VOL. XV. No. 35

ITHACA, N. Y., JUNE 4, 1913

PRICE 10 CENTS

**A** LOAN FUND especially for women students has been established by Dr. Andrew D. White, who set aside for that purpose \$7,000 of the \$25,000 which Mr. Andrew Carnegie gave him for the University last winter. When he made that gift, Mr. Carnegie told Dr. White that he could use the money for any purpose he chose. It was his plan at first to use it to buy an organ for the new auditorium of the College of Agriculture, which building will doubtless be used for music festivals and other general university events of the sort. Then he decided to use part of it for a loan fund, restricting the benefits of the fund to women students. An organ will be provided, nevertheless. Gifts from other sources have brought the total amount available for this purpose up to \$20,000. It is hoped to have the auditorium completed and the organ in place by the time the University reopens next fall.

EIGHTEEN MEMBERS of the class of 1914 have been appointed as a Freshman Advisory Committee for next year. They will all serve as chairmen of sub-committees to be named in the fall. They are: H. W. Peters, Spokane, chairman; T. I. S. Boak, Jamestown; E. M. Carman, Ithaca; T. J. Chamberlain, Salt Lake City, Utah; T. B. Crews, St. Louis, Mo.; R. C. Gwilliam, Ogden, Utah; H. Z. Harris, Auburn; Linton Hart, Brooklyn; B. W. Hendrickson, Brooklyn; J. J. Munns, Pittsburgh, Pa.; J. B. Putnam, Fredonia; J. S. Smith, Elmira; S. M. Stevens, jr., Rome; A. L. Stockstrom, St. Louis, Mo.; C. V. Ter Kuile, Montvale, N. J.; E. S. Truesdell, Binghamton; C. T. Williams, Norwalk, Ohio, and C. A. Wright, Perth Amboy, N. J. This committee will, through its sub-committees, meet and help members of the entering class, thus carrying on the work which was effectively begun by the class of 1913.

THE DEBATE UNION, consisting of the members of Congress, the Freshman Debate Club, Janus, and The Owls, has elected the following officers for next year: President, Remington Rogers '14, Brooklyn; vice-president, A. H. Henderson '14, New York; delegate at large to the Debate Council, W. D. Smith '15, Schenectady.

As faculty members of the Debate Council, Professors J. A. Winans, John Bauer, G. L. Burr, G. G. Bogert and G. A. Everett were elected. The officers and faculty members, together with representatives to be chosen next year by Congress, the Freshman Debate Club, Janus, The Owls, and Delta Sigma Rho, will constitute the Debate Council. At a recent meeting the constitution of the Union was amended, abolishing the offices of secretary and treasurer, and giving the duties, with some of those previously exercised by the president, to a manager, to be chosen next year by the Council.

FRIENDS of the College of Architecture have given three series of prizes, the exact nature of which has not been announced, to encourage interest in drawing and composition through the summer. Students in the college may at the end of the summer submit work in any of three groups—sketches, measured drawings of architectural details, or photographs taken with a view to composition. These prizes were offered at the suggestion of Professor George Young, jr. They are not yet permanent, although it is hoped they may be made so.

THE CIVIL ENGINEERS are completing plans for the summer survey camp of the sophomore class. Last summer work was begun on a map of the country surrounding Cayuga Lake. It will be continued this summer and for several years to come. When completed it will include records of lake depths and temperatures. Professor O. M. Leland will again be in charge of the camp.

THE CHINESE STUDENTS in eastern American universities will hold their annual convention in Ithaca this summer. The conference will take place in August, just before the International Congress of Students. More than a hundred and perhaps a hundred and fifty Chinese are expected to be present. A week, August 21 to 28, will be given to the meeting. This is the ninth annual conference. The trustees have granted the use of the Sage College dormitory and dining room for the use of delegates, and of Barnes Hall for the meetings. The morning hours will

be given to the transaction of business and in the afternoons athletic contests will be held. Athletic sport is a new thing for the Chinese students, but they take to it. Rivalry between the men of the different universities is keen. The Cornell students won the track meet at last summer's conference, and they are again in training and hope to retain the title. All the spring it has been a common sight to see some of them, in running togs, pounding along the road to Forest Home and back. Mr. T. T. Wong, the director of Chinese students in America, is expected to come from Washington to Ithaca for the conference. President Crane will make an address of welcome.

TWO ASSISTANT MANAGERS were elected at the last meeting of the Athletic Council. They are F. F. Stoneman, of Columbus, Ohio, in baseball, and A. C. Minnix, of Washington, D. C., in track athletics. Stoneman is a member of Beta Theta Pi and Minnix belongs to Kappa Sigma. Both are sophomores and are in line for managerships when they reach their senior year. Managers for next year were elected, as follows: Thomas B. Crews, jr., of St. Louis (Beta Theta Pi), in track athletics; Howard K. Walter, of Sharpsburg, Pa. (Zeta Psi), in baseball, and Richard Greenwood, of Philadelphia (Phi Delta Theta), in the Navy.

OF THE STUDENTS in the College of Agriculture who replied to the questionnaire on the subject of an honor system in examinations, ninety-five per cent, it is reported, are in favor of retaining the honor system if it can be improved. Acting on this almost unanimous expression of opinion, a student committee has drawn up a new code which will be submitted to the faculty of the college.

THE AGRICULTURAL ASSOCIATION has elected the following officers for 1913-'14: President, J. J. Swift '14, Middleport; vice-president, R. C. Shoemaker '14, Portland, Maine; secretary, Elizabeth J. Pritchard '15, Gary, Ind.; treasurer, H. V. Taylor '14, Spencerport; athletic director, H. H. Knight '14, Springfield, Mo.

## For Agricultural Buildings

**\$334,000 Provided Under a Bill Just Signed by the Governor**

Another year of material development and expansion in the College of Agriculture is made possible by the Governor's action last week in formally approving the special building appropriation bill of the college. That bill provides \$334,000, some for new buildings and some for extending and equipping existing structures.

An important section of the law permits the trustees to use \$100,000, previously appropriated for an extension to the agronomy building, for the erection of a new and separate building. The new agronomy or soils building will be placed alongside the home economics building, facing south across the agricultural quadrangle, and will be made similar in size and style to its neighbor. These two buildings will then be framed in the vistas given on an approach to the college from the front through the two loggias connecting the three structures of the main group. The new facade which will be eventually added to the north side of the main building will exactly face the opening between the two new buildings across the quadrangle, and will look through that opening across the Beebe Lake Valley.

