Luxurious Refrigeration

...AND TWO COLD FACTS

TODAY, in thousands of homes, refrigerators formerly considered as highly satisfactory, are being replaced with plus-powered Kelvinators.

For the new Kelvinator is a luxurious refrigerator. Luxurious in appearance—in convenience—and luxurious in service. It does more. It saves more. Its purchase is a genuine economy. Judge it yourself by these two facts:

FACT 1—The new 1937 Kelvinator is plus-powered. It has as much as double the cooling

capacity of other well-known refrigerators of equal size.

FACT 2—The new Kelvinator runs only half as many minutes per day—during the rest of the time it maintains low temperatures using no current at all.

The new Kelvinator costs more to build, but it costs no more to buy than a less powerful, less economical refrigerator. It can be bought on your dealer's special time payment plan—or for as little as 90¢ a week on the Kelvinator ReDisCo Plan.

Kelvin Home

WHERE A NEW WAY OF LIVING BEGINS . . .

equipped with Kelvinator electric refrigeration, air conditioning, automatic heating, electric or gas range, washing machine, ironer, and automatic water heater—can be built for less than \$7,500. The Kelvin Home Book, with exterior views, floor plans and description of equipment, is now available without cost wherever Kelvinator products are sold.

Nash-Kelvinator Corp., Kelvinator Div., Detroit, Mich.
Factories also in London, Ontario, and London, Eng.

In Praise of France

"The morning comes—I don't know a pleasanter feeling than that of waking with the sun shining on objects quite new, and (although you have made the voyage a dozen times), quite strange . . . all seems as gay and as comfortable as may be—the sun shines brighter than you have seen it for a year, the sky is a thousand times bluer, and what a cheery clatter of shrill quick French voices comes up from the court-yard under the windows!"

—William Makepeace Thackeray.

★★ A country beloved by men like Sterne and Thackeray, Charles Dickens and Henry James . . . Stevenson went through its inland waterways in a canoe and over its mountain passes on foot, to produce two little masterpieces, "An Inland Voyage" and "Travels with a Donkey."

★★ A country whose written history runs back to Julius Caesar and his imperial legions . . . whose first literature was written in the suave Latin of the Silver Age . . . whose territory is alive with deep-rooted memories of the past . . . Gothic cathedrals, medieval walled

towns, Renaissance chateaux, the ordered elegance of 18th-century architecture.

★★ A country of many countries . . . level Picardy, bathed in pearly light . . . opulent Normandy . . . wild and wooded Auvergne . . . tranquil, sunlit Provence . . . the austere Pyrenees . . . each with its special gifts of hospitality . . . the wines of Bordeaux, of Burgundy, of Champagne . . . a hundred cheeses . . . a hundred sauces . . . an epicure's Eden.

★★ A country whose coastline spaces smart bathing beaches and ancient fishing ports . . . Deauville and Harfleur . . . La Baule and St.-Nazaire . . . Biarritz and Bordeaux . . . Toulon and Cannes . . . whose deep-water mariners have

sailed the seven seas for centuries . . . whose maritime tradition finds its culmination in the magnificent streamlined *Normandie*, world's greatest ship, and her companions in the French Line fleet.

ALUMNI HEAR ASHBERY Form Two New Clubs

Ray S. Ashbery '25, Alumni Field Secretary, returned last week after having driven 3,700 miles visiting alumni groups in eleven Southern cities. From Washington, D. C. south, he says, many of the Cornellians he met had not been in Ithaca for years, and all were keenly interested in affairs at the University. In every city he showed motion pictures of the Campus and of athletics, told of current happenings on the Campus, of Cornell Day activities and other work with secondary schools, and answered questions about present day Cornell.

"Everywhere," he says, "Cornellians were hungry for news; about new buildings on the Campus, about the Faculty, the undergraduates, academic progress, and of course about athletics. Because of their distance from Ithaca, most of the Cornell Clubs I visited have not been able to send delegations to Cornell Days, but all of them asked that the South be included in the University's secondary school program, and requested that one of our 'travelling professors' next year be sent to visit their schools. It was a stimulating experience to find this very live interest in the University among alumni of all ages wherever I went."

Alumni in and near Orlando, Fla., learning that Ashbery was to be at Jacksonville, invited him by wire to come to a meeting there, and on February 2 thirty Cornellians, with wives and husbands, met to form the Cornell Club of Central Florida. A. Buel Trowbridge '20, of Rollins College, Winter Park, was toastmaster at the dinner. Dr. Duncan T. McEwan '25 was elected president of the new Club, and Trowbridge, secretary-treasurer.

The forty-five alumni who attended a dinner at the Commonwealth Club in Richmond, Va. January 22, also decided to organize a new Cornell Club. It is hoped to interest most of the hundred or more Cornellians of the vicinity. George L. Bascome '05 presided.

Ashbery's first stop was at a dinner meeting of the Cornell Club of Washington, D. C., January 21, at the University Club. John L. McElfresh '21 presided, and forty Cornellians were present.

Three evening meetings were held in North Carolina: in the Graham Memorial Union of the University of North Carolina at Chapel Hill January 23, with thirty alumni from Raleigh and vicinity led by Wallace E. Caldwell '10; at the Biltmore Hotel in Asheville January 25, with Arland L. McKinney '25 presiding; and in Charlotte the next evening, with

Mallory K. Cannon '25 in charge of the meeting. During the day in Asheville the traveller visited the Asheville School and interviewed several students interested in Cornell.

A dinner meeting January 28 at the Hotel Francis Marion in Charleston, S. C., was presided over by Clifford D. Smith '26; and the next evening, in Savannah, Ga. Ashbery was joined by James Lynah '05, University director of physical education and athletics, who was at his home there, and who also spoke.

First meeting in Florida was in Jacksonville, February 1, at the Hotel Carling. Among the group of about twenty Cornellians who greeted Ashbery was a delegation from the University of Florida at Gainesville, led by William W. Fineren '02. J. Robertson Hoy '26 presided, and Fineren told of the All-University Day held each fall at Gainesville, to which alumni of all universities are invited for a State reunion.

From his unscheduled visit to Orlando, Ashbery proceeded to Tampa for a dinner meeting of the Cornell Club February 3 at the Tampa Terrace Hotel. George B. Howell '17 presided, and John N. Ostrom '77, a member of the first winning Varsity crew at Saratoga, was present and took a bow. New officers of the Club elected at this meeting are Chester A. R. Kurtz '19, president, and Peter A. Blate '24, secretary-treasurer. The next morning Ashbery accepted the invitation of the principal of the Platt High School to speak at a general assembly.

Largest meeting of the trip was at the Miami home of Archibald B. Morrison '01, when nearly fifty alumni gathered the evening of February 5. Among them were George Beebe '82, a member of the first Cornell Daily Sun board, and Frank E. Gannett '98, University Trustee.

DR. FARRAND IN BUFFALO

The annual banquet of the Cornell Club of Buffalo, with President Livingston Farrand as the guest of honor, will be held Saturday, February 27, at the Hotel Buffalo. Other speakers will be Judge William L. Ransom '05 and Edward E. Hughes II '38, football captain-elect.

The Club entertained Carl Snavely, coach of football, at a smoker at the University Club January 17. One hundred fifty men attended, with James B. Wilson '21 presiding. William I. Huber '08, president of the Club, spoke, and Snavely accompanied his remarks with motion pictures of the Pennsylvania game. Neil M. Willard '18 led the singing, and the orchestra of Charles G. Seelbach '19 provided music.

BOOST SCHOLARSHIPS McMullen Awards Larger

Increased income to the University from the McMullen Fund has made possible increasing the amount of the McMullen regional scholarships in Engineering, beginning next fall, from \$200 to \$300 a year. By action of the Board of Trustees, the larger stipends will apply not only to scholarship winners who enter the University next year, but also for the remaining years of the regional scholarships previously awarded. Each is held for four years, conditional upon maintaining a satisfactory record in the College.

Information and application blanks for McMullen regional scholarships for next year's entering students are now being mailed to head masters and school principals and to chairmen of alumni committees in fifteen regions of the United States outside of New York State. Applications are returnable not later than May 1, 1937. Awards will be made on the basis of academic ability and character, to boys otherwise qualified to enter the University.

This larger stipend, according to Dean Herman Diederichs '97, makes the McMullen regional scholarships even more useful than before in attracting Engineering students from all parts of the country. When they were instituted, in 1935-36, it was announced that one purpose of the regional scholarships was to offset to some degree the financial advantage to likely students outside New York of going to college in their own state schools. That first year, fifteen scholarships were offered. Last year the number was doubled, to thirty. It is planned, Dean Diederichs says, to take advantage of future increases in the McMullen Fund with additional increases in the scholarship stipends, so they may eventually equal the entire cost of tuition.

"There is a growing conviction among those conversant with the trend of the times," he says, "that in the solution of our economic and national problems, minds trained in science and technology must play an important and ever expanding part. Any step toward offering such training to the best intellects among youth in the country is therefore of national service, and Cornell University is glad to be able to contribute in modest degree to that end through the medium of these scholarships." Candidates may enroll in the four-year courses in Civil, Mechanical, or Electrical Engineering, or in the new five-year course in Chemical Engineering; or in the first three, may elect Administrative Engineering.

The McMullen Fund, established in 1923 by a bequest of John McMullen "for the purpose of creating and maintaining free scholarships for the education of young men as engineers," has grown rapidly. Dividends from stock willed to the University are funded as received, and the income from the Fund is used. The last Comptroller's Report showed that on June 30, 1936, the Fund amounted to \$1,111,053.12, and that it had increased during the previous year more than \$245,000. Its income has also steadily increased, from approximately \$25,500 in 1933-34 to more than \$40,400 in 1935-36. Besides these regional scholarships for entering students, the Fund provides also scholarships to needy and deserving undergraduates already enrolled, and for annual graduate fellowships in Engineering of \$1,000 each.

As in the previous two years, committees of Engineering alumni are working with the heads of secondary schools and with the College of Engineering in interesting prospective candidates for the regional scholarships. To each of the fifteen districts in the United States a given number of scholarships have been assigned for next fall. The states which comprise the districts, with the number of scholarships and the alumni chairmen for each are:

Maine, New Hampshire, Vermont, Connecticut, and Rhode Island; two scholarships; Chester T. Reed '03, 1 Duncan Avenue, Worcester, Mass.

Pennsylvania; three scholarships; Thomas F. Crawford '05, Elliott Co., 1421 Chestnut Street, Philadelphia; Eugene C. Batchelor '02, Clark Building, Pittsburgh.

New Jersey, Delaware, Maryland, District of Columbia; two scholarships; Creed W. Fulton '09, 1700 Eye Street, N. W., Washington, D. C.; G. Gilson Terriberry '15, Room 1513, 225 Broadway, New York City.

