## FINGER LAKES VINEYARD NOTES

1998 Newsletter #10  
September 6, 1998

Written by Tim Martinson, Area Grape Extension Educator, Finger Lakes Grape Program (315) 536-5134 and Tim Weigle, Area Extension Grape Pest Management Specialist for the Finger Lakes and Lake Erie Grape Programs (716) 672-6830. Edited by Tim Martinson.

### IN THIS ISSUE

1998 Grape Prices Paid by Processors

#### 1998 GRAPE PRICES PAID BY PROCESSORS *Timothy E. Martinson*

This issue of *Finger Lakes Vineyard Notes* is devoted entirely to publication of the list of grape prices compiled by our office. A complete listing of prices follows. I would like to thank all the area processors who shared their price listing with us.

The next issue of *Vineyard Notes* will be a special **Harvest Issue**. It will contain a summary of prices (high, low, average) by variety and by cultivar type (red & white native, hybrid, and *vinifera*), as well as a complete review of the 1998 growing season, national and local market trends, and a summary of research and demonstration projects that have taken place over the past growing season in the Finger Lakes.

It will be out in mid-October (after harvest for most of you, I hope!) - when you will have more time to read it. Best wishes for a successful harvest.

A handwritten signature in black ink that reads "Timothy E. Martinson". The signature is written in a cursive, flowing style.