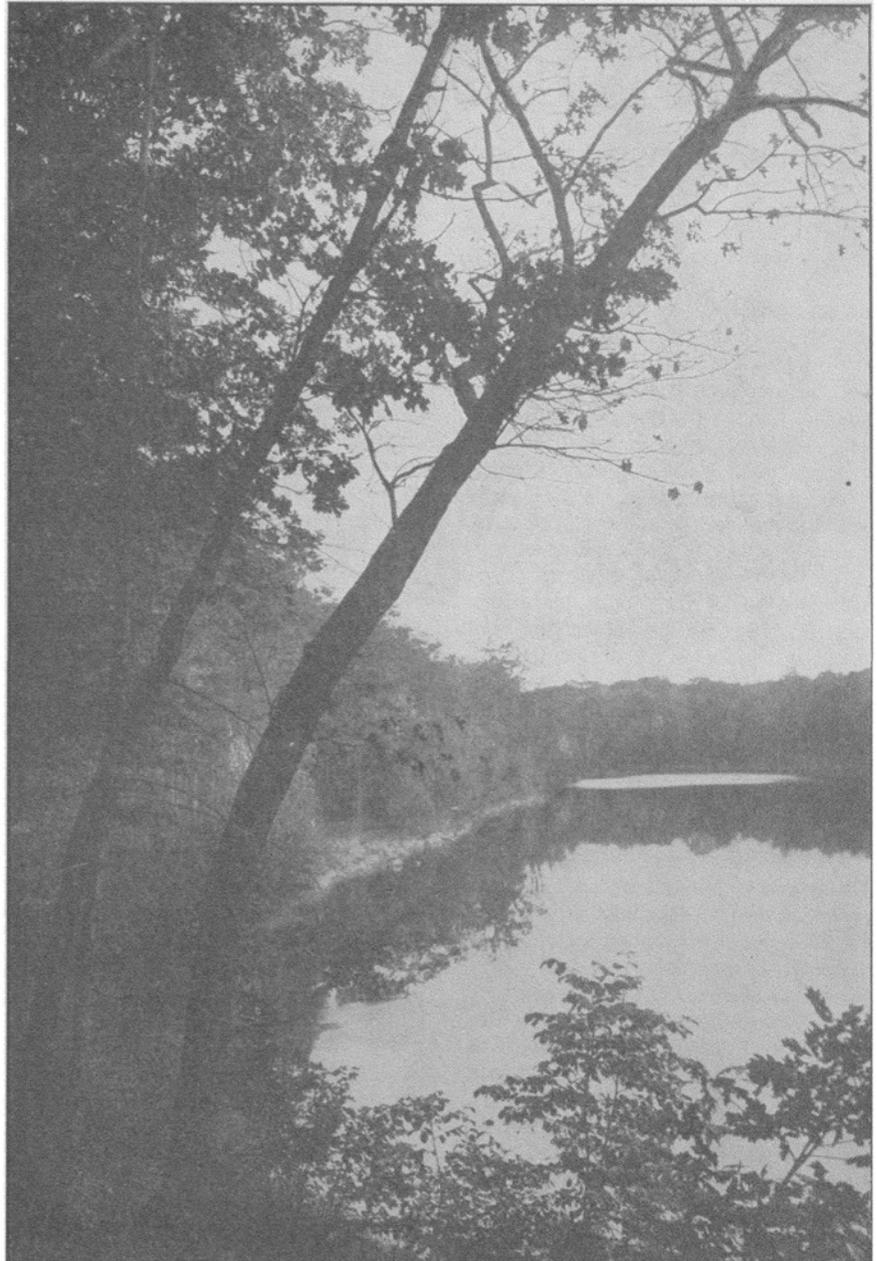

Further development of the agricultural quadrangle is made possible by the new appropriations. For \$25,000 is given for extending the poultry plant. That makes it possible to take the hen-yards out of the quadrangle.

Most of the plant will be moved to the poultry farm, far away from the college group, and the rest will go to the poultry husbandry building. There a new educational feature will be a poultry zoological garden, with exhibition specimens of various kinds of fowl.

There is a small frame structure standing on the north side of the quadrangle and now used as a storehouse in connection with the poultry yards. This will be moved over by the filtration plant and remodeled for the use of the department of landscape art.

The present stock-judging pavilion, on the east end of the agricultural quadrangle, is to be remodeled for the department of farm management. The act appropriates \$10,000 for that purpose.

All the provisions just enumerated pave the way for the practical and esthetic development of the quadrangle north of the original main agricultural

THE NORTH SHORE OF BEEBE LAKE

*Photograph by H. C. Cable*

group. That feature began to take shape when the old north barn was razed to make room for the department of home economics and the new auditorium. The poultry yards are the last vestige of the old order of things remaining near the administration buildings, and now they are to be removed. As soon as the soils building, the remodeling of the stock-judging pavilion, and the proposed changes in the north front of the main

building are completed, then the quadrangle will be ready for the landscape architect. Plans for the landscape treatment have been made and were described in a recent number of the NEWS. When they are carried out the quadrangle will be a handsome spot, with a dignified and adequate entrance from East Avenue, between the Old President's House and Rockefeller Hall.

In the bill is an item of \$20,000 for

equipment of the department of animal husbandry. A building for the department was provided in a previous appropriation, and work on it is now under way, part of the steel frame being already in place. This structure will be one of the most conspicuous and imposing of the whole agricultural group. It stands at the east end of the athletic field, on a slight eminence. Its long pillared front will be visible the whole length of the Common and Playground and will shut off the view of the barns.

Another building now in progress for which further provision is made in the present act is the one to be used by the department of forestry. It stands on the rise of ground, north of the athletic field, which is already occupied by the Carnegie filtration plant, and is a near neighbor of the new poultry husbandry building.

An extension of the greenhouses of the department of horticulture is provided for. Thirty thousand dollars is appropriated for extending them, according to a plan adopted when they were begun. The present area under glass will be practically doubled. The group of glass houses will be extended to the east and the south, the present houses having twenty-five feet added to their length, and others being put in the empty spaces. Artistic entrances will be constructed on the south side, facing the Tower Road and the athletic field.

An item of \$3,000 is for a rural school-house, to be placed between the home economics building and the auditorium, and to the north. It will have a school garden behind it. The offices will be in the auditorium building.

Of the entire sum, \$129,000 is for meeting contracts already authorized for the construction of the stock judging pavilion, forestry, soils, and other buildings; \$18,000 is for equipping the auditorium; \$20,000 is for equipping the animal husbandry building; \$20,000 is for equipping the forestry building; \$10,000 is for further equipment of the home economics building, and \$35,000 is for completing the heating plant. The ground will be torn up this summer for the tunnels for the steam conduits.

An item of \$14,000 is for building a pig barn, sheep barn, and tool barn, which will form part of a quadrangle with the present new barns east of the Judd Falls Road.

All the minor changes under this bill will probably be completed by the opening of the University in the fall.

### The Co-op's Biggest Year

#### A Merchandise Business Transacted of More Than \$105,000

The auditor's report of the Cornell Cooperative Society shows an increase in business over that of any previous year. A total of \$137,094.91 gross business is reported. Of this \$28,618.97 was post office receipts and \$3,325.58 no-profit or "accommodation" business, leaving a merchandise business of \$105,140.36.

A dividend of 8 per cent on registered purchases has been declared and will return nearly \$6,000 to purchasers. The regular 6 per cent dividend on stock amounts to \$90 for the current year and the remaining profit is used for the necessary maintenance and extension of the business.

Although the Co-op has been hampered by lack of room, the growth of business has been steady for several years. It is hoped that better quarters may be obtained in the near future. The business has long ago outgrown the rooms in the basement of Morrill Hall. With more space the Co-op would be better able to serve the needs of the University community.

### The Christian Association

#### Important Changes in the Organization—Resignation of Secretary Davis

Several changes in the organization of the Christian Association were made at a meeting of the board of trustees last week. Instead of an open membership as in the past, there will be a specific membership in the association, with an annual fee of two dollars. A series of vice-presidents will be elected, one from each college, to have charge of the work in their respective colleges.

