

DR. BEAL from U. S. Department of Agriculture, Office of Experiment Stations, will be in Geneva the 30th to inspect Station work supported by Hatch and Adams funds.

DR. T. J. HEADLEY, Chief in Entomology at the N. J. Station, and Dr. C. D. Hadley, Chief of the Bureau of Plant Industry at Harrisburg, Pa., were recent visitors at the Station.

DR. KARL DEMETER of Germany is spending a few days in Dr. Breed's laboratory. Dr. Demeter holds a fellowship from the International Education Board and has spent the past year studying at Cornell.

DR. HEDRICK reports that the bright weather of the last few days will insure the ripening of several late fruit and field crops at the Station.

MRS. THATCHER and Mrs. Fulmer leave tomorrow evening for Gibbon, Neb., where a family reunion will be held on Sunday. After ten days in Nebraska, Mrs. Thatcher will visit in Iowa, Minnesota, and South Dakota, returning to Geneva about November first.

THE ANNUAL autumn exodus of students leaving for schools of higher education includes the following: Miss Hermine Stewart to Cornell, Miss Charlotte Stewart to Vassar, Miss Alice Breed to Allegheny, Miss Margaret Parrott to Walnut Hill, Mr. Herman Breitfeld to Cornell.

MESSRS. Marquardt and Prickett were in Ithaca recently judging experimental cheeses.

MR. HADLOW visited friends in Toronto last week.

MR. SLATE is in Rochester today collecting seeds at Highland Park for the Horticultural Department.

MR. HENING and Mr. Einset are to register in the Graduate School at Cornell tomorrow.

MRS. PARROTT is spending a few days in Boston and vicinity.

MISS RACHEL HAYNES has returned to her work in Dr. Conn's laboratory after spending the summer months at the Marine Biological laboratory at Woods Hole, Mass.

MR. AND MRS. COLLISON are receiving congratulations on the adoption of a daughter, Beverly.

MR. DAHLBERG will be in Ithaca on Saturday to attend a conference of dairy experts.

MR. WM. LYDON is recovering from injuries received last week and will be back at work next Monday.

MR. FURR has returned to Cornell University.

THE following item is taken from the minutes of the meeting of the State College Agricultural Council, held last Saturday:

"It is recommended that a suitable amendment to the State Department's Law to bring the Station into the same relation to the State Department of Education as is prescribed by that Law for the three state colleges at Cornell University be presented to the Legislature for consideration at the next session."

ADDITIONAL parking space for automobiles has been provided at the rear of the Chemistry Building.

MR. EINSET and family have moved to 607 Castle Street.
