VOL II NO XX

ONE DOLLAR PER YEAR Nov. 7, 1916

The result of the straw vote for the presidential candidates is in Sage 95---84, in Risley, 90---49, making an overwhelming plurality in favor of Charles S. Hughes. Out of the three hundred and twenty-seven girls in the two dormitories, three hundred and nineteen voted, a fact which refutes triumphantly the contention of the Anti-Suffragists that women would not vote if they had the chance. It is greatly to be regretted that there was not equal facility for the voting of girls living in outside houses. By the time the next president is to be elected we shall be in possession of a new dormitory so that a more complete record can be taken. However a majority of each house in this case indicates the general trend of opinion.

STUDENT GOVERNMENT.

Girls must be careful and not leave any money about in their rooms. It is deplorable that such a condition has to be met in a college dormitory, but until money ceases to disappear mysteriously every precaution must be taken.

SPORTS AND PASTIMES.

Girls who wish to go to the Michigan game Saturday, may exchange their major sport ticket for seats Tuesday between nine o'clock and five at the Coop. Each girl may get only one ticket. Go early and avoid the rush. The exchange opens for men on Thursday.