In order to secure a more active interest on the part of the Faculty, there will be an advisory board of ten faculty members, four of whom will be members of the board of trustees. The board will work with the trustees, but independently as an advisory body.

A general secretary for next year has not yet been chosen to fill the place of C. P. Davis, who has resigned. The trustees are negotiating with Francis Stiffler, a Yale divinity student and graduate of Pennsylvania, who will probably take the position. He is recommended by Professor J. W. Jenks.

The organization of committees for next year indicates somewhat the changed and broadened scope of the work to be undertaken. In place of the social service

committee of the past, there will be three committees—an industrial service committee to have charge of the new work in instructing foreigners; the boys' club committee, to look after another branch of the work which is being extended, and the social service committee, which will care for the distribution of old clothing, and look after special cases of need coming to the attention of the association.

Bible study work is to be extended to include more students than in the past. Classes in world's problems will be given and the rural problems study work, in which agricultural students are especially interested, will be continued.

### Another Veterinary College

#### The State Adopts a Small Institution in New York City

Governor Sulzer last week signed the Goldberg bill, making the New York-American Veterinary College, allied with New York University, the state veterinary college for the eastern part of the state. No appropriation of money was made in the bill, it being understood that private endowments were available dependent upon the state's adoption of the college. The law is very similar to the one establishing the New York State Veterinary College at Cornell, including detailed provisions regarding the disposal of possible state appropriations.

The New York-American Veterinary College is a school of about fifteen students affiliated with New York University, and situated on West Fifty-Fourth Street, New York City. The original New York Veterinary College and the American Veterinary College joined forces under the present name after the foundation of the state college at Cornell. The equipment of the school at present is very slight.

The bill was opposed by those interested in the centralization of the agricultural education system. It was supposed to have been killed in the Ways and Means Committee of the Assembly. But it was resurrected, passed, taken to the Senate, referred to committee, reported out, and passed again—all on the last day of the session, and five hours after Dr. V. A. Moore left Albany believing that the bill would not pass.

About half of the bill is devoted to provisions regarding the handling and accounting of state appropriations. The friends of the Cornell college are therefore suspicious that appropriations will be asked for in future years.

Another clause reads: "Tuition shall

be given free in this school to one student from each assembly district of the portion of the state lying east of the line drawn from Port Jervis to Utica and thence to Ogdensburg." This amplifies the generality expressed in the first section, which says: "The New York-American Veterinary College is hereby adopted as the state veterinary college for the eastern portion of the state."

### The University Orchestra

#### Reorganized and to Be Increased to a Hundred Men

The University Orchestra has been reorganized as an undergraduate club. The constitution adopted provides for an Orchestra Council, consisting of two faculty members and a graduate treasurer, together with the president and secretary of the orchestra, the manager, and the director.

The members of the Council are: faculty members, Professors G. P. Bristol and J. S. Shearer; graduate treasurer, R. E. Treman '09; president, M. M. Koch '13, Pottsville, Pa.; secretary, M. M. McHose, '14, Catasauqua, Pa.; manager, Warren Packard '14, Warren, O.; director, G. L. Coleman '95.

The orchestra gave three concerts last week, ending its season. The first was in Aurora for the students of Wells College, Monday night. On Wednesday there were two free concerts, one in the afternoon for the faculty and one in the evening for the undergraduates. Next year the orchestra will be increased to a hundred men, the change being made possible by the completion of the agricultural auditorium with its larger platform.

### Stanford's New Policy

#### Applying New Rules of Efficiency to University Management

The new policy adopted by Stanford University is a departure in the higher education that is of the utmost importance. It is the application to a scholastic institution of the new rules of efficiency that govern great corporations, and its importance lies in the fact that it is the first time that these rules have been applied to a university. Too many of our American colleges have fallen into ruts from which no power seems able to remove them. A few flashy innovations have been tried by certain institutions, but these have been mainly intended as bids for popularity. It is refreshing to see a university take the stand that it will

sift out from applicants for admission the young men and women who have not only had the best training, but who give the best impression of earnestness and purpose.

Put in a nutshell, the new Stanford policy is to raise the standard of the old before adding any new departments, to spend no money on buildings except on those which are absolutely necessary, to encourage those who have special aptitude for certain professions, and above all to use every effort to attract students who are obliged to work their way through college.

Carried out in the right spirit, this policy will make Stanford more democratic than it is today, and it is no exaggeration to say that of all American universities, Stanford today best exemplifies the spirit in which old Ezra Cornell founded Cornell University. That institution, at Ithaca, N. Y., was the pioneer in all the reforms that have transformed college education in this country. Cornell during its early years was filled with poor but ambitious students, who had a hard struggle for an education, but three-quarters of those who were graduated in those early years have been heard from in the world's best work. President Jordan of Stanford was in one of the early classes at Cornell, and much of the spirit that he imbibed there he has put into practical form at Stanford.

One of the best of these new plans is that which limits the classes in each department, so that Stanford will not see one professor's lecture-room crowded to suffocation and another's nearly empty. Those in charge of this new scheme will see to it that each department gets its quota of students who feel that they have a special call for the studies in that department. Another feature is the thinning out of applicants for entrance. The men selected must show something besides proficiency in studies to commend them to the examining board. Character, ambition, training, habits—all these must have their part in determining whether Stanford will undertake the task of educating the applicant. The great gain of such a plan is obvious, for it eliminates at the outset the students who are not in earnest and who select the large universities as pleasant loafing places for the four years that they are supposed to employ in gaining an education.

Take it all in all, Stanford certainly ought to set some new marks in education if this scheme is carried out fairly and without favor.—*San Francisco Chronicle*.

