Preface

This book is a revised translation of my 2004 book Skáldið í skriftinni: Snorri Sturluson og Egils saga (Reykjavik: Hið íslenska bókmenntafélag og Reykjavíkur Akademían, 2004). I have kept the basic structure of the original but revised many of the arguments and added new material, notably a number of references to new studies that have been published by the international community of scholars since 2004. This edition is therefore more representative of my current thinking on Egils saga and its possible author than the 2004 version, and more reflective of ongoing related scholarship.

In addition to the persons and institutions acknowledged with appreciation in the original book (p. 234), I would like to express my gratitude to my research assistant, Anna Katharina Heiniger, and to Patrick J. Stevens, managing editor of the Islandica series. Special thanks go to Victoria Cribb for her excellent work as translator. Like the first version, this one is dedicated to my wife, Guðbjörg Vilhjálmsdóttir, and my children, Kári and Sigríður.
