FEW things give you so much convenience, happiness and security—all rolled into one—as your telephone.

Telephone service is not only exceptionally good—it's cheap. Nowhere in the world do people

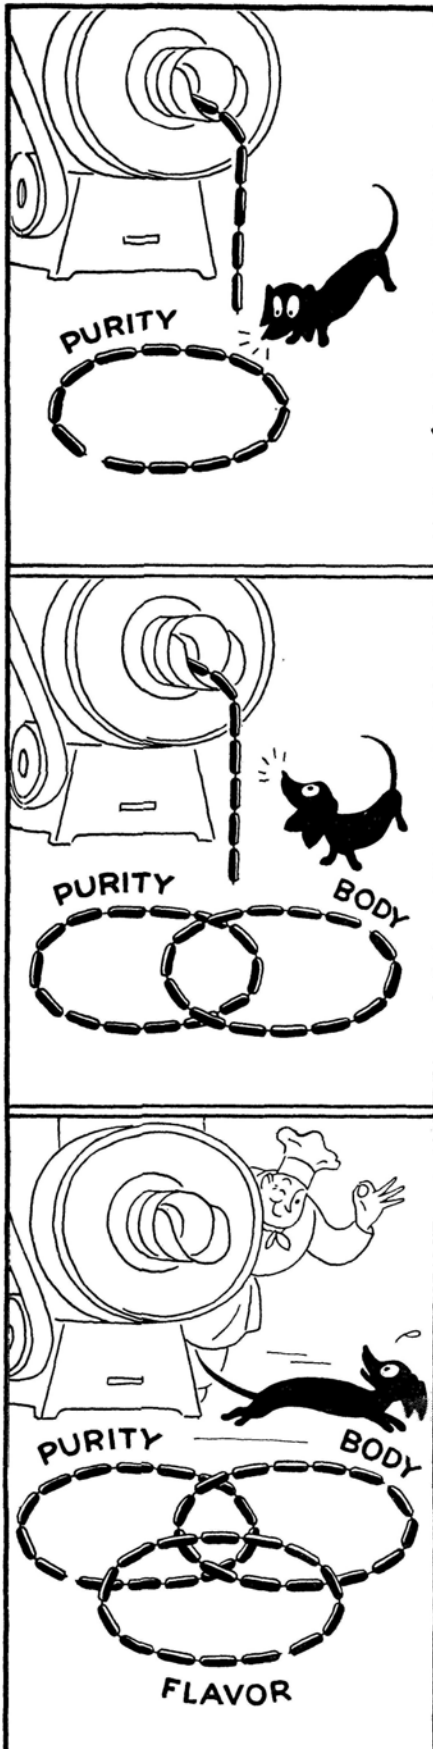

get so much service and such good service at such low cost.

Experienced management, trained people and good equipment are three important reasons for this fact.

## NOMINATE TWO MORE For Alumni Trustees

Nominations of two more candidates for Alumni Trustees, besides the four pictured in our last issue, were made after that issue had gone to press. The two are Henry Sage Dunning '05 and William L. Ransom '05. Ballots and biographical sketches of these two and of Matthew Carey '15, Henry W. Edgerton '10, J. Brackin Kirkland '18, and Paul A. Schoellkopf '06 have been mailed to about 36,000 degree holders.

Two Alumni Trustees are to be elected for five-year terms beginning in June, 1939. Official ballots must be returned to the University Treasurer not later than June 12; results of the election will be announced at the annual meeting of the Cornell Alumni Corporation in Ithaca June 17.

### Henry Sage Dunning '05

Henry Sage Dunning was born in Scarsdale in 1881, a grandnephew of Henry W. Sage, friend of Ezra Cornell and an early Trustee of the University, for whom he is named. He entered the Arts College in 1901 and remained two years; was a member of the track squad and was elected to Psi Upsilon, Mummy Club, and Undine.

He received the DDS at New York College of Dentistry in 1904, the MD at Columbia University in 1911, and the BSc at New York University in 1915. Since 1904 he has practiced oral surgery in New York City. He founded the Columbia School of Dental and Oral Surgery and was largely responsible for raising funds for its endowment, and now teaches surgery at the Columbia University College of Physicians and Surgeons. Two years during the World War he spent at face and jaw reconstruction centers in France and England, as a captain in the Medical Corps, and became assistant to the director of this service in France with the AEF. He is consulting

oral surgeon and a member of the staff of several New York City hospitals, a member of many professional societies and of the Cornell Club of New York, University Club, and Veterans of Foreign Wars.

His sister is Mrs. Benjamin S. Barringer (Emily Dunning) '97, and Mrs. Dunning is a sister of George E. Chatillon '01 and the late Ralph F. Chatillon '01. Two of their four children are Elaine M. Dunning '39 and George H. Dunning '42.

### William L. Ransom '05

William L. Ransom is the only Cornellian who has served as president of the American Bar Association. He was one of the organizers of the Cornell Law Association, and was its president for three years. At the age of thirty, he was elected a Justice of the City Court of New York, resigned to become chief counsel for the State Public Service Commission, First District, and now practices law in New York City as a member of the firm of Whitman, Ransom, Coulson & Goetz.

He entered the College of Law in 1901 from Jamestown, and received the LLB in 1905. He won the '94 Memorial Prize and the Congress Medal; was Senior Class orator, president of the Debate Union and Debate Council, and an editor of the *Era* and the *ALUMNI NEWS*.

He has held many offices in the New York State Bar Association, is a trustee and past president of the Academy of Political Science, past president of the Society of the Genesee, and chairman of the board of trustees of Chautauqua Institute. With Mrs. Ransom and their four children, he lives in Pelham.

CORNELL INDEPENDENT Association has elected as president for next year Charles W. Crandall '40 of Kendall, succeeding Alan E. Hermance '39 of Webster. Marjorie S. Baker '40 of Newfield, N. J., is the new vice-president.

## EXTEND SUMMER SESSION Opportunities for Degrees

New plan for the award of the Master's degree will be inaugurated by the Graduate School in the six-weeks' Summer Session of the University which will open July 3. Offered as an alternative to the former plan, which will be continued, the new plan allows choice of a broader field of studies for major concentration, instead of a single subject. Thus, students may elect such general fields as biological sciences, social studies, foreign languages, to which at least half time will be devoted, and a group of subjects within which the remainder of the work may be distributed.

Under the older plan, it was necessary to choose a major subject of more limited scope, such as French literature, American history, Botany, and a minor subject properly related to it.

Furthermore, students may elect, under the new plan, to complete an expository or critical essay, or a problem in research, to be followed by a comprehensive final examination, instead of a formal thesis and examination, as is required under the older plan. Minimum requirement is thirty semester hours of University credit, which can be obtained by attending five Summer Sessions.

Professor Loren C. Petry, Director of the Summer Session, says that the new plan will be of special interest to teachers in service, and with its announcement he expects acceleration of the trend which has brought increasing numbers of teachers to the Campus each summer. Furthermore, some of the courses of the new five-year teacher training program of the Graduate School of Education, recently announced, will be inaugurated this summer, and eight courses in the Graduate School of Education will be of special interest to teachers of industrial arts.