### Dr. White's Address

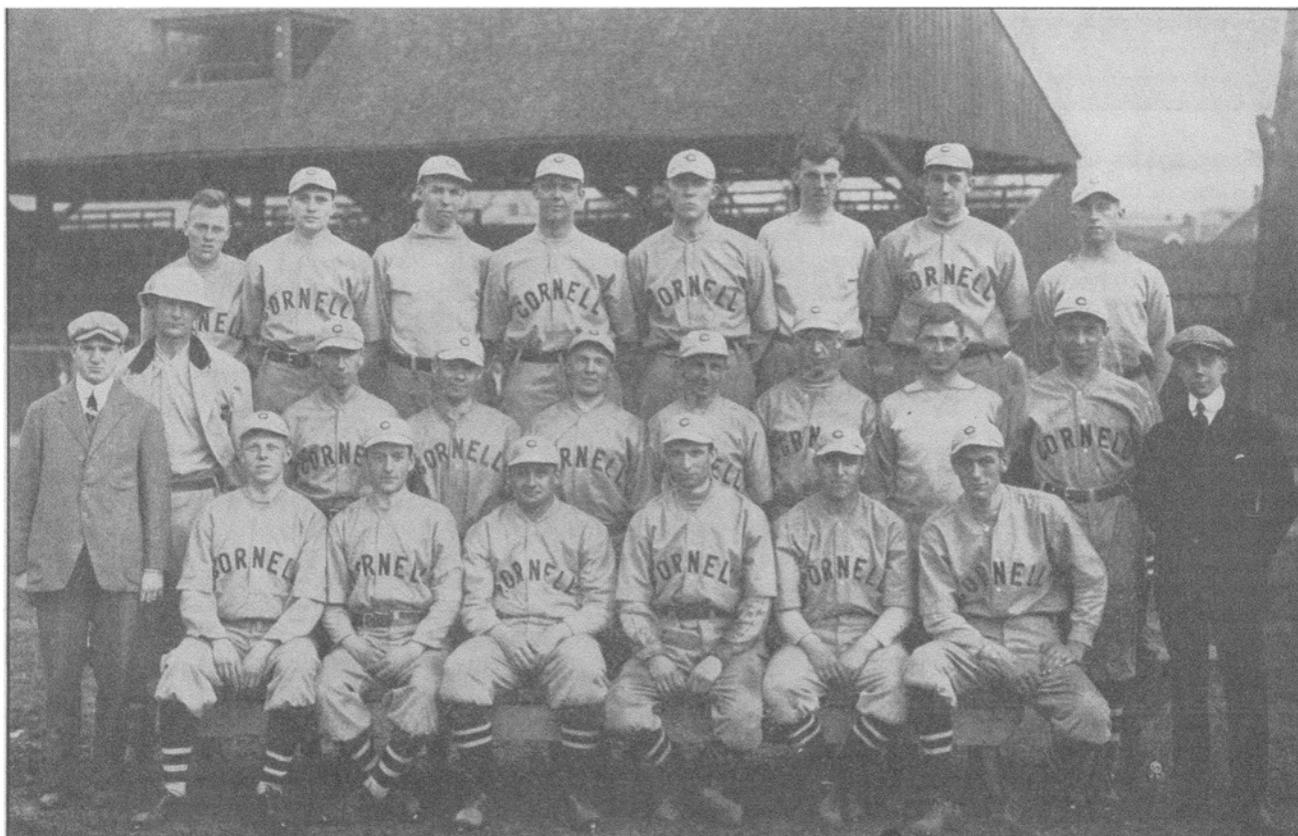

#### How Revolution May Interfere with the Development of Civilization

Dr. Andrew D. White spoke at a joint meeting of the Ethics Club and the Phi Beta Kappa Society one night last week. His topic was "Evolution *versus* Revolution in Politics." He deplored "development by catastrophe," as in the recent Mexican revolution, because it hindered the orderly development of civilization by evolution. As a modern instance of loss through revolution, Dr. White cited the present suffrage agitation in England, pointing out that before the outrages began there was actually a majority in the House of Commons in favor of woman suffrage, but that now an honorable member cannot vote for it without sanctioning methods of violence that may be used in furthering any cause.

Referring to the American Revolution, he said: "Could the men of right reason have had their way, the colonies would have remained for many years longer attached to the mother country; the sturdy, vigorous English and Scotch emigration, instead of being diverted to other channels, would have continued to enrich our civilization; the separation, when it did come, would have been peaceful; the population of these states would have had a far greater proportion of that Anglo-Saxon element which would have enabled it to assimilate the masses of less promising elements which have since flooded us, and which, if limits are not set, may possibly be the new, quiet barbarian invasion fated to end this empire as the old, quiet barbarian invasions ended the Roman Empire."

Of the universities' part in evolution, he said: "A high authority in business circles has declared that they do not produce their share of business men. He failed to note one or two points. University graduates form only about one-half of one per cent of the whole population, while they hold nearly sixty per cent of the more important positions of the country. Yet, of those who have piled up big fortunes by scoundrelism, not one is a product of our universities.

"I can think of no better use for the surplus capital of our men of wealth than strengthening these institutions by creating or enlarging in them departments of history and political and social science. Here is the true way of providing for an evolution which may be relied upon to forestall revolution."

**Crews Now on the Hudson**

**Mr. Courtney Makes a Shake-up in the Freshman Eight**

The crews left Ithaca Tuesday night for The Oaks—their quarters across the Hudson from Poughkeepsie—for the last stage of preparation for the regatta on June 21. As usual, Mr. Courtney took 24 men besides coxswains—the varsity and freshman eights, the varsity four, and a substitute four made of two varsity and two freshman oarsmen.

The freshman combination shows considerable change since the race with Harvard on Navy Day. Before that race, Mr. Courtney himself had not coached the freshmen, had, in fact, scarcely seen them row close at hand. He found several faults and proceeded to remedy them. Bailey was put in at bow in place of Kleinert; Gillmore, who has frequently rowed in the first combination, took Lanman's place at No. 5; Cool at No. 6

changed places with Duffie at No. 2, the latter being the more experienced oarsman, since he rowed on the Cascadilla crew. Rand takes Chandler's place as coxswain of the youngsters.

The combinations are as follows:

*Varsity Eight.*—Bow, L. Eddy; 2, E. S. Bates; 3, J. H. Munn; 4, W. W. Butts; 5, B. A. Lum; 6, B. C. Spransy; 7, L. Chapman; stroke, E. H. Dole; coxswain, M. L. Adler.

*Varsity Four.*—Bow, C. W. Brown; 2, E. S. Bird; 3, W. F. Thatcher; stroke, S. V. Hiscox.

*Freshman Eight.*—Bow, C. W. Bailey; 2, W. C. Cool; 3, J. H. Allen, jr.; 4, M. N. Shelton; 5, Q. A. Gillmore; 6, B. C. Duffie; 7, R. Wells; stroke, A. R. Gilman; coxswain, L. P. Rand.

*Substitute Four.*—Bow, Ernesto Ornelas '15; 2, J. L. Moffat '16; 3, J. C. Othus '15; stroke, H. D. Hyland '14.

The oarsmen this year received special

permission from the Faculty to leave Ithaca before the examinations were over. This permission was granted because the dredging operations in the Inlet have reached a stage where they make rowing in shells dangerous. It is not intended to be a precedent.

**Golf**

The golf team last week lost to Williams at Williamstown and to Yale at New Haven. Those games ended a season in which the only game won was from Columbia, the team having been defeated by Pennsylvania and Princeton.

The management is endeavoring to arrange to send a team to the golf intercollegiate, which will be held from September 8 to 13 at the Huntington Valley Country Club, near Philadelphia. The players feel that on a neutral course a better showing could be made.

#### SUBSCRIPTION—\$3.00 PER YEAR

Published by the Cornell Alumni News Publishing Company. John L. Senior, President; Woodford Patterson, Secretary and Treasurer. Office 110 North Tioga Street, Ithaca, N. Y.

Published weekly during the college year and monthly in July and August; forty issues annually. Issue No. 1 is published the first Wednesday of the college year in October and weekly publication (numbered consecutively) continues through Commencement Week. Issue No. 40, the final one of the year is published the last Wednesday in August and contains a complete index of the entire volume.

Single copies ten cents each. Foreign postage 40 cents per year. Subscriptions payable in advance.

Should a subscriber desire to discontinue his subscription notice to that effect should be sent in before its expiration. Otherwise it is assumed that a continuance of the subscription is desired.

Checks, drafts and orders should be made payable to the Cornell Alumni News.

