Manejo de las Chinchas – ¡Un Paso a la Vez!

Paso 4: Limpia el Colchón y el Armazón de la Cama

Matthew Frye, New York State Integrated Pest Management Program, Cornell University

1 Utilice un limpiador de vapor en el colchón y somier.

2 Vapor (140 grados) mata a las chinchas sólo cuando hay contacto.

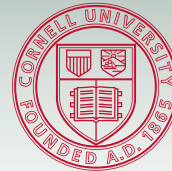

3 Utilice el cepillo o la herramienta de la grieta y hendidura para vaporizar directamente sobre artículos de felpa.

4

Limpie las superficies duras con agua tibia, jabonosa, y un cepillo de cerdas suaves. Use jabones hechos de naranja, limón o pino.
