All who have not yet heard from President Moss-crop have been asked to consider themselves invited to the December meeting, which is to be devoted to a football discussion that promises to be of more than usual interest.

At the close of the informal dinner, Friday night, the members and their guests were entertained by Mr. F. H. Troutman, who sang and played the piano. A short talk was given by A. J. MacElroy '98, who has lately returned from a trip around the world, and who told interestingly his experiences in Siberia.

The association is taking an active interest in the forthcoming visit of the Cornell Musical Clubs, who are to be heard in Brooklyn's new Academy of Music. The main auditorium of the Academy seats close to 2,500, but there is little doubt that it will be filled. This is the only concert of the clubs in the city of New York. The Brooklyn alumni will give a reception in the Academy at the close of the performance. Much interest is being manifested in the preparations for the dance.

Among those present were William A. Moss-crop '88, George M. Davi-

Finish of the Alumni-Varsity 'Cross Country Race on the Campus on November 13. The men are Halstead '08, Captain Young '10, Trube '08, and Lemon '08.

son '91, A. J. MacElroy '98, W. W. Macon '98, C. F. Horne '97, H. R. Cobleigh '01, H. C. Bushnell '02, Richardson Webster '02, Carl Fuchs '04, Leo J. Leffler '07, Charles L. Mulligan '07, Ben Sloan '07, R. S. Owens '08, James N. Keenan '08, Robert E. Samuels '08, Herman Fuchs '09, Albert Diamant '09, Robert J. Spencer '09, W. D. Owens '09.

CHAS. L. MULLIGAN,
Recording Secretary.

Brooklyn, N. Y., November 19.

Cornell Club of St. Louis.

On Wednesday evening of this week the Cornell Club of St. Louis holds a dinner, to be followed by a smoker, at the American Hotel in St. Louis. Among those present are to be Glenn S. Warner '94, coach of the Carlisle Indian football team; his brother, William J. Warner '03, coach of the St. Louis University eleven, which plays the Indians on Thanksgiving Day, and Frank S. Porter '00, of Chicago, one of the officials in the game.

WOODFORD PATTERSON,

Editor.

FREDERICK KUHNE

Business Manager.

Entered as Second-Class Matter at Ithaca, N. Y.

Ithaca, N. Y. November 24, 1909.

THE DECISION OF Mr. Wakeman not to take the office of Secretary of the Cornellian Council is cause for deep regret. The Council must face a difficult and delicate task once more, but the task will be faced without discouragement. What is needed first is nominations. Names of men who are qualified to fill the place should be sent to the secretary of the nominating committee. The right man in this office will be able to do Cornell University a vast amount of good, and the sooner his work is begun the better for the University.

THERE IS SOMETHING besides mere speed behind Cornell's long record of victories in 'cross-country running. Captain Young proved it when he held back last Saturday to give his less experienced teammates his advice and encouragement. He un-

doubtedly sacrificed an opportunity to win individual honors, for he finished first in the race last year and has been the strongest runner on the Cornell team all this fall. But he worked for the team and not for himself, and the spirit he showed is not a bit less gratifying to Cornellians than the victory itself. Young is captain of the track team, as well as of the 'cross-country team.

WE ARE ASKED by Mr. H. F. Porter '05 to explain that he was not actually first in the alumni-'varsity 'cross-country race, held on Saturday, November 13, on the Campus, but that he only took the three mile course. The other graduates took the four mile course, while the 'varsity went a full eight miles. He says: "I failed to see the use of killing time on the road and especially getting all chilled, so I came right on in at once, reaching the finish many minutes before the rest. It is flattering to be credited with being the first of the Alumni in, but it is hardly fair to the other boys, or Cornellians at large, to be given credit without due and proper qualification. The whole affair resolved itself into a huge burlesque, in which yours truly was chief comedian and in addition to furnishing amusement for some others incidentally got a big chunk himself. It was also a source of considerable satisfaction to be able to demonstrate that even a high jumper can appreciate 'cross-country and make a tolerable showing at it. There is nothing to equal it. I tell Jack to get the whole track team out, even to the weight men, and as many others as can be so induced. Why, it would even do some of the faculty members good—shake out the kinks, you know, and get the good red blood of human sympathy coursing freely through their veins."

Notice to 1909.

The secretary of the class of 1909 requests that members of the class who have not yet filled out their statistics blanks do so and mail them to him. He also wishes to be informed of any changes of address or other matters of value for the class records. Any member who has mislaid the statistics blank may obtain another from the secretary. Address R. E. Treman, Ithaca, N. Y.

OBITUARY.

G. A. ISELIN '72.

George Adrian Iselin, who entered Cornell as a freshman when the University was opened in 1868 and who graduated with the degree of B. S. in 1872, died on November 8 in St. Paul, Minn. He was a son of the late John A. Iselin of New York and an uncle of John H. Iselin of the law firm of Iselin & Delafield, 25 Broad street, New York. He studied at Leipzig in 1872-73 and in 1875 he graduated from the Columbia law school and began the practice of law in New York. He published some translations from the French. For some years past he had led a retired student's life. He was unmarried.

HERBERT H. WING '90.

Herbert Healy Wing, a member of the class of '90, died at his home in Monticello, N. Y., on November 10. He was a member of the Beta Theta Pi fraternity. His wife, his mother, two brothers and two sisters survive him.

JOHN STUART HILLS '99.

Information has been received in Ithaca of the death of John Stuart Hills '99, of Brooklyn, N. Y., in Santa Cruz, Cal., on July 26, 1909. He went west four years ago on account of poor health.

