## REFLECTIONS OF A COMMENSING VICTIM.

At this time last year Cornell suffered from an epidemic of the grippe. Many of us remember when the Infirmary register jumped from 15 cases to 37 in a single week. We have practically the same weather conditions existing now. Already the dread disease has begun to stalk among us, laying low our friends who frolicked too merrily at Christmas. But this year we are sadder and wiser - wiser in that we know that this waste of time and energy is unnecessary. With the intelligent co-operation of the girls with the medical staff this condition can be controlled. So when you have that tired feeling, the aching pain or the buzzing head - don't share it with all whom you meet, but take it swiftly into quarantine with you and there let the doctor gently and painlessly put it to sleep.

Class Motto:- Swat la grippe.

Class Song:- Swat and the "U" swats with you.

Sneeze and you sneeze alone.

Censor's Note:- Some class!

1920- At the Frosh class meeting Monday night it was decided to have class Get-Togethers once a month to afford opportunity for the girls to become better acquainted. A social time with all the requirements of entertainment and refreshments will make up the program.

Plans for the Frosh Banquet were discussed. Announcements will be made soon as to the committees and date.

On Friday next week