By no means, however, Dr. Petry points out, are Summer Session courses exclusively for teachers, or for those pursuing advanced degrees. Many undergraduate courses are offered, and others for those who desire to continue professional training. Among a wide range of courses dealing with public affairs will be those given by Professor Paul T. Homan, Economics, on "The National Income and Its Distribution" and on "Recent Developments in Economic Policy;" by Professor Herbert W. Briggs, Government, on "International Relations" and "Contemporary American Foreign Policy;" and by Professor M. Slade Kendrick, Rural Economy, on "Taxation."

The Summer Session Faculty will com-

prise 210 members, of whom twenty-nine are from other institutions, including Dartmouth, University of Michigan, Lafayette, Ohio State, University of Missouri, New York University, Queens College, and others. They will give a total of 356 courses, all of which are described, together with information about entrance, expenses, and facilities, in an attractively illustrated Announcement of the 1939 Summer Session, just published.

Concerts this year will include the Syracuse Symphony Orchestra, and public lectures, performances of the Summer Theatre, weekly dances at Willard Straight Hall, field excursions, and demonstration lectures at the Observatory will again be provided.

### Alumni Invited

Cornellians and their families are invited again this year to attend Summer Session events for brief periods as guests of the University. In the last two years a number of alumni have included a week here in their vacation plans, with considerable enjoyment. Arrangements may be made at the Director's office in Goldwin Smith Hall, either by mail or in person, to visit Summer Session lectures and those classes in which auditors are permitted, for a period of four or five days. Guests are preferred at other times than during the first and last weeks of the Summer Session, which opens July 3 and closes August 12.

The Summer Session Announcement may be obtained by mail from the Director, and specific issues of the weekly Summer Session Calendar, published each Saturday in advance, may also be obtained on request.

### FUND GOES AHEAD

Gifts to the Alumni Fund during March exceeded the amount received in any March for the last seven years, announces Walter C. Heasley, Jr. '30, executive secretary of the Cornellian Council. The total was \$5,667.49 from 635 contributors, as compared with \$4,850.11 in March, 1938. Unrestricted gifts to the University through the Alumni Fund for the nine months since last July 1 totalled \$36,521.44. This is an increase of \$3,142.88 over the same period of last year.

Total gifts to the University through the Cornellian Council to April 1 were \$61,645.28.

Officers of the Cornellian Council see in this increase encouragement for the success of the spring Roll Call of the Council, in which fifty or more Cornell Clubs throughout the country have enlisted to raise \$85,000 this year from 10,000 alumni. Since the first Cornell Roll Call, in 1929-30, when Cornell won the championship of all American universities in number of contributors, Yale, Harvard, and Dartmouth have surpassed Cornell.

## About ATHLETICS

### BASEBALL SEASON STARTS

The baseball team lost the five games it played on its southern trip this year. One game, with North Carolina State College at Raleigh, was cancelled by rain.

The tour opened April 3 at Richmond, Va., the University of Richmond winning, 14-2. Cornell did its best hitting of the trip in this game, collecting seven hits, including a three-base blow by John D. Gannett '39 of Lyons.

Wake Forest scored two victories, 7-2 and 5-1, in games played at Wake Forest, N. C., April 4 and 5.

After a day's layoff because of rain, the Varsity traveled to Chapel Hill, N. C., April 7 and lost to the University of North Carolina, 10-1, as Davis, the North Carolina pitcher, held Cornell to two hits, singles by William C. Mogk, Jr. '40 of Brooklyn and Michael J. Ruddy '41 of Alden, Pa.

Cornell played its first Eastern Intercollegiate League game against Pennsylvania April 8 at Philadelphia, and lost, 6-3. George F. Polzer, Jr. '40 of Staten Island, made two of Cornell's five hits.

They returned to a week of bitter Ithaca weather that forced postponement of the Colgate game scheduled for April 15. Wet grounds at Hamilton caused the postponement.

On the southern trip, Coach James M. Tatum had Mogk at first base, Polzer at second, Frank K. Finneran '41 of Harrison at third, and Walter Scholl '41 of Port Richmond at shortstop. Outfielders were Gannett, Huppert Ryan '39 of Staten Island, Kenneth G. Brown '40 of Millerton, and Walter J. Matuszczak '41 of Lowville.

Ruddy, Captain Robert F. White '39 of Cleveland, Ohio, and Peter Kuchmy '39 of Rochester divided the catching duties.

Michael N. Stehnach '39 of Dolgeville, James A. Young '40 of Cherry Creek, William E. Bensley, Jr. '39 of Springville, Kyle W. Morse '40 of Ashville, and Walter J. Sickles '41 of Pearl River were the pitchers. Stehnach turned in a nine-hit performance against Pennsylvania.

Among the reserves used in the southern games were Paul W. Staby '41 of New Canaan, Conn., first base; Charles S. Bowen '40 of Binghamton, third base; and Kenneth B. Stark '41 of Spencer, outfield.

The team, it was announced last week, will play two games at Cooperstown in June as part of the centennial celebration of baseball. Cornell will play the University of Virginia June 15 and Illinois Wesleyan June 16. On June 17, the team

will close its season against Dartmouth at Hanover.

### TENNIS TEAM STARTS WELL

The Varsity tennis team won four matches and lost one on its trip to the South during the spring recess.

The tour opened April 3 in Washington, D. C., with Cornell scoring a 7-2 decision over the American University team. At Raleigh, N. C., the following day Cornell defeated North Carolina State, 8-1.

Against Wake Forest at Wake Forest, N. C., April 5, the team scored a clean sweep without the loss of a single set.

The first of two matches with the University of North Carolina at Chapel Hill, N. C., was rained out April 6. The next day Cornell defeated Duke, 7-2.

Returning to Chapel Hill April 8, Cornell lost to North Carolina, 8-1, as Robert J. Schwartzman '40 of Bayside and William H. North '39 of Cleveland, Ohio, scored Cornell's lone point in a doubles match.

A scheduled match with Colgate at Hamilton April 15 was postponed because of wet courts.

A match with the University of Toronto May 26 at Ithaca has been added to the schedule.

### WIN LACROSSE OPENER

The Varsity lacrosse team opened the home spring sports season with an 18-4 victory over Colgate April 15 on Alumni Field.

Robert D. Brennan '40 of Geneva, playing at in home, scored six goals and set up another half-dozen scoring opportunities.

The lineups:

CORNELL (18)	Pos.	COLGATE (4)
Gregg	G	Schnable
Roth	P	Greenbaum
Tuths	CP	Lucy
Cadel	FD	Mauri
Babson	SD	Jones
Sheely	C	Pearson
Guthrie	SA	Johnson
Case	FA	Vogel
Campbell	OH	Vedder
Brennan	IH	Ferguson

Score by periods:

Cornell	3	4	6	5-18
Colgate	0	0	2	2-4

Cornell goals: Brennan 6, Sheely 4, Case 3, Guthrie 2, Campbell 2, Babson 1.

Colgate goals: Lapierre 2, Vogel 1, Ferguson 1.

