

CORNELL UNIVERSITY

ALUMNI FUND — ANNUAL REPORT

1943-44

This Thirty-Fourth Annual Report of the Cornell Alumni Fund Council has been reduced in size and scope in the interest of economy and W.P.B. paper restrictions. President Day's welcome report on the University which comes with this more than makes up for the omissions in the Fund Report.

CORNELL ALUMNI FUND

THIRTY-FOURTH ANNUAL REPORT

1943-1944

EDMUND EZRA DAY
President, Cornell University

A Message from the President

I WANT to offer my hearty congratulations, and to express my warmest appreciation for the significant record made by the Cornell Alumni Fund for 1943-44. I have just looked over the Annual Report. That in times like these, Cornell Alumni should break all previous records in their annual gift to the University is a source of inspiration to all of us whose faith is in Cornell.

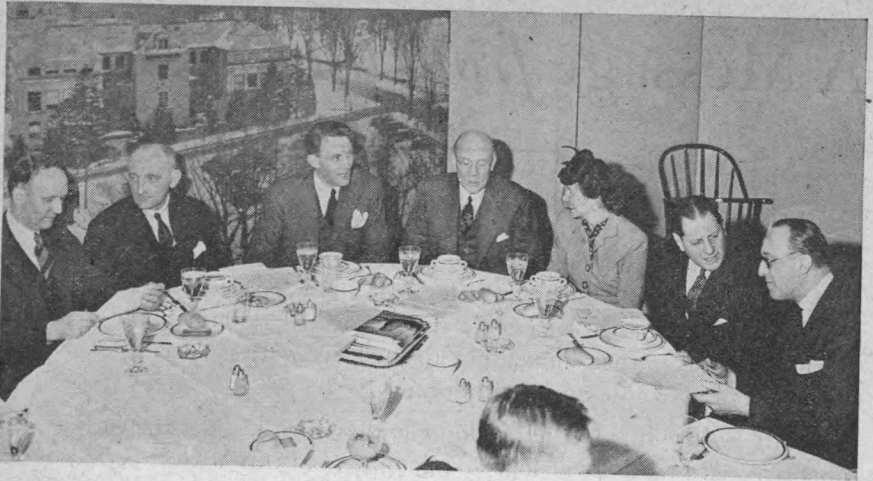

I fully believe that Cornell is doing a job which justifies the enthusiastic support given by her loyal sons and daughters in this critical period of her history. In addition to maintaining as well as possible under wartime conditions the regular academic program looking toward the intellectual growth and professional training of our regular undergraduate students, the University has trained thousands of young officers and enlisted personnel during the war years. For example, nearly 8,500 Naval officers have been sent from training at Cornell to active duty; while the smallest of our war training units put some 800 Aviation Cadets through ground school and primary flight instruction—these in addition to more than 4,000 undergraduates who left Cornell before graduation to enter the armed forces during the period 1941-44, and almost as many more who successfully managed to graduate during the same period and who went into uniform immediately after receiving their diplomas. The University laboratories have been working to capacity on highly confidential war projects conducted under Federal contract, as well as on those continuing investigations so essential to the well-being of mankind: his health, his economic opportunities, his comforts, and his culture. The University has carried well its wartime assignments without losing sight of the long-range purposes in which it was founded.

To those class committeemen who have done the field work of making contacts with donors, my sincere appreciation for carrying out a vital assignment with significant results. To those thousands of alumni whose gifts to the University are a testament of their loyalty and devotion, my deepest gratitude in the name of Cornell!

Cordially,

November 4, 1944

Council Report for 1943-44

THE Alumni Fund Council in this thirty-fourth Annual Report summarizes another record in its impressive history of support for Cornell. In the year which ended on June 30, 1944, Alumni and friends made gifts to Cornell for current operating expenses totaling \$187,264.55 from 7,773 contributors. In addition to this the Alumni of the Medical College in New York through their own Alumni Fund activity contributed an additional \$2,489.00 from 304 alumni of that college for its unrestricted use. The combined Alumni Funds' total of \$189,753.55 from 8,077 alumni surpasses last year's record of \$187,522.90 from 8,740 alumni, although fewer alumni participated.

