## Plans Science Exhibit

*World's Fair Committee in 1933 Asks  
Cooperation of Six Faculty  
Members*

The science exhibit at the Chicago World's Fair in 1933 will have a special interest for six members of the Faculty, who are collaborating with the National Research Council Science Advisory Committee in the development of a science theme for the exposition. Dr. Frank B. Jewett, president of the Bell Telephone Laboratories, is chairman.

The Faculty members are Professors Heinrich Ries, Floyd K. Richtmyer '04, Wilder D. Bancroft, Everett F. Phillips, Dean Dexter S. Kimball, and Professor Charles R. Stockard.

Professor Ries is a member of the committee's mining and geology groups who have recommended that mining, metallurgy, and geology be exhibited in a vast steel structure built in the form of a mountain range. It is suggested that in addition to a volcano, there would be waterfalls, cascades, spouting geysers, flowing hot springs, a glacier with a refrigerated ice cave, a glacial moraine, a glacial lake, and artesian waters.

The waters of Lake Michigan would be utilized to form beneath the mountain range a "lost river," along which there would be crystal caves accessible by boats and launches.

The range would slope down to a plain symbolic of the topography, geologic structure, and mineral resources of the Middle West. This range would actually be the roof of a one-story steel structure rising to a height of 250 feet and about 1200 feet long.

The physics and optical physics group, of which Professor Richtmyer is a member, has suggested that an apparatus be set up which can be operated by visitors in such a manner that they will actually be able to measure the speed at which light travels.

The group studying the chemical exhibit includes Professor Bancroft. It proposes a series of models illustrating the radical changes that have taken place in the conception of atomic and molecular structure during the past century. These models would show the units of matter magnified a billion times or more. The atom of 100 years ago would be illustrated by a solid ball six inches in diameter, and the atom of 1915 would be

represented by a lighted sphere constructed of lamps corresponding to electrons.

A model of the electronic orbit, according to the Bohr theory of 1893, would be four feet along its longest and two feet along its shortest diameter, while the hydrogen atom would be illustrated by a square box four feet in diameter in which a green light against a background painted red and fitted with a circular neon tube would produce the effect of a band of light around a nucleus.

The entomology group, of which Professor Phillips is a member, suggests that a model of an insect be built large enough to permit visitors to walk through it and to watch the action of its internal organs. It is also suggested that the compound eyes of the creature be so arranged that visitors could look through them "seeing the world as the insect sees it."

A replica of a workshop of one hundred years ago in contrast with a modern manufacturing plant is proposed by the mechanical engineering group, of which Dean Kimball is a member.

A small laboratory in which the actual making and incubating of tissue cultures could be viewed is the proposal for an anatomy exhibit. Dr. Stockard is a member of this group.

## THOMAS MIDGLEY, JR. '11, DISCOVERS NEW COMPOUND

A new refrigerant, composed of a compound of carbon, chlorine, and fluorine, was demonstrated at the seventy-ninth meeting of the American Chemical Society in Atlanta on April 3 by Thomas Midgley, Jr., '11, discoverer of ethyl gasoline, who developed the new substance in collaboration with Dr. A. L. Henne, Belgian chemist, at the General Motors Corporation laboratories in Dayton, Ohio.

The compound is expected to make steady work in deep-mine strata a possibility. It is a clear, white liquid, boiling at eighteen degrees below zero Fahrenheit. Eventually, it is believed, this class of fluoro-chloro methanes will replace all present refrigerants, such as ammonia and sulphur dioxide.

According to Midgley, "the substance can even be utilized in submarines, but we do not regard this as altogether feasible, although it has been found to be not only non-inflammable but to be a fire extinguisher. It will not burn when mixed with forty per cent of gasoline vapor."

## WEAI Increases Usefulness

*Another Hour and Greater Variety In Program  
Given to Cornell Station  
for Future*

University Hour, a new broadcast from Station WEAI, was inaugurated on April 15 with addresses by Dean William A. Hammond of the University Faculty and Dean Dexter S. Kimball of the College of Engineering.

The program, designed to be typical of the life and activities of Cornell, will be put on the air five afternoons a week from five until six o'clock, closing with the evening chimes.

Dean Hammond pointed out during the first broadcast that "in addition to the College of Agriculture, which with its extension work and radio, is carrying out a large publicity policy, there are seven other colleges in the University, each occupied with a vast amount of work, in which the alumni and public are interested.

"To bring these activities in all of our colleges to the attention of former students and the general public, this University Hour has been planned. We hope to make the programs typical of the life and activities of the University. They will include talks and entertainment features, which we believe will portray vividly the real life of a great institution of learning.

"The fundamental functions of the University include teaching, research, and the dissemination of the knowledge that is accumulated and formulated. Fortunately, through the cooperation and generosity of two public-spirited corporations, the Westinghouse Electric Company and the General Electric Company, the present WEAI station was built and equipped.

"Cornell is deeply indebted to these organizations and we are confident that the listening public will share our appreciation. I would add here that the Federal Radio Commission has recently permitted an increase in the power of the University Station, which practically doubles its broadcasting area, and thus makes our program available to a larger circle of former students and friends of Cornell. The Federal Commission has also increased the time allotment for the Station's air service."

Station WEAI was opened August 15, 1929, with a noon hour program by the

*(Continued on page 353, col. 2)*

ATHLETICS

DEFEAT COLUMBIA

The baseball team opened its home season with a 6-2 victory over Columbia on Hoy Field April 19. Cold weather hampered the pitchers, and the wildness of Wilkens, who started for Columbia, gave Cornell its chance to mass a 5-1 lead in the first two innings.

The game was the second for both teams in the Eastern Intercollegiate Baseball League, and Cornell's victory put both nines in a tie with Yale for second place.

Stevens started for Cornell. He passed Balquist, first man up, and Morrison and Bradley each sacrificed to put the Lion shortstop on third. Hewitt scored him with a clean single through third and short.

Maiorana also drew a pass in his first time at bat, and Habicht sacrificed him to second. Moon walked, but La France forced Maiorana at third. Handleman was safe on Balquist's fumble, and Cushman, with the bases full, singled to left to score Moon and La France.

In the second inning, Kappler grounded out, but Heye scratched a hit along the first base line. Stevens forced Heye at second. Wilkens then lost control, passing the next three men, Maiorana, Habicht, and Moon, Stevens scoring.

La France, with the bases full, singled to score Maiorana and Habicht. Landau replaced Wilkens on the mound and retired the side.

Columbia threatened in the third inning when Stevens had a spell of wildness. Columbia filled the bases with two out, but Boies replaced Stevens and struck out McLaughlin for the final out.

An error by Captain Morrison gave Cornell another run in the third inning. With two out and Kappler on third as a result of Balquist's fumble, a sacrifice by Heye, and a wild pitch by Landau, Boies sent up a fly back of second base. Morrison got under it but dropped the ball as Kappler scored.

The rest of the game until the ninth proved a pitchers' battle, with Cornell getting two hits in each of the seventh and eighth. In the first half of the ninth, Swettman singled with one out. Landau went out, and then Balquist hit for three bases, a fine drive down the right field foul line. Morrison grounded out to end the game.

Boies, although he was reached for five hits in the seven innings he pitched, was also effective in the pinches. He struck out seven men and fielded his position perfectly. Cornell played good defensive ball, only one error being chalked up.

Stevens, while he had little control, gave only two hits in the three innings he worked.

