MR. G. S. FRANK of the Department of Purchase of Cornell University called at the Station yesterday to discuss ways and means by which the Station might make use of the facilities of his Department.

WHAT promises to be the most elaborate flower show of recent years was officially opened at the greenhouse at 1:00 o'clock today. The chrysanthemums in way of numbers exceed anything shown in recent years, while the large collection of cyclamen and other flowers add variety to the display. No one should miss seeing these flowers at their best. This afternoon, Saturday afternoon, and all day Sunday have been especially set aside for visitors.