Cornell substitutes: Acton, Wiggins, Riley, Ayer, Ecker, Schultz, Serrell, Mitchell, Linville, Kohn, Rooney, Vonieff.

Colgate substitutes: Lapierre, Duke, Dewey, Griswold, Griffin, Slade, Peck.

### CREWS GET PRACTICE

Despite cold weather, the crews put in considerable mileage during the spring recess.

The new shell, received a month ago from George Pocock, the Seattle, Wash., boatbuilder, was put out of commission when it struck a snag in the Inlet ripping out a dozen ribs and tearing the skin.

Seven Dartmouth oarsmen participated

with Cornell in the spring drills. With the help of one Cornellian, Dartmouth rowed against the Freshmen in an informal race April 8 and lost by three lengths.

Illness of Stanley W. Allen, Jr. '40 of Glendale, Ohio, Varsity No. 7, caused several changes in the first Varsity boat. Commodore John R. Furman '39 of Elmira shifted to No. 7. The present boating:

Bow, Clay R. Davis '39 of Scarsdale; 2, John W. Kruse '41 of Davenport, Iowa; 3, Anthony W. Sylstra '41 of Guilford; 4, Robert J. Harley '41 of Westfield, N. J.; 5, William D. Lotspeich '41 of Cincinnati, Ohio; 6, James A. Young, Jr. '40 of Angelica; 7, Commodore Furman; stroke, Richard K. Collins '40 of Ithaca.

### TRIBUTES TO MOAKLEY

Coach John F. Moakley will be honored with the international sportsmanship award for 1938 of the Sportsmanship Brotherhood, at a luncheon at the Hotel McAlpin, New York City, May 2 at 12:45. His forty years of coaching at Cornell and his international achievements for sportsmanship were the basis of his selection by the Brotherhood committee.

Devereaux Milburn, first winner of the award, will make the presentation. Grantland Rice, Asa C. Bushnell, officials of the American Olympic committee, Amateur Athletic Union, ICAAAA, Track Coaches' Association, and representatives of the press will assist in the presentation. John T. McGovern '00 will be toastmaster.

All Cornell men are invited to the luncheon. Tickets, at \$1.50, may be obtained at the Cornell Club of New York, 107 East Forty-eighth Street, or at the luncheon, but early reservations at the Club are suggested.

Bill Henry, sports writer of the Los Angeles Times, devoted most of his column March 16 to Coach Moakley and the track teams he has developed in his forty years at the University. He mentions the booklet "Forty Short Years," recently published, and says of Moakley, Pipal of Occidental College, and Cromwell of University of Southern California that they are "living links between college generations."

### WOMEN FENCERS FOURTH

Cornell will entertain the twelfth annual Women's Intercollegiate Fencing Association tournament April 13, 1940, in Willard Straight Hall. At last week's championships at Brooklyn College, Ruth W. Howell '40 of Ithaca was elected secretary-treasurer of the Association. The Cornell team of Miss Howell, Geraldine S. Mason '39 of Martinsburg, W. Va., and Constance K. T. Eberhardt '41 of New York City tied Brooklyn for fourth place. The tournament was won by Hofstra College, with Hunter College

second and New York University third. Behind Cornell and Brooklyn were William and Mary, Wagner College, and New Jersey State Teachers College.

Miss Mason on April 12 won the trophy for the women's foils championship of the University given by F. Bernard O'Connor '13.

The Varsity fencing team finished ninth in the epee and foils divisions and seventh in the saber bouts in the Intercollegiate at New York City, March 31-April 1.

### BOWLERS TAKE THIRD

Cornell's bowling team, competing at Syracuse last week end in the first bowling intercollegiate, finished third. Syracuse won by defeating Cornell, Pennsylvania, and Colgate in a round-robin. Cornell defeated Pennsylvania and Colgate. Syracuse finished with 7,792 pins, Pennsylvania with 7,470, Cornell 7,212, and Colgate 7,005. Leonard S. Lyon, Jr. '41 of Los Angeles, Calif., rolled the top Cornell score of 557 for three games.

In a week's telegraphic meet, Cornell defeated Lafayette and Oberlin, and lost to Pennsylvania and Michigan.

### ODDS AND ENDS

The self-organized team of the Cornell Rugby Club won a game and lost one in Bermuda during the spring recess. Cornell defeated Harvard, 4-0, and lost to Princeton, 9-0. Princeton had earlier scored a 21-0 decision over Cornell at Princeton.

Walter Jacob, Grad, captured the 158-pound championship in the Eastern AAU wrestling meet at Baltimore, Md., April 8. A week before he had won the national AAU title in the same class at San Francisco. Joseph S. Mount '42 of Ithaca placed third in the 145-pound class at Baltimore. Mount and Jacob wrestled for the Ithaca YMCA team which tied Yale for third place.

Presentation of the Cornell Daily Sun athletic trophy to Robert F. White '39 of Cleveland, Ohio, took place at a dinner in the Ithaca Hotel March 29. White is baseball captain and was named All-American 150-pound halfback in football last fall. Speakers at the dinner were President Day, Daniel W. Kops '39 of New York City, outgoing editor-in-chief of the Sun, Professor Morris G. Bishop '14, Romance Languages, and Professor Bristow Adams, Agriculture Publications.

### KIMBALL IN AKRON

Seventy-five Cornell men and women of Akron, Ohio, met for dinner at the Women's City Club April 5, with Dean Dexter S. Kimball, Engineering, Emeritus, as the guest speaker. James W. Schade '04 presided. Joseph P. Maider '11 was elected secretary-treasurer of the Cornell Club.

### POSITIONS OPEN

Large and varied assortment of "Positions Open" are listed in the current Job Bulletin of the University Placement Bureau. They include engineers, accountants, chemists, and salesmen of widely varied experience and training, a manager and receptionist at a country club, a farm manager, and a young married couple to become "cottage parents" at a boys' school.

Letters of application indicating compliance with job specifications may be addressed to Herbert H. Williams '25, Director, University Placement Bureau, Willard Straight Hall, Ithaca. Cornellians in the vicinity of New York City may obtain information about job specifications at the office of Paul O. Reyneau '13, who directs the placement service of the Cornell Club of New York, 107 East Forty-eighth Street, New York.

UNDERGRADUATE SONS AND DAUGHTERS OF THE CLASS OF '12 HAVE A PARTY

Claiming a record with its eighty-nine children now in the University, the Class of '12 gave a tea dance for them in Willard Straight Hall March 28. This is part of the group that came. Six Ithaca '12 parents in the picture are: First row, seated, Mrs. Alpheus M. Goodman (Clara W. Browning), Dean Carl E. Ladd; second row, standing, at ends, Louis C. Boochever, Foster M. Coffin, Mrs. T. Roland Briggs (Frances O. Ingalls), and Donald C. Kerr.

# TAKE CORNELL TO STUDENTS IN SCHOOLS

Prospective Cornellians all over the country again this spring are being told about the University and given opportunity to talk with representatives from the Campus. During the spring recess, Professors Bristow Adams, Agriculture Publications, John R. Bangs, Jr. '21, Administrative Engineering, Charles L. Durham '99, Latin, and Riverda H. Jordan, Education, of the Faculty committee on relations with secondary schools, met hundreds of young men and women and officials of their schools through arrangements made by the local Cornell Clubs. At the same time, fourteen Cornell Women's Clubs entertained secondary school girls, with women undergraduates home for the vacation as speakers.

