I have just received a letter saying he has built 50 spans of 100 ft over each.
Mr. Lassig gave me his estimate last Dec.,
so I let Wellington have it, but it can't be found. The buying now office now.
Mr. is away. J. J. Fields of Buffalo (Mr.
A. J. & Co.) can give you some dates as to the work built by the defunct Niagara Bridge Co.

If you know of a draftsman (bridge) who will work for $100 per mo, please send him to me as I am very hard pressed for help.

Yours very truly,

G. H. Thomson
