THE CO-ED

SPORTS AND PASTIMES.

The Cornell Co-ed is entirely too antiquated. Just her appearance shows that she subscribes to the "Widow" instead of to "The Elite" or to "Vanity Fair." A stranger on first meeting her puzzles, not whether there is a head under that peach basket, but how much hair is under that toque. He admires her spirit of preparedness in always wearing a mask; but he wonders how her open work handkerchief can ever clean all that window glass. Think of the tortoise that gave up his shell that the slow plodder might keep up in the race. Yes, today is a fine day for the race. What race? The human race, of course. Now that the men have set the pace, the Co-eds must give up their old-fashioned ideas. Long, loose cloaks are not the style which Ithaca can supply the sheep skin coat. Since a professor often has to deal with blockheads and attic-chambers of old timer, these objects should dress in the appropriate lumberman's fashion. The neat pedal extremity belongs only to 5th Avenue. Co-eds must vie with each other to see who can give the appearance of having the largest feet - an appearance gained only by the use of galoshes. And the clink, clank, clink of said galoshes has made up for the loss of the University music festival.

But was it a Co-ed we saw? It might have been a mere Man!

PAGEANT.

The committee wishes to publicly express their gratitude to the Cornell Women's Review for their generosity in donating the April issue for a special Pageant number. We sincerely appreciate their hearty co-operation and we will put forth every effort to make it one of the most attractive numbers of the year.

The Pageant Committee Meeting will be held today at 5:15.

SENIORS.

Saturday afternoon at 4 o'clock every 1917 girl should be wrapped in her warmest sweater - newly knitted or otherwise - ready for the sleigh-ride to Freeville. No one wants to miss it, so sign your name and pay your fifty cents so that you will be sure of a place in the sled and a seat at the table when they bring in that warm supper.

While attending Hygiene lectures, all freshmen having a laboratory schedule will substitute the lecture in place of a rest period; all on regular schedule in place of a gymnastic or game period. No irregularities in the dancing classes

The Co-op sells ladies' handkerchiefs. How about tooth powder and paste? Colgate's soap is used by many. The service is excellent at the Co-op/