Correspondence should be addressed—

ITHACA, NEW YORK, JUNE 4, 1913

READERS of this paper are familiar with the new custom of receiving freshmen at Cornell. The work of the Freshman Advisory Committee last fall has been described in these columns. Freshmen were sought out in a spirit of friendship by members of the upper classes, who tried to smooth the way for them. Perhaps this change in the attitude toward the freshman is to become common. A similar custom has been established at the Iowa State College. The president of that college is a Cornell man, Raymond A. Pearson '94. He has sent to Ithaca a copy of resolutions adopted by the present freshman class of that college on May 12, entirely of the class's own volition. There has been no hazing or violence at Iowa State College. But the class recognizes that a feeling of antagonism between sophomores and freshmen has been traditional there, as in other

colleges. The class expresses the opinion that this tradition is dying out in leading institutions of learning. It has resolved to adopt an attitude of friendliness and helpfulness toward the entering class next fall. The president of the class has been instructed to appoint a committee of not less than thirty members to meet freshmen on their arrival and do whatever may be done for their benefit and comfort.

#### QUALIFIED ALUMNI ASSOCIATIONS

The names of two alumni associations which have qualified for representation at the annual meeting of the Associate Alumni have been added to the list recently printed in the NEWS. They are the Cornell University Alumni Association of Milwaukee, entitled to one delegate, and the Cornell Association of Connecticut, also entitled to one delegate. The by-laws of the Associate Alumni provide that a copy of the constitution and a list of the members of an association must be filed with the secretary of the Associate Alumni thirty days before the annual meeting.

#### THE ALUMNI GAME

Some more old players heard from! Jerry Chase is coming with a "rejuvenated whip," he says, so if Caldwell shows up with his arm in a sling, the Cubs will have some one to fall back on "Puss" Lally hopes to be able to do something by way of celebrating his first class reunion.

For the "Tigers," "Robbie" Robertson of the Syracuse bar has been signed, and Captain Joseph W. Beacham says he will be on hand if he can possibly make it.

The committee having the game in charge requests that all the ball players who have not yet been heard from and who expect to be here send their names to W. J. Dugan, Ithaca, by the 10th of June at the latest, as it is planned to get out window cards with the full line-up of the two teams. This applies to any who have not been reached by letter, as well as to those who were uncertain.

#### WARNING—1903

On Friday, June thirteenth, nineteen thirteen, (Heavings!) your class will give a birthday party at Ithaca, and woe betide the delinquent member who fails to attend. If there be any at this late date who has not written the committee to save him a seat at the ring side, "obey that impulse" and book it *now*.

How sad 'twill be in after years to have one's favorite grandson clamber upon

one's knee and in childish treble ask one:

"Grandsire, did you see

"The thrilling fire drill and rescue of the che-ild?

"The daring parachute drop?

"The cubist paintings?

"The upside-down peerade?

"The suffragettes?

"And the other marvels at your class reunion?"

and to make reply: "Nay, me lad, I was e'en then too old to remember I had been once a collech chap."

"Obey that impulse."

#### STUDENT WORKERS

An investigation conducted recently by a student organization at Cornell University brought to light the fact that 1,069 undergraduates were partially supporting themselves. Of this number forty-two were found to have an earning capacity of more than \$500 a year, while the average earning capacity was placed at \$173 per student.

These figures are surface indications of a very subtle but no less appreciable change in the ideals of the American university. The era of extravagance is passing. The silly, spendthrift type of college youth is slowly disappearing both from the comic page and the college campus. There is still a considerable stock of him on hand, but he is not so popular with his classmates as he has been aforesaid.

The fact that such a large number of young men at Cornell are presuming to earn their own board and keep while completing their college course is distinctly encouraging. It proves that Cornell is a well balanced institution. It proves also that there need be no barrier between the facts of education and the facts of life.

The ideal university is one which most successfully represents to its undergraduate members the world they will encounter upon leaving it. By providing a place for the young man who earns his own living, Cornell has done much to soften the shock of that final plunge from the graduation platform into the cold, cold world.—*New York Evening Sun*.

EXAMINATIONS began on Wednesday of this week. They will end next week Thursday.

THE SENIORS plan to hold a class banquet on June 12.

SEARCH is still going on for the bodies of the four students who were drowned in Cayuga Lake on May 17.

**REUNION PROGRAM**

**FRIDAY, JUNE 13**

2 P. M. Meeting of the Board of Directors of the Associate Alumni. Town and Gown Club.

2 P. M. Meeting of the Cornellian Council. Town and Gown Club.

2 P. M. Business meeting of the Federation of Women's Clubs. Barnes Hall.

4 P. M. Meeting of the Association of Class Secretaries. Town and Gown Club.

4 to 6 P. M. Alumnae tea. Sage Drawing Room.

8 P. M. Musical Club Concert for the alumni. Following the concert, fraternity and club reunions.

**SATURDAY, JUNE 14**

10 A. M. Business Meeting of the Associate Alumni. Auditorium, College of Agriculture.

12:30 P. M. Luncheon. Home Economics Building.

2:30 P. M. Annual Meeting of the Stockholders of the Alumnae House Association. Main Building, College of Agriculture, Room 391.

3:30 P. M. Baseball Game: Alumni vs. Alumni. Percy Field.

6 P. M. Class Dinners.

**THE ASSOCIATE ALUMNI**

**Notice of Proposed Amendment**

Notice is hereby given of a proposed amendment to the By-Laws of the Associate Alumni of Cornell University, namely,

That Section 12 of the By-Laws be amended by striking out the last sentence of the section, namely, the words: "The president, secretary and treasurer must be elected from the Board of Directors."

**JOINT PICNIC AND REJUVENATION**

Saturday, June 21, 1913, at Oakmont, Pa., on the main line of the Allegheny Valley Division of the Pennsylvania Railroad, ten miles from Pittsburgh, there will be a joint picnic and rejuvenation of the Pennsylvania and Cornell Alumni of Western Pennsylvania. Baseball with our ex-rivals! Canoeing and water sports! To be followed by a dinner at one of the canoe clubs, the exact one to be designated in the near future. Ball game starts at 3 p. m. Trains from Union Station and East Liberty every few minutes: fifteen minutes from East Liberty, and only twenty-five minutes from the city, in a beautiful, meadowed vale on the shores of the antique and pine-crowned Allegheny!

 June 14, Yale at New Haven.  
 June 16, Dartmouth at Hanover.  
 June 17, Pennsylvania at Ithaca.

### Pennsylvania, 3: Cornell, 4

The nine played a good game against Pennsylvania on Franklin Field last Saturday and won by a score of 4 to 3. The Penn team did not get a run till the ninth inning. Just at that time the news was received of the Pennsylvania track victory at Cambridge, and in the excitement which followed, Acheson relaxed the steadiness with which he had pitched for eight innings. Two passes, an error and a two-base hit gave Pennsylvania three runs, but Acheson then tightened up and retired two batters.

Schirick scored in the first inning with the help of two sacrifices and Toomey's fumble of Clute's grounder. Butler prevented a Pennsylvania score in the same inning. With two down and a man on base he made a running one-hand catch of Minds's hot liner between center and right field.

Cornell got two more runs in the fifth. With two men out, Acheson drew a pass and Schirick then drove the ball over center field. It was a three-base hit, but when Minds hesitated about relaying the ball home Schirick made a dash for the plate and scored.

Donovan brought in the fourth run in the eighth inning. He singled, Keller sacrificed, and Clute hit safely to center. A wild pitch allowed Donovan to score.

