## BASKET BALL

The most exciting contest of the year is almost at hand. Basketball is well known to be the sport which arouses the most enthusiasm and class loyalty, and then besides, the element of uncertainty as to the outcome adds zest to the contests. You Frosh who have never seen the inter-class games will have plenty of enthusiasm stirred in you after the first night. We want all the classes well represented for the fewer numbers present the less pep there is. Come out and cheer for your team, cheer for your mascot, cheer for your rivals and, in short, cheer yourself into the very essence of class spirit.

## SPORTS AND PASTIMES.

While attending Hygiene lectures all Freshmen having a laboratory schedule will substitute the lecture in place of a rest period; all on regular schedule in place of a gymnastic or game period. No irregularities in the dancing classes.

Freshmen! Remember the third Health Talk at 5 p.m. on Monday, Jan. 29th at Stimson. Attendance must be reported at the door.
