STATION NOTES

'Red Sport' at Sodus?

MORE COLOR APPARENT ON MUTANT 'EMPIRE' APPLE

Bob Lamb, apple grower Russ Teeple and Ken Livermore look over a tree bearing Empire apples that are characterized by more red color on the skin. The genetic mutation originated on one branch of one tree and is being propagated on the Sodus farm operated by Russ, John and Howard Teeple. It is currently being referred to as 'Teeple's Red Sport.'

TGIF JOINT MIXER SCHEDULED BY SIGMA XI

The Geneva Club of Sigma Xi will host a mixer for its members and the faculties of Hobart & William Smith Colleges and the New York State Agricultural Experiment Station, on Friday, June 2, from 3:00 p.m. to 5:00 p.m., in the Commons Dining Room, Scandling Center, Hobart & William Smith Colleges. The purpose of the mixer is to meet our counterparts working at the colleges, see what they are doing, and to generally relax among academic colleagues at the end of a long week (as we consume the free beverages and snacks). Visiting scientists and graduate students are welcome to attend.

SEMINAR

MOLECULAR BIOLOGY JOURNAL CLUB

Date: Tuesday, May 30
Time: 3:30 p.m.
Place: Barton Lab, room A133
Speaker: Brigitte L'Hostis
Subject: Heterogeneity in the coat protein sequence of a mild strain of papaya ringspot virus

STIFFER TRAFFIC FINES PROMPT THIS REMINDER

New York State recently passed vastly more severe penalties for moving traffic violations, especially speeding, on the state's roads and highways.

Men and women who use Station vehicles are reminded that they are solely responsible for any penalties resulting from errant driving habits (including parking fines) when using Station vehicles or when using private vehicles even though on Station business.

A second reminder: the speed limit on Collier Drive and all other Station thoroughfares is 15 mph. This is for the safety of all. Please observe this limit.

SEATS STILL AVAILABLE ON BUS

Seats are still available on the bus rented to take invited employees to the annual Employee Recognition Dinner and Dance on Tuesday, June 13. The bus will leave the Jordan Hall parking lot at 4:30 p.m., go to Ithaca, and be back in Geneva by about 11:00 p.m. that same evening. Call Pat Krauss at ext. 201 for reservations.

OUTSTANDING EMPLOYEE AWARD NOMINATIONS SOUGHT

Twice each year the GEC solicits nominations for outstanding Employee, to be announced either at the Station Club Picnic in July or at the November Banquet. This award is given to any regular full-time or regular part-time Station employee. A fellow worker must first submit the name of his/her nominee, with supporting materials, to the GEC Nominations and Elections Committee.

This year a list of nominees and their nominators will be published. Supporting letters or comments can then be sent to the nominator of your candidate. The nominator will then collate all supporting materials, attach a paragraph or letter stating why the nominee should receive this award, and forward the documentation to the Nominations Committee. These packets will be evaluated by a volunteer panel of department representatives not currently on the GEC. The panel will convene to select the awardee.

If you have ideas on how the method of selection of the Outstanding Employee can be improved, please submit these also to Martin Goffinet or Dave Lasher and, see them if you wish to be on the selection panel.

Current deadlines are:

- June 6** Submission of names of nominee and nominator to GEC Nominations and Elections Committee (Dave Lasher of B & P, ext. 220, or Martin Goffinet of Hort Sci, ext. 392).
- June 16** "Station Notes" listing of names, with a call for employees to submit supporting materials to the nominators.
- June 30** Nominators submit all supporting materials to GEC Nominations Committee.
- July 5** Panel meets to select Outstanding Employee.
- July 21** Outstanding Employee announced at Station Club Picnic.

