### PLS 15 Quick Class Assessment - Who are we? (I)

This questionnaire will help us get a sense of the participants in this class - as individuals and as a group. Please provide a brief answer to each question in the space provided.

There are no “right answers” and you will not be graded on this assessment, but you will be given credit for turning in a completed questionnaire. You have **8 minutes** to complete this page.

1. What is your major? Your year? Are you a transfer or re-entry student?
2. What do you consider to be your hometown? Is agriculture important there or in another place that you have lived?
3. Have you had any experience related to growing plants, preserving and/or preparing food or taking care of animals in your home or in an educational or school related program? If so, briefly indicate which one(s).
4. List any direct experience you may have had in an agriculture or food related activity (e.g., farming, ranching, food processing, distribution, retail, etc.)
5. What classes have you taken at UCD or elsewhere that you think might be relevant to this course?
6. Have you had any non-course related experiences with science or research? If so, what were they?
7. Have you ever worked on projects in groups or in teams (e.g., in high school or college)? If so, what kind of experience did you have? What role(s) did you play in the group(s)?