## Adams Travels South

Professor Adams spent the week from Harrisburg, Pa., south to Charleston, W. Va. In Harrisburg, he was entertained by John W. Magoun '12, Mrs. Magoun, and their son, John W. Magoun, Jr. '40. Thirty persons at a Cornell Club dinner March 31 at the University Club included four sons of alumni who plan to enter the University. Football and Campus motion pictures, with the speaker's first-hand account of Cornell today, were enjoyed by all.

At a Saturday morning convocation at Mercersburg Academy for the award of scholastic honors, President Boyd Edwards announced that Professor Adams would confer with students interested in Cornell. He met twenty-six interested boys afterwards, and was a luncheon guest at the home of Dr. and Mrs. Boyd.

An all-day visit in Chattanooga, Tenn., April 3 included assembly talks and visits with students at Central High School, Baylor School, and McCallie School, arranged by James A. Longley, Jr. '35 and others. Dinner that evening in the University Commons is reported as the largest Cornell Club gathering in local history, and a second showing of the Dartmouth game pictures was given at the request of the University of Chattanooga coaching staff. Archie M. Palmer '18, president of the University, was present and the next morning showed Professor Adams over the campus.

At Knoxville, Tenn., April 4, the traveler's hosts were Harry A. Hageman '99, chief hydraulic engineer with TVA and president of the Cornell Club, and Ross M. Riegel '04. Here too, Professor Adams interviewed prospective students at the high school, and spoke at a Cornell Club dinner that evening which was attended by seventy-two alumni and their wives. Hageman spoke of the Cornellian Council Roll Call, and Alvin R. Cahn '13 showed colored motion pictures of wildlife. The Club elected as its new president William E. Cole, PhD '30, who is head of the sociology department at University of Tennessee. Vice-president is Dr. Constantine D. Sherbakoff '11; secretary, Mrs. Paul W. Allen (Linda L. Utter) '10; treasurer, Harold C. Frincke '28.

Met at Charleston, W. Va., April 5 and conducted to three schools next day by Silas W. Pickering, 2d. '24, Professor

Adams spoke at the Charleston and South Charleston High Schools and at St. Albans School, and at each discussed Cornell with interested students. Cornell Club dinner at the Charleston Country Club was attended by twenty-one alumni.

## Bangs Follows Seaboard

Professor Bangs visited Baltimore, Md., April 3, Wilmington, Del., April 4, and spent the next two days in Washington, D. C.

Cornell Club luncheon in Baltimore was followed by an informal discussion with about fifty alumni on current activities at the University, and the making of appointments to talk with several boys. At Baltimore Polytechnic Institute that afternoon, Professor Bangs interviewed a number of students and answered their questions about Cornell.

Cornell Club of Delaware entertained eighteen boys from secondary schools at a smoker at the University Club in Wilmington April 4. Football and Campus motion pictures were enjoyed both by the boys and by the twenty-five Cornellians present, and Professor Bangs spoke on some of the problems of selecting a college. He was introduced by Wendell E. Broad '26, president of the Club, and later talked with a number of boys.

Cornell Club of Washington had a most enthusiastic meeting of some 200 alumni, schoolboys, parents, and headmasters, for buffet supper, Campus motion pictures, and a talk by Professor Bangs. Later he spoke informally with boys and their parents about their college problems. It was at the Kenwood Country Club April 5, with Creed W. Fulton '09, John S. Gorrell '05, and William S. Graham '16, president of the Club, largely responsible for the arrangements. Next day Professor Bangs visited several schools, talked with boys, and spoke and showed Campus movies at an assembly of Woodrow Wilson High School.

## Durham Goes West

Professor Durham visited the Middle West this year, and was everywhere enthusiastically received. Report of the Cornell Club dinner in Milwaukee volunteered by Thomas R. Rollo '10, who came from his home in Mendota to his first Cornell meeting in more than twenty years, waxes almost lyrical about that party.

His first stop was April 3 in Youngs-

town, Ohio, where he spoke at a dinner of the Cornell Club of the Mahoning Valley. The forty-three persons present included seven high school seniors of whom five will enter the University next year; among them the son of J. Cameron Argetsinger '07 and the former Lulu M. Williams '11, and two sons of James E. Bennett '11. Campus motion pictures were shown and Cornell songs were sung. John P. Huestis '23 was elected president of the Club, succeeding William J. Gutknecht, Jr. '33, who presided; and George C. Brainard, Jr. '38 replaces J. Howard Pitts '32 as secretary-treasurer.

Forty Cornellians and prospective students were addressed by Professor Durham at a dinner of the Cornell Club of Indiana April 4 at the Columbia Club in Indianapolis. Here also, motion pictures were shown, and Nicholas H. Noyes '06, University Trustee, spoke briefly of the Cornellian Council Roll Call. Otto N. Frenzel, Jr. '21, presided. Alumni were invited to luncheon in Professor Durham's honor by John P. Frenzel, Jr. '03.

Cornell Club of Milwaukee dinner, April 5 at the University Club, brought sixty alumni and sons from nearby Wisconsin, and the headmasters of two schools which regularly send boys to Cornell. Philip Ryan '19 presided, and introduced Professor Durham. Election of officers for the new year made Henry S. Reuss '33 president; Ernst Clarenbach, Jr. '31, vice-president; John C. Wilsen, Jr. '35, secretary; and William R. Rennie '34, treasurer.

Fifty alumni enjoyed Professor Durham and the Campus movies at the regular luncheon of the Cornell Club of Chicago April 6. That evening at the home of Robert D. Gordon '11 the pictures were shown again, and forty prospective Cornellians had opportunity to talk with the visitor from Ithaca. During his two-day stay, Professor Durham also visited New Trier High School, Highland Park High School, and Lake Forest Academy.

## Jordan To The East

Professor Jordan went to Boston, Schenectady, and Albany during spring recess, and earlier spoke at secondary school meetings of the Cornell Clubs of Essex County and Trenton, N. J.

In Boston April 3, he spoke at a luncheon of the Cornell Club of New England at the Parker House, and afterward talked with several students and princi-

pals of secondary schools who were guests. Giles M. Smith '08, president of the Club, presided at the luncheon. That day and the next, Professor Jordan visited schools in and around Boston, including Milton, Newton, and Phillips Academy in Andover, Mass.

April 5, he spoke to thirty alumni at a meeting of the Cornell Club of Schenectady, at which plans for Cornell Day were discussed. He also spoke at three high schools and conferred with several students and their parents.

In Albany the next evening, twenty-five members of the Cornell Club had, twenty schoolboys as guests for a meeting and buffet supper at the University Club. Here also, Professor Jordan spoke and answered the questions of the boys about Cornell.