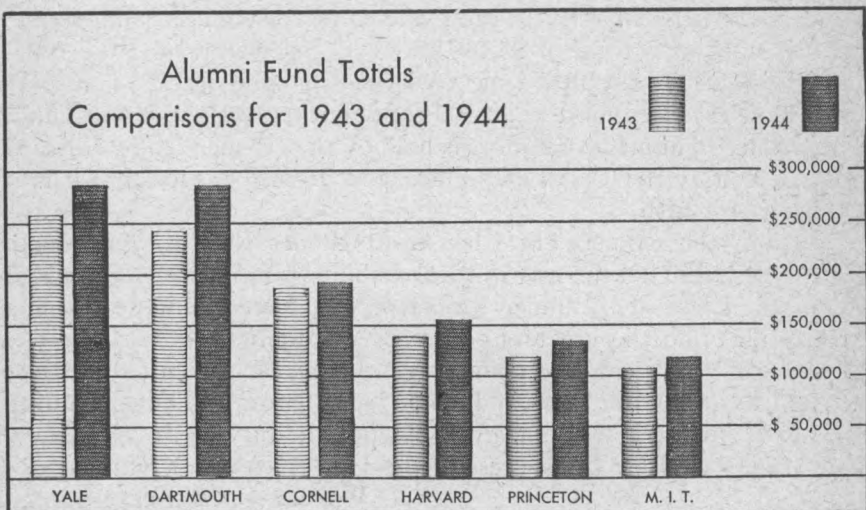

The alumni included in these totals also made additional and important gifts to the permanent endowments and resources of the University. These included gifts of \$12,312.22 to the Semi-Centennial Endowment Fund; \$10,023.11 to the Classes of 1920-29 Memorial Fund endowments; \$5,382.38 to The 1916 Fund endowment; \$3,367.88 to the Federation of Women's Clubs Scholarship Fund; \$28,973.31 in Bequests; and \$96,344.18 in special purpose gifts, most of which is designated for the Engineering College Development Program or the Athletic Development Program. During the year the University also received a total of \$12,005.88 in income from the endowments created as Class Memorial Funds and from the General Alumni

Endowment. The total of these restricted gifts and bequests received during the year amounts to an additional \$157,532.58.

This Report and this year's record are a tribute to the work of our class organizations started five years ago. It is significant that the decline in the number of contributors is in the younger classes where large numbers are in the armed services and that the increase in average gifts is in the older classes where the work of our Class Representatives and Committees has not been so disrupted by the war. This confirms the wisdom of the emphasis placed upon Class organization work during the past several years.

This report again this year is sent to the Alumni as an expression of appreciation and recognition to those whose generosity as contributors and workers has been of such vital importance to Cornell. Because of their interest and activity the University is able to face the 1944-45 year with a degree of assurance which would otherwise have been impossible.

At the Annual Meeting of the Council in June, Edward E. Goodwillie '10 retired after three years as President, during which time the Alumni Fund climbed from a record \$112,000 total to a new record level of over \$185,000. This report would be incomplete without special and grateful tribute to his generous and effective leadership in this work for Cornell and the Alumni. Matthew Carey, former University Alumni Trustee and 1915 Class Representative, was elected President of the Council for the 1944-45 year. In view of his record of increasing his class participation in the Fund by over 300% during the past four years, the University and the Alumni are assured a leadership which will continue the Alumni Fund's record in the new year.

At the Annual Meeting William L. Kleitz '15 was re-elected Vice-President of the Council for a term of one year, and newly elected Vice-Presidents for similar terms were H. Victor Grohmann '28, Dorothy Lampe Hill '26, and H. W. Peters '14. New members of the Executive Committee elected for three year-terms were P. P. Miller '18, Jessel S. Whyte '13, and Howard M. Rogers '07. Miss Mary E. Yinger '24 was also elected to the Executive Committee to fill the unexpired term of Mrs. Hill.

