VOL II NO

ONE DOLLAR PER YEAR

January, 30, 1917.

CURRENT EVENTS.

London, Jan. 23--The British auxiliary cruiser *Laurentic* of 14, 892 tons gross, has been sunk by a submarine or as a result of striking a mine. Twelve officers and 109 men were saved.

The Admiralty statement adds that the vessel went down off the Irish Coast last Thursday.

London, January 29-- There are indications that a test of strength between England and Germany on the high seas is impending.

Vienna, Jan. 28 (via London)--On all the fronts both sides appear to be finding the Winter their worst enemy. It is almost impossible to use artillery owing to the great cold, while cases of men frozen to death are plentiful.

In introducing a short column of Current Events, the Bulletin does not presume to exceed its purpose, that of being a bulletin of the activities of the undergraduate women. However in view of the fact that there are no Sun publications for the present week, it has been thought advisable to present in concise form the important War News of the day.

The Committee of the Vocational Conference for Women has decided that the conference shall consist of a series of lectures. For the first one efforts are to be made to procure Miss Snow, president of the Intercollegiate Bureau of Occupations, to speak in general on the vocations open to women. The succeeding lectures are to be conducted by specialists who will consider the different vocations individually. This is an invaluable opportunity for Seniors especially. Though for the undergraduate women as the knowledge of the possible vocations for women cannot help but aid in the intelligent choosing of courses during College.

HEALTH LECTURE

In her lecture yesterday afternoon at five o'clock, Dr. Matzke started the extensive subject of social hygiene. She dealt particularly with the phase, "the control of the organs of the body by the mind". The talk provided much food for thought. How apt we are to yield to pain or inclination instead of gaining and maintaining that self-control which is the incomparable possession of a healthy person.

STUDENT GOVERNMENT

The Mass Meeting was called for the purpose of explaining the attitude of the Faculty Committee on Student Affairs toward the Student associations. Professor Kimber emphasized the relation of the Student Government Association to the University and urged our careful consideration of the problems that confront us.

Regular Risley House Moninger Meetings Tuesday Evenings.

BASKET BALL

The result of the games held in the Amnory last night were as follows:--

Senior	5	- Juniors	27
Sophomores	31	- Freshmen	3

The team work of the Junior and Sophomore five was especially fine.

CLASSES

1919--It is not too late to procure tickets for the remaining Basket Ball games from Emma Townsend, Sage. Support a good team!

Y. W. C. A.

Prayer Meeting Wednesday at 7-15.