The Cornell team showed much improvement over any of its previous games. Acheson had the better of Imlay in the pitching. Cornell's batting was better than before, and the men used their heads in base-running and took advantage of opportunities.

The Pennsylvania-Cornell series is now tied, each team having won a game. The deciding contest will be played in Ithaca on June 17, the day before Commencement. No games are scheduled for this week. Next week the nine will go east for a hard series in New England. A game was scheduled for Wednesday of last week between the varsity and freshman teams, but it was cancelled on account of rain.

### Score, Pennsylvania vs. Cornell:

Two base hit—Wallace. Three base hit—Schirick. Sacrifice hits—Donovan, Keller, Acheson. Double plays—Wallace and Martin; Adair, Donovan and Clute. Stolen bases—Coleman, Armstrong, Clute. Struck out—By Acheson, 6; by Imlay, 1. Left on bases—Cornell, 6; Pennsylvania, 6. First base on balls—Off Acheson, 5; off Imlay, 3. Umpires—Schermerhorn and Adams.

**Freshman baseball.**—The freshman nine ended its season Saturday by defeating Chamberlain Military Institute, 5 to 0, on Percy Field. The game was marred by an accident to the visiting pitcher, who was knocked unconscious by a pitched ball. He resumed play shortly afterward. The Cornell battery was Reagan and Guthery.

THE REPORT of the sophomore cotillion committee shows that the net receipts from the dance this year were \$754.12.

## Penn's Track Championship

### Cornell in Fourth Place—Captain Jones Makes New Mile Record

The consistently good work of her representatives in the intercollegiate track meet at Cambridge last Friday and Saturday gave the University of Pennsylvania the victory in the meet and a fourth leg on the trophy. Like Cornell, she now needs only one more victory to win the trophy for keeps. Yale and Harvard have each one leg on it. Pennsylvania won with the smallest total of winning points in many years—24. Harvard was second with 21 1-2, Michigan third with 19, and Cornell fourth with 17 1-2. Other colleges scored in points as follows: Dartmouth, 14 1-2; Yale, 10 1-2; California, 10; Wesleyan, 10; Princeton, 6; Columbia, 4; Brown, 3; Pennsylvania State, 1; Syracuse, 1.

A slightly different result in any one of several of the events might have changed the result of the meet, so close was the race among four or five of the teams. Pennsylvania won first place in four events, besides one third and two fourth places, although only five of her men scored, and in only five of the thirteen events. Harvard placed eight men in seven events; Michigan, seven men in seven events; Cornell took points in seven events, with six men.

Cornell's 17 1-2 points were scored thus: Captain J. P. Jones, first in the mile and second in the half-mile, 8 points; A. B. Cozzens, second in the 440-yard run, 3 points; O. A. Reller, second in the 100-yard dash, 3 points; J. E. Whinery, third in the broad jump, 2 points; H. G. Kanzler, fourth in the shot-put, 1 point; H. H. VanKennen, tie for fourth place in the pole vault, 1-2 point.

No doubt the event which had aroused the greatest interest was the mile run, which was expected to develop and which did develop into a duel between Captain J. P. Jones and Norman S. Taber, of Brown University. Jones not only won the race but he set a new world's amateur record of 4 minutes 14 2-5 seconds, clipping a whole second off his former world's record, made on the same track in 1911. Taber and Jones had run a dead heat in the mile race last year, and at the Olympic meet, later in the summer, Taber had beaten Jones by a very slight margin. Last fall they had met again in the intercollegiate cross-country meet, when Jones won the race and Taber was second. The indications therefore were that the race would be fast and close.

The first quarter was run in 1 minute 14-5 seconds, the second in 1:07 3-5, or 2:09 2-5 for the first half-mile. The third quarter was run a little faster than the second, being made in 1:06 4-5. Taber had been leading when the gun was fired at the beginning of the last lap. At the sound of the gun Jones jumped into the lead, and led the pack around the turn. Going into the back stretch he began a tearing sprint which widened the distance between himself and Taber. He gained still more around the last turn and won by eight or ten yards. He ran the last quarter in the remarkable time of 58 1-5 seconds. Taber also ran the fastest mile of his life, his time being caught as 4:16 2-5. Jones's record is likely to stand for some time. It was the only new one made at the meet, although three intercollegiate records were equaled—in the 100-yard dash by Patterson of Pennsylvania, the 220-yard dash by Lippincott of Pennsylvania, and the 220-yard hurdles by Wendell of Wesleyan.

After Jones's remarkable race in the mile it was hardly to be expected that he would be at his best in the half-mile race an hour and twenty minutes later. In this event he was opposed by G. E. Brown, a Yale sophomore, who had done very well in the dual meets this spring. There were nine men in the final, including Snyder of Cornell, who had qualified by taking second place to Brown in a trial heat the day before. As this race is run in the Harvard stadium there are three turns. Brown was leading around the second turn when Jones started to pass him. Another runner tried to pass Jones at the same time and the three men fouled one another. Jones led to the third turn, but Brown sprinted ahead into the final stretch and opened up a gap of twenty yards or more. Jones set out after him, but the Yale man won by nine or ten yards. The winner's time was 1:55 1-5, slower by 1 2-5 seconds than the intercollegiate record, made by Jones last year.

It was the high-class performances of Pennsylvania's pair of sprinters, Lippincott and Patterson, that insured Pennsylvania the winning of the meet. Between them they scored thirteen points in the 100 and 220-yard dashes. Reller and Ingersoll of Cornell had qualified for the semi-finals of the hundred, and both got into the final. Reller was a close second to Patterson, who won in record time. The only Cornell man who reached the semi-finals of the 220 was Reller, and he qualified for the final, but finished fifth.

Cozzens ran a good race in the 440-yard dash, finishing second to Haff of Michigan. W. H. Bennett strained a tendon in the trials on Friday.

Cornell did not start a man in the high hurdles. In the low hurdles the only one to qualify on Friday was C. A. Philippi '15, and he was shut out in one of the semi-finals heat.

In the two-mile run Spieden's inexperience told against him. After running a hard race in which he was in trouble most of the time he made such a desperate effort to beat McCurdy of Pennsylvania that when McCurdy finally passed him he could do no better than finish fifth. The field was large in this race and was bunched for seven laps. When Spieden was in a pocket, which was a good deal of the time, he was in trouble because he "runs wide" and needs more elbow room than many runners, and when he got out of a pocket he lacked effective pace-making and was forced to run far from the pole. The pace for seven laps was slow and just suited McCurdy. Spieden shook himself loose from the pack when the last lap began, but on the back stretch McCurdy passed him. Rounding into the straight again Spieden was several yards behind and so far gone that three other runners slipped by him before the finish line was reached. Spieden had never run the two miles till this year and had had no experience in racing in so large a field as started in this event.

J. E. Whinery scored second place for Cornell in the broad jump. H. G. Kanzler was fourth in the shot put, and in the pole vault H. H. VanKennen '15 obtained one-half point. No member of the team qualified for the finals in the hammer throw or the broad jump.