Virginia, North Carolina, South Carolina; one scholarship; William E. O'Neil, Jr. '29, 2914 Idlewood Avenue, Richmond, Va.

Georgia, Florida, Alabama, Mississippi, Louisiana; two scholarships; James D. Willcox '07, 2026 Second Avenue, Birmingham, Ala.

West Virginia, Kentucky, Tennessee; one scholarship; Professor Nathan W. Dougherty '13, University of Tennessee, Knoxville.

Ohio; two scholarships; Frederick W. Krebs '12, 7209 Platt Avenue, Cleveland; Forrest E. Cardullo '01, 3611 Woodburn Avenue, Cincinnati.

Indiana, Michigan; three scholarships; Matthew Carey '15, 2200 Buhl Building, Detroit, Mich.

Illinois; three scholarships; Alfred H. Hutchinson '09, 5701 South Claremont Avenue, Chicago.

Texas, Oklahoma, Arkansas; two scholarships; John G. Pew '25, Sun Oil Co., Dallas, Tex.

Missouri, Nebraska, Kansas; two scholarships; Shurly R. Irish '18, Union Electric Light & Power Co., St. Louis, Mo.

Iowa, Wisconsin, Minnesota; two scholarships; Charles S. Whitney '14, 724 East Mason Street, Milwaukee, Wis.

North Dakota, South Dakota, Montana, Wyoming; two scholarships; Pitt Covert, Jr. '11, Casper, Wyo.

Colorado, Arizona, New Mexico, Nevada, Utah; one scholarship; Carl A. Gould '07, 435 Humboldt Street, Denver, Col.

California, Oregon, Washington, Idaho;

two scholarships; Archibald S. Downey '96, 811 Exchange Building, Seattle, Wash.; Carroll R. Harding '10, 65 Market Street, San Francisco, Calif.; Sterling Lines '38, 636 Title Insurance Building, Los Angeles, Calif.

About ATHLETICS

RUNNERS WIN AT BOSTON

A Cornell relay team opened the track season Saturday night by winning the mile race over Princeton and MIT in 3:42.2 at the Boston AA games in the Boston Garden. The runners were Captain John A. Meaden '37 of Lagrange, Ill., J. Hamilton Hucker '38 of Buffalo, James B. Pender '39 of Lawrence, Mass., and John H. Nevius '39 of Flemington, N. J. The rest of the squad, except Max J. Breitenbach '39 of New York City, who went to Boston as substitute, were hard at work in Ithaca Saturday in preparation for the first full meet, with Yale in the Drill Hall February 20. Coach Moakley predicts a close meet, that may be decided by the relay race, the last event on the card.

The triangular meet with Colgate and Syracuse will be March 20 in the Drill Hall instead of March 19, as originally announced.

GAME FIGHT ON COURT

A Junior Week crowd of 3,000 excited fans in the Drill Hall Saturday afternoon saw a crippled, fighting Varsity basketball team hold undefeated Pennsylvania even, and outplay them nearly through the second half, only to lose, 29-33, in the last five minutes. Captain Rich, recently recovered from scarlet fever, appeared on the floor, fully dressed, only to greet the Pennsylvania captain; and Carlton P. Wilson '38, center, was ill with a cold.

Edwin Leonard '38 of Staten Island, who entered last year as a Sophomore and is thus playing this year for the first time, sparked the game as he shot them in from all angles, and was closely followed in scoring by Walter H. Foertsch '39 of Rochester. Pennsylvania started with four substitutes, after a hard game with Columbia the night before. Coach Jourdet soon sent in his first string, but they held the determined Varsity no better.

Cornell was set to win throughout the first half and well into the second kept the Pennsylvania stars so well guarded that they had few chances for goals. Red-uniformed players carried the ball down the floor as if inspired. With 12½ minutes remaining, Doering and Foertsch passed the ball between them from a mixup at center court all the way down the sidelines at full speed in a remarkable exhibition that ended with a goal by Foertsch, which he quickly followed

with another that put Cornell ahead, 27-17, and set the stands wild. Then, however, Pennsylvania's Captain Murray took time out to organize his forces, and the defense tightened up. When Doering was sent out on fouls and McDonald shortly after, the game was up. Only one more goal was made for Cornell, by Louis E. Dauner '38 of Cincinnati, Ohio, playing center for Wilson, when a game try after he was knocked down went home.

Now Pennsylvania had it their own way, making 10 points in a row and keeping the Varsity bottled up far from the basket so that even long tries were unsuccessful. The bell rang just as the ball dropped from the rim of the Cornell basket after a final Pennsylvania shot had rolled around the rim for seconds. The summary:

CORNELL (29)			
	G	F	P
Leonard, f.	5	2	12
Foertsch, f-c.	3	4	10
Dauner, c.	1	1	3
McDonald, g-f.	0	0	0
Doering, g.	1	0	2
Simon, g.	1	0	2
Liebman, g.	0	0	0
Totals.	11	7	29

PENNSYLVANIA (33)			
	G	F	P
Hauze, f.	2	1	5

Barrett, g.	1	1	3
Dougherty, g.	0	2	2
Totals.	12	9	33

Score at half-time: Cornell 15, Pennsylvania 11. Referee, Norton, EIA; umpire, Boyle, EIA.

WRESTLERS WIN AND LOSE

The Varsity wrestling team also provided excitement in the Drill Hall Saturday afternoon when John R. Manning '37 of Unionville, University heavy-weight champion wrestling his second Varsity match, defeated his Columbia opponent in the last match to put Cornell ahead, 17-13. Until then the score was Cornell 14, Columbia 13, and the visitors were thought to be strong in the heavier weights. Manning stayed out of danger the first two minutes, then won the toss and chose the bottom. In four seconds he was up, and both stayed on their feet for that period. When it was Manning's turn to be on top, he stayed there, and won with time advantage of 3:53.

The 118-pound match was won by Morton Ward '39 of Rochester, another newcomer, with a fall in 4:11. Captain Charles B. Mosher '38 of Dunkirk won his at 126 pounds with a time advantage of 5:10. Likewise Paul F. Hartzsch, Jr. '37, of Brooklyn, veteran University 135-pound champion, won his in two overtime periods by referee's decision.

Alfred C. Kuchler '39 of Lagrangeville was thrown by Columbia's Captain Elmes in the 145-pound class in 2:30; and Frederick F. Reimers '39 of Hammond, La., co-champion of the University at 155 pounds, won time advantage of 1:19 for Cornell's last score until Manning won. Columbia wrestlers defeated Harry L. Smith '38 of Buenos Aires, Arg. in the 165-pound match with time advantage of 4:50, and Harold A. Segall '38 of Brooklyn, 175-pounder, with a fall in 3 minutes.

The first match of the season the Varsity lost to Syracuse at Syracuse February 10, 9-19. Here Ward, Captain Mosher, and Smith won their matches on time advantage. Hartzsch, Reimers, and Segall lost on time and Manning was thrown, all in the same classes; and George E. Maxcy '38 of New Rochelle was thrown in the 145-pound class.

Coach Walter C. O'Connell '12 has but three men this year who had previously wrestled in a Varsity meet: Captain Mosher, Hartzsch, and Smith. The next Varsity meet is that postponed to February 24, with Colgate in Ithaca.

J-V'S and Freshmen Lose

The Junior Varsity wrestling team lost to Syracuse February 10, 10-26. Its only scores were gained from Syracuse forfeits in the 118- and 126-pound classes. Cornell forfeited the unlimited match, John C. Hemingway '39 of Syracuse, former University champion defeated this year by Manning, having strained his back while putting the shot with the track team. Kuchler, who wrestled with the Varsity against Columbia, was thrown in the 145-pound class.

The Freshman wrestling team opened its season February 12 in the Old Armory and lost to Wyoming Seminary, 6-26. The only winners were University co-champion Lee R. White of Cortland at 155 pounds, and William D. Kiehle of East Orange, N. J., who won the University championship at 175 pounds but wrestled Friday in the 165-pound class. Cornell defaulted in the 118-pound class and lost by falls in the 145-pound, 175-pound, and heavyweight events.

BOXERS BEAT TORONTO

The boxing team won a well-earned victory over Toronto at Hart House in Toronto Saturday night, 5-3. Ira W. Wilson '38 of Brooklyn, who was elected captain of the team on the train in place of Irving A. Jenkins '37 of New York City, heavyweight, who has quit boxing, put his opponent down for the count in 2½ minutes of the first round of the 155-pound bout, with a left to the jaw. Technical knockouts were scored by Moses L. Goldbas '39 of Utica in the 125-pound class and by Louis Grossman '39 of Brooklyn, 175-pounder. John G. Tausig '38 of Harrisburg, Pa. won the 135-pound bout on decision, and the un-

limited class was forfeited to Frederick V. Siemers '39 of Buffalo. Aarni K. Karikka '39 of Ithaca lost the 145-pound match on decision, and Leonard F. Peyser '37 of Mt. Vernon lost the 165-pound bout on a technical knockout in 1½ minutes of the first round, after he had tripped, decided to rest, and missed the referee's count getting to his feet.

The team next meets Yale at New Haven February 26, and closes its season at Syracuse March 6.

TENNIS TOURNAMENT HERE

Seven Eastern universities have accepted invitations to send representatives to an intercollegiate indoor tennis tournament to be held in the Drill Hall Friday and Saturday, February 26 and 27. Colgate, Columbia, Dartmouth, Harvard, Pennsylvania, Princeton, and Syracuse will each send two singles players and a doubles team, and Cornell will of course be similarly represented. Six standard indoor courts will be laid out in the Drill Hall, and the University will award trophies to winners and runners-up, and team prizes. Preliminaries will be held on Friday, semi-finals Saturday afternoon, and the final matches Saturday evening.

Visitors will be entertained at fraternity houses, and James Lynah '05, director of physical education and athletics, has arranged a banquet Friday evening for all players and officials, members of the Tennis Club, and members of the local umpire's association. This was organized this year by Coach Richard Lewis and Professor James K. Wilson, PhD '14, Agronomy, for many years Faculty tennis champion, to provide qualified officials for the University ladder eliminations and other matches held here.

Coach Lewis, former secretary of the Eastern Lawn Tennis Association, who came to Cornell last fall, has been largely instrumental in reviving the indoor meet, which was a feature of the winter ath-

TENNIS CAPTAIN AND THE NEW COACH

Captain Bernard E. Diamond '37 of Brooklyn, with Coach Richard Lewis, Princeton '23, who came to Ithaca last fall and has been active in arranging for the intercollegiate indoor tournament in which eight universities will play in the Drill Hall February 26 and 27.

letic season in the five years before 1931, when the Larned Cup was in competition. Although this year's tournament will not be as pretentious as those Larned Cup matches, it is being tried as an experiment which may lead to putting that cup in competition again next year.