Hills was thirty-two years old. He was born in Brooklyn and was prepared for college at the Adelphi Academy, entering Sibley College in 1895. As an undergraduate he was energetic, taking part in many student affairs. He was on the *Sun* and *Magazine* boards, was business manager of the '99 *Cornellian*, editor-in-chief of the '99 Class Book and manager of the basketball team, and served on the junior promenade and class day committees. He was also president of the Chess Club. After receiving his M. E. degree in 1899 he took a year's work in science at Trinity College, Hartford, Conn. where he joined the Delta Psi fraternity. For the next four or five years he was with the Hills Brothers Company in Washington street, New York, importers of fruits and manufacturers, first as clerk and salesman and then as secretary and treasurer. In 1904 he spent three months in Cuba on business, establishing coconut warehouses. His health began to

fail and in December, 1905, he left New York and went to California, hoping that the change of climate would benefit him. For almost a year he traveled in California and Nevada. At Tonopah, in 1906, he became interested in mining and organized the South Greenwater Copper Company, with himself as president. His health did not improve permanently and after a year he resumed his travels in Southern California, where he died. He always kept up his interest in Cornell affairs. In July, 1908, some of his mail having failed to follow him on his travels, he wrote to the business manager of this paper: "I would request that you forward copies of the last few numbers in order that I can hear more complete particulars in regard to the big reunion, and the results of the last ball games, and some shouting about the track victory." He was a member of the St. Anthony Club and the Cornell University Club of New York and the University Club of Brooklyn.

In Memory of Pauline Landes.

The following resolutions on the death of Pauline Newell Landes have been adopted by the class of 1910 of the Cornell University Medical College:

Inasmuch as it has pleased Almighty God to remove from us our classmate, Pauline Newell Landes, and since, in her death, we have lost an earnest and loyal fellow-student who by her nobility of nature, her courage, cheerfulness, truthfulness and loving kindness has won our respect, trust and love; and by her daily life, reflecting so beautifully the life of Him to whose service it was consecrated, has been and will be a source of inspiration to us all, therefore be it

Resolved, That we cherish the memory of her life and ideals and that a copy of this resolution be sent to the family of the deceased as a token of our sympathy with them in their bereavement and to the *Cornell Sun* and the *ALUMNI NEWS*.

CORNELL ALUMNI NOTES.

'76, B. S.—Herbert Terry is a surgeon with office at 276 Weybosset street, Providence, R. I.

'80, B. S.—Lee J. Vance returned a few weeks ago from a three months' trip in Europe. Mr. Vance went to Vienna for treatment of his eyes by a specialist and then took a pleasure trip in Italy and Spain, sailing from Gibraltar to New York.

'89, C. E.—After making 15,000 tests on 50 railway bridges on the lines of eight different railroad systems of the country, Dean F. E. Turneure, of the college of engineering of the University of Wisconsin, is now compiling data which it is expected will eliminate the element of guess work in allowing for speed strain in bridge design. Heretofore there have been few actual data on the comparative effects of speeds on the different parts of bridges, so that allowance for such strain had to be made largely by guess. A few experiments were made with machinery imported from Germany, including those of Dean Turneure in 1907 on the St. Paul road, but the difficulty and expense prevented further investigation until Dean Turneure invented a machine of his own for the work. This is an electrical instrument which makes an autographic record of every slightest bending, shortening or stretching of the part of the bridge to which it is attached, when a train is crossing the bridge. Twelve duplicates of the machine were made in the shops of the college of engineering, and used simultaneously on different parts of the bridge, giving accurate data for comparison. Since it seems likely that not all of the fund of \$9,000 subscribed by American railroads to defray the expense of the investigation will be used in this series of tests, it is planned to start a second series of

experiments involving a different feature.—*Science.*

'92-'96, G.—Homer J. Edmiston, formerly instructor in Latin in the University, was married at Rome, Italy, on October 31, to Emma Maria Maggiorani, daughter of Dr. Antonio Maggiorani.

'93, B. L.—The law office of Aaron J. Colnon is now at 44 Pine street, New York.

'95, M. E.—Robert P. Tobin is a lubricating engineer with the Vacuum Oil Company of Boston.

'95, M. E.—A daughter was born on August 19 to Mr. and Mrs. Frederick H. Thatcher, of New York. She has been named Elizabeth Neale Thatcher.

'95, M. L.; '98, Ph. D.; '03, D. V. M.—Dr. D. Arthur Hughes has recently been appointed professor of dairy inspection, milk hygiene and medical botany in the Chicago Veterinary College, Chicago, Ill. He will also edit the *Chicago Veterinary College Quarterly Bulletin*. These duties he has assumed in addition to his work as inspector of food supplies, subsistence department, United States Army, Chicago. He was recently the recipient of a warm personal letter from Brigadier-General Henry G. Sharpe, head of the subsistence department of the army, Washington, for an elaborate report which he made, by request, on improvements to be made in this branch of the government service. Dr. Hughes is the author of numerous papers relating to his chosen work. Among them is an article which appeared as a leader in the *Army and Navy Journal* several weeks ago, on the improvement of meats and meat food products for the army.

'96, Ph. B.; '97, Ph. B.—G. D. Hauptman '96 and S. M. Hauptman '97 compose the firm of Hauptman

"Absence makes the heart grow fonder,
So the poets say—
Peroxide makes the hair grow blonder,
In an artificial way.
Good drugs makes us all grow stronger,
So the doctors say,
Short credits make our friendship longer,
Therefore—student pay!
If you have prescriptions waiting,
For some one to fill,
Go to Todd's, the store of quality,
At the foot of the hill."