100 Yard Dash, semi-finals—first heat—Won by J. E. Patterson, Pennsylvania; O. A. Reller, Cornell, second; H. M. Wagner, Johns Hopkins, third. Time, 10 seconds. Second heat—Won by D. F. Lippincott, Pennsylvania; H. S. Ingersoll, Cornell, second; J. E. Bond, Michigan, third. Time, 10 seconds.

100 Yard Dash, final—Won by J. E. Patterson, Pennsylvania; O. A. Reller, Cornell, second; D. F. Lippincott, Pennsylvania, third; J. E. Bond, Michigan, fourth. Time, 9 4-5 seconds. (Equals intercollegiate and collegiate records.)

220 Yard Dash, semi-finals—first heat—Won by D. F. Lippincott, Pennsylvania; J. E. Bond, Michigan, second; O. A. Reller, Cornell, third. Time, 22 2-5 seconds. Second heat—Won by J. E. Patterson, Pennsylvania; H. H. Seward, Michigan, second; H. M. Wagner, Johns Hopkins, third. Time, 21 2-5 seconds.

220 Yard Dash, final—Won by D. F. Lippincott, Pennsylvania; H. H. Seward, Michigan, second; J. E. Bond, Michigan, third; J. E. Patterson, Pennsylvania, fourth. Time, 21 1-5 seconds.

(Equals world's intercollegiate and collegiate records.)

440 Yard Run—Won by C. B. Haff, Michigan; A. B. Cozzens, Cornell, second; W. A. Barron, Harvard, third; P. Jansen, Michigan, fourth. Time, 48 2-5 seconds.

Half Mile Run—Won by G. E. Brown, Yale; J. P. Jones, Cornell, second; F. W. Capper, Harvard, third; F. R. Marceau, Dartmouth, fourth. Time, 1 minute, 55 1-5 seconds.

One Mile Run—Won by J. P. Jones, Cornell; N. S. Taber, Brown, second; P. S. Harmon, Dartmouth, third; L. C. Madeira, Pennsylvania, fourth. Time, 4 minutes 14 2-5 seconds. (New world's record.)

Two Mile Run—Won by W. M. McCurdy, Pennsylvania; C. M. Smith, Michigan, second; R. St. B. Boyd, Harvard, third; C. A. Keyser, Penn State, fourth. Time, 9 minutes 45 3-5 seconds.

120 Yard High Hurdles, semi-finals—first heat—Won by J. I. Wendell, Wesleyan; A. L. Jackson, Harvard, second. Time, 15 2-5 seconds. Second heat—Won by W. F. Potter, Yale; J. B. Cummings, Harvard, second. Time, 15 4-5 seconds.

120 Yard High Hurdles, final—Won by J. I. Wendell, Wesleyan; A. L. Jackson, Harvard, second; J. B. Cummings, Harvard, third. Fourth place not awarded. Time, 15 3-5 seconds.

220 Yard Low Hurdles, semi-finals—first heat—Won by G. A. Braun, Dartmouth; F. L. Brady, Columbia, second. Time, 24 3-5 seconds. Second heat—Won by J. I. Wendell, Wesleyan; W. F. Potter, Yale, second. Time, 24 1-5 seconds.

220 Yard Low Hurdles, final—Won by J. I. Wendell, Wesleyan; W. F. Potter, Yale, second; G. A. Braun, Dartmouth, third; F. L. Brady, Columbia, fourth. Time, 23 3-5 seconds. (Equals intercollegiate and collegiate records.)

High Jump—Tie between E. Beeson, California, and J. B. Camp, Harvard, at 6 feet 1-8 inch; A. W. Moffat, Harvard; W. E. Sargent, Michigan, and J. F. Simons, Princeton, tied for third, at 5 feet 11 1-4 inches.

Broad Jump—Won by E. L. Mercer, Pennsylvania, 23 feet 3 7-8 inches; F. Allen, California, second, 22 feet 10 1-2 inches; J. E. Whinery, Cornell, third, 22 feet 9 inches; W. P. Thomson, Syracuse, fourth, 21 feet 11 1-2 inches.

Shot Put—Won by L. A. Whitney, Dartmouth, 47 feet 2 5-8 inches; R. L. Beatty, Columbia, second, 47 feet 1 3-8 inches; A. W. Kohler, Michigan, third, 46 feet 4 7-8 inches; H. G. Kanzler, Cornell, fourth, 45 feet 8 1-4 inches.

Hammer Throw—Won by T. Cable, Harvard, 156 feet; K. Shattuck, California, second, 151 feet 2 1-2 inches; W. T. Englehorn, Dartmouth, third, 150 feet 2 inches; A. W. Kohler, Michigan, fourth, 147 feet 9 1-2 inches.

Pole Vault—Won by T. Fiske, Princeton, 12 feet 8 inches; S. B. Wagoner, Yale, and M. S. Wright, Dartmouth, tied for second, at 12 feet 4 inches; J. B. Camp, Harvard, and H. H. VanKennen, Cornell, tied for third, at 12 feet.

OFFICERS have been elected for next year by the Athletic Council. Professor Herman Diederichs was chosen president to fill the vacancy caused by the resignation of Dean Irvine. Charles E. Treman was elected navy adviser; Charles H. Blood, financial adviser; D. F. Hoy, baseball adviser; Professor W. W. Rowlee, football adviser, and Professor E. P. Andrews, track adviser.

**Junior Varsity Wins****Defeats Navy, Princeton and Pennsylvania Crews in American Henley**

Another Cornell rowing victory was won by the junior varsity eight at the American Henley regatta in Philadelphia last Saturday. The crew made a record for the new course on the Schuylkill, 6 minutes 29 4-5 seconds.

The other crews in the race were the junior eights of the Naval Academy, Princeton and Pennsylvania, which finished in the order named. Cornell won by a length over the Navy. In 1909 the Cornell junior varsity won a similar race in 6:26 4-5, but the course that year was a hundred yards short of last Saturday's distance. The Cornell crew rowed as follows: Bow, J. R. Teall '14; 2, L. F. Craver '15; 3, W. V. Ellms '15; 4, R. C. Reeve '13; 5, M. A. Munoz '13; 6, E. A. Niccolls, jr., '13; 7, J. E. O'Brien '15; stroke, H. J. Brooks '15; coxswain, C. B. Murray '13.

In the interscholastic race for eight-oared shells the Cascadilla School crew defeated the crews of the Philadelphia Central High School and the Baltimore City College. Time, 6:46 2-5.

**Intercollege Championship****Won by the College of Agriculture**

The College of Agriculture has won the intercollege athletic championship for the year 1912-13. This is based on the results of series of games in cross-country running, association football, basketball, a winter indoor carnival, track athletics, baseball and rowing. The final scores in points for the whole year were as follows: Agriculture, 47; Civil Engineering, 42; Mechanical Engineering, 36; Law, 17; Arts, 15 1-2; Veterinary, 14; Architecture, 12; Chemistry, 7 1-2.

In the baseball series there was a close race between Agriculture and Civil Engineering, and the two teams finished the schedule with a tie for first place. This tie was played off in a game last Friday, which the civil engineers won by a score of 10 to 5. Sibley College was third in the baseball series.

ALUMNI DAYS are Friday, June 13, and Saturday, June 14.

