of an Armistice Day Service to Trinity Church tomorrow at 7:30 Buffalo will deliver the ad-highly recommended for his peace. The meeting is open to

## BACTERIOLOGISTS IN SYRACUSE

The thirty-fourth semi-annual meeting of the Central New York State Branch of the Society of American Bacteriologists is to be held in the new medical building at Syracuse University next Saturday, with Dr. Pederson, president of the Branch, presiding. Among papers to be presented are the following: "Can Seeds Be Sterilized?" by Dr. Hofer and Mr. Hamilton, and "Standard Agar Counts as Compared with Counts on Improved Agars at 32°C", by Dr. Yale. A feature of the meeting will be a testimonial luncheon to Dr. J. M. Sherman, head of the Department of Dairy Industry at Cornell and President of the Society of American Bacteriologists.

## MR. PARROTT IN WASHINGTON

Mr. Parrott will be the Station's sole representative at the "Pioneers' Program" to be held in the Willard Hotel in Washington next Sunday evening to commemorate the 75th anniversary of the Land Grant Colleges and Universities and of the U. S. Dept. of Agriculture. Dean Hills of Vermont is to preside and Dean Davenport, formerly of Illinois, will give the main address of the evening. The celebration includes visits to Mount Vernon and to Monticello. Mr. Parrott will also attend the annual meeting of the Land Grant College Association on Monday and Tuesday of next week.

## TO ADDRESS CANADIANS

On Thursday evening of next week, Mr. Parrott will speak before the Ontario Entomological Society in Toronto on his observations on the organization of entomological research and veterinary science in the Union of South Africa. The entomologists are meeting with the Canadian Technological Society.

\*\*\*\*\*

## REPORTED ON CONGRESS

Dr. Dahlberg spoke before the dairy and bacteriology seminar last week on the technical aspects of the World Dairy Congress in Berlin in September which he attended as an official delegate from the United States. Plans are forming for Dr. Dahlberg to speak before the Station Club some time during the winter on other phases of his trip when he will show motion pictures taken on his travels abroad.

\*\*\*\*\*

## THE HUCKERS HEARD FROM

Dr. Breed received a lengthy epistle from Dr. Hucker last week, relating in considerable detail his efforts to master the mastitis situation in New Zealand and the progress that has been made up to that date in setting up experimental work and control measures. He makes many interesting comments on differences between New York and New Zealand dairying and dairy herd management. It is very evident that he is having a busy but exceedingly interesting time of it.

## MARQUARDTS IN WISCONSIN

The Marquardts are enjoying a belated vacation at Mr. Marquardt's home in Lacrosse, Wisconsin.

OVER 2,000

With a count of 1,259 visitors to the chrysanthemum show last Sunday, the total count for the first week of the exhibit is now well over the 2,000 mark. Cars from Syracuse, Rochester, and Buffalo were observed among the large number parked about the greenhouses on Sunday. As usual, the show is rated "the best ever". The exhibit is to be kept intact thru next Sunday.

#### SPEAKING ON PLASTICS

Dr. Carpenter is scheduled to address the Clifton Springs Rotary Club on the subject of plastics next Tuesday. He plans to use the casein plastic exhibit shown at the State Fair and immediately following his Clifton Springs talk will ship the exhibit to the Homer, N. Y., High School where it is to be used in a Dairy Week program.

\*\*\*\*\*

#### PLEASE LOOK FOR THESE

Dr. Nebel reports that during his absence on sabbatic leave a set of chemical weights and a volume of Merck's Index were borrowed from his room in Hedrick Hall. He would very much like to have them back, please!

\*\*\*\*\*

#### MR. WARNER

The death of Charles Warner brought sorrow to a large number of persons at the Station who had frequent contact with him in his nursery business and otherwise. His cheerful perseverance in the face of serious physical handicaps won the admiration of all of those who came to know him well.

#### A GREAT DAY

The State Fair checks arrived one day last week--much to the delight of all concerned. These welcome documents generally reach their destination just prior to election day, but despite the fact that they were a day or two late this year, Geneva elected a Democratic mayor at that.

\*\*\*\*\*

#### TALKED IN ALBANY

Dr. Gambrell discussed "Old and New Nursery Insect Pests and Their Control" before a conference of field workers of the Bureau of Plant Industry of the State Department of Agriculture and Markets in Albany recently. The meeting was called by Commissioner Noyes.

\*\*\*\*\*

#### IN THE HOSPITAL

We were sorry to learn of the injuries sustained by Mr. Hopkins' father in an automobile accident last Saturday. Mr. Hopkins, Senior, is in the hospital in Canandaigua with several broken ribs and other injuries.

\*\*\*\*\*

#### MEDAL ARRIVES

The gold medal of the Massachusetts Horticultural Society awarded to an exhibit of grape seedlings displayed by the Station at a recent show sponsored by the Society in Boston was being shown by Mr. Slate to admiring groups about the Station on Monday. The medal now reposes in the Station museum along with numerous other similar awards.

\*\*\*\*\*

#### KEYSTONE COMICS

To those who can remember back to the early beginnings of the movies, Keystone will be associated with the first movie comics. For the past two days representatives of Keystone from New York City have been photographing members of the Staff for the news files at the University--not for the comic strips.