### Jersey Clubs Have Several

March 24 at the Rock Spring Country Club, fifty alumni of the Cornell Club of Essex County, N. J., entertained more than 100 boys from secondary schools, in preparation for their selection of guests they will bring to Cornell Day at Ithaca May 5-7. Guests at dinner before the meeting were Professors Jordan and Bangs, Dr. Eugene F. Bradford, Director of Admissions, and Ray S. Ashbery '25, Alumni Field Secretary. At the meeting, presided over by H. Stanley Krusen '28, Alumni Trustee Andrew J. Whinery '10 and the two professors spoke, Ashbery showed motion pictures of the Dartmouth game, and the boys were given opportunity to discuss problems of entrance to the University with Dr. Bradford.

The next evening, Dr. Jordan addressed fifty-eight alumni and guests from secondary schools, at the eighteenth annual dinner of the Cornell Club of Trenton, N. J., at the Carteret Club. Howard T. Critchlow '10, chairman of the Club's secondary school committee, introduced the headmasters and other officials of George School, Peddie School, Pennington School, and Trenton High School, who extended their greetings to the Club. Motion pictures of football games were enjoyed. At a brief business meeting, William H. Hill '21 was elected president of the Club; Clifford D. Quick '18, vice-president; and Joseph G. Toth '33, secretary-treasurer.

### Students Speak To Women

Three parties were given by Cornell Women's Clubs April 1. Buffalo had an unusually large attendance of prospective Freshmen at its party at the College Club. Janet Peters '39 spoke, and Hilda Goltz '21 told of the recent Conference on Fields of Work for Women at Ithaca. Mrs. George D. Crofts (Frances E. Johnson) '05 was in charge of arrangements. Diana Dibblee '39 was the undergraduate speaker at the party of the Western Connecticut Club, and Sarah Splain '39 at a reception given by the New York women at the Barbizon Hotel, with Marion

Jewell '08, head of the history department of Washington Irving High School, presiding. Hostesses were Mrs. R. H. Shreve (Ruth Bentley) '02, Mary Fitzpatrick '93, Eleanor Middleton '35, Maida Hooks '36, Germaine Miller '38, and Charlotte von der Heyde '38.

On April 2, the Cornell Women's Clubs of Batavia and of Washington, D. C., gave parties. Shirley Getman '40 was the principal undergraduate speaker at Batavia, assisted by Elizabeth Hawley '41, and Eileen Jones '41. The party was held at the Batavia Y.W.C.A. and about thirty high school students attended. Catherine B. Strong '40 spoke in Washington, where an attractive tea had been arranged by Mrs. Clifford Cornwell (Myra B. Robinson) '27.

Cornell Women's Clubs of Middletown and of Northeastern Pennsylvania had parties April 3. Ten prospective Freshmen accompanied by their mothers came to an evening reception at the home of Ella A. Holmes '98 in Middletown. Helen E. Watkins '25, president of the Club, welcomed the guests, and Christine Worcester '40 spoke to them of Cornell life and customs. Mrs. George D. Musser (Maxine Montgomery) '18 was in charge of arrangements. Margaret E. Russell '40 was undergraduate speaker at the Northeastern Pennsylvania tea, where arrangements had been made by Helen Burdick '21.

Delaware Valley and Cortland Clubs

entertained April 4. Margaret L. Pearce '39 spoke for the undergraduates at the Delaware Valley party, and Jane Beaudry '39 assisted by Carol Riordan '40 and Flora Mullen '42 spoke at a tea in the Cortland Y.W.C.A. attended by more than forty high school girls. Mrs. Justin Corcoran (Elizabeth Denman) '28 was general chairman, assisted by Charlotte Jones '24, Mrs. Claude Bigelow (Lucile Wyman) '23, and Mrs. Harold Armstrong (R. Thomasine Horton) '33.

On April 5, the Clubs of Northern Jersey, Mohawk Valley, and Philadelphia entertained. Marian Baillie '40 was the undergraduate speaker at the Northern Jersey party which was at the home of Mrs. Stanley Allen (Sylvia Wells) '27 in Maplewood. Cornelia B. Snell '40 spoke at the Mohawk Valley Club tea in Utica to about thirty prospective students; and Jane Watt '39 spoke at a large reception given by the Philadelphia women at the home of Mrs. C. L. Shollenberger (Gladys Swartley) '16.

Albany and Pittsburgh Clubs gave teas April 8. Doris Van Alstyne '40 was the undergraduate speaker for Albany and Margaret I. Paddock '39 for Pittsburgh. In charge of arrangements for the Pittsburgh tea was Mrs. Harry Tarbert (Lulu Stronge) '09.

Cornell Women's Club of Bergen County, N. J., gave its party April 11. There was no undergraduate speaker; a Campus film was shown instead.

WESTERN MASSACHUSETTS OFFICERS START ROLL CALL

Walter B. Gerould '21, newly elected Cornell Club director, presents his contribution for the Cornellian Council Roll Call to L. Peter Ham '26, Club president. Looking on are Directors Harold P. Keller '20 and James B. Burke '31. Other new officers of the Club, not in the picture, are Harry C. Beaver, Jr. '26, secretary, and John J. D. McCormick '13, Luther Banta '15, and George E. Athana '20, directors. Homer C. Odell '22 is Roll Call chairman.

The Club points with pride to the fact that there are now ten undergraduates from within its territory at Cornell; a few years ago there were none. John L. Dickinson, Jr. '21, former Club president and now chairman of the secondary school committee, has fifteen likely candidates ready to bring to Cornell Day May 5-7.

## NOW, IN MY TIME!

By Romeyn Berry

The Junior Smoker has been officially pronounced dead. It's been pretty nearly dead for twenty years. The friends of the deceased, if any, cannot regard the *coup de grâce* as other than a kindly act resulting in a blessed release.

The athletic functions of the late Junior Smoker will be taken over by the University Department of Physical Education and Athletics (A.A. to you), which proposes to give annually a dinner in honor of the successful athletes. The Junior Class plans a *fête-champêtre* at Monkey Run to carry on the social traditions of the smoker.

All the Juniors now need to speed their new enterprise to a happy conclusion is the approval of the Faculty Committee on Student Affairs. But announcement of this approval has been strangely delayed. A member of the committee has leaked to the extent of advising your reporter that half the committee can't visualize a *fête-champêtre*, and the other half gag at Monkey Run. The resulting deadlock can be ultimately resolved, he thinks, by some slight modifications in nomenclature.

Sentimental graduates of another era cannot but be saddened by the passing, one after another, of our undergraduate traditions. In our time we have seen death come to the cider raid at Free Hollow, the Pretzel Club's annual cruise to Aurora, the Sophomore Cotillion during Junior Week, and the pleasant custom of passing Rubicons. Organized cheering is kept alive only by frequent use of the pulmotor, and the mud rush is unquestionably moribund. And now the Junior Smoker is one with Nineveh and Tyre!

Alumni don't like that sort of thing; they never did. It doesn't do a bit of good to point out that matters of this character are peculiarly for the students to handle and that they, being on the spot, are best fitted to determine the proper procedure.

I never yet saw a sobbing alumnus who was cheered any by the accurate information that the Campus changes which produced his tears were none of his business.

