March/April 2013

CVM Open House 2013

The students, faculty, and staff of the Cornell University College of Veterinary Medicine invite you, your family and friends to our 47th annual Open House.

Open House is our opportunity to share the joys of our profession with the community.

For more information visit: http://www.vet.cornell.edu/openhouse/
Jenny Sones, graduate student in the Davisson Lab, was selected to present a poster entitled “Ovarian Hormone Signaling Defects Are Associated with Asynchronous Peri-Implantation Events in a Mouse Model of Preeclampsia, BPH/5” at the 2013 Society for Gynecologic Investigation's 60th Annual Meeting which was held in Orlando, Florida on March 20-23, 2013.

Congratulations to Dr. Elizabeth Moore (Lab Animal Medicine Resident and PhD student in the Weiss lab) who won an Award of Excellence for Best Presentation Style at this year’s Clinical Investigators’ Day.

The Biomedical Sciences Technical Science Group, established in 2012 for technical staff in the department, meets monthly to discuss various topics of interest.

Check out our new website at http://www.vet.cornell.edu/biosci/people/techscigroup.cfm for upcoming events and links to past meetings.

Jenny Sones, graduate student in the Davisson Lab, was selected to present a poster entitled “Ovarian Hormone Signaling Defects Are Associated with Asynchronous Peri-Implantation Events in a Mouse Model of Preeclampsia, BPH/5” at the 2013 Society for Gynecologic Investigation's 60th Annual Meeting which was held in Orlando, Florida on March 20-23, 2013.

Congratulations to Heinrich and Jenny Lob on the birth of their son Henry Friedrich Lob born on February 11, 2013. Henry weighed 7 lbs. 12 oz.

DEPARTMENTAL SEMINAR SERIES

APRIL 16
Dr. Hal Dietz, MD
Victor A. McKusick Professor of Genetic Medicine and Professor of Pediatrics
Investigator of Howard Hughes Medical Institute
Johns Hopkins University School of Medicine
McKusick-Nathans Institute of Genetic Medicine
Baltimore, MD
"Found in Translation: New Insights into the Pathogenesis and Treatment of Marfan Syndrome and Related Disorders"
Hosted by Dr. John Schimenti, 253-3636

APRIL 30
Dr. Xin Chen
Assistant Professor
Department of Biology
Johns Hopkins University
Baltimore, MD
“Epigenetic Regulation in Drosophila Male Germline Stem Cell Lineage”
Hosted by Dr. Robert Weiss, 253-4443