CALENDAR OF EVENTS

Wednesday, May 31, 11:00 a.m., director's office,
Safety Committee meeting

Wednesday, May 31, 4:00 p.m., director's office,
Geneva department chairs' meeting

CORNELL ONLINE CATALOG SEMINAR TO BE PRESENTED

A special seminar will be given June 2 to orientate Station faculty, staff, grad students, and visiting scientists on the use of the Cornell Online Catalog. If you haven't received a special notice through your department mail, contact the Library for more information.

POLICIES, PROCEDURES AND PEOPLE

Who's New

Pauline Smith, Food Science, is a new technician in the Analytical Lab.

Kathy Shark, Horticultural Sciences, is a new technician working with John Sanford.

Phil McInnis, IPM, is a new Systems Programmer working with Jim Tette.

Adriana Lo Cicero, Entomology, is a new Lab Research Technician working with Roxanne Broadway.

Mary Ann Stumpf is a new Postdoctoral Associate working in Plant Pathology.

STATION VOLLEYBALLERS WIN GENEVA CITY CHAMPIONSHIP

This quintet of Station women and their teammates, known as "Kime's Honey's", topped a field of 14 City of Geneva Recreation Department teams to cop the league's volleyball title this season. They finished tied for second spot with a 10-3 record, but shone in the playoffs, downing Cooley's Tavern in a best-of-three semi-final, then whipping Waterloo Madia's in three straight games. Shown are, from left, Leigh Pitiffer, Myriam Schlegel, team captain Liz Capozzi and Françoise Missaire, all of FST, and Judy Birkett, Admin. Missing from the photo are Tracy Harris, Ent., and non-Station players Lori Ford, Paula Chapman and Tris Iannapolo.

TENNIS LADDER

Matches played 5/17/89 - 5/23/89. Petzoldt def. Burr, Woodams def. Trumble, Bell def. Petzoldt, Lavin def. Abawi, Kovach def. Lavin

209 Joe Kovach	392 Martin Goffinet
240 Ed Lavin	375 or 789-0020 Bob Parker
374 George Abawi	264 Dianne Barrett
364 Jim Ottea	352 Tony Shelton
338 Pim Larsson	265 Ed Woodams
361 Wendell Roelofs	327 John Trumble
345 Chris Hoffman	285 Myriam Schlegel
325 Ken Bell	271 Chantal Delajarde
206 Curt Petzoldt	781-0544 Susan Dennehy
312 Tom Burr	233 Jim Cummins
362 Walter Wolf	239 Bruce Reisch
345 Tim Dennehy	363 David Sun
325 Donna Gray	399 Alan Lakso
393 Jim McFerson	225 Rixana Petzoldt

PLEASE NOTE: The inactivity rule is now being enforced so that those who have not played in the last two weeks have been dropped one position. Results may be reported to Donna Gray (x325).

MISSING FROM THE LIBRARY

The following are missing and are needed by other patrons of the library. Please check your shelves and return.

- Journal of Phytopathology V.118(4), 1987 PP/580/5/P49
- Acta Alimentaria v.17(2), 1988 664/Ac8
- Annual Rev. of Microbiology v.14, 1960 616.01/An7
- Annual Rev. of Plant Physiol. & Plant Molecular Biol. v.39, 1988 581.082/An7
- Archives in Insect Biochemistry and Physiology v.6(3), 1987 ENT/595.7/Arl

SAFETY-WISE ADVICE

All fires are dangerous, but electrical fires add the threat of electrocution. If an appliance catches fire, unplug it or shut the power off at the fuse or breaker panel. Do not use water on an electrical fire! Electrical fires can start inside walls too. If you smell smoke or the odor of electrical burning, call the fire department and get out of the house without delay.

On the road this weekend? ♥ Buckle up!

STATION SOFTBALL

Results:

Tuesday 5/23 B & P vs. GR - rained out
 Wednesday 5/24 ENT def. FST

This week's schedule:

<u>Date</u>	<u>Teams</u>
5/30	PP vs. FST
5/31	GR vs. HS
6/1	ENT vs. BP

CLASSIFIEDS