TWO LACROSSE GAMES

The lacrosse team kept its record clear of defeat in two games last week, tying the strong combined Oxford-Cambridge twelve, 2-2, on Alumni Field on April 17 and defeating Syracuse, 6-4, at Syracuse on April 19. It was Cornell's first victory over the Orange in years.

The Oxford-Cambridge game provided one of the finest exhibitions of lacrosse seen in Ithaca in several seasons. Cornell outplayed the Britons throughout the game, keeping the ball deep in their territory and displaying a varied offensive and an excellent defense.

The Britons gained the lead in the first quarter when Rains, Oxford-Cambridge outside home, scored unassisted after fourteen minutes of play. Rains outmaneuvered Tullar in approaching the net and shot the ball past Abel.

Cornell showed its best offensive in the third quarter. Nine minutes after the start of the second half Champion, Cornell second attack, scored unassisted on a fine bounding shot in front of the net. Three minutes later Erda, third defense, came down the field to take a pass from Schuchardt, inside home, to score.

With seven minutes to play, Astle, Briton inside home, standing in front of the crease, took a pass from Rains and without moving from his tracks scored the tying goal.

Cornell's superior offensive brought the victory over Syracuse. The Orange had lost to Oxford-Cambridge by 11-1 and Cornell was a heavy favorite.

Captain Tieman scored the first goal in the first minute of play, when he made a recovery in midfield and raced to the goal to score. Schuchardt, five minutes later, tallied on a thirty-yard toss that eluded Gidlow, Syracuse goal guard.

Halfway through the period, Furniss tallied for Syracuse to give Cornell a 3-1 lead at half time.

Fay put Cornell further ahead eight minutes after the start of the second half, but Furniss and Captain Tarbox scored goals to tie the score as the Syracuse offensive opened up. Tarbox took a pass from Brophy to make the tally.

Syracuse then took the lead on a shot by Borton, but the Cornell defense braced, and Champion, getting the ball in front of the goal, raced down the field to score. Champion added another tally two minutes later.

With five minutes left to play, Guthrie, substituting for Moon, stretched the lead to two points by scoring unassisted.

The line-ups:

CORNELL (2) OXFORD-CAMBRIDGE (2)

Abel.....	G.....	Ricketts
Tullar.....	P.....	Grauer
Johnson.....	CP.....	Cartright
Clark.....	FD.....	Cornsweet
Brown.....	SD.....	R. Ainsworth
Erda.....	TD.....	Grove
Tiemann.....	C.....	Fielden
Moon.....	TA.....	Williams
Champion.....	SA.....	Farinholt
Fay.....	FA.....	G. Ainsworth
Trousdell.....	OH.....	Rains
Schuchardt.....	IH.....	Astle

Scoring: Cornell, Champion, Erda. Oxford-Cambridge, Rains, Astle.

Substitutions: Cornell, Guthrie for Moon.

CORNELL (6) SYRACUSE (4)

Abel.....	G.....	Gidlow
Tullar.....	P.....	Gould
Johnson.....	CP.....	Fivaz

Fay.....	SA.....	Personius
Champion.....	FA.....	Cross
Trousdell.....	OH.....	Welch
Schuchardt.....	IH.....	Morris

Scoring: Cornell, Tieman, Schuchardt, Fay, Champion, 2, Guthrie. Syracuse, Furniss 2, Tarbox, Borton.

Substitutions: Cornell, Guthrie for Moon, Martin for Erda. Syracuse, Reen for Welch, Fogarty for Gould.

#### PRINCETON WINS IN TENNIS

The tennis team lost its first match of the season to Princeton on the Baker courts on April 18, 7-2. Victories by Coppage and Oppenheimer in singles gave Cornell its only points.

The summaries:

##### SINGLES

Coppage, Cornell, defeated Orbison, 3-6, 6-2, 6-4; Oppenheimer, Cornell, defeated McCabe, 6-4, 0-6, 7-5; Strachan, Princeton, defeated Detwiler, 3-6, 6-1, 6-0; Thomas, Princeton, defeated Smith, 6-3, 6-3; Lockhart, Princeton, defeated Miles, 1-6, 6-3, 6-1; Irwin, Princeton, defeated Weltner, 6-2, 7-5.

##### DOUBLES

Thomas and Strachan, Princeton, defeated Detwiler and Smith, 6-0, 6-3; Locjhart and Orbison, Princeton, defeated Coppage and Oppenheimer, 7-5, 6-3; Irwin and Kennedy, Princeton, defeated Weltner and Miles, 8-6, 3-6, 7-5.

#### FENCERS THIRD

The épée team of Cornell fencers captured third place in the annual intercollegiate at New York April 17 and 18, with Jose C. Martinez capturing fourth place in the individual championships.

Captain Cantor took second place in the foils division, losing to Pottle of Yale in the final round. Cantor also captured third place in the saber finals, with Cristobal M. Martinez sixth.

#### FRESHMEN DEFEATED IN LACROSSE

The freshman lacrosse team lost its first game of the season on April 19 to the Syracuse Central High School twelve on Alumni Field, 14-0.

#### 150-POUND CREW GIVEN \$500

The Student Council, at its meeting last week, voted to offer the Athletic Association \$500, the gift of the Junior Prom Committee, for the development of a 150-pound crew and for its participation in the American Henley this year.

The Council also gave assurance that, if necessary in subsequent years, the light-weight crew would be financed by inclusion in the budget of the University Chest.

#### FOR CANCER RESEARCH

A gift of \$25,000 for cancer research is made to Cornell by the will of Mrs. Mary Walker Peters of Rye, who died May 1, 1929. The bequest, the largest single gift in the list of bequests to educational, charitable, and religious institutions, is to be a memorial to Mrs. Peter's husband, the late Charles Grenville Peters.

## THE SWINGING BRIDGE

### CAMPUS DOGS

Before their memory perishes, let me record some famous Cornell canines of the past.

Romeo was never certain of his ancestry, but the mingled strains resulted in a rather large, very thin, somewhat white, and wholly wistful animal who used to glide across the quadrangle on what he deemed a hypotenuse from Stimson to Franklin. He was grateful for any attention, and the favorite sport with Romeo was to shake your fountain pen on him. It brought colored inks into general use, and Romeo was so spotted with red, violet, and vivid green as to look like a leopard in a nightmare.

Napoleon was a large bulldog with a heavy underslung jaw and a habit of wheezing which he did not try to correct. His great stunt was to stop a street car and ride to what he adjudged his destination. All the conductors were hospitable, and argued about Waterloo in their spare hours. Napoleon belonged apparently nowhere and went everywhere. Our cook had a permanent enlargement of vocabulary when she found him in our kitchen one evening. His most notable feat was going down to the Penn game. Lost at Philadelphia, he was recognized next day in New York, and a Cornell grad put him on a Lehigh train. At Ithaca he tumbled out with the baggage, hailed a street car, and rode up to a class in transportation.

Foolish was a Great Dane, mostly magnanimous. One day he found a large

package of meat outside the back door of Stimson. Foolish sniffed, and rushed about the Campus, collecting all available dogs, of which there seemed to be many. He led them to the feast, and was unanimously elected toastmaster and cheerleader.

Mike, a red setter, was more fully named Michael Angelo Zeta Psi Elser, perhaps the most perfect anticlimax ever invented at Cornell. He attended my classes in drama, now and then accompanied by his master. Mike had a flair for the passage of time, and forty-five seconds before the bell rang he would arise and stretch. This was the signal for dismissal. Once he had a bad dream about his last name and stretched in the middle of the hour, leaving me to soliloquize.

