

George, enters College this year, as a Junior, and I think will make a figure in  
the world; report says, he is astonishingly improved, both in mind, and manners.

Uncle and Aunt T. B. desire to be affectionately remembered  
to you and Sister, the children are all well, and the two girls, are growing  
quite genteel and pretty, they frequently ask me questions about Aunt, and Cousin  
Abby.

I hope my Dear Mother, to hear often from you, I know not when  
my feelings have been so much gratified, as by the reception of your kind letter  
this day, and believe me always with the tenderest affection

your Daughter

Jessie B. Edwards

P.S. Grand Mother <sup>will</sup> send a skin of <sup>by the next Post</sup> ~~wool~~ and hopes it will answer, with  
her love to you and Sister.