Shed a tear, if you like, for the Junior Smoker. That's your prerogative. But while you are doing it, pause momentarily to remember that forty years from now, fat and sentimental survivors of the Class of 1939 will be writing indignant letters to Professor Emeritus Bull Durham because somebody has been letting the *Fête-champêtre* at Monkey Run poop out through neglect, and why the hell have not these modern undergraduates the virility to swallow live gold fish any more?

## CINCINNATI ELECTS

Annual dinner of the Cornell Club of Southern Ohio was held in Cincinnati, March 31, with eighteen present. New officers of the Club are: president, Walter D. Shultz '11; vice-president, Dr. Raymond G. Senour '24; secretary-treasurer, John Sullivan, Jr. '36; directors, Starbuck Smith, Jr. '34, Randall Allen '30, Vernon B. Chase '16, past president, Julian A. Pollak '07, and Fred J. Wrampelmeier '29. Plans for the annual picnic with Dartmouth and Pennsylvania alumni clubs were discussed as was also a football party next fall at the time of the Ohio State game in Columbus.

## ASK NOMINATIONS

All Cornell Women's Clubs have been notified that nominations for a first vice-president and a third vice-president of the Federation of Cornell Women's Clubs are to be filed with the nominating committee not later than April 25. Members of this committee are Arline M. Jokl '30, president of the Cornell Women's Club of Buffalo; Mrs. William H. Hill (May A. Thropp) '20 of Pennington, N. J., president of the Cornell Women's Club of Delaware Valley; and Mrs. Howard E. Salsbury (Helen L. Jaquish) '22, president of the Cornell Women's Club of Albany.

The two officers will be elected at the annual meeting of the Federation, in Ithaca June 16.

# ON THE CAMPUS AND DOWN THE HILL

ESTIMATE of one student who went is that approximately thirty undergraduates spent the spring recess in Bermuda. This number includes members of the Rugby Club, of whose fine playing (despite inexperience) and good sportsmanship excellent reports come from the Island. John M. Batten '37, former Varsity football captain who is now manager of The Coral Island Club, writes to the News: "It certainly was great to see Cornell represented in the recent Rugby Week here. Although the fellows did lose, they played very well in spite of injuries, seasickness, and such handicaps (not to mention being mobbed by women at the ratio of ten to one), and they certainly are to be congratulated. Everyone was rooting for them, because of the very good sportsmanship that they all displayed, and it made this Cornellian quite proud indeed."

GELATINE AND JUICE is being administered by Trainer Frank Kavanagh to Cornell athletes. He cites experiments at Long Island Medical College from which it is concluded that gelatine taken internally greatly increases muscular endurance. All basketball and track team members have taken a glass each of gelatine and grapefruit juice before and after practice and during competition (sometimes under protest), and Kavanagh reports that it has restored strength and prevented loss of weight.

GOLDFISH SWALLOWING came to the Campus last week. Marne Obernauer '41 of Pittsburgh, Pa., won a bet of \$8 from his brothers in Zeta Beta Tau for disposing of one, "cannibal fashion." A letter to the Sun the day after, reported that Edwin Maisel '39 of Buffalo had eaten, not one, but four goldfish, in the lobby of the Hotel Astor in New York City during spring recess!

PROFESSORS as wild animals, clowns, and comic policemen, with many Ithaca alumni and other grown-ups directing and supervising its thirteen "acts," had much to do with the success of a mammoth Boy Scout Circus in the Drill Hall April 14. Some 850 Scouts of the Louis Agassiz Fuertes Council took part in the performance, and more than 4,000 spectators overflowed the "bleachers" which surrounded the Drill Hall floor.

STUDENT DELEGATES and faculty advisers numbering 130, from fourteen engineering schools and colleges of the Northeast, attended a regional American Society of Mechanical Engineers convention in Ithaca April 14 and 15. They were welcomed by Dean S. C. Hollister, Engineering, and Beach Barrett '40 of Kew Gardens, chairman of the convention,

BUNNY HOP and an egg-rolling contest were features of an "Open House" that crowded Willard Straight Hall to the doors two days after students came back from spring recess. Unexpected entertainment was furnished by nine "feather merchants" from Baker Tower, who crashed the party wearing outlandish hats and placards protesting the current feminine fashions.

and were addressed by Alexander G. Christie, formerly instructor in Mechanical Engineering now at Johns Hopkins University, and president of the ASME. Prizewinning technical papers from each college were read by students; Cornell's, on "The Manufacture of Sulphite Paper," by Pelayo V. Riera '40 of Havana, Cuba.

MANY ALUMNI were among the 350 county agricultural, home demonstration, and 4-H Club agents who spent the last three days of March at a State Extension Service conference at the College of Agriculture. They were addressed by President Day, and had a gala closing party and banquet at Willard Straight Hall. Professor Bristow Adams, Agriculture Publications, was elected Chief of Epsilon Sigma Phi, honorary Extension society.

ONE CLEAR DAY is reported by the Ithaca Weather Bureau office during the month of March. Every day but three had average temperature either below or above the long-time average.

PHI GAMMA DELTA won the interfraternity swimming championship in a week of elimination matches in the Old Armory pool which brought thirty teams into competition. Sigma Chi retains the Reeves Trophy which they won last year in the two-man breaststroke relay race. It was given by Sigma Pi in memory of Theodore K. Reeves '40, Freshman breaststroke swimmer, who was killed in an automobile accident June 23, 1937.

WHO'S WHO IN MAGIC, newly published this year by the Society of American Magicians, includes the name of R. Selden Brewer '40 of Hartford, Conn. Assistant manager and prestidigitator extraordinary of the Musical Clubs, he has been at it since the age of fourteen and has performed at several conventions of the Society.

SAGE CHAPEL PREACHER April 23 is the Right Rev. Charles Fiske of Baltimore, Md. Preacher April 16 was Dr. John R. Mott '88, chairman of the International Missionary Council.

BAKER LECTURER in Chemistry for the month beginning April 11 is Professor Percy W. Bridgman, of Harvard. Internationally famous for his writings on the logic and philosophy of science, Dr. Bridgman attracted public notice with his recent announcement that citizens of totalitarian states would not be welcome in his laboratories. His lectures here, Tuesdays and Thursdays, deal with "The Properties of Matter Under Pressure."

## DONOR OF WILLARD STRAIGHT HALL MAKES BRIEF VISIT

Mrs. Elmhirst (left, with Edith W. Ouzts, AM '30, social director of the Hall) and her husband, Leonard K. Elmhirst '21, came from their home in England and spent the day, April 13, observing the many activities in Willard Straight Hall, which Mrs. Elmhirst gave to the University in memory of her late husband, Willard Straight '01. They were guests at a tea attended by members of the board of managers and student committees, Cosmopolitan Club members, and Faculty friends. At right, Elmhirst is talking with Peter Kendzior '39 of Chippenham, England, chairman of the Hall's board of managers, and Timothy G. C. Henderson '41 of Natal, South Africa. (Joyce)

## NECROLOGY

'89 BSA—ARTHUR LOCKWOOD DOWNS, January 20, 1939, in Brooklyn. His home was in Mattituck, where he had been a farmer and insurance broker for many years. Phi Gamma Delta. Son, Lynwood G. Downs '14.

