

2012.02.16

2/16/2012 Minutes

Sally, Randi, Jim, Jessica (notes)

1) Simon Liu---since Simon has not been invited to Cornell, we have all agreed to not pursue this programming suggestion. He is listed in the minutes for the 9/13/2011 LFSC meeting with Anne as a reminder if he comes to campus in the future.

2) Paid Speaker---we discussed our options once again; the consensus was that our first choice would be Susan Nutter from NCSU.

3) National Library Workers Day---ALA recognition on April 10, 2012 (Tuesday) <http://ala-apa.org/nlwd/> We discussed various ideas, including those presented at our last meeting. Our recommendation is that we go with the viral social media stuff, and include a musical tribute. Sally will contact Pedro and Jim Spear to see if they would write a song for NLWD. Jessica will start searching for a CU A Capella group to perform the song (we will pay them). Jim will see if Matt Ryan would film the song, then we will put it up on You Tube and CUL website and maybe Gwen could get it out to the greater CU web people. And there was much rejoicing!

4) Destination Walk---once the Wellness Committee publicizes our March 15th Mann Art walk, we will send it out, too. Anyone can join the walk, they will simply have to register ahead of time.

5) Milstein Tour---Sally is still trying to coordinate a time that works for all parties.

6) Happy Hour---Still going strong. We hear that the women's hockey theme is going to be popular.

7) Student Panel---Randi and Sally have met; they are working on planning the panel, setting up a date/time/location. We will be giving student participants \$5 or \$10 coffee cards. We like Jim's suggestion of starting the event off with moderated questions and then opening it up for Q&A. Randi will contact Mark Morris (faculty in Architecture) for more student recommendations; Jessica will see if Chris Miller in ILR has any faculty or student recommendations.

8) Elections---the election timeline should be on our wiki: <https://confluence.cornell.edu/display/CULLIBFORUM/LFS+Elections+pre-2011+version>

NB: I see that we have a note saying that we cannot use the University Assemblies election process; looks like we will need to discuss this. Jessica will remind Kathy Chiang and Linda Bryan that both CDC and LFSC would be happy to be part of their Committee Fair during CD Week.
