We all know the fun and happiness, the right down jolly excitement in the give and get of ordinary Christmas presents. It is just this that makes us forget to remember the real joy of all; the willing sacrifice to somebody's actual need. Why not take the prisoner's relief fund as a big opportunity for us all to join in together to do something through and through worth while in the real spirit of Christmas.

To whom it may concern:

There will be a get-together, for mutual defense against the "homesick feeling, of all the poor mortals who will spend Christmas here. We, thousands of these aforesaid, have tried various ways ~~to~~ to collect the complete list of the rest of us, but so far we can't get it. Will you co-operate, whoever you are who are going to stay here over Christmas? Drop your name in the Risley Bulletin box and it will reach the inquirers through the kindness of the Bulletin. Any suggestions for this get-together "gratefully entertained."