Within our class committees two special records stand out. It is impossible to compare them, or judge their relative importance, just as it is almost impossible to recognize or reward the many other grand jobs which were done by our Class Representatives and Committees in their respective groups. Special mention should be made, however, of the records of the Class of 1910, Harold T. Edwards, Representative, and of the Class of 1895, Harry J. Clark, Representative. The Class of 1910 raised \$20,892.01 with 39% of the class participating. By contributing over 10% of the Alumni Fund total, their model class committee organization again this year leads all classes. The Class of 1895 with 197 living members recorded 136 contributors for a 69% participation, which is a new all-time record for our Cornell Alumni Fund activity.

Second to the Class of '10 in amount contributed this year are the men of the Class of '15 of which Matthew Carey, new president of the Alumni Fund Council, is Representative. The '15 total of \$9,070.01 is approached by the men of '07, headed by Howard M. Rogers, with \$8,688.50. Those of '13, headed by Jessel S. Whyte, and '14, H. W. Peters, are close in fourth and fifth places, with \$7,702.50 and \$7,341.45, respectively. Noteworthy, too, are the contributions of the younger Classes of '39 and '43: '39 men and women contributing \$1,191 and the combined Class Committees of '43 recording a total of \$1,130.97.

This year for the first time two Class Committees, '14 and '15 men, have recorded more than 300 contributors to the Alumni Fund. Third place in number of donors is held by the '17 men led by Edward E. Anderson, with '10 in fourth place, and '16 men headed by Richard J. Foster, Jr., fifth.

Among the women, the Class of '23 under Mrs. R. E. Treman (Carolyn Slater) led the way in total amounts contributed—\$1,064.62—and the Class of '12 under Mrs. Harry B. VanDeventer (Mariana McCaulley) had the greatest percentage of donors—48%.

Gifts of war bonds and stamps again this year accounted for over \$30,000.00 in Alumni Fund and restricted gift totals. The continuing arrival of this very welcome type of "double duty" gift in the new year augurs well for the success of the 1944-45 Alumni Fund.

CONTRIBUTORS TO THE CORNELL

The following list contains the names of those who made gifts to the University during the Alumni Fund's thirty-fourth year (1943-44) as well as those who by the payment of their undergraduate pledges have given Cornell a permanent source of income. Names of other equally generous Alumni who have given to the University in other ways are not included.

*—Gifts received after July 1, 1944; not included in 1943-44 total.

†—In Memoriam gift, or gifts from Cornellians now deceased.

THE MEDICAL COLLEGE ALUMNI FUND

IN SPITE of the effect of the war in diminishing the number of the contributors to our separate and special Alumni Fund for the use of the Medical College, we have succeeded in slightly exceeding the total amount received over that of the previous year. We still suffer from a lack of credit for gifts by a number of our alumni, who also took work at Ithaca, whose contributions are made directly to the general Alumni Fund of the University. No method has been worked out to date to include them in our list. This year from 304 alumni, we have collected \$2,489.00. This is a more satisfactory average contribution than we have been able to attain in any of the three years of our fund's existence. Last year we received \$2,391.00 from 335 alumni, and the first year \$3,117.50 from 410 donors.

As in many other schools of the University, a large proportion of our regular donors are in the armed forces, and in general suffering from a resulting marked reduction in income. Many of these men and women, however, have been able to take a small share in the building of this fund, for they all appreciate, even more than those of us, who are still at home, the great need of our School for this unrestricted fund, small though it may be.

The Committee wishes to thank each donor individually for their co-operation and generosity and hope we can rely on their continued support.

DAVID N. BARROWS

Bequests to Cornell

THE COMMITTEE ON BEQUESTS calls the attention of Cornellians and friends of Cornell to the wisdom and desirability of making Testamentary Bequests to the University. Freedom from Federal Estate-Tax is evidence that the Government regards such donations as consonant with Public Policy. The net cost to an estate of a testamentary bequest to the cause of Education may be only a small fraction of the amount actually received by the University.

Will you not consider making a provision in your Will for the establishment of an endowment which, for all the years to come, would provide an income equivalent to your usual annual contribution to the Cornell Alumni Fund?

If you are yourself concerned with the problem of the testamentary disposition of your property, or if you have a friend or an acquaintance who might be interested in establishing at Cornell a Memorial for all time, will you not at once get in touch with The Provost's Office, Morrill Hall, Ithaca, New York?

A Testamentary Bequest to Cornell will carry on through all the generations that are to come.
