

THE STATION NEWS

Vol. VI, No. 24.

June 16, 1926.

Geneva, N. Y.

THE JUNE STAFF meeting will be held next Monday at 4:00 P.M. in Jordan Hall. The session will be devoted entirely to Staff business and will be the last meeting of the Staff until Fall.

DR. THATCHER is in Washington today attending a conference at the Department of Agriculture.

WE ARE indebted to the Office of Experiment Stations in Washington for information to the effect that Dr. F. H. Blodgett, at one time a member of the Botany Department here, died in New York City early in March of this year. Dr. Blodgett at the time of his death was a member of the Department of Biology of Washington Square College of New York University.

MISS LIDA Thatcher terminated her work as Assistant in the Bacteriology Department yesterday. She is planning to leave Geneva about next Tuesday for New York and will sail for a two months' trip abroad on Thursday, June 24.

DR. WALTER KULP, who for several years was an assistant to Dr. Anderson, stopped over in Geneva last week on his way to his class reunion at Allegheny, making the trip from here to Allegheny with Dr. and Mrs. Breed. Dr. Kulp is now Assistant Professor at Yale.

MR. MENSCHING and his family returned to Geneva last night. Mr. Mensching has been engaged in graduate work at Ohio State University during the past year.

HARRY HADLOW is representing Geneva at the Mayors' convention in Schenectady this week.

HAROLD TUKEY, able representative of the Horticultural Department in the Hudson River Valley, stopped over night with the Wellingtons last night on his way to Mrs. Tukey's home in Michigan where a family reunion is planned for next Sunday to celebrate the seventieth birthday of Dr. Davenport, Mrs. Tukey's father. Harold reports that Mrs. Tukey is recuperating from a severe attack of "Flu" and was unable to make the trip by auto. Mr. Tukey will continue on to Chicago after the above-mentioned reunion and will join the American Pomological Society tour of the northwest fruit districts, returning to Chicago in about three weeks.

-----

MRS. RANKIN, who underwent an operation at Clifton Springs Sanitarium last week, is reported to be making favorable progress toward recovery.

-----

MR. PARROTT and Mr. Harman spent the early part of the week in Orleans and Niagara Counties studying conditions relative to insect pests in that region.

-----

MR. HAWTHORN participated in the reunion of his class at Cornell last week. Mr. Hawthorn serves as alumni secretary for the Cosmopolitan Club at Cornell.

-----

THE STATION has been invited to enter an exhibit of its work in one of the New York State buildings at the Sesquicentennial Exposition at Philadelphia. The matter is receiving the consideration of the Exhibits Committee.

-----

MR. HENING'S mother, who for the past several months has been making her home in Geneva, left early in the week for Minnesota going by way of the Great Lakes from Buffalo to Duluth.

-----

WORD has gone out that the State Horticultural Society will hold its summer meeting at the Sodus Fruit Farm on August 18th.

-----

MRS. HUCKER was called to Hopkinton, Iowa, last week on account of the sudden illness of Dr. Hucker. A message received from Dr. Hucker later advised that he had been discharged from the hospital in Ames and was going to his home in Hopkinton for a rest.

LATER: Dr. and Mrs. Hucker returned to Geneva about noon today.

-----

DON'T forget the Station picnic on June 30!
