

GETTING WIDE CIRCULATION

The Farm Research article on the Barry Apple appeared in "The Grower" for June 15. This is an English publication and the Cox Orange, one of the parents of the "Barry", is a leading dessert apple in England.

VISITOR TO FOOD SCIENCE

Dr. Silberstein, from the Welch Grape Juice Company, visited the Station Monday. He spent his time in the Food Science Department discussing grape juice problems.

BACK FROM 4th OF JULY WEEKEND IN D. C.

Bob and Eleanor Gilmer are back from Washington, D. C. They took in a ball game and saw the Yanks beat the Senators. They also took in a lot of 4th of July fireworks.

STATION PICNIC

Remember---Keep Saturday, July 20, open. That's the date for the Station Club Picnic at Cayuga State Park. Forms are being sent to Department Secretaries and you are requested to sign up for the number of adults and children in your party. Full and final information will be in the next issue of the Station News.

FLASH!

Sig Lienk says his team "The Mity Mites" are issuing a challenge to any Station team. Sig further states that his team is unbeaten and not "even had much competition". As the challenging party they will furnish soft balls and bats and Quote "An-honest Ump this Year", they must be real confident. Game time will be 3:30 at the lakeside diamond; any one with gloves bring them along.

PROPOSALS I WISH I HAD'NT PROPOSED

1. Would you kids like to have Daddy show you a trick or two on your parallel bars?
2. What this office needs is to have its dead wood weeded out.
3. If you'll hold the ladder, I'll go up and straighten the TV antenna.
4. Would you like me to take care of your St. Bernard while you're away?
5. Anybody for a good old-fashioned snowball fight?
6. How about one more hand--winner take all?
7. What do you say I borrow the Osler's churn and make some ice cream the way they did in the good old days.
8. If you fellows are looking for an expert to steer your toboggan-----
9. When that officer behind us catches up, let's pretend we don't speak English.
10. Why don't you show us some of those jujitsu holds they taught you in the service, Al?

WELL, CONSTRUCTION HAS FINALLY STARTED ON THE WATER TOWER

At 1:30 P.M. Tuesday, July 9th, just as we go to press, the first earth was moved. Bulldozer and back-hoe teamed up to tear up the side yard of Jordan Hall where the tower will be constructed. Some of the pine trees and shrubs are being taken out in the process.