'00 AB—MABEL ESTY ROSE, March 20, 1939, at her home in New Milford, Conn. She was for some years a secretary in the legal department of the Guaranty Trust Company, New York City, and later on the research and statistical staff of the Federal Reserve Bank of New York. She was the 1900 women's Class secretary. Aftermath; Phi Beta Kappa.

pany, Philadelphia, and the Radio Corporation of America, Camden, N. J. He was widely known as a marathon runner, having represented the Meadowbrook Athletic Club and, more recently, the Passon Athletic Club, Philadelphia.

### DR. STOCKARD DIES

Dr. Charles R. Stockard, head of the Department of Anatomy at the Medical College in New York, died April 7 in New York City after an illness of six months with heart disease. He was widely known for his investigations with dogs at the Cornell Experimental Morphology Farm at Peekskill, which is supported by the Rockefeller Foundation and of which he had been the director since its beginning. His findings as to the inheritance and transmission of physical and behavioral characteristics attracted international attention and he was much in demand as a lecturer in a wide variety of scientific fields and at many universities. He contributed frequently to technical journals in the United States and abroad; was managing editor of the *American Journal of Anatomy* and editor of the *Journal of Experimental Zoology* and of *American Anatomical Memoirs*; and had published three books, *Origin of the Blood, Hormones and Structural Development*, and *The Physical Basis of Personality*.

He was president of the board of the Rockefeller Institute for Medical Research, investigator for the Huntington Fund for Cancer Research, and a trustee of the Marine Biological Laboratory, Woods Hole, Mass., of the Long Island Biological Association, and of the Bermuda Station for Biological Research; served as president and secretary of the Association of American Anatomists, president of the American Society of Zoologists, vice-president of the American Association for the Advancement of Science, and secretary of the American Society of Naturalists; was a member of many other professional societies and of Sigma Xi, Nu Sigma Nu, and Alpha Omega Alpha.

Born in Washington County, Miss., in 1879, he received the BSc at Mississippi A & M College in 1899 and the MS in 1901. For two years he was commandant and acting professor of military science at Mississippi A & M, and for three years at Jefferson Military College. After a year as a graduate assistant in zoology at Columbia University, he received the PhD. University of Cincinnati awarded him the DSc in 1920, and in 1922 University of Würzburg, the MD.

He had been at the Medical College in New York since 1906; for two years as assistant in Embryology and Histology, during 1908-9 as instructor in Comparative Morphology, assistant professor of Embryology and Comparative Morphology in 1909-10, and since 1911 had been professor of Anatomy.

## Concerning THE FACULTY

DIRECTOR WILLIAM L. MALCOLM, PhD '37, and Professor William E. Stanley, Civil Engineering, attended the spring convention of the New York section of the American Water Works Association, held in Rochester March 30-31. Professor Stanley read a paper on "Water Distributing System Safety."

PROFESSOR PHILIP E. MOSELY, History, married Ruth Bissell, niece of Professor Charles K. Burdick, Law, April 2. Mrs. Mosley studied at the Clarence White and New York Schools of Photography and has had studios in Washington, D. C., New York City, and Ithaca.

DR. SHERIDAN BERTHIAUME, PhD '38, instructor in Geology, has a son, born March 22.

PROFESSOR CARLETON C. MURDOCK, PhD '19, Physics, will attend meetings of the American Physical Society to be held in Washington, D. C., late this month.

PROFESSOR PAUL W. GATES, History, will read a paper on "Northern Investments in Southern Timberlands" at the annual meeting of the Mississippi Valley Historical Association, at Memphis, Tenn., April 20.

NEW CHRYSANTHEMUM developed by Bristol Nurseries, Bristol, Conn., is named for Professor Clark L. Thayer, former graduate student and instructor in Floriculture, now head of the Floriculture department at Massachusetts State College, Amherst, Mass. The new flower, a maroon pompon, was first exhibited last fall at a flower show of the Massachusetts Horticultural Society.

ROBERT S. REICH '34, instructor in Ornamental Horticulture, wrote on the "Service Area of the Home" in the garden section of the New York Times March 26.

PROFESSOR LAURENCE H. MCDANIELS, PhD '17, Pomology, is spending April in Mexico City, Mexico, conducting business and collecting botanical specimens.

PROFESSOR GEORGE R. HANSELMAN '22, Administrative Engineering, spoke on "Business Law and the Engineer" at a meeting of the Engineers Club of the American LaFrance-Foamite Company in Elmira April 12.

DR. VINCENT DU VIGNEAUD, head of the Department of Biochemistry at the Medical College in New York City, announced the discovery of the process by which a living body manufactures the sulphur essential to life at a meeting of the American Chemical Society April 3.

DEAN DEXTER S. KIMBALL, Engineering, Emeritus, was guest of honor at a dinner of the Ithaca Chamber of Commerce March 21. He was cited as "unquestionably one of Ithaca's most valuable citizens" and was given honorary life membership in recognition of what he has "meant to and done for Ithaca." He was a director during 1928-31 and 1933-39 and president during 1935-36. Election of Joseph J. Driscoll '15, Paul S. Livermore '97, and Harold A. Pratt, MS '21, to the board of directors was announced at the dinner. April 14 Dean Kimball spoke on "Adjusting Ourselves to the Machine" as one of ten lectures presented by the Graduate School of the United States Department of Agriculture, Washington, D. C.

MISS R. LOUISE FITCH, dean of women, attended the Duke University Centennial Celebration, held at the Women's College, Duke University, Durham, N. C., March 31-April 2. Alice M. Baldwin '00 is dean of women at Duke University. Mrs. Rowena M. Mann '23 conducted discussions on women's leadership in the church at the conference.

PROFESSOR CLIVE M. McCAY, Animal Husbandry, will attend the annual meeting of the American Society of Biological Chemists, to be held at Toronto, Can., April 25. May 6 he will lecture at Amherst College on "The History of Nutrition."

PROFESSOR HERBERT W. BRIGGS, Government, will attend the national meeting of the American Society of International Law to be held April 27-29 in Washington, D. C.

PROFESSOR ORA SMITH, Vegetable Crops, has a son, James Stanley Smith, born April 7.

PROFESSOR ARTHUR A. ALLEN '08, Ornithology, spent the spring recess on a lecture tour throughout the South, speaking at State Teachers College, Johnson City, Tenn., the Council of Garden Clubs, Chattanooga, Tenn., Georgia State College for Women, Milledgeville, Ga., Atlanta Bird Club, Atlanta, Ga., State Teachers College, California, Pa., State Teachers College, West Chester, Pa., and The Westtown School, Westtown, Pa.

DR. RAYMOND C. ALLEN, PhD '38, instructor in Floriculture, spoke March 28 on "The Model Flower Show" at the Baltimore Museum, Baltimore, Md. April 4 he talked on "Science in Gardening" at a meeting of the Indiana Federation of Garden Clubs, Indianapolis, Ind.