I do not know the name of the dog who came across Bailey Hall stage, perceived a distinguished speaker, and sniffed at his eloquent legs.

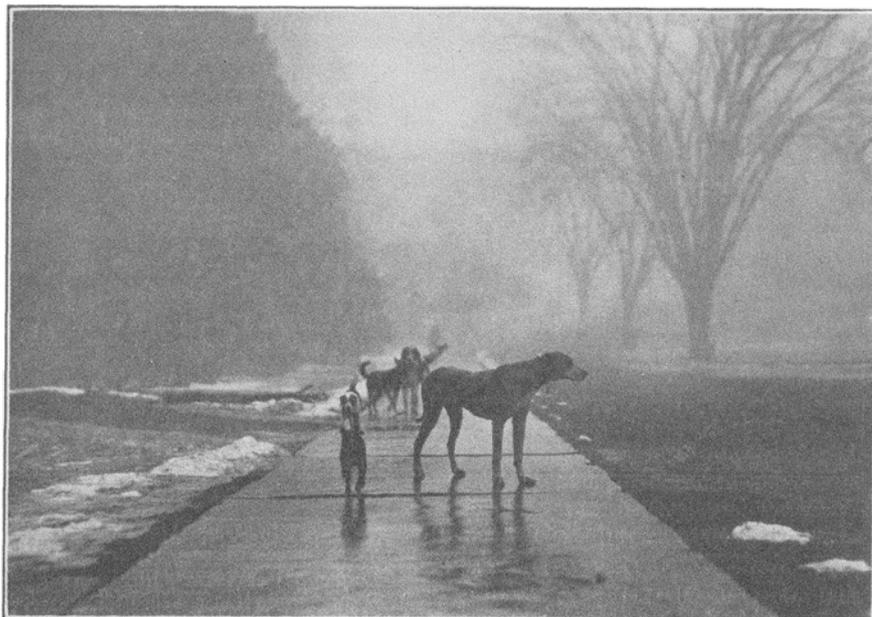

It seems to me that the dogs of today haven't as much fun as their predecessors. They lack college spirit. I am thinking of sending my dog to some other college.

M. W. S.

#### FOREIGN STUDENTS ENTERTAINED

Students from many countries were guests at luncheon and for a program of the Ithaca Rotary Club on April 16. Professor Othon G. Guerlac of the Department of Romance Languages spoke on "Cornell and the International Mind."

Professor Clyde H. Myers, Ph.D. '11, was in charge. A response to the welcome of the Club was made by Samuel Volpé '32 of Newark, N. J. Students of thirty-eight nationalities were present.

THE GHOSTS OF OTHER DAYS—Foolish leads forth his cohorts

## BOOKS

### CROMWELL LITERATURE

*A Bibliography of Oliver Cromwell: a List of Printed Materials Relating to Oliver Cromwell, Together with a List of Portraits and Caricatures.* By Wilbur Cortez Abbott, '92-5 Grad., Professor of History in Harvard, Cambridge. Harvard University Press. 1929. 24.5 cm., pp. xxviii, 540. Ports.

This is a substantial and valuable piece of work. It lists 3520 items, 702 portraits, 62 satirical prints, 8 busts, 6 masks, 12 medals, 3 statues, 3 plaques, and 40 miscellaneous drawings. The indexes are full and occupy 104 pages.

The bibliographical items are, we believe, accurate and include critical comment. The author fails to give the place, size, and number of pages of books. Certain types of scholars desire this information. The arrangement is chronological and alphabetical within each year.

"The Historic Cromwell" forms the subject of an interesting introduction of

sixteen pages. From this it appears that the verdict of three centuries is thus far in Cromwell's favor. "Admitting... that he who knows not how to dissimulate knows not how to rule; admitting that all men have their imperfections, the balance has inclined to Cromwell's side." And this is due to the hard work of historical scholars bent upon getting at the truth.

### BOOKS AND MAGAZINE ARTICLES

In The Bulletin of the Torrey Botanical Club for December Professor William Trelease '80 has a note entitled "Not Piper Angustifolium Lamarck; Not Piper Elongatum Vahl."

The Syracuse Alumni News for February includes a portrait and sketch of Professor Alan D. Campbell, Ph.D. '23, the new head of the Syracuse University Department of Mathematics.

In The Journal of Modern History for March Dr. Harold Hulme reviews Katharine Anthony's Queen Elizabeth. Professor Louis R. Gottschalk '19 of the University of Chicago reviews Albert Mathier, *La Réaction Thermidorienne*.

In *Better Homes and Gardens* Maurice G. Kains '96, M.S. '97, write under the title, "My Mouth Waters for Strawberries."

In The American Historical Review for April Professor William S. Ferguson, A.M. '97, Ph.D. '99, of Harvard reviews Thucydides and the Science of History by Charles Norris Cochrane. Professor George L. Barr '81 reviews Ludwig, Freiherr von Pastor, *Geschichte der Paepste seit dem Ausgang des Mittelalter*, volume xiii, *Geschichte der Paepste im Zeitalter der katholischen Restauration und des dreissingjaehrigen Krieges, 1621-1644*. Professor Theodore Collier, Ph.D. '06, of Brown reviews Leopold of the Belgians by Comte Louis de Lichterfelde. New York in the American Revolution by Professor Wilbur C. Abbott is reviewed by A. C. Flick. Mrs. Helen T. Catterall, *Judicial Cases Concerning Slavery and the Negro*, volume ii, *Cases from the Courts of North Carolina, South Carolina, and Tennessee* is reviewed by William K. Boyd. Leland Hargrave Creer's book on Utah and the Nation is reviewed by Professor Clyde A. Duniway

THE LACROSSE SQUAD—LARGE AND ENTHUSIASTIC  
*In the background is the Plant Pathology Building, just completed.*

'92 of Carleton College. C. J. Gadd, History and Monuments of Ur is reviewed by Professor Albert T. Olmstead '02 of the University of Chicago. Professor Ferguson reviews A Bibliography of the Works of J. B. Bury by Norman H. Haynes. Professor Burr reviews Les Grandes Indulgences Pontificales aux Pays-Bas à la Fin du Moyen Age, 1300-1531, edited by F. Remy. Professor Preserved Smith reviews Economic Causes of the Reformation in England by Oscar Albert Marti. Harold Hulme, Ph.D. '25, reviews Notes of the Debates in the House of Lords, Officially Taken by Robert Bowyer and Henry Elsing, Clerks of the Parliaments of 1621, 1625, 1628, edited by Frances Helen Relf.

JACOB GOULD SCHURMAN, former president of Cornell and ambassador to Germany, was the guest of Assemblyman James R. Robinson '08 at Albany on April 3, when he addressed both houses of the State Legislature. Dr. Schurman told of differences in legislative bodies in America and Germany.

### WEAI Increases Usefulness

(Continued from page 349)

College of Agriculture. The noon program has been broadcast daily ever since.

The University Hour will be devoted to a number of features, to appear on the same day each week. The tentative program is as follows:

Monday: The Department of English, presenting talks and readings of literary interest.

Tuesday: Musical program, concerts by the University Orchestra, the Glee Club, Sage Chapel Choir, the University Band, and the Mandolin Club.

Wednesday: The College of Architecture, furnishing a program of its work, including fine arts, architecture, and regional planning.

Thursday: The Departments of Economics, Government, and History, talks on public affairs, and programs devoted to the problems and accomplishments of science.

Friday: The Law School and the Department of Hygiene, a series of talks of popular interest and concern.