The Larned Cup was presented to the University in 1927 by a group of men prominent in the tennis world as a "perpetual challenge cup" in memory of William A. Larned '94. Larned, the first of the modern type of hard hitters and "net stormers," is the only person ever to win the national singles championship seven times and to be rated No. 1 in the official American ranking eight times. He won the intercollegiate championship in 1892 and was a member of six Davis Cup teams, until his tennis career was cut short by a partial paralysis of the legs in 1911. He died December 16, 1926.

The Larned Cup is solid silver, nineteen inches high. Replicas of it were awarded at the five annual intercollegiate matches held in the Drill Hall from 1927 to 1931, and the winners' names are inscribed on the Cup, which is displayed at Schoellkopf Field House. First winner was John F. W. Whitbeck, of Harvard; for three successive years the winner was Julius Seligson, of Lehigh; and in 1931 Robert Ryan, of Yale, was high man. Cornell was second in team score among twelve contestants the first year; tied at sixth in 1928; placed sixth in '29; tied at fifth in '30; and placed fifth in '31.

POLO TEAM WINS

The ROTC polo team came up from behind to win in the last period, 14½-11, over the First Cleveland Cavalry in Cleveland, Ohio, Saturday. They were two goals behind as the final session started, but hard riding gave them their seventh victory of this year's nine games.

Captain Stephen J. Roberts '38 was high with 7 goals, several on passes from Thomas Lawrence '38, who put 2 in. Robert C. Taber '38 scored 4.

FENCERS START WELL

The fencing team opened its season auspiciously by defeating Hamilton, 21-6, in the Drill Hall's south tower fencing room Saturday afternoon. Feature of the match was an unlooked-for shutout in the sabre events. Robert A. Shaw '38 of Albany and George E. Detmold '38 of Long Island City, both letter men, won all three of their matches, and Walter Wahrenberger '39 of Woodcliff, N. J. and Russell L. Hopping '39 of Brookline, Pa. maintained the record by winning two and one, respectively. The foils were won 7-2. Veteran Roy H. Steyer '38 of Brooklyn won his three matches; Charles H. Pratt '38 of Mamaroneck won two and lost one; John M. McLellan '39 of Short Hills, N. J. won both his; and John F. Stephens '37 of Syracuse and last year's Varsity, won one and lost one. Cornell

won the epee, 5-4, with three C men competing. Harold E. Parker '38 of Wilton won three; his brother, James W. Parker '37, lost three; and Captain Daniel F. Macbeth '37 of Auburn won two and lost one. Cornell made 100 touches; Hamilton, 57.

DALLENBACH IN ELMIRA

Professor Karl M. Dallenbach, PhD '13, Psychology, was the speaker at a luncheon of Cornell Club of Elmira at the City Club February 9. He told of his trip to the Olympic games in Berlin last summer, and showed his own motion pictures. Harold L. Treu '24, president of the Club, introduced Dr. Dallenbach.

PHILADELPHIA WOMEN

The Cornell Women's Club of Philadelphia celebrated Founder's Day with a dinner January 15 at Whitman's. Ann Elizabeth Neely '19 was introduced by Mrs. William H. Emery (Violet Harrison) '12, who presided. Miss Neely spoke of the significance of Founder's Day and of the present-day Cornell, as well as of her own work as national director of leadership training in the YWCA and of the movement for youth and for an international "Women's Charter." Lois M. Otis '87 was the oldest alumna present. Marion E. Potts '15, who recently returned after several years in Japan, discussed the status of women in Japan, the censorship tactics of the Government over peace meetings, and present Japanese life.

'01 STARTS REUNION PLANS

First reported Class meeting to make plans for the 1937 reunions is that of the Class of '01, at the Cornell Club of New York, February 8. '01 comes back to Ithaca June 18-20 this year, under the Dix Plan, with its contemporary Classes of 1900, '99, and '02.

Members of the Class who met in New York City were Victor D. Borst, Earl J. Bennett, Robert I. Dodge, Henry G. MacDonald, Walter Moffat, James O'Malley, Walter E. Phelps, Frederick M. Sanders, Charles E. Stevens, George R. VanNamee, and Roger B. Williams, Jr.

Walter Moffat was chosen as acting secretary in place of Clarence H. Fay, who had requested by letter that he be relieved temporarily of the duties of secretary. Fay will continue to cooperate with the reunion committee.

At the thirty-fifth reunion, held last year, Dr. Sao-Ke Alfred Sze was selected as chairman of the reunion committee for this year. The group at this meeting decided to ask Heatley Green to serve as vice-chairman, in view of the possibility that Sze's duties may take him out of United States. Appointment of his successor as Chinese Ambassador was announced several months ago, but it is hoped that he may continue as chairman, at least until after the reunion, and come to Ithaca in June.

DR. DAY IN SEATTLE

John A. Rea '69, signing himself as "Sole Survivor," sends from his home in Tacoma the following about the welcome given Dr. Edmund E. Day, President-elect of the University, by Cornellians of the State of Washington:

"A luncheon in honor of Dr. Day at Seattle, February 5. Quite a crowd of Cornell men and girls, Western Washington.

"And this phrase—A brighter Day for Cornell, the lengthened shadow of Andrew D. White."

During a business trip to the West Coast Dr. Day was also scheduled to attend a luncheon of the Cornell Club of Portland, Ore., February 6; and to meet with alumni in San Francisco, Cal. February 10 and in Los Angeles, February 16. On February 23 he will speak at a Cornell luncheon in New Orleans, La., at Galatoire's.

SYRACUSE WOMEN

Mrs. Robert C. Osborn (Agda Swenson) '20, president of the Federation of Cornell Women's Clubs, described the activities of the Federation at the regular meeting of the Cornell Women's Club of Syracuse February 8. At a business meeting which followed, plans were discussed for the annual card party to support the Club's Margaret Nottingham scholarship, awarded each year to a Senior through the Dean of Women.

OFFERS FELLOWSHIPS

Three graduate fellowships of \$500 each are offered by Kappa Kappa Gamma to alumnae of any college in which the sorority has a chapter. They are open to any woman, without reference to sorority membership, who shall by next July 1 have received a degree from one of these institutions, including Cornell. Awards will be made on the basis of scholarship, leadership, and a definitely planned purpose in graduate study. Applications must be mailed before March 25. Blanks may be obtained from the office of the Dean of Women, Cornell University.

CHICAGO CLUB BUSY

Harry W. Helmer '10, president of the Cornell Club of Chicago, has announced that Raleigh Warner, president of the Chicago alumni of Princeton, has accepted an invitation to represent that group at the Club's testimonial banquet to President Farrand at the University Club, Chicago, Ill., March 12. Princeton, of course, is Dr. Farrand's alma mater.

Cornell Clubs in Milwaukee, Wis., St. Louis, Mo., and Indianapolis, Ind. have also been invited to send delegations, and alumni from all over the Midwest are making their reservations.

"Outlook for War in Europe," the brewing industry, and "The Future of the Republican Party" have been recent subjects for discussion at the regular Thursday luncheons of the Cornell Club of

Chicago, held at Mandel Brothers. Dr. Theodore Hume discussed the first; brewing and beer was explained by Herbert C. Walther of the U. S. Brewing Co.; and Kendall I. Lingle, who was active in the recent Presidential campaign, was the latter speaker.

CLEVELAND SPEAKERS

Speaker at the regular Thursday luncheon of the Cornell Club of Cleveland February 11 was William Frew Long, general manager, Associated Industries of Cleveland, who discussed "The Labor Situation In England." The previous week Lucille Teeter Kissack, landscape architect, gave an illustrated talk on "Year Around Enjoyment from Gardens."

MOAKLEY IN MONTCLAIR

Three hundred Cornellians of Northern New Jersey, and representatives of other universities which meet Varsity teams, gathered at a smoker at the Montclair Golf Club February 5 arranged by the Cornell Club of Montclair to do honor to Coach John F. Moakley. Hailed as one "whose influence and advice have been a guiding factor in the lives of many, many Cornell men," the veteran coach said he saw no limit, with modern improvements in technique and training, to the lowering of track and other athletic records. Andrew J. Whinery '10, Alumni Trustee of the University, was toastmaster at the party, and William W. Sproul '28 was master of ceremonies. Joseph Kastner, Jr. '12 was chairman of the committee, which included representatives of twenty-eight Classes.

PITTSBURGH ENJOYS PARTY

Three athletes from Ithaca were greeted by a record crowd of 150 alumni at the annual banquet of the Cornell Club of Western Pennsylvania, at the University Club in Pittsburgh, February 8. Guests of honor were Coach Carl G. Snavelly, Captain Edward E. Hughes II '38 of the 1937 football team, and Robert H. Menges '37, Commodore of crew. The two undergraduates were at home in fact, being the sons of Henry M. Hughes '13 and Harry P. Menges '10, both of Pittsburgh; and Snavelly reports that he too was made to feel at home. Also present as invited guests were eleven coaches of local and nearby preparatory and high schools.

Besides the speakers from Ithaca, Charles M. Storz '21 told some of his inimitable stories, and John J. Munns '14, former football captain who is now assistant to the president of the Weirton Steel Company at Weirton, W. Va., spoke briefly of last season and the future. Eugene C. Batchelar '02, president of the Club, spoke of the coming Cornell Day at Ithaca, May 1, of the McMullen regional scholarships in Engineering for which he is the Pittsburgh representative, and of the chapter of the Cornell Society of Engineers being formed there.

He introduced Rufus H. Flinn '09, general superintendent of the western division, Pennsylvania Railroad, as the toastmaster.

Cheers and singing were led by L. Wainwright Voght '21, and Campus movies were shown by Thomas C. McDermott '19. Marshall R. Barbour '14 was chairman of the committee for the party, which was generally conceded to be "the most successful in years."

In the course of the trip to Pittsburgh, Snavely and Hughes visited Kiski School and Shadyside Academy.

NEW ALUMNI DIRECTORY

The Alumni Office has started preparation of a new directory of Cornell alumni, to bring up to date the last Alumni Directory, published in 1931. Appropriation for the compilation and publication of the volume was made by the Board of Trustees at its last meeting. A committee appointed to supervise its publication consists of Trustees Neal Dow Becker '05 and Harry G. Stutz '07, and Foster M. Coffin '12, Alumni Representative.

It is expected that the new Directory will be ready for distribution before the end of 1937. It will include, so far as possible, correct mailing addresses of all former students, together with their years of attendance, courses, and Cornell degrees, if any. Blanks will shortly be sent to every alumnus of record, from which the information will be compiled. The book will be priced, as was the last edition, at \$3 a copy.

This will be the sixth directory of former students to be published by the University. The first four, titled Ten-Year Books, were published in '78, '88, '98, and '08. The next edition was that of 1922. The Alumni Directory of 1931 was a volume of more than 1200 pages.

