New York, Lake Erie & Western Railroad Co.  
Office of the Engineer of Bridges & Buildings.

P.O. BOX 839.

New York, Dec 15<sup>th</sup> 1888

Theodore Cooper Esq.  
Civil & Mechanical Engineer.  
35 Broadway.

My dear Sir:-

Complying with your personal request and with your memo refreshing my memory, I enclose herewith a statement as to the length of wooden and iron bridges now in use on the C. & W. Lake Erie & Western Railroad, and its branches, exclusive of the C. & W. P. & O. R.R.

I hope this is what you want, but would add, that any further information you may need on the subject I shall cheerfully give.

Respectfully Yours  
E. W. Tuckley  
Engineer etc