### ALUMNUS MADE DIRECTOR

OF NATIONAL CITY BANK

Floyd L. Carlisle '03, president of F. L. Carlisle and Company, Inc., and a leading figure in the public utility industry in New York State, has been elected a director of the National City Bank of New York, and of the Consolidated Gas Company of New York.

Carlisle entered the public utility industry ten years ago when he organized a syndicate which bought the Northern New York Utilities, Inc., leading public utility corporation in that region. He is now chairman of the Board of Directors of the Niagara Hudson Power Corporation, which last year acquired the public utility interests represented by the Northeastern Power Corporation, the Buffalo, Niagara and Eastern Power Corporation, and the Mohawk Hudson Power Corporation, and is the largest system in the world from the point of view of total power sold.

### THE GHOST OF THE MUD RUSH WALKS

THE somewhat appalling suggestion was offered recently and tentatively in the Student Council that the old Mud Rush should be exhumed as a preventive of interclass strife at the time of the underclass banquets. The decision is tabled pending the outcome of the strife at the Freshman Banquet.

The mud rush had only two points in its favor in comparison with the present unorganized foolishness. It was organized and susceptible of control by upperclassmen; and no one ever threw garbage.

The mud rush was devised for the fathers of the present underclassmen. It was an expedient measure adopted to relieve the Faculty from dealing with the annual homicides and near-homicides of the free-for-all fight that celebrated the combined Washington's Birthday and Freshman Banquet. No one ever supposed it would last for twenty years.

The delay in putting over the first organized rush changed the scenery from ice and snow to mud. This seems to have appealed sufficiently to the general senses of humor each year to keep the thing going.

The suggestion has not been taken seriously to go back to the old calendar and put the banquets again into February, with a setting of snow and ice. Instead the vain hope has sprung up each year that the boys will stop fighting and get out their little tuxedos for the party.

No class of alumni, however old, can point with regret or chagrin at this annual fight as something different from the good old days. The only first class deploring anyone can do logically is to regret the use of garbage on the part of their offspring and his little friends.

## COMING EVENTS

### FRIDAY, APRIL 25

The Board of Trustees. Meeting of the State College Council at 9:30 a. m., and of the Committee on Buildings and Grounds at 2 p. m. President's office.

Goldwin Smith Lectureship. Joseph Wood Krutch: "Development in the Continental Drama." Room B, Goldwin Smith Hall, 3 p. m.

Annual Competition for the Fierces Memorial Prize in Public Speaking. West Sibley, 8 p. m.

Cornell Dramatic Club. "Six Characters in Search of an Author," by Luigi Pirandello. University Theatre, 8:15 p. m.

### SATURDAY, APRIL 26

The Board of Trustees. Meeting of the Board. President's Office, 10 a. m. Meeting of the Finance Committee at 2 p. m.

Baseball, Ohio State. Hoy Field, 3 p. m.

Cornell Dramatic Club. "Six Characters in Search of an Author." University Theatre, 8:15 p. m.

### SUNDAY, APRIL 27

The Rev. Donald J. Cowling, D.D., LL.D., President of Carleton College, Northfield, Minnesota. Morning Service at 11 o'clock; vesper service at 3:30 o'clock.

### WEDNESDAY, APRIL 30

Baseball, Colgate. Hoy Field, 3:30 p. m.

### FRIDAY, MAY 2

Baseball, Columbia at New York City.

### SATURDAY, MAY 3

Baseball, Princeton at Princeton.  
Freshman Tennis, Syracuse Central High School at Ithaca.

### WEDNESDAY, MAY 7

Baseball, Syracuse at Syracuse-

### SATURDAY, MAY 10

Baseball, Princeton, Hoy Field 3p.m.  
Freshman Tennis, Wyoming Seminary, at Ithaca.

### TUESDAY, MAY 13

Baseball, St. Lawrence, Hoy Field, 3:30 p. m.

### STUDY THE INDIANS THEMSELVES

Definite disposition of the problem of jurisdiction over the Iroquois Indians of New York State was urged on Congress April 17 by Dr. Erl A. Bates, adviser in Indian extension in the College of Agriculture. Dr. Bates made this recommendation before the Indian affairs committee of the House at Washington, when he appeared as a witness on the Snell Bill to transfer jurisdiction from the Federal Government to New York State.

Dr. Bates asked that a Congressional committee should visit the New York reservations to become acquainted with the problems of the Indians. "We don't want an investigation," he said, "for we have been plastered with investigations for fifty years. Let the Indians talk, not shyster white lawyers."

In discussing the educational program among Indians, Dr. Bates said that eighth grade education for every Indian child and vocational high school training for those desiring it would be provided.

### TO OPEN CLUB HOUSE

Realizing that Boston's facilities for entertainment will be taxed to capacity during the observance of the New England Tercentenary this summer, the Board of Governors of the University Club has voted to open the clubhouse, by guest privileges, to college men throughout the country. The club includes a lounge and dining-room for ladies, or ladies with their escorts. There are no sleeping rooms available for women guests.

Any college man who writes to the club requesting guest privileges during his visit to Boston should state his college and year, and will be granted guest privileges according to the capacity of the club.

### TO TEACH AT CHICAGO

Dr. Hu Shih '14, recognized as one of the leaders in the present-day intellectual revolution in China, has accepted an appointment to the faculty of the University of Chicago, where he will teach on Oriental subjects.

Dr. Hu will also lecture at Yale University during the spring.

### APPOINTED GRADUATE DEAN

William J. Robbins, Ph.D. '15, has been appointed dean of the graduate faculty and professor of botany at the University of Missouri, with which he has been connected since 1919.

During the past two years Dr. Robbins has been connected with the European office of the Rockefeller Foundation in Paris, working in the natural science division.

## THE WEEK ON THE CAMPUS

**T**HE Willard Straight Hall Board of Managers has published its report for the year. The details of its financial situation would probably not interest you much. In sum, however, it ends the year with a profit of \$715.68, excluding the dining services. But wait a minute. This profit is obtained by the omission of any provision for replacements or depreciation, an item which might properly be set at \$10,000. In the dining department the year ended with a deficit of \$986.99, out of a total income of \$255,003.28. That will give you an idea of the size of the business. The deficit is less than that of the previous year; it is indeed so small that one may well infer that the purpose of the staff is not to make money but to break as nearly even as possible. We shall probably hear more of this. A firm of accountants has been busy examining the conduct of the cafeteria; it is to be hoped that their conclusions will be made public.

THE CHRISTENING of the crew's two new Pocock shells was a stirring occasion. The craft were brought forth from their berth between a double row of twenty-eight oarsmen, each holding rampant a red and white oar. The Varsity boat was then carried to the edge of the float, and a red-and-white-ribboned bottle put in the hands of Mrs. Livingston Farrand, the sponsor in baptism. A strip of iron had been affixed to the stem of the shell, for fear the shattering of the bottle would likewise shatter the ship. "I christen thee the Andrew D. White!" proclaimed Mrs. Farrand, striking the iron strip with the bottle. She continued to strike the iron prow, but in vain. Coxswain Burke put an end to a difficult situation by handing the christener a hammer, with which the bottle was demolished and the vessel christened in an orthodox manner. The second shell was named the "John Ostrom," after John N. Ostrom '77, captain and stroke of our first winning crew.

THE FLYING CLUB is considering the purchase of a glider. The Club was addressed on April 16 by Warren E. Eaton, of Norwich, a well-known flyer, on the subject of gliding.

THE MORRISON POETRY PRIZE has been awarded to Miss Kimi Gengo '30 of Ithaca and James B. Gitlitz '30 of Binghamton. These two students shared the prize last year. Gitlitz is the poetry editor of *The Columns*, and much of Miss Gengo's work has appeared in that magazine.

