ONE DOLLAR PER YEAR

Oct. 18, 1916.

The spirit among the women has not been what it should be. We want to college women and doing. Tends that, whether must support the activities and efforts of the women.

The Review and the Bulletin are two ways by which we have tried to show what we could do and to help each other to keep posted. We need to have the enthusiasm of every one of you behind us. Help us by putting any notice you want printed in one of the boxes which will be put up today in Sage, Wisley, DonEon, and Goldwin Smith.

We need your financial support too. Last year we had heavy expenses and in order to make the Bulletin pay this year, we must have 500 subscriptions. Because your roommate takes the Bulletin is not an excuse for your not taking it. That is not showing your spirit except that you are sponging, trying to be a parasite and live on somebody else.

We have been issuing the Bulletin free this week so that you may see what it is and see how necessary it is. There is room for improvement, so give us your suggestions. Help us get 500 subscriptions by the end of the week, so that the ink bottles will be full enough to print the Bulletin for the year.

A.T.A.

At the first annual business meeting of the A.T.A. last night, L. Baker was elected President for the coming year. M. Fisher, J. Mabee and D. Cotton were appointed a committee to arrange for the first party which will be soon. A notice will be put in the Bulletin and invitations will be sent to every outside girl. A.T.A. stands for girls off the hill. It is the organization for the girls who do not live in the dormitories or in the organized outside houses. Its purpose is purely social. It affords opportunities for the outside girls to become

acquainted with each other through the dances and parties. During the year there are several functions to bring the outside girls in closer touch with the dormitory girls. We hope they give us a party like they did last year.

### NOTICE.

Dr. Helen Bull, a graduate of Cornell Medical College will be the assistant medical adviser during the coming year.

### Sports and Pasttimes.

Time for signing up for basket ball and field hockey will be extended to Saturday 6 P.M.

The total number of entries for all the sports so far is only three hundred eighty. We want twice that number and more if possible. We want every woman student to come out for at least one sport.
