## PAGEANT.

The first full rehearsal of the Cornell Pageant which took place last Saturday was considered very successful. Although many of the costumes were not completed, the rehearsal served to give an idea of how the whole spectacle will take place. The few days remaining must be spent in faithful rehearsals of the details which unify the production and make it one continuous pageant. This means the attendance of every girl at all the rehearsals for which she is scheduled, especially the full rehearsal Wednesday evening.

Incomplete lists of the Pageant cast have been posted in the dormitories and in Home Economics. Will everybody please make the necessary corrections and additions to the lists. Your name may be missing or spelled incorrectly.

Students expecting guests in the dormitories for the Pageant please sign up for cots at once stating when they are needed and for how long a time.
