VOL. II NO. XXVI

ONE DOLLAR PER YEAR

Nov. 14, 1916

Girls! again we have with us the Fort Stanton Theatre. This presents an opportunity that no one can afford to miss. This theatre has now reached a very high pinnacle of perfection. The lighting effects, the background; the costumes; all do their part in attaining the wonderful result. So come one, come all and seize this opportunity while "the seizing is good" for the company's stay with us is alarmingly short.

Attention, everybody! There is a movement on foot to raise money among the girls of the University for the purpose of buying pillows for the wounded soldiers abroad. This is a crying need and if by your efforts we can fill it we shall have rendered a great service to humanity. Any amount from a tenth of a dollar to ten dollars will be accepted, so be prepared for a tax.
