Owen D. Jones

NY Alumni Chancellor's Chair in Law
Vanderbilt University

<http://law.vanderbilt.edu/jones>

What are the implications of brain scanning technologies for law?

In this talk, Owen D. Jones explores controversies surrounding the existing and anticipated uses of brain images in legal proceedings, such as whether and how brain sciences can and should affect sentencing decisions.

Jones holds the New York Alumni Chancellor's Chair in Law at Vanderbilt University, where he is also Professor of Biological Sciences. In addition, he directs the MacArthur Foundation Research Network on Law and Neuroscience www.lawneuro.org.