SEVENTY-TWO FOREIGN STUDENTS from Teachers College, Columbia University, visited us during the week.

THE WOMEN'S basketball team last Saturday played its single intercollegiate game with Elmira College in Elmira.

THE DRAMATIC CLUB, repeating its "Cradle Song" on April 18-19, did its admirable best with a very exacting play. The audience sobbed and wept unrestrainedly, and surely there is no truer testimony to the illusion that the players exercised. "Relatively their work appealed to me more than the sloppily put together production that you can see in Eva Le Gallienne's Fourteenth Street playhouse which may be backed by Otto Kahn but which needs a good scrubbing and dusting far more than it does financial aid," says *The Sun's* reviewer, who is too young to be accused of kindness. Edna Schoonover '30 of Monroe, Mary Fuertes '31 of Ithaca, and Margaret McCabe '30 of Haverstraw receive our Order of Merit, First Class. Murray S. Emslie '30 of Brooklyn is to be congratulated on the beauty of the settings.

THE SAGE CHAPEL CHOIR distinguished itself on Easter Sunday by its rendition of special music. Mrs. Albert B. Faust was the soloist at the morning service.

THE REVEREND HARRY F. WARD of the Union Theological Seminary, New York, was the Sage Chapel Preacher on Easter Day.

THE LECTURERS of the week were Dr. Paul L. Dengler, director of the Austro-American Institute in Vienna, who spoke on "Forces Behind Education in Europe"; Lewis Mumford, author, who gave the first of four lectures on "The Modern City: Its Origin and Transition"; Professor E. B. Hart of the University of Wisconsin, who dealt with "The Application of Modern Theories of Nutrition to Farm Animals"; and Dr. Camillo von Klenze, who discussed "Intellectual Currents in Post-War Germany" and "The German Spirit and its Influence Abroad." Dr. von Klenze was instructor in modern languages here in 1890-3; he went from here to be head of the Department of Germanic Languages at Brown.

THE EZRA CORNELL INN will be started within a few weeks, says J. J. Dall Jr., '16.

BEEBE LAKE looks very picturesque, with a dahabiah floating on its placid waters. It is not a real dahabiah, but the University Dredge, which spends the day inhaling the lake bottom and exhaling over the dam. The result is very strange; the descending waters are half black and half white. Thenceforward till they reach the lake their color is a gravy brown, suggesting the muddy waters of the Great Central Plain and not the clear streams from our stony hills.

THE ANNUAL CONVENTION of the Empire State Grotto Association, Mystic Order of the Veiled Prophets of the Enchanted Realm, a white organization, will be held in this city on September 12 and 13.

PROFESSOR ROBERT MATHESON of the Department of Entomology has made a report to the city on its mosquito problem which is of more than local interest. He divides our native mosquitoes into three groups: the early spring species, the late spring species, and the summer breeding species. "The larvae of the first species are now hatching and the adults will be on the wing early in May. These species have but a single brood a year, the adults living and feeding throughout the summer, even as late as September.

"These early breeding species are large vicious biters and are most annoying in our parks, our woodlands, and the shrubbery about our yards, and on our open porches. They do not readily enter our houses, though, when abundant, they may do so. Furthermore, most of them are capable of flying considerable distances, at least two or three miles under favorable conditions.

"The late spring species usually breed during May or June, depending on the rainfall. This species generally has a second brood in late August or early September if the rainfall is sufficient. Furthermore, it is capable of long distance movements, going at least twenty to twenty-five miles in search of food. Here at Ithaca it regularly travels from two to four miles across the city, often in such numbers as to make life almost unbearable.

"The summer breeding species consists of the ordinary rain-barrel mosquito (*Culex Pipiens*), Anopheline species, and a few others. These breed throughout the summer."

SPRIGHTLY NEWS from the Student Council: "The advisability of a renaissance of the old mud rush or some other form of interclass homicide to make underclass banquets and smokers safe for the tailor-made man was discussed at length. Satisfaction was expressed over the back-to-maturity movement as displayed by the Class of 1932 last Saturday night, and a decision upon the question of reviving interclass shambles postponed until after the holding of the freshman banquet."—*The Sun*.

M. G. B.

IN *The Saturday Evening Post* for April 19 William Hazlett Upson '14 has a story entitled "The Vineyard at Schloss Ramsburg."

IN *The Phi Kappa Phi Journal* for March is printed the address on "Conservation of Talent" delivered by Professor George W. Stewart, Ph.D. '01, of the University of Iowa, before the Phi Kappa Phi convention at Des Moines on December 31 last.

## OBITUARIES

### SIGMUND M. KEHMAN '79

Sigmund Mayer Lehman, formerly a member of the firm of Lehman Brothers, international bankers, died in Paris on April 6, of a heart attack. He was seventy-one years old. He took two years in the science course. Mr. Lehman retired from the banking business in 1908 and had since spent most of his time in travel, study, and charity work. His wife, three brothers, and two sons, Allan S. Lehman '05 and Harold M. Lehman '10, survive him. Herbert H. Lehman, Lieutenant-Governor of New York, is his brother.

### LYMAN F. BOYER '82

Lyman Fremont Boyer, a teacher of history in West Plains, Mo., died there on November 16. He was born in Freeport, Ill., on October 4, 1856. He was at Cornell in 1878-9 and 1881-4, receiving the degree of B.S. in '83.

### WILLIAM B. S. WHALEY '88

William Burroughs Smith Whaley, a construction engineer with the Whaley Engine Patents Company in New York, died in Larchmont, N. Y., on April 17, 1929. He was born in Charleston, S. C., on May 24, 1866, the son of William B. and Helen Smith Whaley. He received the degree of M.E. He is survived by his wife.

### FRANK S. TRUMAN '93

Frank Stedman Truman, president of the First National Bank of Owego, N. Y., was instantly killed in an automobile accident on March 28. He was born in Owego on August 23, 1870, the son of William S. and Katharine Stedman Truman. He took four years of law and was a member of Alpha Tau Omega. He was a cousin of James S. Truman '96.

### WALTER P. TRIBLE '94

Word has been received of the death recently of Walter Philip Tribble, in La Jolla, Calif. He was born in Buffalo on April 27, 1871, the son of John P. and Ella Benschoter Tribble. He received the degree of B.S. He was a member of Delta Phi and Sphinx Head, and was president of the junior class and manager of track. He was formerly a manufacturer with the Buffalo Lounge Company in Buffalo. He is survived by his wife.

### FREDERICK J. BOWEN '01

Frederick Jay Bowen, surgeon in Jacksonville, Fla., died suddenly of a heart attack at his home there on March 22. He was born in Haskinsville, N. Y., on March 22, 1877, the son of William and Juliza Cotton Bowen. He took two years of agriculture and later received his M.D. at Michigan. His wife, Mrs. Florence Hardy Bowen, and three children, Mrs. Ward Preston, Frederick H. Bowen, and Miss Cecile Bowen, survive him.

### CHARLES R. GUILLE, JR., '13

Charles Russell Guile, Jr., a veterinarian in Canton, N. Y., died in Fulton, N. Y., on September 13, of cancer. He was born in Granby Center, N. Y., on March 20, 1889, the son of Mr. and Mrs. Charles Russell Guile. He received the degree of D.V.M. His father survives him.

