

STAFF MEETING

The June Staff meeting will be held at 3:30 p. m., Monday, June 10th, in Jordan Hall.

SPRAY SERVICE

The annual summer conference of Spray Service workers from western New York counties and extension specialists and research workers in entomology and plant pathology at the College of Agriculture and this Station was held in Jordan Hall yesterday. Seasonal developments in the orchard spray program for western New York were reviewed.

FROZEN FOODS

Doctor Lee has been invited to discuss "Quality Control in Frozen Foods" before a conference of frozen food research workers from New England and New York to be held in Durham, N. H., next week. The conference is being held under the sponsorship of the University of New Hampshire.

LOCATED AT KINDERHOOK

Ed Smith left last week for his summer headquarters at Kinderhook. From that point he will carry on control experiments for the European corn borer in the eastern part of the State.

EXPRESS THANKS

A letter has been received in the Editor's office from Mr. Ih Ching, expressing thanks for the time given to him and to his two associates from Ithaca who spent some time at the Station last week. He says, "Please pay my respects to the other professors who spent their valuable time to demonstrate their work." Mr. Ching and his associates expect to be back in China by the end of the month.

MARGARET ANN YALE

We extend our sincere sympathy to Doctor and Mrs. Yale on the death of their infant daughter, Margaret Ann.

THE DANCE

Plans are going forward for the Spring Dance sponsored by the Station Club to be held in Jordan Hall Friday, June 7th, with dancing from 9:00 to 1:00.

ITHACA REPRESENTATIVES

The Geneva Chapter of the New York State Employees Association will play host to representatives from the Ithaca Chapter next Tuesday evening, June 11th, at 8:00 o'clock, when topics of mutual concern will be discussed.

CONFERRED IN CALIFORNIA

Doctor Chapman and Doctor Pearce spent several days last week at the Citrus Experiment Station at Riverside, California, conferring on a cooperative research program on oil sprays. It was literally a flying trip, the professors traveling by air. The return trip was made in a four-motor C-54 Constellation, with only one stop between San Francisco and New York--at Kansas City. The trip from New York to Geneva by train required almost as much time as the trip across the continent.

ASSISTING IN POMOLOGY

Mr. F. P. Eggert, recently released from the Army, has been appointed as a graduate assistant in the Pomology Division. Mr. Eggert is a 1942 graduate of Cornell University and will enter the Graduate School at Ithaca in the fall.

IN ATLANTIC CITY

Dr. G. J. Hucker, recently elected President of the Geneva Rotary Club, is attending the sessions of the Rotary International convention in Atlantic City. From there he is expecting to attend a food packaging conference in New York before returning to Geneva.

RECOVERATING

Mr. Traphagen called on Pete Gigliotti at the Veterans Hospital at Bath last Sunday and found Pete in good spirits and greatly benefitted by the rest and care he has been receiving. He hopes to return home within two or three weeks.

ALASKA--MAYBE

T/5 Herbert W. Conn, who has been temporarily located at Fort Knox, Ky., has been transferred to Aberdeen for two months to study some electrical instrument known as a "chronograph". Subsequently, he expects a permanent assignment to Fort Knox, altho with the possibility of temporary location elsewhere, with Alaska among the possibilities.

RECENT ACQUISITIONS

The following are recent additions to the Station Library:

- Barlow's tables of squares, cubes, square roots, 4th ed., 1944.
- Branch and Calvin. Theory of organic chemistry.
