ONE DOLLAR PER YEAR

Dec. 16, 1916

There has been a lot of talk this year concerning the lack of interest and class spirit among the girls. Is it true that our feeling of good fellowship for each other is diminishing. That this statement can be disputed is easily shown by the willingness and cooperation with which the Juniors and Freshmen planned to get together and to know each other -- a plan which resulted in a jolly good time for all. Let us have more of these get togethers among all the girls.

### STUDENT GOVERNMENT.

Mass meeting postponed on account of University Mass Meeting held in Bailey on Monday night. All girls are requested to attend this meeting. First of its kind to be held in three years.