RICHARD L. WEAVER, a graduate student from Toledo, Ohio, lives in a trailer propped up on the edge of Cascadilla Gorge back of the Kappa Alpha house. He expects to keep on living in the trailer until he gets his PhD in 1938.

JUNIOR WEEK A HUGE SUCCESS

Students Celebrate at Annual Festival

Girls and boys, flood lighted fraternity houses, tea dances, houseparties, and dancing the clock around featured the 1937 Junior Week; pleasant as Junior Weeks have been since they began. Unlike some years in the past, however, there was no snow. The balmy, spring-like weather forced cancellation of the scheduled hockey game and ski meet, and last-minute substitution of a Junior Week "Get Wise Meeting" in Bailey Hall Thursday night in place of the heralded Ice Carnival. The Prom had three bands and 2,000 couples; probably a double record.

"See Phoebe from Beebe" buttons admitted a goodly number to enjoy Thursday's impromptu entertainment in Bailey Hall. J. Frederic Hillegas '38 of Ithaca, as "the mysterious stranger from Abyssinia," performed a realistic fan-dance and strip-tease act in a fur coat, and was a very self-possessed master of ceremonies. To fulfill the advertised Junior Week feature, six "penguins" of both sexes pirouetted on the stage. Stephen J. DeBaun '38 of Hartsdale, chairman of the Prom committee, doubled as "The Bull," with a song and dance act dressed in a bull's hide, complete with horns and tail. Further entertainment was provided by R. Selden Brewer '40 of East Hartford, Conn., magician, and the feature of the evening was a typical "jam session" by musicians from two of the Prom bands. The program closed with a Buck Jones movie thriller.

As usual many University registrations for the second term were completed on Friday in evening dress, and that evening, after a round of fraternity tea-dances and houseparty dinners, the crowd gathered again in Bailey Hall for the Musical Clubs show, "Life Begins at Midnight." The stage had been transformed to a men's dormitory, with double-decker beds, pennants, signs, and the Clock Tower visible through a back drop window. Pajama-clad students sang most

of the old favorites, and some that were new, with solos by T. Nelson Magill, Grad, of Chambersburg, Pa., Robert H. Bodholt '38 of Evanston, Ill., Donald H. Perkins '38 of Rochester, Edward H. Sargent, Jr. '39 of Albany, and Gerrit C. Conger '37 of Wellesley Hills, Mass. William C. Kruse '38 of St. Davids, Pa. took all three parts in a clever Jack Dalton "dra-a-ma," and guest artists were Thomas B. Tracy '31, who performed as the night watchman, inveigled into singing with the boys, and Sheldon Smith, star of a former Princeton Triangle show, who brought down the house with his "rubber legs" soft shoe dance. Closing feature was the "Floradora" sextet sung by women in costumes of the '90's, with members of the Glee Club. These guest performers were Helena E. Palmer '37 of New York City, Virginia G. Smith '40 of North Tonawanda, Dorothea Bentley '37 of Rochester, Clara J. Wood '38 of Glens Falls, Mary Stewart '38 of Ithaca, and Evelyn L. Wilson '39 of Ithaca. Members of the Instrumental Club, likewise arrayed in pajamas and nightshirts, played the accompaniments and two featured numbers. Direction of the Glee Club was by Eric Dudley; of the Instrumental Club by George L. Coleman '95.

Appropriately cooling for the spring-like evening were the arctic decorations of ice and snow for the Junior Prom in the Drill Hall Friday night. Two lighted "icebergs" had many small penguins perched on them and larger birds of various poses and expressions surrounded the floor to mark divisions between fraternity boxes. Most of the curtained wall at the east end of the dance floor was occupied with a gigantic painting of "Phoebe and Philbert," the penguin mascots of Junior Week, flanked by the Class numerals, 1938.

Four thousand persons crowded the huge floor, fully two-thirds of them surging to the three band platforms in

JUNIOR WEEK IN PICTURES

Left to right: (1) Crowds at the Junior Prom in the Drill Hall watch three nationally famous bands play swing music in succession (Inset, autographs by Jimmy Lunceford, band leader). (2) "The Bull" sings at the Junior Week Get-Wise Meeting in Bailey Hall; inside the skin is Stephen J. DeBaun '38. (3) The "Cornell Swing Band" entertains between the halves at Saturday's basketball game with Pennsylvania.

succession, there to stand as if in awe of the famous performers and try to get autographs as the next band took up the swing of music. The three bands were those of Hudson-DeLange, Lunceford, and Bob Crosby. At the end of a half-hour national broadcast of the latter, the crowd sang the "Alma Mater" to the orchestra's accompaniment. Prom decorations were designed by Derick B. Kipp '37 of Rutherford, N. J.

Different sort of entertainment was supplied Saturday afternoon, when 3,000 persons crowded temporary stands set up east of the previous night's dance floor in the Drill Hall for the annual Junior Week basketball game with Pennsylvania. They had thrills aplenty, and many stayed to see the Varsity wrestling team defeat Columbia in the last match of the meet. Between the halves of the basketball game the crowd was entertained with a surprise "jam session" of the "Cornell Swing Band," recruited from the ROTC Band. Led by a "Junior Week girl" in pink skirt, many medals, and a parasol, the performers dressed in a variety of outlandish costumes amused the crowd mightily with their playing and misplaying as they wandered about the court, sat down, stood up, and generally misbehaved.

As its share of the Junior Week festivities the Dramatic Club presented a hilarious performance of "Charley's Aunt" in the Willard Straight Theatre Friday and Saturday evenings. With even standing room sold out Saturday night the audience enjoyed especially the performance of J. Colby Lewis '33 as Lord Fancourt Babberley, the Oxford student who is pressed into impersonating the wealthy aunt "from Brazil, where the nuts come from," to save the face of his two fellow students. As technical director of the Theatre staff, Lewis had designed the three sets of the play; and at the last moment, in the illness of Charles Clark '37, had learned the leading part, to take his place. He was completely funny as the befuddled young Lord forced to forego his own love affair and to submit to the attentions of two designing fortune hunters. Noteworthy performances were also given by Charles Mendick '37 of Brooklyn, as Spettigue; by Arthur F. Neumann '37 of Plainfield, N. J.; as Brassett, the Oxford College scout; by Caleb Paine '38 of Ithaca as Colonel Chesney; and by Jeanne S. Paquette '37 of Norwich as the real Aunt. "Charley's Aunt" will be repeated by the Dramatic Club February 26 and 27.

An illustrated Junior Week program, with many winter scenes of the Campus and dedicated to the Junior Week Girl, was widely sold during the three days. Its editor was Charles H. Shuff '37 of Long Island City. Chairman of the Junior week committee was Wilbur H. Peter, Jr. '37 of Lakewood, Ohio.

CORNELL ALUMNI NEWS

FOUNDED 1899

Published for Cornellians by the Cornell Alumni News Publishing Corporation. Weekly during the college year; monthly in July, August, September: thirty-five issues annually.

Subscriptions: \$4.00 a year in U. S. and possessions; Canada, \$4.35; Foreign, \$4.50. Single copies fifteen cents. Subscriptions are payable in advance and are renewed annually until cancelled.

ITHACA, NEW YORK

RYM SPEAKS TO WOMEN

The innate modesty of the conductor of the page across from this prevents his reporting that the first lecture listed at 10 a.m. Wednesday in that section of the Farm and Home Week program devoted to events for women is "Collecting Records of the Past, by Romeyn Berry, Author and Lecturer, Jacksonville, N. Y." Wisely the schedule makers arranged it so that Rym's lecture would not conflict with the Thursday Bailey Hall appearances of Mrs. Franklin D. Roosevelt and Mrs. Henry Morgenthau, Jr., speaking, successively, on "A Day in the White House" and "A Day as a Cabinet Member's Wife." We understand, however, that some of Rym's friends, learning of his and these other talks at Farm and Home Week, have inquired if his subject was to be "A Day at Stoneposts Farm."

Equally wisely, it was arranged that his lecture should not conflict either with the daily noon fashion shows in the Home Economics Auditorium, nor with "A Philosophy for Youth" by Margaret Culkin Banning, nor yet with the lecture-demonstration, "Looking Your Best After Forty," by Antoinette Donnelly, feature writer of the New York Daily News.

NINE HOTEL SCHOLARS

Scholarships in Hotel Administration supported by various state hotel associations, accounting firms, and a restaurant chain, have been awarded to nine undergraduates for outstanding work during last year, according to Professor Howard B. Meek, head of the Department.

New Jersey State Hotel Association scholarships were given to John R. Kersey '40 of Trenton, N. J. and Robert C. Snyder '37 of Elmira; Pennsylvania State Hotels Association award to Edmund E. Beers '38 of Dundee; Horwath and Horwath scholarships to William M. Hall '38 of Springfield, Mass. and Gert H. W. Schmidt '38 of Pittsford, Vt.; Harris, Kerr, Forster & Co. scholarships

to John O'Neil '37 of Goderich, Ontario, Can. and Jerome B. P. Temple '37 of Lookout Mountain, Tenn.; and Savarins, Inc. scholarships to Urban A. MacDonald '38 of River Rouge, Mich. and Arnold F. Sanborn '37 of Dryden.

Gordon Stouffer, of the Stouffer Brothers restaurants, has established another scholarship in honor of his father, for which the award has not yet been made.

THE DUCK BALANCE

The farm balance sheet shows that our duck account is in the red. Nevertheless, we shall keep on having a few ducks. The unfortunate deficit is due entirely to the fact that we are slaves to an arbitrary system of bookkeeping which permits one to put down nothing but dollars and cents. If there was a column where they'd let you enter such credit items as "family entertainment" and "general hilarity," our duck account would show a nice profit, I'm sure.

It is the essential contribution of the ducks that they enjoy life tremendously, that they keep busy all the time, and that they are natural-born entertainers who can't help introducing a note of comedy into all their work.

In the life of a duck every morning bursts as a complete novelty offering unlimited possibilities for a good time, which possibilities must be explored to their depths and not a minute to be wasted. Every morning they discover the brook all over again with glad shouts of feigned astonishment, and they rush to it with all the excitement of a Balboa bursting out upon the new Pacific after weeks of denial in the jungle. When they are having a good time in the brook, the ducks want the world to know about it and to share the fun; and they are always having a good time in the brook.

Moreover, the ducks are like old troupers in that they can do their best work only under the stimulation of an appreciative audience. Lots of times I've watched them from an upper window doing their routine in the brook—fancy dives, acrobatic acts, comic falls, and chorus movements. Then I've gone out and watched them do the same thing from the bank. Bless your heart, there's all the difference in the world! With an audience out front the act speeds up, with every duck putting his last ounce into his stuff. And every time I give 'em a hand each duck takes the bow, no matter whether he happened to be on the mat just then or was only holding a rope.

