

# STATION NEWS

Vol. XXXIV, No. 26.

July 3, 1940.

Geneva, N. Y.

## SUMMER PLANS

July came in with a bang - sunshine, rain, wind and hail all combining to make it an unusual day. rain and cool weather during the month of June than we have had any previous June in twelve years and here's hoping it will be twelve more before we have another like it. However, the weather doesn't stop our vacationists. Miss Jessie and Mable Sperry left early this morning on a two weeks trip during which they will visit Yellowstone National Park, Salt Lake City, Denver, Estes Park, and numerous other places of interest in that vicinity. They will spend two or three days in Chicago before returning home.

Dr. and Mrs. Carpenter expect to leave within the next few days on their annual fishing trip in Canada. This time they expect to start at Lake St. Jean, moving from there to wherever they hear the fishing is best.

## STATION VISITORS

Dr. Hedrick paid a visit yesterday morning, his many friends. He is looking exceptionally well after his recent illness.

Mr. H. C. Andrews, State Jersey Cattle Club representative, called at the Station on Monday to confer with Dr. Creamline in regard to a banquet being held to honor the newly elected president of the American Jersey Cattle Club, Mr. Ira G. Payne. Mr. Payne has been active in the State Organization for many years. The banquet will be held at Meredith Inn on Saturday.

Mr. F. F. Rockwell, Garden Editor of the New York Times, visited Mr. G. L. Slate on June 27th. He was very much interested in dwarf trees and lilies.

## WEDDING BELLS AGAIN

Two more couples of the Station group were united in marriage last week. Mr. William Haynes of the Bacteriology Division and Miss Dorothy Starr of Waterloo were married on Saturday afternoon in the Episcopal Church at Waterloo. Mr. Robert Iris Trump were married Wednesday afternoon at the home of the bride on Elmwood Ave. Best Wishes!

## ENGAGEMENT ANNOUNCED

Mrs. L. L. Van Slyke of Maxwell Avenue, announced the engagement of her daughter Miss Hilda Shaul. Dr. Van Slyke was formerly head of the Chemistry Division here at the Station.

## OLD FRIENDS

People here at the Station were glad to welcome back Dr. and Mrs. J. G. Horsfall, who are living in Connecticut now. They attended the Station picnic and spent the remainder of the week visiting friends here in Geneva.

Records from our weather bureau show that we had more than we have had any previous June in twelve years and here's hoping it will be twelve more before we have another like it. However, the weather doesn't stop our vacationists. Miss Jessie and Mable Sperry left early this morning on a two weeks trip during which they will visit Yellowstone National Park, Salt Lake City, Denver, Estes Park, and numerous other places of interest in that vicinity. They will spend two or three days in Chicago before returning home.

Dr. and Mrs. Carpenter expect to leave within the next few days on their annual fishing trip in Canada. This time they expect to start at Lake St. Jean, moving from there to wherever they hear the fishing is best.

## ROOTSTOCK CONFERENCE

The Rootstock Conference of the Northeastern Experiment Stations will be held at the Station July 31st, Aug. 1 and 2. It will include tours to Newark and Dansville Nursery centers and nearby orchard country. Dr. Turkey is Chairman of the Conference.

\*\*\*\*\*

## CABBAGE VARIETIES

Dr. Reinking and Dr. Suit attended a meeting with Erie county cabbage growers to discuss the problem of Cabbage Yellows Resistant Varieties.

\*\*\*\*\*

## THE STATION EXHIBIT

We have already mentioned that the Station exhibit at the World's Fair has drawn much attention. And now a card has been received from Count George de Torpitz, who is attached to the Fordham University Research Laboratory, expressing his interest in the exhibit and in the work of the Station.

\*\*\*\*\*

## NEW ASSISTANT IN SEED LABORATORY

Mr. Benjamin J. Clark of Southampton, Long Island, a recent graduate from Cornell University came to the Seed Division on July first to take over the work and position recently vacated by Mr. Taylor. Mr. Clark has had considerable experience in truck crop culture on the Island and will have charge of much of the care of the control fields of the seed division.

\*\*\*\*\*

## NEW TECHNICIAN

Miss Mary Hawks has been appointed to the position of Technician in the Department of Bacteriology. She will replace Mrs. DeFelice who resigned as of July 1. Miss Hawks is a graduate of Elmira College and has been a volunteer and part-time assistant in the Bacteriology Division for the past year.

\*\*\*\*\*

## SYMPATHY

The NEWS extends an expression of sympathy from Station folks to Miss Raphael and Marion Gillette of the Bacteriology Department, in the death of their sister in an automobile accident last week.

\*\*\*\*\*

## IN ACCIDENT

Brainard Hall is still confined to his home from injuries received two weeks ago at the Horse Barn.

\*\*\*\*\*

## RETURNED FROM ROCHESTER

Mrs. George H. Howe returned to her home Saturday from the Strong Memorial Hospital in Rochester.

\*\*\*\*\*

## RETURNED TO AMHERST

Mrs. R. W. Thatcher has returned to her home in Amherst, Massachusetts, following a winter spent with her brother in Lincoln, Nebraska.

\*\*\*\*\*

## THOROLY ENJOYED

About 200 attended the Station picnic which was held last Wednesday afternoon in Jordan Hall. Altogether it was one of the best we have had considering the fact that it was an indoor affair. The food, various contests, music and last but not least the ballgame, umpired by Mr. Gloyer, all helped in making the time pass all too quickly.