**VARIOUS NOTES**

INVITATIONS to the number of thirty-nine hundred have been sent out by the local committee in charge of arrangements for the eighth International Congress of Students, to be held in Ithaca from August 29 to September 3. The committee is making preparations to entertain from a hundred to a hundred and fifty delegates. They will come from all over the world. Dr. George W. Nasmyth '07, who is now in Europe, is said to be organizing a party of fifty German students who will make a tour of this country and attend the Congress at Ithaca.

THE FINAL LECTURE in the series on the history of civilization, given by members of the Faculty during the year, was delivered last Thursday by Professor Sill. His subject was "History in a Paper Mill." He traced the history of paper making as an example of the debt which modern civilization owes to earlier times through the development of manufacturing processes. A similar course of lectures will be given next year.

THE USE of the Armory for the Senior Ball on the night of June 18 has been granted by the Board of Trustees on condition that the committee prohibit the so-called modern dances. The program will consist of waltzes and two-steps. It was shown at the military hop on the night before Spring Day that such a prohibition can be enforced, and the committee has promised to see that the order is carried out to the letter.

THE *Sun* suspended publication for the year with its issue of last Saturday.

ALUMNI DAYS are Friday, June 13, and Saturday, June 14.

INSTRUCTOR—"What is mineral wool?" '16—"The shearings off a hydraulic ram."  
—*The Cornell Chemist*.

Tennis.—The team ended its season Saturday with a victory over Dartmouth on the home courts—score, 5 matches to 1. The only match lost was in the doubles. Benton, Cummings, Peters and Bowers played.

**ALUMNI NOTES**

*Readers are requested to send news of former students for publication in this department. Notices of change of address and all other personal news items are welcomed.*

'72 and '74—At the commencement of Stanford University on May 19 Dr. David Starr Jordan '72 made a statement about his appointment as chancellor of the university and the appointment of Dr. John Casper Branner '74 to succeed him in the presidency. He said: "In accepting the chancellorship, and withdrawing from the immediate direction of administrative affairs, I shall abate no part of my interest in the university to which I have given the best years of my life, and to which I hope the best that remains will also be dedicated. In placing the immediate control in the hands of one of the ablest of American scholars, one of the most successful of teachers and most loyal of men, I am sure that the board of trustees has made no mistake. So long as Dr. Branner shall direct its affairs the university will continue to develop the highest purposes of its founders, and of our colleagues, who, through twenty-two eventful years, have maintained and carried forward its standards and ideals." Dr. J. M. Stillman made a statement in which he said: "For twenty-two years President Jordan has been the inspiration of Stanford University. What it is is due mainly to his high ideals, his breadth of outlook and warmth of sympathy. These qualities and abilities the university needs in the future as in the past, and these the office of chancellor ensures us. Trustees and faculty, alumni and students, will continue to profit by his wisdom and his enthusiasms. But it is also recognized that the world at large has a claim upon his abilities which it should be the mission of Stanford to further and to encourage. In the belief that the division of administrative functions between two such cooperative and sympathetic leaders as Chancellor Jordan and President Branner will promote the efficiency, usefulness and

influence of the university, and that under their joint guidance the aims and ideals of Stanford University will be carried forward to greater and grander development, I venture to assume that I express the sentiment of the whole university community in extending to Chancellor Jordan our congratulations upon his well-deserved and welcome respite from a large share of administrative detail, and upon his increased opportunities for the highest service not only to this his university, but to the wider world beyond its gates."

'83, B.S.—Professor Charles S. Prosser has been elected president of the Ohio State University chapter of the Sigma Xi Society.

'96, M.E.—John Cooper Lynch, who has been superintendent of traffic for the New Jersey Division of the New York Telephone Company, has been appointed general superintendent of traffic of the Bell Telephone Company of Pennsylvania, with headquarters at Philadelphia.

'98, M.S.A.; '00, Ph.D.—S. W. Fletcher is the director of the Virginia agricultural experiment station, Blacksburg, Va.

'00, M.E.—R. W. Beardslee is chief engineer of the Plaza Hotel, Fifty-ninth Street and Fifth Avenue, New York.

'00, C.E.—H. H. Bassett is with the Groton Bridge Company and lives at 40 Elm Street, Groton, N. Y.

'00, M.E.—A. S. Blanchard's address is 1088 Lake Avenue, Rochester, N. Y. He is secretary and treasurer of the Baker-Flora Storage & Cleaning Company.

'00, G.—C. B. Curtis is principal of the Central High School of St. Louis, Mo.

'00, M.E.—Paul P. Bird is with the Commonwealth Edison Company at 120 West Adams Street, Chicago.

'00—R. C. Dewey's address is 3009 Fulton Street, Toledo, Ohio. He is a member of the Dewey-Anderson Company, makers of tire pumps.

'00, M.E.—F. B. Hufnagel is general superintendent of the Aliquippa works of the Jones & Laughlin Steel Company. His address is 531 North Negley Avenue, Pittsburgh, Pa.

'00—F. Gordon Patterson's address is 26 West Cedar Street, Boston. He is in the woolen business, being assistant to the treasurer of the Pacific Mills and himself treasurer of the Atlantic Cotton Mills.

'00, C.E.—M. E. Shire is with Hirsh, Stein & Co., Hammond, Ind.

'00, LL.B.—Clair S. Tappan is practicing law at 815 Black Building, Los Angeles, Cal.

'00, M.D.—Abram Lewitt is practicing medicine at 71 Windsor Street, Hartford, Conn.

'02, M.D.—Walter L. Niles was recently appointed assistant professor of clinical medicine in the Cornell University Medical College at New York.

'03, M.E.—Mr. and Mrs. William Russell Cone Corson announce the wedding of their daughter, Dorothy Lyles, to John MacEwan Ellis, of New York, on Saturday, June 7, at Trinity Church, Hartford, Conn.

'04, M.E.—A daughter, Jean, was born on May 27 to Mr. and Mrs. Lawrence M. Viles, of 1236 Dearborn Avenue, Chicago.

'05, C.E.—James H. Sturdevant was married to Miss Mary P. Holmes, daughter of Mr. and Mrs. E. C. Holmes of Summit, N. J., on May 31. Sturdevant is deputy superintendent of highways of the state of New York.

'07, C.E.—G. B. Canaga, after a leave of absence spent at his home in Scio, Ohio, is returning to Manila, where he is employed in the bureau of public works.

**SPALDING  
FIFTH AVENUE**

Our forty-second store, in a list that embraces the principal cities of the English-speaking world, from London to Sydney, and one in Paris.

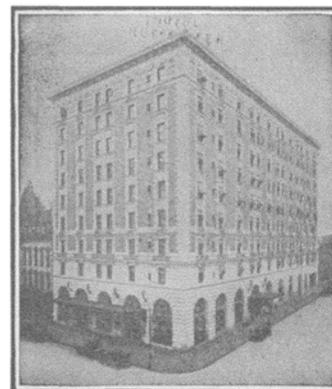

Athletics is a bigger word than it was; it means the Open; it spells Outdoors. It has ushered in the Country Life.

To meet this demand we have inaugurated a department in this new store in which will be carried garments—made in England, the home of Country Life—suitable for all Outdoor purposes or just Lounging around the Country Club.

And, as the location would indicate, this store is not exclusively for men. The Wives and Daughters of America are now a big factor in Outdoor Life. They will be surprised and delighted with the extensive and exclusive assortment of Apparel and Implements.