### JOHN KRUESI '15

John Kruesi, president of the American Lava Company in Chattanooga, Tenn., died there of pneumonia on March 28. He was born in Schenectady on September 3, 1892, the son of John and Emily Gwinger Kruesi. On his father's death Thomas A. Edison became his guardian. Kruesi received the degree of B.S. and was a member of Sigma Phi, Kappa Beta Phi, and the Masque. Mr. Kruesi served overseas during the War with the rank of captain. He had been with the American Lava Company since 1920.

### VIRGINIA FRANCKE YORK

Mrs. Virginia Francke York, wife of Dr. Webb York of the University medical staff, and secretary from 1925 to 1927 of the Cornell University Y. W. C. A., died on March 18, of septicaemia. She graduated from Vassar in 1922. She is survived by her parents, Mr. and Mrs. Carl Francke, her husband, and an infant son, James Milton York.

## PORTRAITS OF LAW FACULTY

### GIVEN TO TOMPKINS COUNTY

Portraits of Judge Francis M. Finch, former Trustee and dean of the Law School, and Judge Douglas Boardman, for whom Boardman Hall was named, have been presented to Tompkins County. They are now hung in the Court House in Ithaca.

The two portraits are the gift of citizens. The movement to honor Tompkins County's most noted jurists was begun with a suggestion by Edwin H. Woodruff '88, dean emeritus of the Law School, and was carried on by Sherman Peer '06 of Ithaca.

The committee which presented the portraits to the Board of Supervisors of the County was composed of Mr. Peer, Mynderse Van Cleef '74, C. Tracey Stagg '02, County Judge Willard M. Kent '98, and Riley H. Heath '12.

## DEAN KIMBALL HONORED

Dean Dexter S. Kimball of the College of Engineering received the honorary degree of Doctor of Engineering from the Case School of Applied Science at the celebration of the School's semi-centennial in Cleveland, Ohio, April 11. Dean Kimball, who represented the University at the inauguration of William Elgin Wickenden as president, was one of the principal speakers at the ceremonies.

## THE CLUBS

### NEW ENGLAND

Professor George J. Thompson of the College of Law was the guest of the Club at the weekly luncheon held at the Boston Chamber of Commerce on March 24.

### ROCHESTER

Professor Everett F. Phillips of the Department of Entomology was the scheduled speaker at the weekly luncheon of the Club on March 19. He transformed from scientific to lay language a description of the honey bee, with particular relation to its importance to human life.

Louis C. Boochever '12, director of public information at the University, and Harold Flack '12, executive secretary of the Cornellian Council, spoke briefly in connection with the nationwide Roll Call.

Captain Stephen J. Zand, a graduate of the University of Zurich in Switzerland, was the speaker at the luncheon on April 2. Captain Zand, who was a captain during the War, talked on "Eliminating the Hazards of Air Transportation."

### SPRINGFIELD, MASS.

At the meeting of the Club held on April 1 in connection with the drive of the Cornellian Council, officers for the ensuing year were elected as follows: Arthur Adin Swinnerton '09, president; Luther Banta '15, vice-president; Harry Carvel Beaver '28, secretary-treasurer.

### SYRACUSE

The Club celebrated its annual meeting with a dinner on March 19 at the Onondaga Golf and Country Club. President Farrand was the principal speaker. Thomas I. S. Boak '14, chairman of the Committee of the Alumni Corporation on Relations with Preparatory Schools, spoke of the activities of that committee. Horace White '87, trustee of the University, was toastmaster.

At the election of officers, John B. Tuck '93 and William J. Thorne '11 were re-elected president and secretary respectively. The other officers and directors are: vice-president, Harold Edwards '14; assistant secretary and treasurer, Jay Lansing Crouse '05; governors, Lyndon S. Tracy '97, Austin Barnes '99, Robert Hosmer '02, Hugh J. MacWilliams '12, and Frederick E. Norton '13.

### TRENTON

The annual dinner was held at Hillwood Inn near Trenton on March 1. The guests included Dr. William Wetzel, principal of the Trenton Senior High School, and Colonel T. A. Landon, principal of the Bordentown Military Institute, who gave short talks. The principal speaker was Dr. Eugene F. Bradford, director of admissions of Cor-

nell. Dr. Jacob G. Lipman, director of the New Jersey Experiment Station at Rutgers, was toastmaster. The guests included nine preparatory school boys. The list of new officers follows: president, Carl F. Ogren '17; vice-president, Percy N. Daniels '15; secretary-treasurer, Carlman M. Rinck '24.

The dinner was the occasion of a presentation to F. Edward Whitehead '10, who not only retired after several years as secretary-treasurer, but is also changing his address from Trenton to Oradell, New Jersey.

#### FINGER LAKES

The Club had a notable meeting in Geneva on April 10, which was attended by more than two hundred men and women. The dinner was held, in Cox Hall on the Hobart campus through the courtesy of President Murray Bartlett of Hobart College.

The dinner was held in honor of Myron C. Taylor '94, of the Board of Trustees, and a native of Lyons, not far from Geneva. The other speakers, in addition to Mr. Taylor and President Bartlett, were President Farrand, Judge Frank H. Hiscock '75, chairman of the Board of Trustees, Warren Sailor '07, editor of The Alumni News, and Dr. Floyd S. Winslow '06, vice-president of the Alumni Corporation. A double quartet from the Glee Club, led by Erling B. Brauner '30, sang several selections. Nathan D. Lapham '95 of Geneva, president of the Club, presided.

#### PHILADELPHIA

At the annual meeting, held at the Club House on April 9, the following new officers were installed: Benjamin O. Frick '02, president; Walter W. Buckley '26, vice-president; Donald P. Beardsley '13, secretary; Harold A. Ball '22, treasurer.

The Club is laying plans for a meeting on Friday, April 25, when the track team will be in town for the annual Pennsylvania Relays.

The management reminds all Cornell men that regular meals are served at the clubhouse, 1219 Spruce Street, and that every Cornell man who happens to be in town is always welcome to drop in.

#### SOUTH FLORIDA

Frank E. Gannett '98, Trustee of the University, was the speaker at the annual meeting, held at Miami on April 10.

New officers were elected as follows: president: William T. Yale '97; first vice-president, Charles W. Ten Eick '20; second vice-president, Milo L. Cleveland '05; secretary-treasurer, Charles G. Hannon '02; directors, H. Roger Jones '06, Willard Hubbell '18, Everett H. Hunt '11.

## Cornell Alumni Rally

### *First Reports from Roll Call Centers Show Increase in Membership of Over 1,000*

Roll Call reports are continuing to come in and express the same enthusiasm which appeared in the first returns. Figures on the number of new subscribers have not yet been received from all parts of the country, but the first twenty-five per cent of districts reporting show an increased membership of over one thousand. Roll Call chairmen have been authorized by the national committee to continue their efforts until all prospects have been personally called on. The showing to date is regarded as excellent, and in the opinion of the Council executives it points to a greatly increased number of contributing alumni.

Following are additional reports of meetings.

Professor C. L. Durham '99 made a rapid tour of Detroit, St. Louis, Tulsa, and Memphis, and reports enthusiastic meetings in each of these places. His letter follows:

#### DETROIT

The meeting at Detroit was a highly successful one, with about sixty men and women present. James W. Parker '08 presided at the dinner, which was held in the dining-room of the Buhl Building, and Colonel Edward Davis '96, now commandant at Michigan State College, showed some very interesting moving pictures of his participation in the Allenby campaigns in Palestine during the World War. After this address Parker outlined the objectives of the Roll Call, and I spoke for twenty or thirty minutes. I found great enthusiasm for the University, and particularly for this significant undertaking. The meeting began at 7:30, and was going strong when I left at 10:45 to take the train for St. Louis, the audience all remaining for the broadcast at 11:30.

