Dr. Matzke

4:00 - 5:00

PAGEANT.

Our Pageant was better brought home to us Wednesday evening after a talk from Miss Eager our coach, and Vi Graham our Pageant President. Miss Eager spoke of the Pageant as a good to a community which brings forth civic pride and good fellowship and teaches team work.

Vi reconciled us to the thought of postponing it until Spring when everything, Nature, experience, facilities, and possibly some more money will be on our side.

Miss Eager says that our Green is the most beautiful one she had ever seen and congratulates the Grounds Committee for their splendid work. The costumes, we are told, are all that they should be. Mrs. Ball who is coaching the dancing asked us whether Betty Alward had ever done work as a professional. How is that for a complement?

Advertising will be carried on a broader scale than ever. The Lehigh Valley will run special cars from Buffalo and N. Y. at special rates. Moving pictures will be taken and sent broadcast.

The purpose of the Pageant is the biggest part of it. New dorms for women! With this gigantic purpose before us, we must make the Pageant greater and better than any of its kind before. Our Alumnae has given us encouragement and some funds, now we must show them that we appreciate it ~~so~~ for their help is essential. Advertising will turn the eyes of hundreds of thousands upon us and we must not fail. It means tremendous work, but Cornell women, if any, can and will do it. Amen.