How are you going to keep books with a duck? You've simply got to charge the ducks off to "amusements." When you do that the duck account shows a nice balance. What you pay for one trip to the movies will keep a duck for weeks. And most of the time I'd rather stay home and laugh at the ducks.—R. B. '04 in "State and Tioga," Ithaca Journal.

ON THE CAMPUS AND DOWN THE HILL

MRS. EDMUND EZRA DAY of Bronxville has been visiting Mrs. Livingston Farrand at the President's House. Although Mrs. Farrand gave a tea for her (the wives of the Deans, together with Miss Rose and Miss Fitch), it was the general consensus of the Faculty that Mrs. Day had probably come up to give the plumbing the once-over and to take measurements for curtains, rugs, and whatnots.

RIGHT IN THE MIDDLE of Junior Week, with half the students gone home and the other half conscientiously engaged in dancing the clock around, Miss Anna L. Strong lectured at Willard Straight on "Spain and World Democracy." The lecture was sponsored by the Ithaca Committee to Aid Spanish Democracy.

\$71,000 WORTH of building construction has been going on in Ithaca right through January and February. More than half of it is the State Street business property recently purchased by the University for investment. A new store is being put up there for the J. C. Penny Co. which has signed a ten-year lease.

BY FEBRUARY 2, 7650 pairs of license plates for passenger cars had been issued by the County Clerk. That's 700 more than last year. There were also issued plates for 810 trucks, 14 motorcycles, and 50 trailers. There are, of course, many more motorcycles than that, but most of them were laid up for the winter. Two unfortunates reported that their new plates had been stolen almost at once, before they'd had a chance to put them on the car.

THE DEPARTMENT of Physical Education has added canoeing to the varied list of sports that women may elect in the second term to meet the compulsory requirements for athletic activity. Instruction in canoeing will be given at Beebe Lake. That sounds attractive, but there's a catch in it. You can't elect canoeing in place of hiking and field hockey, both heating and fatiguing, until you have passed a rigid test in swimming.

STRIKING FIGURE on the Campus is a recently identified foreign student named Sardar Singh. He's a big, upstanding individual with a white turban and a savage looking beard, and nobody in his right mind would pick him out to pick on—not any time. But although a warrior Sikh, Mr. Sardar Singh is a graduate of the Punjab Agricultural College and is over here on a government scholarship to study beekeeping, which is to be his life work. The Sikhs, as a race, are noted for their hardihood and

By Romeyn Berry '04

THE UNIVERSITY is going through its annual experience of rapid transitions. Over night the grub of the examination period became the butterfly of Junior Week, and by imperceptible processes Junior Week has faded into that pilgrimage of the thousands to Ithaca which is Farm and Home Week. On the basis of past experience and the records of the Medical Office, the mumps may be expected next.

courage, but Professor Frank Phillips (Bees and Honey) says they jump just as high and wide as anybody else when unexpectedly stung by a bee on their more tender and sensitive portions.

TOMPKINS COUNTY so far sent out \$14,200 for flood relief, together with two carloads of food and clothing. The President's Birthday Ball in the Drill Hall netted \$1200.

ONE AFTER-DINNER tour of twenty fraternity houses by two students supported by Professors George W. Cavanaugh '93 and Hugh C. Troy '96 yielded \$84.12 for the Red Cross flood-relief fund—\$4.20 per house. Experienced downtown bill collectors would say that was doing very well indeed.

THE CO-OP and The Triangle Book Shop in Sheldon Court, which share the undergraduate trade in such matters, report that student demand has shifted away from sentimental and affectionate valentines. What they want now is irony, humor, sophistication. When a sentimental one is purchased, it's generally mailed to mother or a little sister. It's the rougher ones that go to Wells, Smith, and Vassar.

THERE IS a brand new honorary society. It's called "Pershing's Rifles." Students taking the basic course in Military Science are eligible to membership. The society, now national in scope, was organized as The Varsity Rifles at the University of Nebraska in 1892 by Lieutenant John J. Pershing, U.S.A. The name was changed later, after Lieutenant Pershing had become General Pershing and front page stuff.

LAST YEAR the Ithaca Country Club suffered from a nameless bacillus that wrought havoc with the grasses of its putting greens. Last week it was announced that Professor Lewis Knudson, PhD '11, internationally known expert in the ailments of exotic plants, had been appointed chairman of the greens committee. This community would seem to lack neither resources nor resourcefulness.

ON FEBRUARY 9 the bells in the Clock Tower rang out again after a silence of ten days. The facetious Master of the Chimes, having apparently passed all his examinations, chose to resume his musical activities with "Tit Willow" and "The Flowers That Bloom in the Spring, Tra La!"

ON FEBRUARY 10 Willard Straight gave a dancing party which it called the Bustee's Ball. Inflated balloons that busted readily and with pleasing reports, were used as favors.

ON ITS REAPPEARANCE after the examination period the Cornell Daily Sun editorially advocated more rooting at intercollegiate wrestling matches and deprecated any attempt to tamper with the Supreme Court.

ANNUAL MEETING of the Ithaca Savings Bank held last month re-elected Charles H. Blood '88 president. Dean Carl E. Ladd '12 and Gerald C. Williams '20 were elected trustees to fill the vacancies created by the resignation of John H. Barr, MME '89, and the death of Robert H. Treman '78.

SAGE CHAPEL PREACHER February 21 is the Rev. Ernest Fremont Tittle, of the First Methodist Episcopal Church, Evanston, Ill.

LEHIGH VALLEY Railroad has petitioned the Public Service Commission for leave to abandon its stations at Willow Creek and West Danby. When you take the train from New York to Ithaca, West Danby is where the porter starts brushing you off and moving all the bags out to the platform. Willow Creek is where he does it on the run down from Buffalo.

INTERESTING MEMENTO of the second international conference of agricultural economists which met at Cornell six years ago is the massive fourteen-foot conference table of English oak in the attractive seminar room on the top floor of the Agricultural Economics building. It was built in England at Dartington Hall, the home of Leonard K. Elmhirst '21 and Mrs. Elmhirst, who is the widow of Willard Straight '01, and presented to the new building by the conferees. Inlaid around its edge are twenty blocks of the woods typical of the twenty countries represented at the conference, each carved with the name of its country of origin.

OILS AND WATER COLORS by Professor Walter King Stone, Architecture, are being exhibited in Willard Straight Hall library through the rest of February.

Concerning THE FACULTY

DEAN DEXTER S. KIMBALL, Engineering, Emeritus, has been elected president of the Ithaca Community Chest for the coming year. E. Victor Underwood '13 is a new director.

PROFESSOR JULIAN P. BRETZ, History, has been appointed by Governor Lehman as a member of the Finger Lakes State Park Commission to succeed the late Robert H. Treman '78. William M. Leffingwell '18, vice-president of the Commission since its formation in 1924, was elected chairman in place of Treman.

PROFESSOR DWIGHT SANDERSON '98, Rural Social Organization, was elected chairman of the Ithaca Council of Social Agencies at the annual meeting.

PROFESSOR GILMORE D. CLARKE '13, Regional Planning, was reappointed last week by Governor Lehman as a member of the New York State Planning Council for a two-year term.

"ONE-THIRD of the 1,165 undergraduate women students need some financial help," according to Dean R. Louise Fitch, who spoke on "The Work of the Dean of Women's Office" before the Society of Cornell Dames February 9. Many are employed as waitresses and clerical assistants, and among the forty-five other jobs she mentioned was that of feeding a professor's pet salamander while he was on vacation. She said that two hours a day are spent by the Dean's office in sorting and filing "sign-out slips," of which 140,000 were printed this year. Women students specify on these slips their destination and hour of return when they leave dormitories or sororities of evenings.

"THE FOOTBALL rules book," said former Coach Gilmour Dobie, now of Boston College, "is shot through with ambiguities, grammatical redundancy, and poor choice of words, making clean-cut and consistent interpretation difficult for coach, player, and official." He spoke before the rules committee of the American Football Coaches' Association, meeting in Detroit, Mich., February 5.

PROFESSOR MICHEL G. MALTI, MME '24, Engineering, read a paper on "Expansion Theorems for Ladder Networks," prepared in conjunction with his research assistant, Dr. S. E. Warschawski, Mathematics, at last month's convention of the American Institute of Electrical Engineers in New York City. The paper dealt with problems of transmission engineering, radio engineering, telegraph, telephone, and television networks. Other Cornellians on the program were Charles B.

Joliffe, PhD '22, director of the program on transportation; Hubert H. Race '21; Herman Halperin '20; Richard F. Davis '11; Herbert J. Reich '24; Myron Zucker '25; Alexander S. Langsdorf, MME '01; Hillel Poritsky '20; and Charles F. Wagner '27.

DR. CLARENCE E. TAFT, who exchanges with Dr. Edward M. Palmquist '31 the second term in teaching the Freshman course in Botany, as announced in the ALUMNI NEWS January 21, has taught at Ohio State since 1932. He received the AB degree at Michigan State Normal College in '29; the MS at University of Oklahoma in '31; and the next year was university scholar in botany at Ohio State, where he received the PhD degree in '34. He has also taught at the University of Tennessee. His specialty is fresh water algae.

PROFESSOR EDWARD A. WHITE, Floriculture, and Mrs. White left by motor February 9 to spend two months in Florida and the Gulf States.

CHARLES W. COLMAN, Romance Languages, and Mrs. Colman, of 109½ Catherine Street, have a daughter, born February 6.

PROFESSOR BRISTOW ADAMS, Agriculture Publications, judged the annual contest of weekly newspapers at the recent meeting of the New York State Press Association in Syracuse.

L. PEARL GARDNER, PhD '32, Rural Education, spoke over a national hook-up from Station WSYR, Syracuse, February 5, on her experiments on the intelligence of animals, especially cows and horses.

PROFESSOR ALEXANDER D. SEYMOUR, Architecture, is the proud owner of the fifth Star Class boat in the Cayuga Lake fleet. The Scylla arrived from Long Island Sound January 29.

"LUCIDITY, moderation, and control were conspicuous qualities of his performance," writes Pitts Sanborn, New York World-Telegram music critic, of the recent recital given by Professor Andrew C. Haigh, Music, at the Town Hall in New York City. "He showed himself at home in the various styles represented on the list, and his approach was distinctly musical as well as intellectual. He perhaps gave his hearers greatest pleasure in the pieces by Debussy."

POULTRY DEPARTMENT takes a bow in the Poultry Item, of Sellersville, Pa., for February. Professor Leland E. Weaver '18 tells about the recent practical results of research in the Department, and Professors Frederick B. Hutt, Leo C. Norris '20, Goldan O. Hall, PhD '23, Alexis L. Romanoff '27, and Gustave F. Heuser '15 are pictured. Samuel L. Althouse '20 is the editor of Poultry Item.

