CONGRATULATIONS!

Congratulations to our very own Dr. Joanne Fortune! Dr. Fortune was selected as the 2017 Carl G. Hartman Award Recipient by the Society for the Study of Reproduction.

According to the SSR website, the Carl G. Hartman Award is the Society’s highest award and is “given in recognition of a research career and scholarly activities in the field of reproductive biology.

Dr. Fortune will be presented with her award at the annual SSR meeting to be held in Washington, DC in July.

**WELCOME!**

Annie joined Cornell University in April 2014 in the CVM Accounting Service Center, after working for Lockheed Martin for several years in multiple locations and divisions. She received her BBA in Accounting from Siena College and MBA from Drexel University. She considers herself somewhat of a local and currently resides in Owego. You will likely see her walking around the vet college buildings or in the VRT stairwells trying to sneak in steps. She also has an interest in sustainability and “green” living. Outside of work, most of her time is spent on adventures with her family – her husband, Brad, a Colorado native, and her 3 children: Nora (age 9), Carolyn (age 6), and Rowan (age 19 months).

A few other fun facts about Annie: She loves exploring and learning about the Cornell campus. She was born in Michigan and has lived in California, New Jersey, Colorado and Australia. She is a 20+ year member of the Titanic Historical Society, and she has been listening to the Hamilton soundtrack on repeat for months. She loves to talk about traveling and food.

Bonnie joined Cornell University in August 1991 with the past 13 years of employment in the ILR Budget Office. She received her Associates Degree in Business Administration and completed various courses towards the Cornell Bachelor of Science degree in Industrial and Labor Relations. Bonnie is a proud mother of four, TJ, Torey, Andreana, and Desiray, and precious grandbaby, Rylie. In her spare time, she enjoys travelling the Caribbean with her husband, Jeff, and serving her community as a volunteer clerk and EMS/Firefighter.
