Geneva, N. Y.

R. E. KRAUSS JOINS GENEVA STATION AS EDITOR AND RESEARCH INFORMATION SPECIALIST

R. E. Krauss (Pat) has accepted appointment as Editor and Research Information Specialist at the Experiment Station effective July 15, 1962. For the past two years, Krauss has served as Executive Secretary of the Agricultural Board and Agricultural Research Institute, National Academy of Sciences--National Research Council, Washington, D. C. Before assuming the duties of Executive Secretary, Krauss served as Technical Editor of the two previous organizations, a function he integrated into his new assignment.

Krauss received his Bachelor of Science degree in Agricultural Journalism at Iowa State University in 1959. Besides his interest in editorial work, he received numerous awards for his contributions to campus journalism in the fields of radio and motion picture production. He also served as Editor of the "Iowa Agriculturist", the student-run agricultural publication of the University.

The editorial problems of agricultural experiment stations are not entirely foreign to Krauss since he spent four summers during his university training on the editorial and photographic departments of the Ohio and Iowa Agricultural Experiment Stations. His duties at the Ohio Station also included some work in the Public Relations Department.

Pat, his wife, Nancy Ann, and baby, Heidi Joanne, have moved into the east unit of the Station's triple house and are busy getting settled.

STATION PICNIC.

This is Station Picnic week. Join our associates and socialize at Cayuga Lake State Park on Saturday, July 14th. Come early and treat yourselves and the children to a refreshing dip in Lake Cayuga. Don your most casual or unique costume. Paris likes to have interesting outfits to photograph. At 4:00 P. M. view the exciting softball clash between Sieg Lienk's "Mitey Mites" and Leo Klein's "Station All Stars". Supper will be served in the Main Pavilion at 5:30 P. M. Your picnic committee will provide: meat--cold ham, beverage--milk for the little ones and punch for the rest, desert--ice cream. No dishes to wash, paper plates and cups and napkins provided. Wives! bring a dish to pass with serving equipment. For your own family bring eating utensils and any other specialties peculiar to your own needs. Bring your week end guests. You can't feed them cheaper at home. The charge for non-members will be 35 cents per head. Your picnic committee is: Table--The Nevills; Punch--The Splittstoessers; Milk and Ice Cream--The Rinicks; Soft Ball game--Sieg and Leo; and the Official photographer--Paris Trail.

FOOD PROTECTION COMMITTEE MEETS TODAY

The Food Protection Committee of the National Academy of Sciences --National Research Council is meeting in the Conference Room of the new Food Research Building today. Dr. Grace Goldsmith, Chairman, Food and Nutrition Board, and Dr. William Darby, Chairman, Food Protection Committee, one of the speakers at the time of the dedication of the new building, are among those present.

ATTENDS MEETING IN BATAVIA

Dr. Barton, Dr. Vittum, and Dr. Peck will attend the Empire State Soil Fertility Association Meeting in Batavia on July 11th and 12th. Dr. Barton will speak on "Fruit and Vegetable Research at Geneva".

FOREIGN VISITORS

"Rose" Lesic, Horticultural teacher from Zagreb, Yugoslavia, spent last week in the Vegetable Crops Department. She was interested in peas and the work of the Department in general.

Dr. M. S. Lal, from India, will spend two days at the Station this week. He is in this country on a post-doctoral fellowship to study vegetable breeding and genetics. His special interests are tomatoes, okra, and eggplants. He will spend his time here with Vegetable Crops and Plant Introduction.

HOME FROM PENNSYLVANIA

Dr. Splittstoesser and Dr. Massey are back from a trip to Pennsylvania where they conferred with officials of a commercial mushroom producer. They visited State College, Penn. to look over mushroom research facilities.

NEW FACES AROUND THE STATION

Latest additions to the seasonal augmentation in Entomology are Mr. Fred Begley, graduate of Syracuse University, and Mr. Cletus Hollywood, science teacher from Palmerton, Penn. Mr. Hollywood holds a National Science Foundation fellowship with the Teacher Research Participation Program. Both men are joining Ed Smith's research program aimed at unraveling some of the secrets of the plum curculio's success. We wish the investigators success.

Peter Calerone, from Peru and a graduate student at Cornell, is working for Len Mattick while working on his thesis. He is under a grant sponsored by Potato Chip Institute International.

Dick Atkinson will be working in Jerry VanBuren's lab this summer. He will be working mainly on snap bean processing.

Elaine Tashiro is working in Dr. Mack's lab for the summer.

SOCIAL NOTE

Clifford Hand and his wife visited his parents over the weekend on their way to California. Cliff was recently promoted to First Lieutenant in the U. S. Army and will be stationed at the NASA Jet Propulsion Laboratory in Pasadena. Also arriving at the Hand's over the weekend were Sylvia and children who are spending the week in Geneva.

NOTICE

The library is disarding several hundred volumes of old reports of State Boards of Agriculture. For the most part, they date back to the 1800's and are from various states. If anyone is interested in having any of these reports they can be examined at the library any time before the discarding date of July 18th.

"Mickey Mites" and Leo Klein's "Station All Stars". Snapper will be served in the Main Pavilion at 5:30 P. M. Your picnic committee will provide: meat, cold ham, beverages-- milk for the little ones and punch for the rest, dessert, ice cream. No dishes to wash, paper plates and cups and napkins provided. Please bring a dish to pass with serving equipment. For your own family bring eating utensils and any other specialized gear for your own needs. Bring your week end guests. You can't feed them cheaper at home. The charge for non-members will be 25 cents per head. Your picnic committee is: Table-- The Nevillas; Punch--The Splittstoessers; Milk and Ice Cream--The Rimlocks; Soft Ball Game--Sieg and Leo; and the Official photographer--Patsy Trail.