COMING EVENTS

Time and place of regular Club luncheons are printed separately as we have space. Notices of other Cornell events, both in Ithaca and abroad, appear below. Contributions to this column must be received on or before Thursday to appear the next Thursday.

SATURDAY, FEBRUARY 20

At Ithaca: Track meet, Yale, Drill Hall, 8
Hockey, Columbia
Polo, 1st Cleveland Cavalry, Riding Hall, 8:30
At Middlebury: Winter carnival ski meet
At Hanover: Basketball, Dartmouth
At Bethlehem: Wrestling, Lehigh
At Morgantown, W. Va.: Professor Dexter Kimball at Cornell dinner, Hotel Morgan, 7

SUNDAY, FEBRUARY 21

At Ithaca: Recital, Theodora Kingsbury, pianist, Willard Straight Hall, 5

MONDAY, FEBRUARY 22

At Ithaca: Polo, Wilkesbarre Whips

TUESDAY, FEBRUARY 23

At Waterbury: Coach Carl Snively and Archie M. Palmer '18 at Cornell Club meeting
At New Orleans: Cornell luncheon for Dr. Edmund E. Day, Galatoire's

WEDNESDAY, FEBRUARY 24

At Ithaca: Wrestling, Colgate
At Ithaca: Campus Forum lecture, Louis Untermyer, "What America Reads, and Why," Willard Straight, 8:15
At Syracuse: Basketball, Syracuse
At New Haven: Coach Carl Snively and Archie M. Palmer '18 at Cornell Club meeting

THURSDAY, FEBRUARY 25

At Boston: Coach Carl Snively and Archie M. Palmer '18 at Cornell Club luncheon
At Providence: Snively and Palmer at Cornell Club dinner

FRIDAY, FEBRUARY 26

At Ithaca: Intercollegiate tennis preliminaries, Drill Hall, afternoon
Dramatic Club presents "Charley's Aunt," Willard Straight Theatre, 8:15
At New Haven: Boxing, Yale
At Philadelphia: Fencing, Pennsylvania
At Detroit: Annual banquet, Cornell Club of Michigan, University Club

SATURDAY, FEBRUARY 27

At Ithaca: Intercollegiate tennis tournament, Drill Hall, afternoon and evening
Wrestling, Pennsylvania
Dramatic Club presents "Charley's Aunt," Willard Straight Theatre, 8:15
Polo, 109th F. A., Penn. Nat'l. Guard, 8:30
At Buffalo: Dr. Farrand at Cornell Club dinner, Hotel Buffalo.
At Boston: Track meet, Yale, Harvard, Dartmouth
At Philadelphia: Basketball, Pennsylvania
At New York: Cornell Women's Club bridge, Waldorf-Astoria, 2:30
Swimming, Columbia
At Hamilton: Hockey, Colgate
At Annapolis: Fencing, U. S. Naval Academy

SUNDAY, FEBRUARY 28

At Ithaca: Concert, chamber music groups coached by Joseph Kirshbaum, Willard Straight Hall, 5

THURSDAY, MARCH 4

At Ithaca: University concert, Pro Arte Quartet, Willard Straight Theatre, 8:15
At Quebec: Intercollegiate ski championships

FRIDAY, MARCH 5

At Quebec: Intercollegiate ski championships
At Lancaster: Swimming, Franklin & Marshall

NECROLOGY

'79—WILLIAM PRATT ABBOTT, January 28, 1937, at his home in Suffern. He entered the Science Course in 1875 and remained one year. Retired for some years from the lumber business in St. Paul, Minn., he had founded Camp Winaki, the Rockland County Boy Scout retreat, and held the two highest awards of the Boy Scout organization, the distinguished service medal and the silver buffalo. Alpha Delta Phi.

'85—DR. HENRY B. SWARTWOUT, February 5, 1937, at his home in Port Jervis, where he had practiced medicine for nearly fifty years. As a student in the Optional Course from 1881-83, he was captain and stroke of Courtney's first Cornell crew. He graduated at Bellevue Hospital Medical College in 1885, and studied also in Vienna, Austria. He was the last village president of Port Jervis to be elected, and its first mayor when it became a city two years later. He had long been Erie Railroad surgeon, chief of staff of the St. Francis Hospital, and a member of the medical staff of St. Mary's Home for Children. He was also for many years vice-president and director of the First National Bank. Son, Herbert B. Swartwout '17. Zeta Psi.

'91—DR. FRED ERASTUS HAMLIN, recently, at his office, 682 Leonard Street, Brooklyn. He entered the two-year Medical Preparatory Course, remained one year, and graduated at Hobart College in 1890. He had been an examining physician for the Prudential Life Insurance Company for forty-two years; was a member of the Kings County Medical Society, the North Brooklyn Medical Society, and Phi Kappa Psi.

'99—GUSTAV LANGE, JR., February 2, 1937, in his offices at 17 John Street, New York City. He was a student in Sibley College in 1895-96, then went to New York Law School, and was admitted to the Bar in 1901. He was honorary counsel to the Swedish Chamber of Commerce in New York City and had often represented the Swiss, Swedish, and other European governments in Federal courts. He was also counsel for the Association of Secretaries of Chambers of Foreign Commerce in the United States and was a specialist in real estate law. An ardent sportsman and big game hunter, he was a member of the Union League Club and New York Athletic Club, and lived at 150 West Ninety-third Street, New York City.

'14 CE—LAWRENCE COOPER HOUGH, January 13, 1937, in his home at 40 Fairbanks Avenue, Wellesley Hills, Mass., of a heart attack. In 1915 he was a junior assistant engineer, Public Service Commission, New York City. As district

manager of the Pitometer Company of New York he made a study of municipal waterworks systems in 1928. During the War he served in France as Second Lieutenant in the 53rd Artillery of the Coast Artillery Corps. Lieutenant, Cadet Corps; Kappa Delta Rho.

'16 BS, '26 MS, '29 PhD—CLIFFORD WILLIAM GILBERT, January 29, 1937, at Adams Center, after a long illness. He taught animal husbandry at the New York State School of Agriculture at Canton until he returned to enter the Graduate School in Agricultural Economics in 1925. Since 1929 until his illness, he had been assistant professor of farm management at the University of Vermont.

MEDICAL COLLEGE ANNUAL

The Senior Class of the Medical College in New York has announced publication this year of the first yearbook, or annual, of the College. Titled *The Samaritan*, it will include not only formal and informal photographs of Seniors and Faculty, group pictures of student organizations, and interior and exterior views of the College and New York Hospital; but also a pictorial history of both institutions, now joined as the New York Hospital-Cornell Medical College Association.

Advance subscriptions for the volume are being taken at \$2.50; after publication the price will be \$3.50. Editor-in-chief is Putnam C. Kennedy '34, former art editor of the *Widow*; and Drs. Dayton J. Edwards and Robert A. Moore are Faculty advisers.

ALUMNI CITY PLANNERS

Alumni engaged in city planning were active in the annual conference of the American City Planning Institute in New York City last month. Russell V. Black '16, State planning consultant for Pennsylvania, was elected president of the Institute.

Vice-president Tracy B. Augur '17, regional planning engineer of the TVA, spoke on "New Towns in the National Economy." He estimated that 10,000,000 new dwellings would have to be built in the United States in the next ten years, "if we are to keep up with the demand."

John Ihlder '00, director of the Washington Alley Dwelling Clearing Authority, proposed a law to provide eventually that no public housing grants be considered in communities that have no planning commission or city plan functioning. Justin R. Herzog '18, town planner for the Resettlement Administration, stressed the value of proper streets and highways to the orderly growth of cities.

Lantern slides of building designs and projects of the New York World's Fair were shown and explained by Professor Gilmore D. Clarke '13, Regional Planning, a member of the board of design.

Concerning THE ALUMNI

'81 Sp—Josephine Chevalier writes: "There is nothing to tell about myself except that Cornell University is my very greatest inspiration!"

'93 BL—Clarence B. Hadden is a lawyer at 125 South Vermont Avenue, Los Angeles, Calif. He is also engaged in real estate, and is branch manager for the H. V. Bagwill Co. He last visited Ithaca in June, 1934, when his short poem, "Alma Mater," was published in the *Cornell Daily Sun*.

'93 Sp—Mary B. Livingston travelled in Europe in 1935, returning to her home at 7818 Euclid Avenue, Chicago, Ill. She received the PhD degree from the University of Chicago in 1937.

'95 ME—Ernest M. Gilbert is president and chief engineer of the Gilbert Engineering Corporation. His offices include presidency and directorship of Utilities Purchasing & Supply Corporation and Management Holding Corporation, presidency of York Haven Electric Transmission Co., directorship of Lexington Water Power Company, Columbia, S. C., and Municipal Service Company, presidency of Berks County chapter, American Red Cross, vice presidency and directorship of Berks County Trust Co., Reading, Pa., and directorship of Reading Hospital. He lives in Reading at 412 Washington Street.

'96 LLB, '97 LLM; '27 AB, '29 LLB—Greene and Greene of Ossining is the recently formed law partnership of Joseph A. Greene and his son, Francis W. Greene '28, who has a daughter, Carolyn Edith, born December 23, 1936.

'97 ME; '13 Grad—Frederick D. Herbert, president of the Kearfott Engineering Company, spoke at the annual convention of the Society of Naval Architects and Marine Engineers in New York City recently. Discussing the shipbuilding facilities of the United States, he revealed that as a result of the Naval building program now under way at least 80,000 men were directly employed in private shipyards, with an additional 80,000 persons employed in allied industries. This is the greatest number to be employed since the completion of the World War shipbuilding program, he asserted. Wendell P. Roop '13 of the material laboratory, United States Navy Yard, Brooklyn, read and discussed a technical paper at the meeting.

'98 MSA—J. Edgar Higgins withdrew in June, 1936, from the directorship of the Canal Zone Experiment Gardens after nine years of service, to become consultant in plant introductions and utilizations. "In July, 1937," he writes, "will com-

plete about thirty-nine year's in tropical agriculture, in the service of the governments of the United States and its tropical possessions." His address is P.O. Box 383, Balboa Heights, Canal Zone.

'98 AB; '96 CE—Re-election of Frank E. Gannett as president and Elon H. Hooker as director of the American Business Men's Research Foundation took place in Chicago, Ill., January 13.

'99 ME—Harry A. Hageman's promotion to chief hydraulic engineer of the TVA, Knoxville, Tenn., has just been announced; his address, Hotel Arnold, Knoxville. He had previously been associated with the Building Commission of Newton, Mass.

