COMMENTS.

Crew practice begins next week which means that soon there will be a very different kind of activity on Beebe Lake. Shortly after that, tennis ~~will~~ and baseball will begin. We will all be glad when we can once more indulge in these out-door sports.

Now that more specific arrangements have been made for the pageant, it is time for every one to get to work. There is plenty for the Freshmen to do if they sell all of the posters, postal cards and stickers advertising the pageant. We hope that the girls of the other classes won't find it too difficult to procure these things from them. We also hope that the people at home won't be ignorant of the fact that there is to be a pageant because of our neglecting to send them these many and various announcements. Think of such an opportunity for having them all come up to visit us if only for the week-end, May eighteenth and nineteenth; and they surely won't come if we fail to send them these reminders.
