## EDITORIAL.

This Bulletin is an open page ready to publish any honest and intelligent conviction, whether pro or con, about any question that comes up among us.

Because the Bulletin is trying to afford you a means of expression and discussion we ask you to bear in mind this: if you disagree with any opinion in it about any matter, your plan of campaign is not an attack on the Bulletin, but on the opinion itself which you challenge through the Bulletin.

## HEALTH LECTURE.

Those who did not hear Dr. Matzko's lecture on The Relations and Functions of the muscles and organs yesterday have cause for regret. It is a subject of great interest and importance to us. The normal position of the organs of body cannot be too greatly impressed on us in this busy life, where we tend to become careless in habits and posture.

The Bulletin wishes to correct a statement made in the Monday issue about a meeting of the presidents of the outside houses. There will be no meeting today (Tuesday).