'00 Grad—The possibilities of correlating the studies of history and English were stressed by Dr. Charles A. Beard in a report before the National Council of Teachers of English in Boston, Mass., recently. The report has been published by Appleton-Century under the title, "A Correlated Curriculum." "Both history and letters will be strengthened if historical situations are illuminated by reference to literary interpretations and descriptions, and the study of literature is illuminated by reference to the social situations and great events of each epoch," he states. The major ideas to be emphasized in the study of history, according to Dr. Beard, are the concept of the long prehistoric life of mankind, change, involving the ideas of progress, unity and continuity of cultural evolution, the relation of great personalities to the total social situation of their respective ages, contingencies and choices which might have been made, and "history as representing what Hegel calls the ultimate design of the world (if there is any and there seems to be some evidence of design.)"

'02 BArch—Frederick L. Ackermann, technical advisor for the New York City Housing Authority, spoke before the National Public Housing Conference in Washington, D. C. January 23.

'05 ME—Wetmore H. Titus is a sales engineer representing the American Steam Pump Company in Philadelphia, Pa. He has a fourteen-year-old son, James W., and lives at 312 Kent Road, Bala-Cynwyd, Pa.

'05 AB, '07 LLB—J. Cameron Arget-singer is secretary of the Youngstown Sheet and Tube Company, Youngstown, Ohio.

'06 AB—Dr. Homer A. Watt, chairman of the English department at New York University, was honored at a testimonial dinner by 150 colleagues in New York City recently, upon the completion

'03, '04 ME—ARTHUR L. JONES, appointed in December a commercial vice-president of the General Electric Company. With General Electric since graduation, he has been in Denver, Colo. since 1907, first as district engineer and for the last nine years as district manager.

of twenty years of teaching service in the university's Washington Square College. Receiving the AM degree in 1908 and the PhD in 1908 from the University of Wisconsin, he came to New York University that year. Yugoslavia decorated him in 1931 with the Order of St. Java for his service with the Serbian Educational Commission. A member of Phi Beta Kappa, the Modern Language Association, the New York Classical Club, and the Andiron Club of New York City, he lives at 19 Douglas Road, Glen Ridge, N. J.

'06 AB—Paul A. Schoellkopf has been elected president of Niagara Electric Service Corporation.

'07—Arthur Roeder, president of the Colorado Fuel & Iron Corporation, announced expenditure of \$2,500,000 for improvements in the following statement: "Business development of the vast area of which Denver is the trade center will require more steel in the early future and we want to be prepared to meet the demand." About \$1,500,000 will be used to improve the steel plant at Minnequa, near Pueblo, Colo., approximately \$500,000 will be used for preliminary investigation of new ore bodies near Sunrise, Wyo., and the remainder will be spent on improvements at a number of mines of the corporation in Colorado and New Mexico.

'08 AB; '09 CE—Mrs. Hiram G. Conger is interested in the benevolent boards of the Methodist Church. Conger '09 is

a graduate of Drew Theological Seminary in 1912. Their children are Theodore, Wilma, Mary Jean, Reynold, and Franklin. Their address is 2325 Hartrey Avenue, Evanston, Ill.

'08 ME—Herbert L. Trube is in the life insurance business at 20 Pine Street, New York City. He resides in Norwalk, Conn. His son, Larry, is six years old.

'08 AB—Frederick A. Rice was elected January 1, 1937, to partnership in Ginn and Company, publishers. His address is 45 Second Street, San Francisco, Calif.

'09 AB—Annetta Dieckman is industrial secretary of the Young Women's Christian Association, 203 North Wabash Avenue, Chicago, Ill., where she lives at 6029 St. Lawrence Avenue.

'10 AB—Abraham L. Doris has been reappointed first deputy State Comptroller in Albany for the sixth time.

'10 AB—Ruth I. Stone is with Western Electric Co. Hawthorne Works, Chicago, Ill. She attended the recent Alumni Corporation convention at Baltimore, Md. She lives at 645 Ontario Street, Oak Park, Ill.

'11 AB—Mildred A. Mosier, an educational missionary on an extended furlough at Demarest, N. J., writes of her five months' trip from Moulmein, Burma, "I used nine kinds of coinage and stamps, and travelled on seven steamers and ten launches, on twenty-five trains in five countries, and slept in thirty-six different beds or berths." She hopes to return to Burma eventually: "It seems like home to me after over twenty-one years."

'11 ME, MME—Herbert B. Reynolds is mechanical engineer in charge of the newly consolidated mechanical division, formed through the union of the mechanical operating division and the mechanical engineering division of the motive power department of the Interborough Rapid Transit Company in New York City. He is responsible for the mechanical engineering, maintenance, and operation of the Company's two power stations which have a combined generator capacity of nearly 400,000 kilowatts and generate more than 1,000,000,000 kilowatt-hours of electric power a year. Reynolds's office is at 600 West Fifty-ninth Street, New York City, and he lives at 3430 Eighty-first Street, Jackson Heights.

'11 Grad—George C. Smith of St. Louis, assistant to the president of the Missouri, Kansas & Texas Lines, says that industrially the South is young, but it will acquire industries at an accelerated pace, and that as this happens King Cotton no longer will dominate its economy. He cited as concrete evidence

Use the CORNELL UNIVERSITY PLACEMENT BUREAU
Willard Straight Hall

H. H. WILLIAMS '25, Director

of the speed with which industrial development is taking place the fact that the M. K. & T. Lines announced one new industry or expansion on its rails for every working day last year.

'11, '12 LLB—Henry J. Kimball has been county judge of Jefferson County since 1930, with business address at 46 Flower Building, and residence at 420 Holcomb Street in Watertown. He is a past chairman of the Jefferson County Republican Committee, past president of Jefferson County Bar Association and Watertown Kiwanis Club, and was delegate for the Thirty-second Congressional District to the Republican National Convention in 1928.

'11 ME—Clifford A. Brant has been appointed director of marketing and director of public relations for Executive Engineers Inc., 110 East Forty-second Street, New York City, where his address is 33 Washington Square West.

'11 ME—Calvin W. Verity, executive vice-president of the American Rolling Mill Company, announced recently a 10½ percent increase in wages for unskilled workers, and said that the Company's annual payroll would be increased \$1,750,000 by the new wage arrangement.

'12 BArch—Herbert N. Putnam has moved from Louisville, Ky., to Cleveland, Ohio, where he is now with the Hunkin-Conkey Construction Co.

'12—Mrs. Alfred Marchev (Martha G. Bovier) '12 lives at 426 North Spurg Avenue, La Grange, Ill., and has three children, eight, ten, and fourteen years old.

'12 ME—Stanley A. Russell, of Lazard Freres & Co., Inc., served as a member of the investment bankers' committee in the recent united hospital campaign in New York City.

'16 ME—Lenox R. Lohr, president of the National Broadcasting Co., announced "another significant advance in our work of television development" with the increase in detail of images sent from 343 to 441 lines. The new reproduction screen is the standard recommended by the radio industry to the Federal Communications Commission.

'16 BS—Francis T. Hunter married Marjorie Franklin of New York City January 23. Mrs. Hunter is a buyer and stylist for Jay-Thorpe, Inc. in New York City. They have joined the Vines-Perry professional tennis tour, of which Hunter is co-promoter.

'17 AB—Gertrude Huth is assistant state director of the women's professional division of the Works Progress Administration in Illinois. Her business address is Merchandise Mart, and her residence is 6017 Kenmore Avenue, Chicago, Ill.

'17 AB—Irwin L. Moore, president of the International Hydro-Electric System and subsidiaries, reported a consolidated

Career Men

select occupations which combine present financial rewards with future opportunities. They find that life insurance selling, better than most businesses, offers this combination to men of real ability today.

College Men

selected by The Penn Mutual Life Insurance Company can start life insurance selling on a fixed compensation basis, instead of a commission basis, if they wish. The plan is described in a booklet, "Insurance Careers for College Graduates." Send for a copy.

UNIVERSITY TUTORING SCHOOL

IN THE OLD TOWN AND GOWN CLUB
 504 STEWART AVE.

A large, impersonal university such as Cornell must of necessity deal with the mass. It is not organized to seek out and remedy the causes of individual maladjustment, lost effort and scholastic failure.

A conscientious tutoring school exists to supply this need. Too often, however, is the tutoring school regarded as an academic physician whose services are called upon only when the patient is too far gone to be susceptible of help.

The time to prepare for June examinations is in the first weeks of the term. Attendance at the University School's early lectures frequently helps a baffled boy to grasp a subject in the early phases of its presentation and thereafter to apply his study of it to good purpose in the regular courses.

If your son had trouble in the first term—if these mid-year examinations just concluded were a cause of worry to you and to him—don't, through neglect, let the same situation develop in the second term.

Occasional visits to the tutor keep the student abreast of his work, uncover and remedy gaps in his understanding of a subject, relieve the parent of anxiety, and prevent avoidable failures.

The University Tutoring School, with its staff of experienced teaching specialists, offers its services to anxious parents in the hope that they will be employed to keep the boy out of scholastic trouble from the very beginning—not to get him out after he has become hopelessly and needlessly involved in misunderstanding.

net income of \$499,061 for the year ended September 30, contrasting with \$1,176,049 for the preceding year. The third quarter's loss reflected, he said, the usual seasonal decline in the demand for electricity during the summer.

'18—Charles R. McCallum has been in the general insurance business in Milwaukee, Wis., since May, 1931, and president of the Synchronic Air Conditioning Corporation since April, 1935. General chairman of the Milwaukee County Community Fund campaign in 1935, he is also a Trustee of the Village of Whitefish Bay. He has two sons, and lives at 1924 East Cumberland Boulevard, Whitefish Bay, Milwaukee.

'18 ME—Charles F. Hendrie is assistant manager, steam power division, Worthington Pump & Machinery Corporation, Harrison, N. J. He resides at 250 Highland Avenue, Newark, N. J.

'19, '20 BS—Hilda J. Moline is teaching in Patterson. She writes: "No exciting personal news—in winter I teach and in summer I cruise."

'19 AB—Catherine Porter is one of the secretaries of the American group of the Institute of Pacific Relations, 129 East Fifty-second Street, New York City. She lives in Patterson.

'19, '20 AB—Chauncey J. Gordon resigned January 1 as assistant treasurer of Gimbel Brothers, Inc., department store firm. He has been with the company for fifteen years.

'20 ME; '21 BS—Mr. and Mrs. William L. Littlewood (Dorothy Cushman) '21 have two sons, William, thirteen years old, and Robert, six, "both future Cornellians," we are informed. Littlewood is chief engineer of the American Airlines. Their address is 712 North La Grange Road, La Grange, Ill.

'20 BS—Mr. and Mrs. T. F. Kavanagh (Evelyn Hendryx) '20 have a daughter, Kathleen Mary, born December 27, 1936. They live at Shoreham, L. I.

'21 AB, '23 LLB—Arthur H. Dean, member of the New York City law firm of Sullivan & Cromwell, spoke at a conference on taxation and finance of the American Management Association in New York City recently.

'23 AB—Dorothy M. Woodward, formerly teaching in Irvington, N. J., is now a teacher in Newtown High School, New York City, where her address is 117 West Seventy-ninth Street.