## Concerning THE ALUMNI

*Personal items and newspaper clippings about all Cornellians are earnestly solicited.*

'92—John M. Chinn is in the office of the Collector of Internal Revenue, Louisville, Ky.

'94 DSc—Dr. E. Porter Felt, director and chief entomologist of the Bartlett Tree Research Laboratories, Stamford, Conn., was one of the three sponsors of the Eastern Shade Tree Conference, held at the New York Botanical Garden last December. He is the author of "The Broader Aspects of Hurricane Damage Caused by the Great Storm of Last September" in the recently-published Proceedings of the Conference.

'95 BL—Alfred R. Horr is vice-president of the Cleveland Trust Company, Cleveland, Ohio. He is a trustee of Oberlin College and the author of *Embarrassing Dollars*. His home is at Aintree Park, South Euclid, Ohio.

'97 BS—Dr. Charles H. Smith is a professor of pediatrics at Columbia University and practices with offices at 901 Lexington Avenue, New York City.

'98 LLB—Harry A. Mock practices law at 1212 Spring Arcade Building, 541 South Spring Street, Los Angeles. He writes that Parley P. Christensen '97, C. Stanley Price '97, and Roy V. Rhodes '01 are all located in Los Angeles. Rhodes was appointed a Superior Court judge by the governor January 1.

'00 LLB—John T. McGovern has been invited by Yale University to referee its track meets in New Haven this spring.

'05 AB—Hendrik Willem Van Loon wrote a salute to Old Greenwich, Conn., for Phil Cook's Morning Almanac, broadcast March 17 over radio station WABC. Van Loon's home is in Old Greenwich, of which he says, "It is so completely pleasant that if you are really wise, you never ask one of your friends to come and spend the week-end, putting them off with stories about wild dogs, haunted houses, and a local surtax of 100% on every penny you gained by the sweat of your brow. But Allah be praised, there is no need for this sort of a smoke-screen of deceit and misrepresentation, for all the available real estate is gone."

'07 ME; '11 CE; '32 DVM—Colonel George Ruhlen commands the 59th Coast Artillery, USA, stationed at Fort

Mills, Corregidor, P.I. He is also in command of the seaward defenses of Manila Bay. He writes that Lieutenant Colonel Claude M. Thiele '11 is on the staff of the commanding general of the harbor defenses and that Captain Curtis W. Betzold, DVM '32, is post veterinarian.

'08 PhD—Dr. John W. Turrentine, president of the American Potash Institute, has been for twenty-five years in charge of potash investigations for the U. S. Department of Agriculture. He spoke at the fifth annual Farm Chemurgic Conference, held at Jackson, Miss., March 29-April 1. He talked on soil fertility, saying that the so-called soil-building crops, such as legumes, are in reality greater robbers of fertility than the soil-depleting crops.

'09 CE—Newton C. Farr, president of Farr and Company, 140 South Dearborn Street, Chicago, Ill., spoke February 23 at a regional conference of the American Bankers Association, held in Minneapolis, Minn. He talked on "Real Estate Loans, Values, and Appraisals," saying in part that real estate mortgages still produce a substantially higher net return to the investor than other forms of investment with no greater security. Farr is vice-president of the Great Lakes region of the National Association of Real Estate Boards.

**AHOY 1913, ALL ABOARD!**

The best Class the University ever graduated—your Class—has a well deserved reputation to uphold this June. We're known as record-breakers. The funny part of it is we have a grand time doing it, and by Class loyalty, with very little effort!

Most of you fellows were back last June and what a perfect party *that* was! This June we return under the Dix Plan. What a swell time to start a good habit—"Back to Ithaca every June."

If we can bring back over 130 fellows on a Thursday night of a regular reunion and 40 men for the Dartmouth game last fall, wouldn't it be a cinch to break all Dix plan records by getting back 200? It can be done!!

Make your plans now!

Don't let anything stop you!!

Start that good habit—"Back to Ithaca every June."

P. S. The only war we know of by June will be the "Battle of State Street"—Get in on it!—G. H. R.

**NEW!**  
**AMAZING DISCOVERY**  
*Saves Food's Vital Freshness from Drying Out!*

*BOTH 7 DAYS OLD...BUT  
LOOK AT THE AMAZING DIFFERENCE!*

\*Reproduced from certified, unretouched photographs of identical foods, refrigerated, uncovered, at comparable temperatures.

# The World's First "Cold-Wall" Refrigerator... made only by Frigidaire and General Motors

## *BUILT ON AN ENTIRELY NEW PRINCIPLE!*

**Prolongs Food's Original Freshness, Color,  
Rich Flavor—Days Longer!**

● Now... because of the amazing new "Cold-Wall" Principle... you can keep even highly perishable foods days longer than ever before! But here is the most astonishing fact of all! Now you can prolong food's *original freshness*... retain rich *nutritional values*... save *peak fresh flavor* for days on end!

Fresh fruits and vegetables do not lose their attractiveness through wilting, shrinking, changing color. Left-over foods... meats, peas, beans, even mashed potatoes—stay as deliciously fresh and appetizing as when first prepared! And you needn't even cover them! For with the new "Cold-Wall" Principle, food is not dried out by moisture-robbing air currents. *Odor-and-flavor transfer is checked, too.*

Here, at last, is real advancement in refrigeration... vitally important to every home in America... especially where there are children. Because, now, you save not

only the food, but the **VITAL VALUES** in food as well. Natural nourishment stays in—because it *doesn't dry out!*

*Convince Yourself... with Proof  
... in 5 Minutes*

See Proof at your nearest Frigidaire dealer's that the new "Cold-Wall" Frigidaire puts you ahead in every vital way! New economy with the famous Meter-Miser. New Meat-Tender for keeping fresh meats. ### HOW AMAZING "COLD-WALL" PRINCIPLE WORKS

The Super-Freezer freezes ice and makes cold here... as usual.

#### NOW FOR THE FIRST TIME

**1. THE NEW "DEW-FRESH SEAL"—A SOLID GLASS PARTITION—DIVIDES THE CABINET INTO 2 COMPARTMENTS**

and

**2. THE LOWER COMPARTMENT IS REFRIGERATED DIRECTLY THROUGH THE WALLS BY CONCEALED REFRIGERATING COILS.**

This provides all 3 essentials for keeping foods vitally fresh *longer than ever before!* 1. Uniform Low Temperatures. 2. 85 to 100% Humidity. 3. No Moisture-Robbing Air Circulation. All without adding a single moving part! AND ONLY FRIGIDAIRE HAS IT!

### ONLY FRIGIDAIRE HAS QUICKUBE TRAYS

*Imitated but never equalled—because they're* 1. *Easier to use—* lift one lever and cubes are free, two or a trayful. 2. *Built Sturdier—* to stand hard, constant service. 3. *Faster Freezing—* made of heavy gauge metal in every part. 4. *Better Looking—* styled trim and modern. Compare—you'll want only *genuine* FRIGIDAIRE QUICKUBE TRAYS.

### CUTS CURRENT COST TO THE BONE...

Simplest Refrigerating Mechanism Ever Built—and when parts aren't there, they just can't use current or wear. Completely sealed. 5-Year Protection Plan, backed by General Motors.