#### ST. LOUIS

I was met at the train in St. Louis by an enthusiastic delegation. The alumni of that city seemed very eager to do their full share in making the Roll Call a thorough success. I heard nothing but the most enthusiastic reports of the broadcast which they had received the previous evening.

Thomas Hennings '24 presided at the dinner, which was held at the University Club, with an attendance of about 40 men. Lockwood Hill '09 spoke in behalf of the Cornellian Council Roll Call, and Al Sharpe was one of the other speakers.

Also this letter:

"Heard the broadcast from New York, and just want to say that I have never heard the Glee Club sound as beautiful as they did last night. Their work was superb. Also, Dr. Farrand's, Dr. Schurman's, and Mr. Taylor's voices were carried perfectly. In fact, after 23 years, Prexy's voice sounded just exactly the same as on graduation day. It was good to hear his voice again."—WILLIAM GRUNER '07.

#### TULSA

The Tulsa dinner was held on Thursday evening, April 3, at the Tulsa Club, with about twenty-five Cornell men and women of the vicinity present. Herbert D. Mason '00, who presided at the meeting, was a most gracious host and showed as usual his deep interest in the affairs of the University.

#### MEMPHIS

The Memphis meeting served as a rebirth of the Cornell Club of that city, and a fine group of enthusiastic Cornellians were present. The reorganization of the Memphis Club was perfected, and plans were made to carry out in full the canvass of the alumni in the district for the Roll Call. George Miles '17 continues from the old organization as temporary president, and future meetings are being planned at which the new organization will be completed.

Altogether, I found this visit a most stimulating experience, and everywhere there was in evidence unbounded enthusiasm for the University and determination on the part of the alumni to cooperate in every possible way.

—CHARLES L. DURHAM '99.

#### BALTIMORE

W. Mitchell Price '11 reports that the largest Cornell meeting in Baltimore's history took place on April 1 with sixty-five in attendance.

#### BINGHAMTON

Robert E. Treman '09, chairman of the War Memorial Committee, was the principal speaker at an enthusiastic meeting in Binghamton. George H. Young '00 as chairman reports tremendous enthusiasms in his section for the successful conclusion of the Roll Call. "The broadcast was perfect," his letter states, and "Mr. Treman's inspiring remarks were thoroughly enjoyable."

#### ELMIRA

Harry M. Beardsley '86 reports the largest Cornell meeting ever held in Elmira with over one hundred present. The dinner was at the Elmira Country Club. Professor Martin W. Sampson, the speaker from Ithaca, reported on his return great enthusiasm for the Roll Call in the home town of Jervis Langdon '97, president of the Cornellian Council. Lewis Henry '09 was in charge of the dinner and acted as toastmaster.

#### NEW ORLEANS

The first Cornell meeting held in New Orleans for a number of years took place on the evening of April 1. Dr. B. Van Blarcom Dixon '70 was the honored guest of the occasion. Edward E. Soulé '88 and E. Lysle Aschaffenburg '13 were in charge of the program.

#### NORWICH

The largest meeting of Cornellians ever held in Norwich featured the opening of the Roll Call on April 1 with Lee N. Simmons '12, assistant to the Comptroller, as guest speaker from Ithaca. Over eighty Cornellians attended the banquet and most of them stayed until the completion of the broadcast at midnight. Under the leadership of Harold B. Fuller '19, Roll Call chairman, they perfected the organization of a Chenango County Cornell Club.

#### PITTSBURGH

"I want to compliment you on the splendid broadcast of the Cornellian Council Roll Call Dinner last night. The program came over beautifully, and I have already heard it praised highly by others than Cornellians who listened in."—CLARENCE H. DAVIDSON '11.

#### POUGHKEEPSIE WOMEN

Miss Dorothy P. Scott, assistant professor of home economics, brought a message of greeting to the Poughkeepsie women who assembled for the Roll Call. She reports great enthusiasm among the Cornell women of Dutchess County and that under the leadership of Mrs. Edwin S. Knauss (Dorothy Pond) '20 an excellent showing will be made in the membership drive.

#### ST. LOUIS WOMEN

Mrs. Edmund F. Brown (Mary Relihan) '93 was the hostess at a tea given for the Cornell women of St. Louis on April 1, to mark the opening of the Roll Call.

#### VERMONT

The first Cornell dinner held in a good many years took place at Burlington on April 1 and was attended by about twenty Cornellians. Horace D. McMullen '04 was in charge of the occasion and reports that the meeting brought in men from a radius of 150 miles.

## YOUNGSTOWN

A gathering of over twenty Cornell men met at the University Club in Youngstown to listen to a talk by Professor Charles V. P. Young '99 and to discuss the Roll Call. J. Eugene Bennett '11 was chairman and reports great enthusiasm for the meeting and later in the carrying out of the spirit of the Roll Call.

## PHILADELPHIA WOMEN

The Cornell Women's Club of Philadelphia held their Roll Call meeting at the home of Martha Dick '11, 3302 North 17th St., with Elizabeth A. Anderson '09 as co-hostess. They entertained with contract, prizes, and a late supper. Mrs. R. W. Sailor (Queenie N. Horton) '09 of Ithaca spoke concerning recent developments at the University and explained the purposes and method of the Roll Call. All stayed for the broadcast, which came through perfectly. Over forty members were present.

IN The New York Times Book Review for April 20 East Wind: West Wind, a first novel by Mrs. Pearl S. Buck, A.M. '25, is favorably reviewed.

IN Scandinavian Studies and Notes for February Professor Richard Beck, A.M. '24, Ph.D. '26, of the University of North Dakota, writes on "Pope's Essay on Man in Icelandic." In The North Dakota Parent-Teacher for March Beck writes on "The Master of the Fairy-Tale" (Hans Christian Andersen.) In the fall number of the Quarterly Journal of the University of North Dakota Beck had a poem on "Sappho" and in the winter number he printed verses on "Lincoln in Marble" and an article on "The Icelandic Millennial Celebration." In the same number Aesthetic Judgment by Professor David W. Prall, '11-12 Grad., of the University of California is reviewed by Paul Barr.

## MAILING ADDRESSES

'22—John L. Young, 310 South Michigan Avenue, Chicago.—Lawrence S. Hazzard, 35 Allison Avenue, Yonkers, N. Y.—Carroll W. Chandler, 21 Congress Street, Moravia, N. Y.—Howard B. Vannote, 24 Monroe Place, Brooklyn.—Clark C. Luce, 44 Hamilton Road, Glen Ridge, N. J.—E. Milton Lilly, 341 Linwood Avenue, Ridgewood, N. J.

'23—Harold B. Maynard, 5631 Woodmont Street, Pittsburgh.—Ralph J. Parker, 2011 Third Avenue South, Minneapolis, Minn.—G. Arthur Weaver, Box 563, Huntsville, Texas.

'25—Mrs. Charles W. Skeelee (Iva Springstead), Fort Plain, N. Y.—Zarah Williamson, 559 Willoughby Avenue, Brooklyn.—Harold L. Treu, 76 Durland Avenue, Elmira, N. Y.

'26—Coleman S. Williams, 35 West Ninth Street, New York.—Herbert C. Hardy, P.O. Box 192, City Hall Station, New York.

'27—Warren R. Bradlee, care of The Alexander Hamilton Hotel, Paterson, N. J.—Robert W. Gausman, care of Ulen and Company, Lebanon, Ind.