'24 AB—Paul F. Laning has been instructing in mathematics at Kirtland, Ohio, "the oldest Mormon community in the United States," since 1932. The Lanings have a seven-year-old daughter, Jane Ellen, and live at R. D. 2, Willoughby, Ohio.

'24—Charles E. Saltzman is a member of the board of managers of the Seamen's Church Institute of New York, 25 South Street, New York City.

'24, '26 ME—James T. Cole has a son, Ronald Thurston, born December 27, 1936. Employed by Carrier Corporation, he lives at 1250 Tilghman Street, Allentown, Pa.

'25 MD—Mrs. Frederick Merrifield (Katherine Brooks) has four children, Martha, nine years old; Robert, eight; David, four; John, one. When asked her hobbies, she replied, "A luxury for my old age." Her address is 1014 Elmwood Avenue, Wilmette, Ill.

'26 CE—Mordelo L. Vincent, Jr. is an oil operator; his address, Box 103, Lake Charles, La.

'26, '27 AB—Eugene M. Kaufman, Jr. is investment counsel at 1528 Walnut Street, Philadelphia, Pa., and 44 Wall Street, New York City. His residence is at 1301 Spruce Street, Philadelphia, Pa.

'26 AB—Dr. Wilmot F. Schneider is with the Babies and Childrens Hospital, Cleveland, Ohio.

'28 CE—Claude E. Hinds is a technical employee with the long lines department of the American Telephone & Telegraph Co., 32 Sixth Avenue, New York City. He lives at 376 Park Avenue, East Orange, N. J.

'28 PhD—The vital point today in efforts to regulate business by such means as the Robinson-Patman Act is not so-called fair competition; it is "the prospect of developing better and cheaper distributive processes for the economic system at large." This was the view Corwin D. Edwards of the national recovery office of the Department of Commerce expressed before the members of the American Marketing Association and the National Association of Marketing Teachers in Atlantic City, N. J. recently.

'28, '32 CE—Warren R. Bradlee is resident engineer for Metcalf & Eddy, engineers, of Boston, Mass., engaged in the development of an additional ground water supply for the city of Woburn, Mass. His address is 82 Pleasant Street, Woburn, Mass.

'29 PhD—Harry J. Hosking is associated with the Groton Leatherboard Company, West Groton, Mass.

'29 AB—John F. Stevens, 3d is with the Baltimore and Ohio Railroad in Philadelphia, Pa. His home is at 309 Somerset Road, Baltimore, Md.

'29 DVM—Dr. Johanna A. Sutorius has a small animal practice at Fairway West, Sayville, L. I.

'30 DVM—David A. Hopkins was recently appointed by the Governor of Vermont to the State Board of Veterinary Registration Examination. Vice-president of the Vermont Veterinary Medical Association, Doctor Hopkins resides at Brattleboro, Vt.

'30 ME; '33 ME—John D. Lyall and Harry G. Jones are in the employ of the Armstrong Cork Co., Lancaster, Pa.

'30—Carl F. Hartman's engagement to Helen Cuthbert of Scotch Plains, N. J. has been announced. Miss Cuthbert is a graduate of Pratt Institute, Brooklyn.

'30 CE; '27 ME; '26 ME—Richard G. Lyall is with Farrar & Trefts, Buffalo, the boiler manufacturing firm of George M. Trefts '27 and John C. Trefts '26.

'31 Grad—DR. PAUL S. BURGESS was elected president of the University of Arizona last fall, after serving as acting president since last May. He attended the Graduate School in 1931-2 as Resident Doctor and was called back to Arizona to assume the deanship of the college of agriculture and directorship of the state experiment station. His interest in Cornell is evinced by the fact that he devoted almost an entire speech before an alumni group recently to Willard Straight Hall, and is actively campaigning for such a student union on the Arizona campus. A graduate of Rhode Island State in 1910, he received the MS degree from the University of Illinois in 1911, where he taught bacteriology the ensuing year. He was teacher of soil chemistry at the University of California from 1912-15, and chief chemist for the Hawaiian Planters Association in Honolulu from 1915-20. After receiving the PhD degree at California in 1920, he was at the Rhode Island agricultural experiment station until 1924, when he joined the Arizona faculty as agricultural chemist for the state experiment station. He is a member of Sigma Xi, Phi Kappa Phi, Phi Lambda Upsilon, and Alpha Chi Sigma.

'31 MS—Nora Miller is in the Home Economics Extension service, in Accomac, Va.

'31 AB—Thomas D. Kelley is attorney for the emergency crop loan office of the Farm Credit Administration in Spokane, Wash., where he studied law at Gonzaga University. Last summer he was in the

East, and made his first visit to Ithaca since graduation. Mrs. Kelley was from Butte, Mont.

'31 BS—Edward A. Lutz has returned to Harvard Business School for his second year after two years with the Farm Credit Administration in Washington, D. C. Before his first year at Harvard he was with the Federal Land Bank of Springfield, Mass. for two years.

'31 AB, '33 EE—Irving L. Spelman is a student engineer with the General Electric Co. in Schenectady.

'32 BS—Robert S. Trier, Jr., who resigned his position in the executive offices of the American Hotels Corporation in January, is general manager of Waterloo House, Horizens, and the newly-constructed Coral Beach Club in Bermuda, where his address is Horizens, Ltd., Hamilton.

'32 DVM, '34 MS—Albert F. Ranney is director of the State Laboratory, Department of Agriculture, State House, Montpelier, Vt.

'32 PhD—Herman M. Haag left the Farm Credit Administration in May to become professor at the University of Missouri, his alma mater, where he is teaching and engaged in research in prices and marketing.

'33 PhD; '14 BS—Andron D. Lewis is working on land classification problems in the economics subdivision of the Farm Credit Administration. He returned to the United States this fall after several years in association with J. Lossing Buck '14 at the University of Nanking. Lewis was married while in China.

'34, '37 CE—Elmer H. Saucke married January 15 May E. Ridley, Rochester Business Institute '35. He is an engineer with Saucke Bros. Construction Co., Inc. Their address in Rochester is 82 Saranac Street.

'34, '35 AE; '30, '31 AB—Herbert C. Bostwick has joined the staff of the Sperry Autogiro Company in Brooklyn. His wife was Jeannette E. Brown '30. They live on Palisades Boulevard, Palisades Park, N. J.

'34 AB, '98 LLB—Richard S. Stark is sales representative for Whiting-Patterson Co. of Philadelphia, Pa., with offices at 386 Fourth Avenue, New York City. He writes: "Leaving for the great part the radio and recording work in which I have been engaged for the past two years, I am now the New York representative of the Whiting-Patterson Co. (Allen E. Whiting '98). I am thus in the wholesale paper and envelope business, and I would welcome the opportunity of serving other Cornellians in my locality." He lives at 59 West Eighth Street, New York City.

'35 AB—Catherine Pennock is engaged to Richard L. Predmore, Rutgers '33. Studying for the AM degree at Columbia University, she lives at 35-35 Eighty-second Street, Jackson Heights.

NASSAU IN THE BAHAMAS

Winter haven of two continents—so much, so near, and for so little! During the months of January, February and March no less than 48 cruises will leave New York on trips which visit Nassau—one almost every day! Round trip rates as low as \$70. From Boston, cruises sail every other week—6 days from \$130. From Miami, two hours by air (daily service—\$35 round trip) and overnight by steamer (as low as \$19.50 round trip).

BOX 575

ITHACA, N.Y.

'35 ME—George W. Jacobus is in the process development department, Bausch & Lomb Optical Co., Rochester, where his address is 267 Crossman Terrace.

'35 BS—Fred C. Sorenson is assistant steward of the Hotel Claridge in Atlantic City, N. J., where he went from Hotel Troy in Troy December 1, 1936.

'35 ME—George R. Ashton is with The Babcock & Wilcox Co., 85 Liberty Street, New York City.

'35 BS—Vivian H. Melass married Barbara Graves of Chicago, Ill. recently. Melass, who hails from Johannesburg, South Africa, received the Master's degree last June from Kansas State College, where Mrs. Melass was a student. They now live in Ithaca, Melass being registered in the Graduate School.

'36 BS—Helen B. Williams is manager of the lunchroom at the Rochester School for Crippled Children. She is living at The Admiral, 91 South Plymouth Avenue, Rochester.

'36 BS; '09 ME; '13, '14 BS—Alden H. Wakeman is in the engineering research department of the Creamery Package Manufacturing Co., 1243 West Washington Boulevard, Chicago, Ill. Grandon D. Gates '09 is manager of the factory at Fort Atkinson, Wisc., and Gamaliel S. Rose '13 is manager of the Eastern branch in Philadelphia, Pa. "Most of my time is spent traveling around the Central States doing engineering work," Wakeman writes.

'36—George J. Morgan, Jr. is studying in Germany this year. His home is in Westfield, N. J.

'36 EE—Five members of the Electrical Engineering Class of '36 have recently been employed as student engineers by the General Electric Co. in Schenectady: Frank W. Brower, Morton P. Matthew, Charles H. Leet, Llewellyn W. Collings, Jr., and Alexander C. Wall.

'37 AB—"Not only is the Student Council losing one who is perhaps its finest member, but the entire Cornell Campus will have ample cause to regret his departure," wrote the editors of The Cornell Daily Sun of Edmund L. G. Zalinski, who left February 1 to enter Harvard School of Business Administration, where his address is 21 A Morris Hall, Soldiers Field, Cambridge, Mass. Entering Arts in September, 1935, from Deep Springs School, Zalinski, according to the Sun, "has personally initiated and pushed to their successful conclusion more progressive movements than Cornell has seen in many generations of undergraduates." As president of CURW, he initiated the Campus Forum series of lectures by well-known speakers. He is credited with the organization of the independent students and the recently formed co-operative dining club. Zalinski is also given major credit for the recent reorganization of the Student Council, which rendered him a vote of thanks upon his departure.

HOW MUCH DOES THE TELEPHONE ~~COST?~~

It is easy to figure how much the telephone costs. It is not easy to reckon how much it saves.

A single telephone call may save a life—brighten a friendship or a day—sell a bill of goods or land a job.

One telephone call may be worth more to you than the cost of the service for months and years to come.

The telephone saves you priceless hours of time each week—spares you trips through snow and storm these uncertain winter days.

Without moving from the warmth and comfort of your own fireside, you are in touch with stores and friends and office—by telephone. The cost is but a few cents a day. In return, the telephone offers you

increasing measure of security, convenience, happiness and achievement.

Every time you call a number, you use some part of a nation-wide telephone system that cost more than four billion dollars to build and employs about 300,000 people. The facilities of this entire organization are yours to command—anywhere, any time, and at small cost.

BELL TELEPHONE SYSTEM

...one of the first pleasures of 1937