## THE ALUMNI

'75 BS, '76 MS—Frederic W. Simonds in February completed forty years of continuous service as professor of geology at the University of Texas. He is one of the few surviving original Fellows of the Geological Society of America and is an emeritus life member of the American Association for the Advancement of Science. He lives at 1909 San Gabriel Street, Austin.

'88—Kate Gleason has moved from Rochester, N. Y., where she was a practicing engineer, to Beaufort, Sea Island, S. C., and is there building docks, a hotel, a swimming pool, a yacht club house, and other buildings. She writes that the Sea Islands are just recovering from the effects of the Civil War.

'93 ME—Norman Rowe has been in Uruguay for the past six months, on special work for the Uruguayan Government. His home is at 345 Grove Street, Upper Montclair, N. J.

'06 Sp.—Charles H. Chapman is teaching dairying at the Florida Agricultural and Mechanical College in Tallahassee.

'07 CE—Harold G. Macdonald is a general contractor with the H. G. Macdonald Company, at 612 Tegler Building, Edmonton, Alberta. He has two sons and two daughters, his youngest son being two.

'08, '09 ME—Clifford M. Husted is now with the Boston Pressed Metal Company at 171 Union Street, Worcester, Mass. He lives at 36 Terrace Drive.

'09 ME—Charles E. Montague in February was elected president of the Engelberg Huller Company, Inc., at 831 West Fayette Street, Syracuse, N. Y. He has been with the company since graduation and had been secretary and treasurer since 1919. He lives at 143 West Castle Street.

'09 ME—Robert M. Henderson is vice-president and general manager of the Walworth Alabama Company, in Attalla, a subsidiary of the Walworth Company, which succeeded the National Pipe and Foundry Company with which Mr. Henderson was associated.

'11 ME—Harold M. Sawyer is now vice-president of the American Gas and Electric Company and its subsidiaries, at 30 Church Street, New York. He has been with the parent company since 1920, serving recently as vice-president, and formerly was an engineer with the Scranton Electric Company and the Wheeling Electric Company, subsidiaries. Associated with him will be, with two others, Jo Ray '25, who has been with Nicolet and Griswold and was formerly with Bryant Fleming '01.

## *Men and Circumstances*

It is common to hear unfortunate people referred to as “creatures of circumstance.”

*The brilliant Disraeli knew better than this and he had the courage to say so.*

*“Circumstances,” he held, “are the creatures of men.”*

*That makes a perfect life insurance slogan. When a provider has neglected to insure his life he has created his family's circumstance—*

### The Prudential Insurance Company of America

Edward D. Duffield *President*

Home Office Newark, New Jersey

'16 BS—Frank G. Simonds is with the Frehofer Baking Company at Twentieth and Indiana Avenue, Philadelphia. He lives at 5008 North Sydenham Street.

# To Europe... in a College Atmosphere!

You'll find it here

## UNITED STATES LINES

When the great cabin liner AMERICA sails June 4, July 2 and July 30... she is going in a collegiate setting... the official flagship of the Inter-collegiate Alumni organizations representing 103 colleges and universities... With a passenger list drawn from prominent alumni of the most representative colleges throughout the country... a college band furnishing the tunes in the most scintillating manner... these are going to be gala sailings... The same spirit will extend throughout the entire fleet of the United States Lines and the American Merchant Lines... your official fleet... it is your inning!... Why not join your friends on a trip to Europe? Relive campus days... play all the football games over again... sing your rollicking college songs. And as just another phase of the complete plans made for you... in the London, Paris and Berlin offices of the United States Lines... a card index of all alumni residing in Europe will be found. You, too, should register. Think of the oldtime friendships that may be renewed. Write your Alumni Secretary today or send the coupon below to the United States Lines office nearest you.

### ADULT EDUCATION POSTGRADUATE TRAVEL

After college should come thoughtful travel pegging down the results of undergraduate studies—not desultory wandering.

Most discriminating travelers recognize the need of expert assistance in the mechanics of travel. Intellectual leadership is equally important. A tour of Europe intelligently planned and under the guidance of specialists will crystallize and supplement your entire college course.

The Bureau of University Travel, incorporated as an educational institution without stock, dividends or commercial profit, offers such an opportunity.

The leaders are scholars and gentlemen who hold or have held important academic positions.

CORNELL UNIVERSITY  
**Summer School of  
 BIOLOGY**

JULY 7 — AUGUST 15, 1930

The Summer School of Biology was organized as a unit of the University Summer Session in 1924. By this means facilities and instruction of the highest grade in botany, zoology, and allied subjects have been placed at the disposal of Summer Session students.

The work offered has proved to be of particular value to two groups of students—teachers of biological subjects in high schools and colleges, and graduate students planning to take advanced degrees. This advertisement is inserted to call the attention of Cornell Alumni who may be interested either in teaching or in graduate work in this field to the facilities now offered by the Summer Session at Cornell.

The Announcement of the Summer School of Biology will be issued next week. For a copy and for additional information, address

## Cornell Bookplates

Cut this out and indicate the  
one you want

These are distinctive and identify your books. Several hundred people have already ordered them. The price is only \$1.50 per hundred and \$1.50 extra for printing your name. If more than one hundred are ordered, the printing after the first hundred is 50c per hundred. Exact samples may be obtained by writing for them.

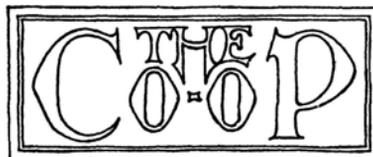

## Cross Section Papers for Particular People

Those who have ordered their cross section papers of the Co-op, have done so because of quality. Quality of paper is obtained by using a rag stock paper. Accuracy is obtained by careful inspection of our plates before printing. There are only two processes which can be accurate. Send for the sample book and prices.

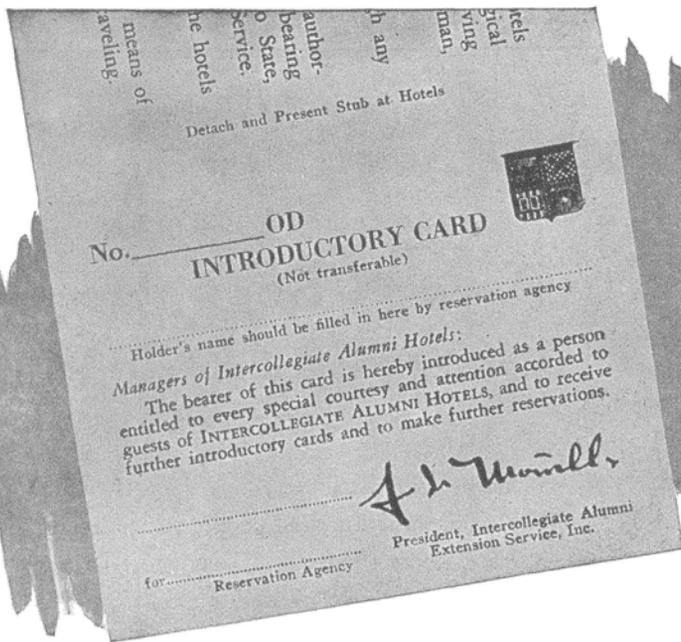

## About Cornell University

"Concerning Cornell" is a delightful story of the founding, growth, traditions, and aims of the University. The book is sold in two bindings. Leather (thin paper edition) \$4.50 and cloth \$3.00. The *Sun Fiftieth* book, gives additional matter. Cloth bound \$3.50 and paper \$2.00.
